Brasil Projects Carried Out an Unloading & Storage Operation of Large Transformers with Agility, Safety and Maximum Efficiency

At Armazem Brasil Projects, in Itaguai (RJ) located just 2.7 km from the Port of Itaguai

Brasil Projects's warehouse offers a strategic solution for intermediate storage, serving cabotage, import, export and general warehouse operations with total logistical fluidity.

With 2,000 m2 of area and complete infrastructure, Brasil Projects are fully prepared to meet logistics demands quickly and safely.

Brasil Projects's space has full insurance coverage and 24-hour security, ensuring peace of mind and protection at all stages.

Another great differential is Brasil Projects's high-capacity hydraulic gantry, capable of moving up to 500 tons. It provides even more agility and safety in the unloading and handling of heavy equipment intended for import or export.

The Brasil Projects team remains committed to delivering precision, safety and efficiency at every stage of any operation.

FREIGHT AGENCY LTD.

**Freight Agency
Ltd. Completed a
Complex Movement
of Industrial Process
Equipment from
Scotland to China**

*This project perfectly demonstrates why
the human touch still matters in logistics*

The brief: Oversized industrial equipment needed to reach Shanghai intact and on schedule.

Freight Agency Ltd.'s approach: Freight Agency Ltd.'s team coordinated every detail, from arranging special used low-loaders for the 400+ mile journey from Scotland to Southampton, to meticulously planning load distribution across three flat racks and one open-top container. Every lashing point checked. Every security method is validated.

The result? The equipment was delivered safely and is ready for installation. A special thanks to Freight Agency Ltd.'s partners at LS Cargo, a fellow Cross Ocean network member, for trusting Freight Agency Ltd. with this shipment.
