WELCOME

WHAT IS THE PURPOSE OF THE ANNUAL OUSD EXPANDED LEARNING SUMMER INSTITUTE?

The Summer Institute is an annual launching pad for after-school and district partners to investigate tools that support program quality, engage and celebrate as a community, amplify compliance expectations, and align promising strategies. This institute elevates our focus and illuminates our path to better support our students, youth service practitioners, and other key stakeholders.

The 2025 Summer Institute theme is **WE: NURTURE, GROW, ADAPT, LEAD.**

This theme represents a reflection, a current reality, and a prediction of what is ahead. It encapsulates our collective, present, and hopeful journey. It allows us to be honest with ourselves, be intentional while navigating, and be brave.

The “**WE**” reminds us to continually operate as a community of intentional practice, striving to provide meaningful opportunities and exceptional experiences for and with OUSD students.

The theme’s verbs—nurture, grow, adapt, and lead—may be meaningful to each of us differently. These words can serve as a mirror, a way to ground ourselves, or an activation to reset or recommit to our why. When activated in real-time, these verbs catalyze transformative experiences with our students and staff to identify, release, navigate, and/or stand up to obstacles or to explore, embrace, and engage.

At the OUSD Expanded Learning Office (ExLO), we are thankful to embark with you, students, staff, and families as the school year is launched. By elevating ExLO values of liberation and joy, **we nurture, grow, adapt, and lead.**
