

Thật

Authenticity

„Thật” stands for Authenticity.

This collection is our commitment to manufacturing integrity, genuine design, and verifiable quality control. These pieces are functional and innovative, but they carry a decorative soul that highlights the true skill of our artisans. We believe the future of handicraft lies in honoring the materials and the hands that shape them.

In a world increasingly defined by the synthetic and the fleeting, **Thật represents a return to the essential.** It is a rejection of the superficial in favor of the substantial. To us, **“real” isn’t just a standard of production, it is a way of seeing the world.** It is the honest weight of the timber, the unmasked texture of the stone, and the transparent history of every join and stitch.

When you bring a piece from the Thật collection into your home, you aren’t just acquiring an object; you are making room for the truth. It is furniture that doesn’t pretend, craftsmanship that doesn’t hide, and beauty that simply is.

We don't just craft products We craft a movement.

A movement where sustainability meets artistry, where Vietnam's rich heritage is woven into modern, eco-conscious designs. From bamboo to rattan, seagrass to reclaimed materials, we redefine what's possible, turning nature's gifts into timeless, responsible creations.

Sincerely,

 **ARTEX NAM AN**
