Congratulations

Congratulations on your new PVC roofline installation from SmartPlaz! As you embark on this exciting journey, you can now uncover the transformative benefits that come with the pride of ownership and the unparalleled peace of mind our products provide.

Manufacturer's Guarantee: Rest assured, your investment is protected by the manufacturer's guarantee. This ensures the quality and durability of your SmartPlaz PVC roofline products, offering you confidence in their long-term performance.

Installation Workmanship Guarantee: Our commitment to excellence extends beyond the products themselves. With our Installation Workmanship Guarantee, you can trust in the skill and professionalism of our installers, ensuring that your roofline is not only aesthetically pleasing but also expertly installed for optimal functionality.

1st Year Installation Inspection: To further enhance your peace of mind, we offer a complimentary 1st Year Installation Inspection. This thorough examination ensures that your SmartPlaz PVC roofline products are performing as expected, providing an extra layer of reassurance during the initial year of use.

All We Ask: All we ask from you is to follow our comprehensive maintenance guide. By adhering to these simple guidelines, you contribute to the longevity and performance of your PVC roofline products, ensuring they continue to enhance your home for years to come.

Maintenance Guidelines

General Cleaning

- For routine cleaning, use a soft cloth, warm water, and a mild soap or washing-up liquid.
- To tackle grease marks, apply washing-up liquid directly (with little or no water) and rinse with clean water.
- Keep your gutters clear. Regularly remove leaves or debris.

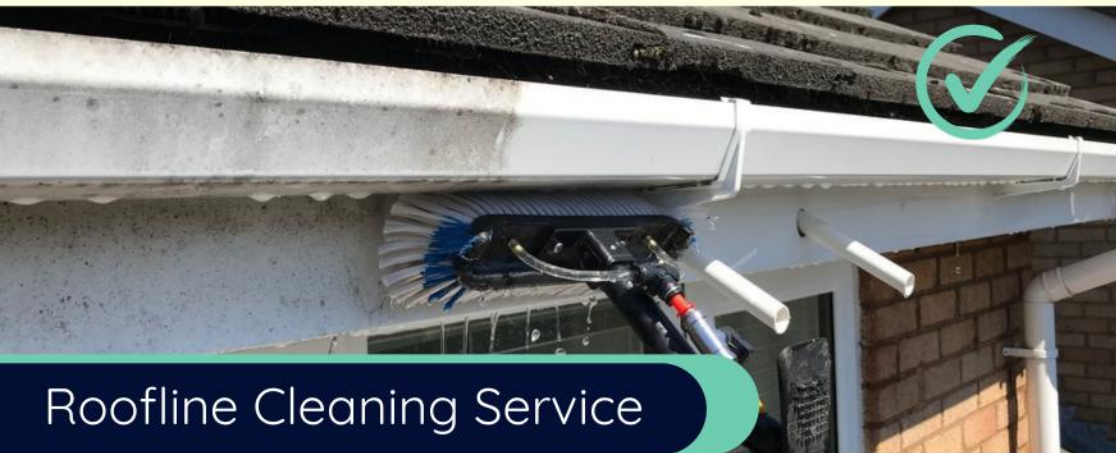

Tough Stains

- For stubborn stains on long-neglected uPVC surfaces, opt for PVC Cream Cleaner available from SmartPlaz—the perfect cleaning solution for rejuvenating your roofline products.

Never Use:

Avoid the use of the following, as they may cause corrosion or damage:

- Any cleaning agent other than mild soap or washing-up liquid.
- Caustic or ammonia-based cleaning agents.
- Scouring powder or abrasive cleaners.
- Steel wool or scouring pads.

No time to give your PVC some love? Terrified of climbing on ladders? The struggle is real.

✔ **Introducing SmartPlaz Roofline Cleaning Service** – where your roofline gets the royal treatment it deserves. Say goodbye to grime, and hello to a home that sparkles all year round.

✔ **Our internal gutter cleaning** service goes beyond the surface, tackling leaves and removing moss that can accumulate over time. We understand the importance of a clean and unblocked internal gutter system, and our experts ensure it functions optimally.

✔ **For your fascia, soffit,** and external gutter cleaning, we go the extra mile to make your home shine. Our meticulous approach not only enhances the aesthetic appeal but also adds a touch of pride to your living space.

Book your SmartPlaz clean today, and let's make your home the pride of the neighborhood!
