# BEST TIME TO VISIT

## **DRY SEASONS:**

### **JANUARY & FEBRUARY & JUNE TO SEPTEMBER**

Although it's regarded as a year-round activity, the best time to visit Uganda for gorilla trekking is during the country's two dry seasons: January and February and from June to September. Game viewing in Uganda's savannah parks is best at the end of the dry seasons - February and March and September/early October - when wildlife is concentrated around water sources.

## **WET SEASONS:**

### **MARCH TO MAY**

March, April and May see the heaviest rainfall in Uganda, with shorter rains in October to November. This doesn't affect your chances of spotting gorillas, although be prepared for a soggy, slippery trek! Waterproofs, and waterproof boots, are essential. It's also believed that the gorillas linger on the warmer, lower slopes during wetter weather, so your trek may be shorter.

NOTE: All prices are based on 2 people.
