2026

GYMKHANA

We believe outdoor spaces are more than just an extension of the home, that they are also a sanctuary—a place to relax, entertain and connect with nature.

With an eye for design and a strive for the highest quality, we craft outdoor furniture and accessories that transform any outdoor space into a beautiful, liveable retreat. From sumptuous sofa sets and sunbeds to entertainment-worthy dining sets and firepits, discover pieces that elevate the way you experience the outdoors.

Take a step into the world of GYMKHANA, where we turn the art of outdoor living into a luxurious lifestyle.

THE ART OF
OUTDOOR LIVING

GYMKHANA

Inspired by the world, crafted for you.

Founded in Dubai, United Arab Emirates, GYMKHANA is the renowned luxury outdoor brand by SANIPEX GROUP. Drawing from the very best of international design, GYMKHANA offers a comprehensive and unique collection of outdoor living products that are stylish, comfortable and highly durable.

With everything you need to create a peaceful outdoor oasis, there is something to suit every taste and style – whether you prefer to lounge in luxury, dine al fresco or relax by the pool. From dreamy daybeds, stylish sofa sets and plush poufs to chic accessories like umbrellas and cushions, each product is crafted from weather-resistant, easy-maintenance materials, built to withstand any climate while retaining their beauty for years to come.

Our commitment to quality is evident in every detail – from the luxurious materials used to the precision and the care we put into every design. Understanding the importance of customisation and flexibility, we offer tailored, mix-and-match solutions to meet your specific needs and style.

Inspired by our travels around the world, we enable our customers to create an array of inspiring outdoor spaces in line with the latest global trends. Part of the SANIPEX GROUP, we cater for a wide range of professionals: from architects and interior designers to developers and retailers, as well as private clients. We also have an established presence with partner retailers in key locations, including Saudi Arabia, South Africa, and Mauritius.

With GYMKHANA, you can transform an outdoor space into a natural extension of the interior, whether for the home, or for hospitality and commercial spaces such as hotels, restaurants, malls and beyond. Discover why we are the preferred choice for discerning homeowners and design professionals alike.

SANIPEXGROUP

UMBRIA

Sustainability & Circular Design

FOR A BETTER FUTURE

We believe in the importance of offering outdoor living furniture that not only elevates the spaces we live in but also honours our planet, and our people.

To do this, we implement a circular design approach to ensure our products are manufactured fairly and built to last, while minimising their environmental impact.

Fair Working

Our commitments are reflected in our decision to collaborate with partners who are SMETA-certified (Sedex Members Ethical Trade Audit). This guarantees that our outdoor furniture is produced in environments which uphold fair working conditions and labour rights.

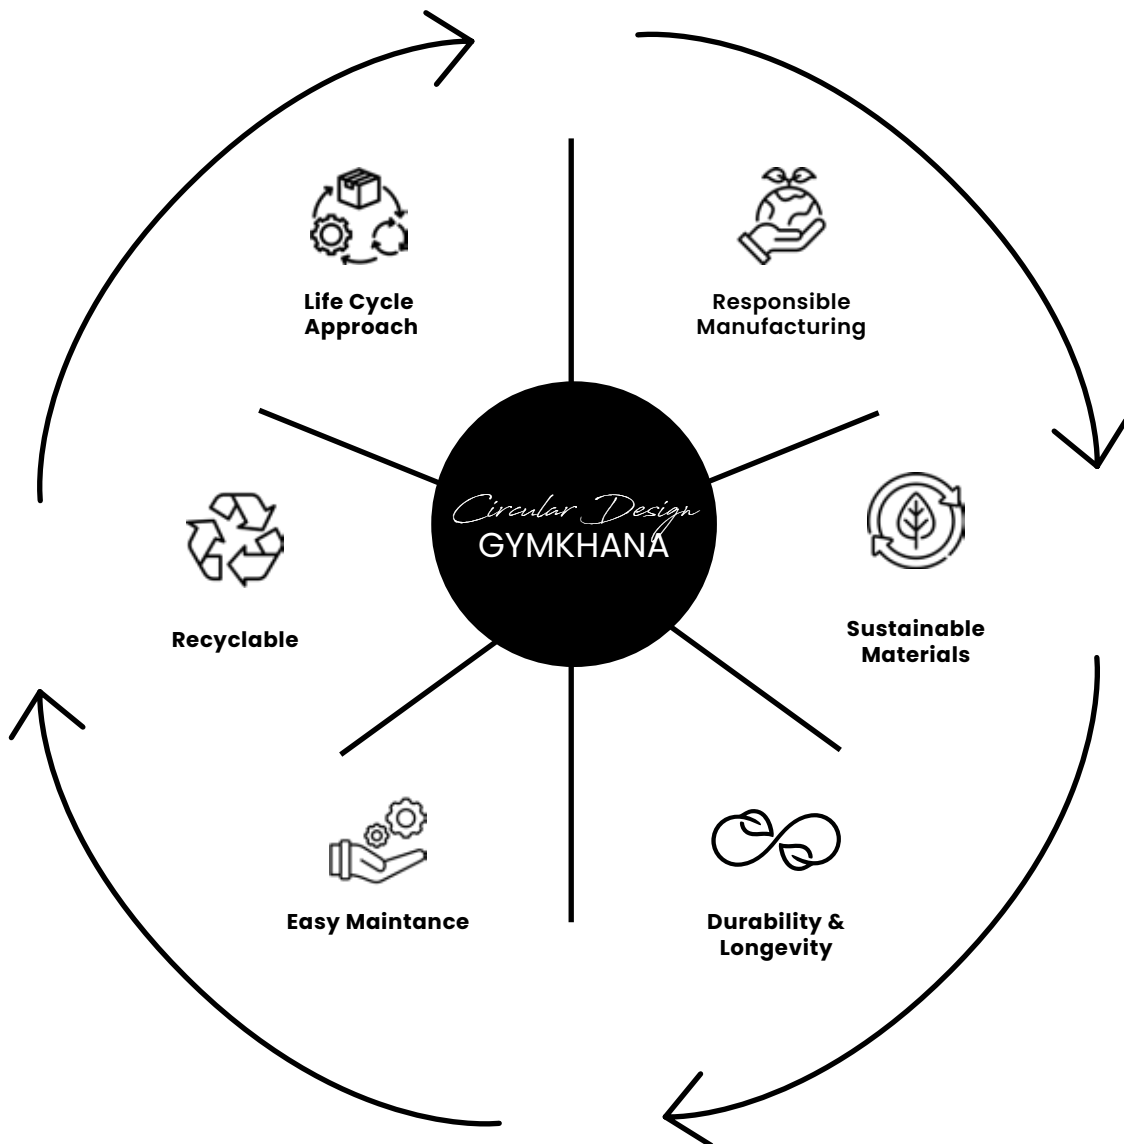

A Smarter Choice

GYMKHANA furniture is designed to be durable with a longer lifespan to minimise its environmental footprint throughout the product lifecycle. For instance, the Beach House range uses recycled materials and select components that can be recycled again at the end of their lifecycle. Such as the Beach House terrazzo tabletops, made using recycled aggregates.

Many of the eco-friendly materials we use include FSC-certified teak and low-impact fabrics. Built to withstand even the harshest elements, our high-quality teak furniture is resistant to wear over time, which means it can be enjoyed for years to come.

Easy Care for Lasting Quality

As our products are easy to clean and maintain with our handy care guide to help you. You can keep your GYMKHANA products looking as good as new, for longer.

 Teak Frame | Sintered Stone Top

Capturing the serene beauty of Portofino's beautiful pebble beaches, the Portofino collection is elegantly modern with a timeless appeal. Comfort, style and versatility are at the heart of this stunning collection.

Majlis

YOUR PERSONAL OASIS

Inspired by the traditional Arab Majlis, the Majlis Collection by GYMKHANA brings the essence of Arabian hospitality to the outdoors.

Capturing the warmth and vibrancy of traditional settings to bring a touch of the Middle East to your space, the range features a palette of neutral and pastel hues in four distinct colourways—beige stripes, blue stripes, plain beige, and aquamarine & pink stripes.

MAJLIS

Majlis lets you design the perfect gathering place, with 1-, 2- and 3-seater armchairs and modular seating solutions to suit a variety of outdoor and even indoor spaces. Customise your look from a variety of backrest and armrests as well as fabrics.

Fabrics

100% solution-dyed Acrylic

Dyed acrylic is a type of fabric that is perfect for all outdoor applications. It is well recognized for its superior colour retention performance. Because the colour is integrated into the fiber itself, solution-dyed acrylic is extremely resistant to UV degradation, which helps prevent the fabric from weakening and fading when exposed to sunlight over time.

Solution-dyed acrylic has **water-repellent** properties and dries quickly, which helps to prevent moisture absorption. It's often treated with additional coatings to enhance its water resistance.

While solution-dyed acrylic is stain-resistant, it's still important to act quickly when spills occur. Some stubborn stains (like grease or certain dyes) may require specific cleaning methods to fully remove them. Regular cleaning and maintenance will also help keep the fabric in good condition over time.

Acrylic fibers are naturally **resistant to mold and mildew** growth, which is particularly important for outdoor fabrics exposed to moisture and humid conditions.

Polypropylene

Gymkhana polypropylene fabrics are crafted from innovative Olyna® yarns. These fabrics are **100% recyclable**, promoting sustainable living without compromising on quality.

Their **ultra-soft texture** ensures unmatched comfort, while their hyperlight nature makes them easy to handle and versatile.

Boasting exceptional **stain resistance** and **sanitizable** properties, they are simple to maintain, keeping your furniture looking fresh and clean. Super resistant to wear and tear, they offer outstanding durability, even in demanding outdoor conditions.

Colori Di Como

A TOUCH OF ITALY

Inspired by the enchanting colours of the iconic Lake Como, Colori di Como brings all the charms of Italian lakeside living into your outdoor space—with an on-trend feel. Discover the joy of colour and comfort with this stunning collection.

Teak

NATURE'S GIFT OF ENDURING ELEGANCE

Imagine furniture that not only graces your patio with style but also stands strong against the harshest sun, wind and rain. That's the magic of teak! This remarkable wood, born in the lush forests of Southeast Asia, boasts an unparalleled combination of strength, durability, and natural beauty.

Why is teak so special?

Built to Last: Teak is incredibly strong and resilient. Think of it as the superhero of the wood world, able to withstand anything nature throws its way. With a little tender love & care your teak furniture will reward you with years of loyal service, becoming a cherished part of your outdoor haven.

Weatherproof Wonder: Thanks to its natural oils and dense grain, teak laughs in the face of rain, snow, and scorching sun. It's naturally resistant to rot, decay, and those pesky insects that love to munch on wood.

Timeless Beauty: Teak's warm, golden-brown hues and elegant grain patterns bring a touch of sophistication to any space. Whether you prefer the classic golden glow or the distinguished silver-grey patina that develops over time, teak's beauty only deepens with age.

Eco-Friendly Choice: Rest assured that your teak furniture comes from sustainable plantations, where trees are carefully harvested to ensure the health of the forest. And at the end of its long life, teak can be recycled, making it a truly sustainable choice.

Sustainability

Imagine a world where every piece of furniture, every wooden door, every sheet of plywood tells a story. A story of responsible forestry, legal harvest, and sustainable practices. That's the vision behind Indonesia's SVLK (Sistem Verifikasi Legalitas Kayu). This certification ensures that wood products from Indonesia come from well-managed forests, tracked every step of the way from the forest floor to your living room. With SVLK, you can be confident that your purchase supports a greener future.

Types of Grades

Picture a teak tree, its trunk a chronicle of time and resilience. Deep within its core lies **Grade A** teak, the heartwood reaches peak stability, minimizing the chance of warping or cracking, a hallmark of truly homogenous wood. Here, you'll find warm, golden hues and a fine, consistent grain that seems to shimmer in the light. It's a testament to patience, as the tree rests for a full year after harvesting, allowing its natural oils to permeate every fiber, creating unmatched durability and a lustrous glow.

As we move outward, we encounter **Grade B** teak, born from the outer heartwood. This more

rustic sibling, with its varied colors, finds its purpose indoors or in outdoor settings where a protective finish enhances its longevity. Finally, we reach the outermost layers, where **Grade C** teak emerges.

Grade C has uneven tones and frequent knots and may not possess the same refined beauty, but it still holds the essence of the teak tree. Each grade tells a story of the tree's journey, offering a unique character and purpose, ensuring that every part of this magnificent tree finds its place in the world.

Maintenance

Caring for your teak furniture is essential to preserve its natural beauty and longevity. While teak is renowned for its durability, a little care goes a long way in maintaining its golden glow and smooth texture. Here's how to keep your teak looking its best:

Seal in the beauty: Apply a teak sealant to help maintain the wood's natural colour and protect it from the elements.

Preserve the golden hue: After sealing, use a water-based, non-oil teak protector to further enhance its weather resistance and keep that beautiful golden color shining through.

Regular cleaning is key: Clean your teak furniture regularly with mild soap and water to remove dirt and grime. For deeper cleaning, consider using a dedicated teak cleaner.

Say no to harsh chemicals: Avoid using harsh chemicals or abrasive cleaners, as these can damage the wood's surface and strip away its natural oils.

Skip the power washer: While tempting, avoid using a power washer on your teak furniture. The intense pressure can erode the soft surface and leave it rough to the touch.

Care

For everyday cleaning: Lukewarm water and a soft sponge or cloth will usually do the trick for normal dirt and grime.

Tackling tougher spots: For more stubborn stains, like those from food or drinks, try these steps:

Blot, don't rub: Gently blot the stain with a clean, dry cloth to absorb as much as possible. Avoid rubbing, as this can spread the stain.

Mild soap solution: Mix a small amount of mild dish soap with warm water. Using a soft cloth

or sponge, gently clean the stained area in the direction of the wood grain.

Rinse and dry: Wipe the area with a damp cloth to remove any soap residue, then dry it thoroughly with a clean cloth or towel.

Sanding (if needed): For truly stubborn stains, you can use fine-grade sandpaper (220-grit or higher) to lightly sand the stained area, always following the grain. Remember to re-apply sealant and protector to the sanded area.

Oh-so-chic and reassuringly comfortable. The Penthouse range embraces a less-is-more design language with sleek, strong lines that beautifully contrast with softer shapes, turning any outdoor space into a cosmopolitan retreat you can escape to.

How to style

CHIC PATIO AREA

Keep the look chic and understated in a monochrome palette of greys with a zingy green pop. The modular Penthouse collection lets you create an ultra-stylish seating area for a large or small space. Luxury bean bags, poufs, throws, and woven baskets—styled as planters—bring indoor living, outside.

Dining Tables

For unique alfresco dining, our bespoke service lets you curate your outdoor space to suit your individual style. For ultra-stylish dining, coffee and side tables, simply choose from a range of durable porcelain slab tops in different colour tones, textures and sizes, then opt for a complementing frame in teak or aluminium. Whether you prefer to pair terrazzo with teak for a biophilic feel; white marble with white aluminium for a monochrome look; or grey concrete with black aluminium for an urban-industrial edge.

Umbrellas

Create pleasant shaded areas for relaxing in the great outdoors with our umbrellas. Choose from a side or central pole and square, rectangle or octagonal shape with a suitable base - for customised canopy. Our easy-open, heavy-duty options offer sizes of up to 4m x 4m which are available in several colour options for ease of customisation.

TYPES OF UMBRELLA

- Centre Pole

The most popular type of umbrella has a straight pole that is positioned in the centre of the umbrella and usually sits in a base on the ground or through a table designed with an umbrella hole. Some of our beach umbrellas have a spike on the pole to be used in sand without a base.

- Cantilever

This umbrella features the pole off to one side rather than down the centre. Some side pole umbrellas have a shade that will pivot from side to side and may even rotate 360°.

POLE MATERIAL

- Wood

Wood umbrellas have that classic umbrella appeal. They pair well with wooden furniture and are available in a range of sizes.

- Aluminium

A very durable and versatile pole option, as aluminium is rust resistant and very strong.

- Stainless Steel

The strongest and most exotic option. Stainless steel has strength and durability as well as a high shine finish.

- Struts

Struts are the main supports for the umbrella canopy and can be either aluminium or wood. Both options function in the same way and offer similar durability (wood may need some treatment as part of the care and maintenance program), it is a personal choice to match the style of furniture.

UMBRELLA SHAPE & SIZING

- Square
- Round
- Rectangle

SHAPE	SIZE	DINING	SEATING
	2 m	 Up to 4 Seater Dining	 L-Shaped Configuration
	3 m	 Up to 6 Seater Dining	 Up to 6 Sofa
	2 - 3 m	 Up to 6 Seater Dining	 Up to 2 Sunbeds
	4 - 3.5 m	 Up to 8 Seater Dining	 Up to 2 Sunbeds
	3 x 4 m	 Up to 8 Seater Dining	 Up to 6 Sofa

firepits

Our design-led firepits produce beautiful, smoke-free flames using sustainable biofuel. All models allow for complete design flexibility and, being clean-burning do not require a chimney or utility connection—which means they can be positioned wherever needed.

Our design-led range of bioethanol-fuelled fireplaces will not only increase the aesthetic appeal of your outdoor area, but are environmentally friendly and fuel-efficient.

Design flexibility also comes to the fore with this innovative collection; being clean-burning, bioethanol fireplaces don't require a chimney and, without the need for a utility connection, all models can be repositioned as and when required.

Accessories

Personalise your outdoor space with the finishing touches. Luxury beanbags, cushions, rugs, throws and more create the cosy vibe that you and your guests will love, bringing all the comforts of indoors, outside.

White Glove Service

At Gymkhana, we are dedicated to transforming your outdoor vision into reality, regardless of the size or complexity of the project. Our White Glove Service is tailored to meet the needs of a variety of clients, including discerning homeowners, stylish restaurants and bars, luxurious hotels, and exclusive resorts.

We recognize that each space has unique requirements, and our expert team provides personalized attention throughout the process, from selection to installation.

Whether it's delivering and assembling your chosen pieces with care, helping you place them exactly where you envision them, or offering expert advice on their maintenance and care, we take care of every detail with precision and passion. We even provide a thorough clean-up after installation, removing all packaging materials for responsible disposal or recycling. With Gymkhana's White Glove Service, you can relax and enjoy the beauty of your perfectly curated outdoor space.

Logistics & Distribution

Always in Stock, Always Within Reach

Our three world-class Jebel Ali distribution centres maintain high stock levels, ensuring your desired products are always within reach for individual retail, trade and project deliveries worldwide. A strong logistics network and quick response times ensure reliable service and responsiveness to our customers' needs. Within the UAE, our fleet of 30 smart-tracked vehicles provides timely and accurate delivery for every order, regardless of size or complexity.

TEAK WOOD

Thanks to its dense grain and natural oils, teak is built to endure harsh weather conditions, from rain and snow to scorching sun. It's also resistant to rot, decay, and insects that typically damage wood. Over time, teak develops a beautiful silverygrey patina, but with regular care and maintenance, its original golden hue can be preserved for years to come.

Easy Teak Care Tips:

Dust & Wipe: Keep your teak furniture clean by dusting regularly and wiping down with a soft, damp cloth.

Remove Stains: Wash away dirt and stains with mild soap or a specialized teak cleaner.

Avoid Harsh Chemicals: Steer clear of solvents, acids, or silicon-based products – they can harm your teak's finish. Furniture is placed at a sheltered position. As a general rule, teak surfaces should be cleaned and treated at least once a year.

Cover Up: When not in use, protect your furniture with a cover to shield it from the elements.

Protect & Preserve: Apply a teak protector and sealer yearly to keep the wood's rich colour intact.

6 Steps to Rejuvenate Your Teak :

Clean the Surface: Start by gently removing dust with a soft cloth to prepare the surface for treatment.

Dampen the Wood: Lightly moisten the teak with water and a sponge, ensuring the surface is damp but not soaking wet.

Apply Teak Cleaner: Use a soft cloth or sponge to apply teak cleaner or mild dish soap. Let it sit for 3 minutes to lift stains and dirt.

Rinse Thoroughly: Rinse the furniture well with water, then allow it to dry completely.

Apply Teak Protector: Once dry and dust-free, apply a thin layer of teak protector using a soft cloth to preserve and enhance the wood's natural beauty.

Allow to Dry Completely: Let the teak dry for at least 48 hours before exposing it to moisture or rain, ensuring the protector is fully absorbed.

Pro Tip: For extra protection, apply a teak sealant before exposing your furniture to the outdoors.

Maintenance

Avoid harsh chemicals and abrasive materials.

Avoid using a power washer as this may erode the soft surface and leave it rough to the touch.

What about Stubborn Oil Stains?

Immediately Blot the Area: Gently blot or press the stained area with a clean, dry cloth to absorb as much oil as possible. Avoid rubbing, as this can spread the stain further.

Apply Teak Cleaner, Rinse & Dry: Following the same steps as standard teak care.

Lightly Sand Persistent Stains: Before applying teak protector, use a fine-grade sandpaper (220-grit or higher) to gently sand the stained area, always sanding in the direction of the wood grain.

CARE & MAINTENANCE

ALUMINIUM

Strong, lightweight, versatile, and corrosion-resistant. Available in a wide range of finishes, including powder coating and anodizing.

Long-lasting Protection

Offers excellent durability due to the protective coatings. Powder coating provides a thick, coloured layer, while anodizing creates a hard, oxide surface. Both protect against corrosion and wear.

Low Maintenance

Generally requires minimal care to maintain appearance.

Cleaning & Care

Regular cleaning with mild soap and water is recommended. Avoid harsh chemicals and abrasive materials. For coastal areas, rinse with fresh water to remove salt deposits.

Additional Protection

Using coasters and felt pads can help prevent scratches and stains. Applying wax or specialized products can enhance the anodized finish.

Maintenance

Clean regularly with mild soap and water.

Dry thoroughly to prevent water spots.

Avoid abrasive cleaners and scouring pads.

For coastal areas, rinse with fresh water to remove salt deposits.

100% SOLUTION-DYED ACRYLIC FABRIC

100% Solution-Dyed Acrylic Fabric is renowned for its exceptional durability and colourfastness. The colour is infused into the fibre during production, ensuring it resists fading, even in harsh outdoor conditions. This fabric is highly resistant to mildew, stains, and chlorine, making it ideal for outdoor use. Its strength, easy care, and long-lasting performance make it a top choice for furniture and other applications.

Long-lasting Protection

Color is embedded in the fibre, preventing fading and color loss over time.

Low Maintenance

Easy to clean and maintain, requiring minimal upkeep.

Cleaning & Care

Regular cleaning helps preserve the fabric's appearance and performance.

Avoid Harsh Chemicals

Using harsh cleaners can damage the fabric's fibers.

Additional Protection

Covering furniture when not in use can help extend the fabric's life.

Cleaning

Maintenance

Many common stains can be tackled with a simple solution of soap and water by using a sponge.

Remove stubborn stains with a mix of a solution of 20% bleach and 80% water. Apply to the stain, scrub gently with a brush, and rinse thoroughly.

For sanitation purposes, a diluted bleach solution (3 tablespoons per liter of water) can be used. Pat dry with a clean cloth.

After cleaning or disinfecting, always rinse the area with clean water to remove any bleach residue.

Allow the fabric to dry completely at room temperature.

CARE & MAINTENANCE

POLYPROPYLENE FABRIC

Lightweight, durable, water-resistant, and stain resistant. Offers good flexibility and chemical resistance.

Long-lasting Protection

Resistant to UV rays and various environmental factors.

Low Maintenance

Easy to clean and maintain, requiring minimal upkeep.

Cleaning & Care

Regular cleaning helps preserve the material's appearance and performance.

Avoid Harsh Chemicals

Using harsh cleaners can damage the material's finish.

Additional Protection

Covering items when not in use can help extend the material's life.

Cleaning

Maintenance

Polypropylene fabrics are easily cleaned with water and soap, removing most stains like oil, grease, grass, etc.

For sanitation purposes, a diluted bleach solution (up to 10 ppm/liter) can be used. Pat dry with a clean cloth.

Excessive use of chlorine or other harsh chemicals may damage the material.

After cleaning or disinfecting, always rinse the area with clean water to remove any bleach residue.

Allow the fabric to dry completely at room temperature.

OLEFIN FABRIC

Olefin is a high-performance fabric engineered from synthetic fibres like polypropylene or polyethylene. Renowned for its exceptional resistance to water, mold, stains, sunlight, and chlorine, it offers outstanding durability and colourfastness. This combination of properties makes olefin an ideal choice for outdoor furniture and applications that demand low maintenance and long-lasting performance.

Long-lasting Protection

Resists fading, discoloration, and degradation from environmental factors.

Low Maintenance

Requires minimal care due to its inherent properties.

Cleaning & Care

Easy to clean and maintain, ensuring long-lasting appearance.

Avoid Harsh Chemicals

Using harsh cleaners can damage the fabric's finish.

Additional Protection

Covering furniture when not in use can extend the fabric's life.

Maintenance

Many common stains can be tackled with a simple solution of soap and water by using a sponge.

Remove stubborn stains with a mix of a solution of 10% bleach and 90% water. Apply to the stain, scrub gently with a brush, and rinse thoroughly.

After cleaning, always rinse the area with clean water to remove any bleach residue.

Allow the fabric to dry completely at room temperature.

Cleaning

CARE & MAINTENANCE

QUICK DRY FOAM

Quick Dry Foam is a lightweight, resilient foam material designed for outdoor use. It offers exceptional comfort and support while quickly drying to prevent mold and mildew growth. This foam is an ideal choice for outdoor furniture cushions due to its durability and low maintenance requirements.

Long-lasting Protection

Treated foam can resist moisture, UV damage, and mold.

Low Maintenance

Requires minimal care with proper protection.

Cleaning & Care

Regular cleaning helps maintain hygiene and appearance.

Avoid Harsh Chemicals

Using harsh cleaners can damage the foam's structure.

Additional Protection

Covering foam cushions when not in use can extend their life.

Maintenance

Spot clean with a mild detergent solution and soft cloth.

Rinse thoroughly with clean water.

Air dry completely, avoiding direct sunlight.

Avoid excessive moisture and prolonged exposure to sunlight.

NORMAL FOAM

Polyether Foam is a soft, comfortable foam material that provides excellent cushioning. It is commonly used in a variety of applications due to its affordability and versatility.

Long-lasting Protection

Treated foam can resist moisture and UV damage to some extent.

Low Maintenance

Requires minimal care with proper protection.

Cleaning & Care

Regular cleaning helps maintain hygiene and appearance.

Avoid Harsh Chemicals

Using harsh cleaners can damage the foam's structure.

Additional Protection

Covering foam cushions when not in use can extend their life.

Maintenance

Spot clean with a mild detergent solution and soft cloth.

Rinse thoroughly with clean water.

Air dry completely, avoiding direct sunlight.

Avoid excessive moisture and prolonged exposure to sunlight.

CARE & MAINTENANCE

TEXTELINE

A high-performance fabric composed of PVC-coated polyester yarns. Known for its exceptional durability, resistance to stretching, cracking, mold, mildew, and UV degradation. Offers excellent comfort and support, making it ideal for outdoor furniture.

Long-lasting Protection

The PVC coating safeguards the polyester fibers, ensuring the material's longevity and performance.

Low Maintenance

Requires minimal upkeep for optimal condition.

Cleaning & Care

Regular cleaning helps maintain appearance and prevents dirt buildup.

Avoid Harsh Chemicals

Using harsh substances can damage the material's finish.

Additional Protection

Covering furniture when not in use can extend the material's life.

Maintenance

Spot clean by brushing off dirt or spraying with a hose.

Deep clean with warm, soapy water and a soft bristle brush.

Avoid abrasive cleaners.

Rinse thoroughly and dry with a soft cloth.

POLYPROPYLENE ROPE

Renowned for their exceptional strength, durability, and resistance to various elements. Made from synthetic fibres, they are lightweight, buoyant, and exhibit excellent resistance to rot, mildew, and most chemicals. These ropes are commonly used in marine applications, agriculture, construction, and outdoor recreational activities due to their versatility and performance.

Long-lasting Protection

Resistant to UV rays, weathering, and most chemicals.

Low Maintenance

Easy to clean and maintain, requiring minimal upkeep.

Cleaning & Care

Regular cleaning helps preserve the material's appearance and performance.

Avoid Harsh Chemicals

Using harsh abrasives can scratch the material's surface.

Additional Protection

Covering items when not in use can help extend the material's life.

Maintenance

Use a soft bristle brush to remove any dirt or debris.

Spot clean with a mild detergent solution and soft cloth.

Rinse thoroughly with clean water and a lowered pressured hose.

Avoid harsh chemicals and fabric softeners.

POLYESTER ROPE

Polyester ropes offer excellent resistance to abrasion and stretch, making them suitable for various applications. Polyester ropes are often used in marine environments, climbing, and general-purpose applications.

Long-lasting Protection

Resistant to fading, mildew, and abrasion.

Low Maintenance

Easy to clean and maintain, requiring minimal upkeep.

Cleaning & Care

Regular cleaning helps preserve the fabric's appearance and performance.

Avoid Harsh Chemicals

Using harsh cleaners can damage the fabric's fibres.

Additional Protection

Covering furniture when not in use can help extend the fabric's life.

Maintenance

Use a soft bristle brush to remove any dirt or debris.

Spot clean with a mild detergent solution and soft cloth.

Rinse thoroughly with clean water and a lowered pressured hose.

Avoid harsh chemicals and fabric softeners.

POLYETHYLENE

Lightweight, durable, water-resistant, and chemically resistant. Offers good flexibility and impact resistance.

Long-lasting Protection

Resistant to various environmental factors and chemicals.

Low Maintenance

Easy to clean and maintain, requiring minimal upkeep.

Cleaning & Care

Regular cleaning helps preserve the material's appearance and performance.

Avoid Harsh Chemicals

Using harsh cleaners can damage the material's finish.

Additional Protection

Covering items when not in use can help extend the material's life.

Maintenance

Spot clean with a mild detergent solution and soft cloth. A water pressure jet can also be used (do not aim to close).

Rinse thoroughly with clean water.

For stubborn stains, a sponge is recommended. Wash always in the same direction.

For grease stains, use a cloth with solvent, rinse thoroughly.

CARE & MAINTENANCE

TRAVERTINE

Travertine is a natural stone renowned for its elegant and porous appearance. Formed from limestone deposited by mineral springs, it brings a timeless, earthy aesthetic to interior and exterior spaces. To maintain its beauty and longevity, proper sealing is essential to protect against stains and moisture.

Long-lasting Protection

Regular sealing can help protect against stains and damage.

Low Maintenance

Requires consistent care to maintain its appearance.

Cleaning & Care

Frequent cleaning is essential to remove dirt and prevent buildup.

Avoid Harsh Chemicals

Using harsh substances can damage the stone's finish.

Additional Protection

Using coasters and trivets can help prevent stains and scratches.

Maintenance

Regularly brush off loose dirt and dust.

Clean with a mild soap solution and soft cloth.

Rinse thoroughly and dry immediately to prevent water spots.

Use coasters to protect the surface.

Clean up spills promptly.

Avoid abrasive or acid-based cleaners.

Clean furniture regularly, especially in saltwater environments.

Avoid letting water pool on the surface.

PORCELAIN

Porcelain is a durable material known for its strength, resistance to weathering, and elegant appearance. It is a popular choice for both indoor and outdoor applications.

Long-lasting Protection

Inherent durability protects against environmental factors.

Low Maintenance

Requires minimal care due to its resistance to wear and tear.

Cleaning & Care

Regular cleaning helps maintain appearance and hygiene.

Avoid Harsh Chemicals

Using harsh substances can damage the porcelain's finish.

Additional Protection

Using coasters and trivets can help prevent scratches.

Maintenance

Clean with mild soap and water.

Rinse thoroughly and dry immediately.

Avoid abrasive cleaners.
