black pepper

Black pepper originates from the fruit of the Piper Nigrum Vine, native to South India.

and is harvested while the fruits are green and unripe, then dried to darken and develop a wrinkled appearance.

STRESS IS NOT "JUST IN YOUR HEAD"

Stress affects the body by triggering survival responses, such as increased heart rate and muscle tension.

While acute stress is beneficial in emergencies, chronic stress from financial, relational, or trauma-related issues can lead to **long-term health problems**, including anxiety, depression, digestive issues, headaches, heart disease, and sleep disturbances.

Individuals may appear fine outwardly while **struggling internally**.

Your mental health matters.
Let's build strength from within.
You are not alone.

Why Choose a Birth Centre?

Birth centres offer a calm, supportive, and empowering experience for you and your baby.

FAMILIAR & COMFORTABLE SETTING

You're in a cozy, soothing environment designed for families.

FEWER MEDICAL INTERVENTIONS

There's a lower chance of needing procedures such as C-sections or forceps.

MORE CONTROL & EMPOWERMENT

You get to make choices about your birth, your body, and your baby.

BETTER BONDING & BREASTFEEDING

A calm and quiet environment helps you connect with your baby and supports breastfeeding.

PERSONALIZED CARE & SUPPORT

Your midwife focuses on you without the pressure of rushing between hospital rooms.

CONVENIENCE

No travel stress or hospital bags—everything you need is already there.

FAMILY INVOLVEMENT

Space and support for your loved ones to be part of the journey.

Evidence-Based Birth Practices for Midwives

CONTINUOUS SUPPORT

Providing emotional and physical support throughout labour and birth.

FREEDOM OF MOVEMENT

Allowing women to move freely and assume positions of comfort.

INTERMITTENT FETAL MONITORING

Monitoring fetal heart rates intermittently rather than continuously for low-risk pregnancies.

AVOIDING UNNECESSARY INTERVENTIONS

Minimizing interventions such as episiotomies, oxytocin augmentation, and instrumental deliveries.

SUPPORTING PHYSIOLOGICAL BIRTH

Allowing women to push instinctively and follow their body's natural urges.

Benefits

- ♥ **Improved Outcomes:** Evidence-based care can lead to better birth outcomes, reduced interventions, and increased satisfaction.
- ♥ **Increased Autonomy:** Midwives can provide high-quality, autonomous care that promotes women's empowerment.
- ♥ **Enhanced Patient Experience:** Women receive personalized, supportive care that fosters a positive birth experience.
- ♥ **Reduced Healthcare Costs:** By minimizing unnecessary medical procedures and hospital stays, birth centres often provide a more cost-effective option for low-risk pregnancies.

WHAT MIDWIVES DO?

- * Walk with u through pregnancy, labour and recovery.
- * Keep both mother and baby closely monitored.
- * Step in quickly and calmly when needed.
- * Support natural birth with safety at the center.

SAFE HOME AND PRIVATE CENTRE BIRTHS!

- ☆ A calm, familiar environment.
- ☆ Care guided by training, not guesswork.
- ☆ Continuous monitoring during labour.
- ☆ Emergency readiness always in place.

BENEFITS!

- One-on-one continuous support.
- Calm, personalized pregnancy & birth care.
- Emotional support throughout.

WHY IT WORKS!

- Less stress, more personal care.
- Skilled response when needed.
- Focus on safety, respectful birth.
- Mother and baby always prioritized.

YOUR MIDWIFE!

Sr. Jennifer Griqua.

- Experienced, highly trained specialized midwife with 34+ years.
- Focused on safe, respectful birth care.
- Calm presence in high-pressure moments.
- Committed to mother and baby well-being.

WINTER 2026

COZY.
CONFIDENT.
EFFORTLESS.

Elevated
essentials
for the
season
ahead.

WINTER STYLE,

Beauty & Confidence

June has arrived, and with it comes the cooler days, cosy layers, warm colours and a fresh chance to step into winter feeling beautiful, confident and stylish.

Winter in South Africa is not only about keeping warm — it is also about changing your look, refreshing your wardrobe and supporting the local businesses that help us look and feel our best. From beautiful clothing pieces and expert tailoring to lashes, makeup, photography and statement fashion finds, our local beauty and fashion scene has so much to offer.

This season is all about comfort with confidence. Think warm jackets, soft knits, boots, scarves, neutral tones, deeper colours and outfits that can easily move from everyday wear to something a little more stylish. A good winter look does not have to be complicated. Sometimes it starts with one strong piece — a beautiful coat, a tailored jacket, a pair of boots or a classic winter dress.

Tailoring also plays a big role in winter fashion. The right fit can completely transform an outfit. Whether it is shortening a pair of pants, adjusting a jacket, repairing a favourite item or creating something special, local tailoring services help us make our clothing work better for us.

Beauty is also part of the winter season. Cooler weather can leave skin feeling dry, and many people use this time to refresh their self-care routine. A beautiful makeup look, a lash appointment or a little extra pampering can make a big difference in how we feel. It is not about changing who you are — it is about taking a little time for yourself.

Photography is another beautiful part of fashion and beauty. A good photo captures more than an outfit; it captures confidence, personality and a moment in time. Whether it is for a business profile, personal branding, a special occasion or simply because you want to celebrate yourself, professional photography adds that extra touch.

What makes this section special is that it celebrates our own local people and businesses. Behind every advert is someone working hard, building a dream, serving the community and offering something with care. When we support local beauty, fashion, tailoring, makeup, clothing and photography businesses, we help our local economy grow.

So this winter,
layer up, dress with
confidence, book that
appointment, support
a local business and
enjoy the season in
your own style.

*Because winter fashion is not only about what you wear —
it is about how you feel when you wear it.*

TRUE BEAUTY

Starts Within

Beauty is more than makeup, fashion, lashes or the perfect outfit.

True beauty is found in kindness, confidence, strength and the way you make others feel. It is in your smile, your heart, your courage and the way you carry yourself — even on the days when life feels heavy.

Fashion can express who we are, and beauty treatments can help us feel refreshed, but the most powerful glow will always come from within.

This winter, remember to dress warmly, care for yourself gently, support local, and never forget that your true beauty starts with the person you are inside.

*Be kind to yourself.
You are beautiful.*

home & garden

WINTERIZE YOUR GARDEN

1. PROTECT SENSITIVE PLANTS

Identify sensitive plants like tomatoes, peppers, and begonias that are vulnerable to cold.

2. COVER FOR PROTECTION

Cover them with breathable frost cloth using hoops or frames; avoid plastic sheeting to prevent moisture issues.

3. MOVE POTTED PLANTS

When temperatures drop, move potted plants to a sheltered spot, such as a north-facing wall or garage, for protection.

4. PRUNE IN LATE WINTER

Prune roses, shrubs, and fruit trees in late winter (July–August) in South Africa while plants are dormant to reduce stress and encourage growth. Begin by removing dead or diseased branches, then shape the plant using sharp, clean bypass pruners or loppers; use a pruning saw or chainsaw for larger branches.

QUICK TIP:

A little preparation now helps your garden thrive when spring returns!

Applying a **5–10 cm layer of mulch** (like compost, bark chips, or straw) in winter insulates roots from frost, retains soil moisture, and suppresses weeds. It's ideal to apply mulch after the first significant autumn rain while the soil remains warm but since we are in winter already, it still is a good idea to mulch – **better late than never.**

SECURING WHAT MATTERS MOST

Budget-friendly DIY home upgrades

Refresh Walls and Surfaces

Paint is the most impactful yet cost-effective upgrade. A new coat of paint or even a single accent wall can dramatically change the feel of a room.

Consider using peel-and-stick wallpaper for an accent wall or to cover small damaged areas.

For added texture, you can try stenciling designs or creating a faux brick effect with inexpensive materials.

GOLD

Gold has been valued for over **40,000 years**, evolving from ornamental use to a cornerstone of global finance. It was the first metal used by humans, with early finds dating back to around **40,000 BC** in Spain. By **3600 BC**, ancient Egypt was smelting gold, and hieroglyphs from **2600 BC** indicated its abundance. Gold artifacts from the **Bronze Age** were discovered in **Mesopotamia**, the **Levant**, and **Central Europe**, with **Tutankhamun's funeral mask (1223 BC)** showcasing its cultural significance.

KLERKSDORP CONNECT: MORE THAN A FACEBOOK PAGE

Community • Conversation • Connection

When Klerksdorp Connect started, the goal was simple: to help people stay informed about what was happening in their community. Today, that mission remains the same – but the platform has grown into something much bigger.

Klerksdorp Connect has become one of the most powerful local digital platforms in the KOSH area, reaching residents every day with news, updates, conversations, business visibility and community information that truly matters.

For residents, KC is a trusted local hub for breaking news, traffic updates, weather warnings, missing persons, municipal issues, events, jobs and business news – information that directly affects daily life.

KC is also a place where conversations happen. Residents share concerns, celebrate achievements, support local causes and help one another during times of need. In many ways, it has become a digital town square where the community gathers, connects and stays informed.

For local businesses, the value is just as powerful. KC gives businesses direct access to a highly engaged local audience already living, working and spending in the KOSH area.

Strong communities are built on strong connections.

COMMUNITY • CONVERSATION • CONNECTION

LOCAL VISIBILITY THAT WORKS

For businesses, Klerksdorp Connect offers more than exposure – it offers access to the right audience. Instead of spending on broad campaigns that reach the wrong people, local businesses can connect directly with customers who live, work and spend in the KOSH area.

Over the years, businesses have used KC to promote specials, launch products, advertise vacancies, recruit staff, announce expansions and build real brand awareness. The KC website adds even more value through directory listings, website advertising, sponsored content and longer-lasting visibility.

NOW ADD YOUR BUSINESS TO THIS POWERFUL LOCAL PLATFORM

Suhasa Marketing Agency is proud to collaborate with Xpress and Klerksdorp Connect to help local businesses become more visible, more professional and more connected. **From 1 July 2026**, local businesses can choose between two powerful advertising options.

OPTION 1: FULL VISIBILITY PACKAGE

Only R1500 per month

- ✓ Facebook business page management
- ✓ Xpress full-page digital magazine ad (interactive button)
- ✓ Klerksdorp Connect placements
- ✓ Free WhatsApp group marketing

OPTION 2: XPRESS + KLERKSDORP CONNECT

Only R500 per month

- ✓ Xpress digital magazine visibility
- ✓ Klerksdorp Connect placements
- ✓ Budget-friendly local exposure

Your business cannot grow if people do not know about it.
