DESIGNED IN BELGIUM

ENDLESS DAYS OF *Summer*

Along with the changing of the seasons, our preferences for interior design also change throughout the year.

With this in mind, the Spring-Summer 2024 themes were created.

From a rather subdued, calm colour palette in March, to a botanical theme that draws you outdoors in May to full holiday vibes in July and August.

We're curious to hear what your favourite month is!

The Mistral Home family

Colours in this catalogue are illustrative and may vary slightly from reality.

SUSTAINABILITY

Over the past few years, sustainability has gained tremendous value amongst our customers and us.

We keep on striving to reduce our ecological footprint as much as possible, to raise consumer awareness and to deliver products manufactured in safe and fair conditions.

You can easily identify our sustainable products thanks to **the Mistral Home Cares logo.**

OUR CERTIFICATES

At Mistral Home we want to know where our products come from, who made them and in which conditions they are manufactured. Through audits we ensure that our partners in the **Far East** continue to meet our requirements regarding **working environment** and **sustainability**.

At Mistral Home we want to ensure the **safety of our products** so you can use them without any concern. The OEKO-TEX certificate is a **reliable product label** for the assessment of the human ecological quality of consumer textiles.

With the **Global Recycled Standard** we assure that the product is made out of at least 20% recycled materials. When a product is made with more than 50% **recycled materials**, the logo can be added. The recycled materials can originate from pre-consumer or post-consumer waste.

MARCH

In March, nature is still slumbering. Little by little it wakes up, with a thin layer of frost left behind from the cold winter nights.

Our preference still goes to being inside, nice and warm in the safe environment of our home. With the March collection, we bring **calm and peace combined** with **intriguing textures** adding an extra dimension.

MAY

We seek to connect with nature, with indigenous plants in particular. Outdoor life is reviving and we are thoroughly enjoying it.

The May collection is built around combining different shades of green.

Khaki is used to create a **stylish and warm colour palette**.

On the other hand, we combine **celadon** with **linden green** to create a **fresh setting**.

Create a beautiful outdoor dining setting
with this **PEVA table cloth LAUREL LEAVES olive**.

Not only beautiful to look at but also
super easy to clean.

JUNE

We kick-start summer with a **modern, geometrical theme.**

Royal blue is our star this June. By combining it with different shades of terra and rust, we created an **intriguing colour palette.** Some cream colours were added to brighten things up.
