NOVUS[®] FLASK

Innovation and individuality are the watchwords when it comes to this beautiful flask, which is the most exciting new addition to our range in over 25 years. The Novus Flask truly is a beautiful and original item at the very forefront of modern pewter giftware design.

The entirely unique and trailblazing design incorporates a hide-away flask top secreted at the corner of the 5 ½ ounce flask, which gives the Novus a smooth-flowing and stylish overall appearance and sets it apart from everything else on the market.

The package is completed by way of a handsome leather holster pouch to help keep the Novus safe and add to the eye-catching and unique overall appearance of the flask. It is then beautifully gift-boxed in a matching brand design, making it the definitive answer to the question of what to buy that person who seems to have everything.

Traditionally the "Quaich" which originated in the Scottish Highlands was used both for a "Cup of Welcome" and also when offering a farewell drink. Being derived from the Gaelic word "cuach" meaning "shallow cup" the distinctive design has remained unchanged over the centuries - a shallow drinking bowl with 2 handles, colloquially known as "lugs".

CUSTOM WORX

Whether you are looking for a small quantity of exclusive items or tasked with the creation of tens of thousands, our team of experts are here to help with your project from start to finish. Over the years we have assembled the machinery, skills and know-how to ensure your requirements are met on time and on budget. Most customisation projects start with a minimum quantity of just 50 units. Origination and tooling costs are kept to an absolute minimum because much of this is carried out in-house. This also helps us maintain the high quality controls our customers have come to expect, as well as giving us control over strict time frames.

TRADE

TERMS & CONDITIONS

1. **QUOTATION:** Quotations are made without engagement and are subject to confirmation on receipt of order and manufacturing details.
2. **CANCELLATION:** The seller cannot accept cancellation of an order except by mutual agreement.
3. **WARRANTY:** No warranty expressed or implied is given by the seller as to the suitability of fitness of the goods supplied for any particular purpose.
4. **ADVERTISEMENT:** Descriptive, pictorial or written material issued or published by the seller from time to time relating to the goods offered for sale shall not form part of any contract of sales.
5. **EXECUTION OF ORDERS:** Execution of orders is contingent upon the availability of materials and the absence of any circumstances beyond the control of the seller which hinder or prevent such execution. All prices are nett and shall be deemed to be fixed unless the buyer and seller have agreed that they shall be subject to cost variation. In the latter case, the price will be subject to cost variations caused by any fluctuations in the cost of materials and labour or wages outside the control of the seller which occur after the date of the order and will apply to any uncompleted portion of the order.
6. **DELIVERY:** Any time or date for delivery named by the seller is an estimate only and the seller shall not be liable for the consequences of any delay beyond his control.
7. **DAMAGE, SHORTAGE OR LOSS:** The seller will not accept responsibility for damages, shortages or loss in transit unless notice in writing of such damage, shortage or loss is given to the seller and the courier within the courier's permitted period. In the event of non-delivery (or total loss), no claims can be entertained unless a separate notice in writing of such non-delivery reaches the seller within 10 days of advice despatch.
8. **RETURN GOODS:** Goods will not be accepted for return without prior agreement of the seller. Agreed returns must be accompanied by details giving the reason for return and the date and the number of the seller's invoice upon which such goods were charged. Defects in part of any order shall not be grounds for cancellation of the remainder of the order.
9. **INDEMNITY:** The buyer shall indemnify the seller against all damages, penalties, costs and expenses to which the seller may become liable as a result of work done in accordance with the buyer's specifications which involves an infringement of a registered design or copyright.
10. **RISK:** The risk in all goods shall pass to the buyer on delivery of the goods to the buyer.
11. **PAYMENT OF INVOICE:** All accounts must be paid no later than 30 days from the date of invoice. In the event of default of payment, the seller reserves the right to charge interest at 4% above the average current base rate for lending at Lloyds TSB Bank, Barclays Bank, HSBC and National Westminster Bank at monthly intervals on the overdue portion of the account.
12. **RETENTION OF TITLE:** Notwithstanding delivery and passing of risk, legal and beneficial ownership of the goods shall remain the seller's until full payment for the goods has been made. Until ownership passes, the buyer shall hold the goods as bailee for the seller and must keep the goods free of any charge, lien or other encumbrance. The buyer shall have possession of the goods, but at all times remain accountable to the seller on a fiduciary basis in respect of the good of the proceeds of sales of the goods until payment in full therefore has been made to the seller.
13. **SUSPENSION AND TERMINATION:** The seller shall be entitled to suspend or cancel performance of the order if the buyer
(a) Shall fail to make a payment due to the seller on the due date and or
(b) Shall have a receiver appointed, go into liquidation or bankruptcy or cease to trade. Upon any such cancellation, the buyer shall make available for collection by the seller any goods in the possession of the buyer for which payment has not been made.
14. **DIVISIBILITY:** The seller may deliver by instalments in such quantities as it may reasonably decide: such instalments shall be separate obligations and no breach of one or more of them shall entitle The Buyer to cancel any subsequent instalments or repudiate this contract as a whole.
15. **DIMENSIONS & MEASURES :** All dimensions/weights/volume etc. are approximate and should not be treated as conformity to any legal standards.
