CHAIRMAN OF COUNCIL

MICHELLE SCOTT

On behalf of the Council of the Royal College of Podiatry, I want to welcome all our members back to Liverpool and back to their Annual Conference and Exhibition. As a member and a practising podiatrist, I know just how crucial these three days are to all of us. It's a source of pride for me that the College can provide such a comprehensive and all-encompassing event with our members' professional development at its heart. I want to thank our Chair of Conference, Mr Matthew Cichero,

for the outstanding job he has done to build this year's programme and activities. It is a significant undertaking alongside clinical work, but he has led the College's Conference Committee admirably. The programme this year has fully considered the sort of clinical updates our members have told us that they want to see more of. Matthew's work this year has led to a reimagining of the way we share these clinical updates with brand new session formats.

Finally, I want to extend my gratitude to all the exhibitors at this event – we've had a fantastic response from Industry this year. Companies have come here to meet their customers and to demonstrate the latest innovations and products. The exhibition remains an integral part of our conference offering and we are, as always, grateful for their support.

CONFERENCE CHAIR'S WELCOME

MATTHEW CICHERO

It is my great pleasure as Conference Chair to welcome you to Liverpool. Our 2023 programme offers a high-level clinical CPD update, and it's been fully designed to align with HCPC requirements.

The theme for this year is 'Reimagining podiatry'. First, I want to talk about how we've used your feedback to reimagine how we deliver our conferences. This year, we've introduced new session types, like Fireside Chat and Ted-type talks, to make the way our delegates access the educational content more varied. We've also put all the information you need about this Conference right at your fingertips, by launching a dedicated Conference app experience. We hope you enjoy these new additions.

Our sessions contemplate the current role of podiatry and its future possibilities. How do we envision and shape the profession in the 21st century? We explore the podiatrist as an enhanced generalist, celebrating our unique skill set while exploring intersections with other healthcare professions for the benefit of our patients.

We are honoured to host Scotty Mills as our opening motivational keynote speaker, sharing his inspiring journey from the backstreets of South London to leading Britain's Commandos and influencing the England football team's culture. Our plenary sessions have been designed to offer you the very best in clinical and professional development. We tackle subjects like melanomas, podiatric surgery and diabetes. We're also proud this year of our concurrent tracks. Acting on your feedback, we've introduced some back-to-basics practical sessions into the programme this year.

This conference is designed to cater to all podiatrist's interests and needs. I eagerly anticipate the next three days of collaboration, learning, and networking. Looking forward to meeting as many of you as possible.

OUR THANKS GO TO THIS YEAR'S CONFERENCE SPONSORS

The sponsors of this year's Conference are Cliniko, Algeos, Cuxson Gerrard and Foothealth Orthotics. You can find out more about each of our key sponsorship partners below. Do take the time to visit each of them on the exhibition floor.

Cliniko is a complete practice management application used by tens of thousands of healthcare practitioners in more than 95 countries. Manage schedules, treatment notes, invoices, payments, and lots more—all on one, easy-to-use platform. It works great for solo practitioners, large teams, and anything in between.

STAND 53-56

Algeos is a family-run business with care at its heart. Boasting a patient-centric business model and specialising in lower-limb healthcare supplies, materials, and technology, Algeos works closely with both public and private hospitals, clinics, and industry professionals to provide the sector with the best products and services it needs to bolster patient outcomes and improve lives.

STAND 14/16

For 145 years, Cuxson Gerrard has been a leader in research, development and manufacture of products for podiatry and medical use.

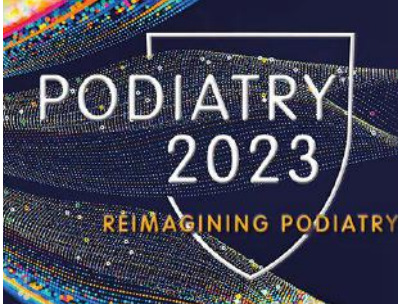

Amongst their offer, they manufacture/supply: Hapla paddings and supportive/retentive strappings, Haplawave, Haplabase orthotics, Hapla-gel, Powerstep orthotics, Cryospray 59, Protex Face Masks and Gehwol.

STAND 51-52

Foothealth UK is a fast growing and respected supplier of Orthotic devices serving practitioners across the UK and Ireland supplying thousands of bespoke orthotics every year in their laboratory in Oxfordshire. Offering a range of CAD CAM and 3D printed orthotics, as well as prescription sandals and flip flops using the latest foot scanning technologies. Constantly pioneering new concepts, 2021 saw the official launch of Fit4U.

STAND 43

DOWNLOAD YOUR PODIATRY 2023 APP

We're excited to provide you with a bespoke conference app, sponsored by Cliniko. With all of the information and tools you need to make the most of the event.

Global Recognition A Personal Touch

With the American Board of Podiatric Medicine International

Developed by podiatric experts around the world, ABPMi is the only choice for podiatrists who want to do more.

Board Certification: The Highest Standard

Demonstrate to payors, health systems, and governments that you are well educated and devoted to lifelong learning. Show patients and peers that they can count on you.

Scan Me:

ROYAL COLLEGE OF
PHYSICIANS AND
SURGEONS OF GLASGOW

**Our Partner: The Royal College of
Physicians & Surgeons of Glasgow**

Certification with the American Board of Podiatric Medicine International gives you a chance to join the prestigious RCPSG as a Member of the College, putting you within reach of Fellow status, and a place among the world's foremost medical professionals.

Available to podiatrists in the UK and Ireland, Canada, Spain, Australia, New Zealand, South Africa, Greece, and Malta.

**Start Now. Visit www.podiatryboard.international
Next Test: January 13 to February 13, 2024**

Attainment of Board Certification from the American Board of Podiatric Medicine International enables Diplomates to apply for Membership and Fellowship in Podiatric Medicine with the prestigious Royal College of Physicians and Surgeons of Glasgow (RCPSG). Board Certification allows the Diplomate to bypass the preceptorship stage. The Board and the RCPSG established an eligibility pathway for ABPMi Diplomates in 2022. Membership and Fellowship with the Royal College is subject to the procedures and requirements of membership, including the payment of annual dues to the RCPSG.

PODIATRY 2023

WORKSHOP AND DEMO ZONES

Our demo zones feature live demonstrations from some of the most well-known brands in podiatry. Lending a vibrancy to the time you spend on the exhibition hall floor, learn new skills and techniques and see how the latest products and innovations work in real life.

The trickle-down Elite Sports and Podiatry - Room 11B/11C

Friday 24 November 14:10-14:55

The trickle-down from elite sports podiatry to the broader field of podiatry represents a significant advancement. These advancements can enhance the overall quality of care in podiatry, benefiting patients across various demographics and needs. **Speaker: Jake Heath MSK Podiatrist - Premier League Men and Women's Team Podiatrist and Podoactiva UK Liaison**

ACCESS

The ACC is fully accessible by wheelchair to all public areas by ramp or lift. If you have any access requirements, specifically in the auditorium, then do please let a member of the organising team know. Alternatively, you may ask any member of staff at the ACC. Admission to conference sessions is strictly by badge only. Please ensure you are in your seat at least five minutes before the start of each session and that any phones or other electronic devices are turned to silent.

BADGES

In the interests of security, please make sure that your name badge is always clearly visible. If you lose your badge, please ask the staff at the registration desk to enable you to reprint a replacement as soon as possible.

CERTIFICATES OF ATTENDANCE

Certificates will be emailed to delegates within two weeks of the conference taking place. The certificate will reflect the number of days attended and the number of learning hours awarded.

CLOAKROOM

There is a cloakroom for general use on the ground floor of the ACC.

HOURS OF LEARNING

23 NOVEMBER

24 NOVEMBER

25 NOVEMBER

Additional space will be made available for luggage on Saturday. The cloakrooms are always attended by a member of ACC staff; please note, however, that items are left at your own risk.

RCPOD EXHIBITION STAND

The Royal College of Podiatry staff and representatives will be available on the College stand in the exhibition hall throughout the conference. Staff will be able to assist with membership enquiries, advice and support. To reduce paper waste, staff will use iPads and no physical leaflets or resources will be available.

CONFERENCE PRESENTATIONS

If our speakers permit us to share their presentations, we make them available after the conference has finished on rcpod.org.uk/podiatry2023. This information is also available the conference app.

COUNCIL MEMBERS

College Council members in attendance will be available on the College exhibition stand in Hall 2 during lunch and refreshment breaks to answer any queries.

EMERGENCIES

In the event of an emergency, please contact a member of staff

PODIATRY 2023

CONFERENCE INFORMATION

from Chamberlain Dunn or a member of the ACC security staff, who you will see throughout the building. In all other instances, please dial 999.

EXHIBITION

The exhibition is an integral part of this conference and the College greatly appreciates the exhibitors' support. Please take your time to visit the exhibition in Hall 2. To see a full list of exhibitors at this year's conference, visit: <https://rcpod.org.uk/podiatry2023/exhibition-2023>. This information is also available the conference app.

HEARING LOOP

Should you require this service, please visit the registration desk so that we can ensure it is in place for the sessions you are attending wherever possible. Note that not all the rooms have this equipment.

LUNCH

Delegates' lunches are available to purchase on Thursday, Friday and Saturday from all the catering points within the exhibition (Hall 2). There are several catering points available so please use them all to avoid congestion.

A range of hot and cold food and refreshments will be available to purchase. Please note that cash is not accepted, and all transactions are contactless.

Please refer to the exhibition plan in this handbook to see catering point locations. Water coolers are also located around the ACC.

PHOTO AND VIDEO PRODUCTION

Please refrain from taking pictures of the presentations at any time. There will be photography and/or video production taking place during the conference and the resulting images may be used for promotional purposes online and/or in printed materials.

Delegates who do not wish their images to be included in the material should contact the organisers by email at comms@rcpod.org.uk. The College cannot be held responsible for your image appearing in photography or video taken by anyone attending the conference.

POSTER PRESENTATIONS

Posters will be available to view on the upper level throughout the conference and there is a dedicated poster viewing session in the programme on Thursday evening at 17.35. You can also find out who is displaying poster work in the Conference app and vote for your favourite poster. Please refer to the poster section in this handbook for full details of all the presentations.

PRAYER ROOM

If you require a quiet space to pray, we have allocated a room for your use. Please speak to the registration staff who will direct you to room 16.

REFRESHMENTS

Complimentary refreshments will be served in the exhibition (Hall 2) during the refreshment breaks indicated on the programme. There are several catering points available so please use them all to avoid congestion.

REGISTRATION DESK

If you have any enquiries please make your way to the registration desk on the main area where staff from the College and Chamberlain Dunn will be on hand to answer any questions or deal with concerns that you may have. Official opening times are:
 23 November: 08:30
 24 November: 08.15
 25 November: 08:30

SECURITY

In the interests of security, personnel staff will be in different areas of the ACC. Should you wish to report anything please talk to one of the security staff or contact a member of the conference team at the registration desk.

SPEAKER LISTINGS

To see who is speaking at this year's conference, a full list is available to view at rcpod.org.uk/podiatry2023. You can also get this information throughout the event on the Conference app.

SPEAKER PREVIEW AND LOUNGE

The speaker preview room is in Room 10 on the upper level. Speakers are kindly asked to visit the preview room at least two hours before their session to upload their presentation and check it through with the technical team. Refreshments will be available.

SOCIAL MEDIA

Delegates are welcome to post ideas, thoughts and content to social media about this year's conference. Use the hashtag #Podiatry2023.

WELLBEING

The health and wellbeing of all our delegates, speakers, exhibitors and staff will always be our number one priority. If you have any concerns for your personal wellbeing, please contact a member of staff at the registration desk or at the College stand. Alternatively, please seek out a member of staff at the ACC.

WI-FI

The conference is offering delegates access to a free Wi-Fi service in the venue.

PODIATRY 2023

REIMAGINING PODIATRY

THIS YEAR, WE'RE INTRODUCING FOUR SOCIAL MEDIA AMBASSADORS TO BRING LIFE TO CONFERENCE ACTIVITY ONLINE

We know that there are many podiatrists in the UK and internationally who would have liked to have been here in person. Keri, Paul, Manal and Bharti all answered the call we put out to find social media savvy pods who were passionate about spreading the work about the content in our plenary and concurrent sessions. They'll be posting content across their channels throughout the three days, so look out for their opinions, thoughts and ideas. We're looking forward to reading and watching what they think!

Keri Hutchinson

Keri is the All Wales Diabetes Prevention Programme Manager at Public Health Wales, Associate Podiatrist at Toetle Foot care and President of Swim Wales.

[X](#) KeriH_AHP [LinkedIn](#) Keri Hutchinson
[Instagram](#) public_health_podiatrist

SOCIAL MEDIA
AMBASSADOR

Paul Macaulay

Paul is a senior podiatrist working for MyFootDr. in Singapore. Paul will share his experience of attending the conference as an overseas practising member.

[Instagram](#) @paulthepodiatrist
[TikTok](#) @paulthepodiatrist

SOCIAL MEDIA
AMBASSADOR

Manal Oulad

Manal is a London-based podiatrist working for Margaret Dabbs and the Vita Health Group. Manal will be a first time attendee of the annual conference and exhibition.

PODIATRY 2023

EXHIBITOR INFORMATION

ABPMi **69**

Join Podiatry's best practitioners the world over with a certification from the American Board of Podiatric Medicine International! The ABPMi is a professional organization serving Podiatric practitioners worldwide. Certification with ABPMi is a voluntary step undertaken following the completion of physician licensure that demonstrates a high level of professional competence within the field. Certification can provide numerous benefits to providers, including additional prestige and competitiveness for physicians and their institutions; reassurance and confidence to prospective patients; and ultimately the facilitation of a meaningful difference in patient success, every time. This credential confirms your status as a top podiatrist.

ADVANTICE HEALTH **11**

ADVANTICE HEALTH is actively involved in research and developing new, effective products that support the professional footcare profession. Our key brand in the UK, Emtrix, continues to be an essential product used by podiatrists in the treatment of fungal nail and nail psoriasis.

AF Association

AF Association (AF Assoc): working to provide information, support and access to established, new or innovative treatments for Atrial Fibrillation (AF).

Affinity **74**

Affinity massage therapy equipment has been at the forefront of innovative and ergonomic massage therapy equipment for over 23 years. As a longstanding market leader, we understand that therapy is about care, empathy and support and this is why we work hand in hand with our customers to ensure seamless supply of products that offer great functionality and reliability.

Algeos **14/16**

Algeos is a family-run business with care at its heart. Boasting a patient-centric business model and specialising in lower-limb healthcare supplies, materials, and

technology, Algeos works closely with both public and private hospitals, clinics, and industry professionals to provide the sector with the best products and services it needs to bolster patient outcomes and improve lives.

Autism Reality Experience

The Autism Reality Experience is an innovative and immersive training which has been developed to give non-autistic people an experience of the sensory processing difficulties faced by people on the autism spectrum. It is as true to life as currently possible and is changing the landscape of understanding Autism.

Bailey Instruments Limited **35**

Manufacturers of the popular Susol Single use range of podiatry instruments, Bailey Instruments are also known for their reusable podiatry instruments. Why not visit the stand and check out the bargains?

Biocomposites **4**

Biocomposites is an international medical device company that engineers, manufactures and markets world leading products for use in infection management in bone and soft tissue. Based in Keele, UK, it has global operations across Europe, USA, Canada, China and India. Biocomposites is a world leader in the development of innovative calcium compounds for surgical use.

Its products target a broad spectrum of infection risks across a variety of specialities, including musculoskeletal infection, orthopaedics, trauma, spine, foot and ankle and podiatry. Biocomposites products are now used in over 100,000 procedures per annum and sold in more than 40 countries around the world.

Birmingham Orthotic Services **61**

We recognize that clinical accuracy and patient compliance is the key to effective orthotic management.

This enables us to offer a tailored orthotic service to practitioners and their clients needs.

BTL 44

BTL Industries has become one of the world's major manufacturers of medical and aesthetic equipment with direct offices in more than 80 countries around the world. We have become a market leader in non-invasive treatments, the fastest-growing segment of medicine.

Callen Olive 48

Callen Olive is a modern and forward-thinking leg/foot skincare brand. It is naturally derived, vegan/cruelty free, sustainably sourced and Made in England. Developed by the multi-award-winning podiatrist, Maggie Trevillion, in collaboration with top UK chemists. Stocking Callen Olive products can help you confidently support your patients' needs; they are kind and gentle yet effective on the skin, add value to your patients' experience, increase the average £ transaction & ultimately your profitability. You will also have the option of offering the Callen Olive signature Medi-Pedi and becoming part of a brand that genuinely cares about sustainability and well-being.

C&P MEDICAL TRADING LTD 12

C&P Medical Trading Ltd is a wholesaler, who have been supplying medical products since 1998- we buy in bulk, branded disposable medical products and sell them to smaller wholesalers and also directly to podiatrists and chiropodists. This keeps our prices very competitive. The foot care products we offer include: antiseptics, blades, consumables, disinfectants, dressings, drills, gloves and paper products, instruments, verruca and wart treatments.

Celtic SMR Healthcare 24

Celtic SMR are a rapidly growing imaging company, specialising in diagnostic ultrasound and digital x-ray. We are also the UK suppliers for the ASA MLS Laser range.

Cliniko 53-56

Cliniko is a complete practice management application used by thousands of healthcare practitioners in more than 95 countries worldwide. Manage schedules, treatment notes, invoices, payments and lots more. It works great for solo practitioners, large teams and anything in between.

Clover UK (Fiserv) 33

Clover provides businesses with simple and secure ways to take card payments by offering a range of solutions to help you grow and manage your business more efficiently. From hardware for taking physical payments to software and applications that enable you to sell online and streamline your operations, Clover have the tools to help get you to where you want to be.

Cosyfeet 70

The original extra wide, extra deep, extra roomy footwear company. We believe that swollen feet should have the most comfortable, stylish footwear possible. Visit our stand to see our latest developments and find out more about our free resources to make recommending our products to your patients easy.

Cuxson Gerrard & Co. Ltd 51-52

For 145 years, Cuxson Gerrard has been a leader in research, development and manufacture of products for podiatry and medical use. Amongst their offer, they manufacture/supply:

- Hapla paddings and supportive/retentive strappings- as the market leader see our comprehensive range
- Haplaware - our colourful elastic muscle care tape, (see our demonstrations on stand)
- Haplabase orthotics – our high-quality EVA, cost effective and chairside adaptable orthotic
- Hapla-gel – see our extensive range of soft mineral gel products
- Powerstep orthotics – highly comfortable/supportive prefabricated orthotics
- Cryospray 59 – portable cryotherapy system

PODIATRY 2023

EXHIBITOR INFORMATION

- Protex Face Masks – superior filtration for your respiratory protection
- Gehwol – foot and leg skincare moisturising preparations

DATAPLAYER

Dataplayer 34

Dataplayer, tailored for allied healthcare professionals, transforms raw practice management data into insightful visualisations and reports. Easily track KPIs and access real-time practice reports - all customisable to suit your needs. Use actionable insights, empowering informed decisions for streamlined operations.

Defence Medical Services 32

DMS promotes, protects and restores the health of the UK armed forces to ensure that they are ready and medically fit to deploy globally. The DMS is staffed by circa 14,100 service, reserves and civilian personnel providing healthcare to circa 143,500 UK Regular Armed Forces personnel. Service personnel and civilians work side by side as medical, dental and allied healthcare professionals with other personnel to plan and deliver excellent healthcare services wherever they are needed. The services offered by the DMS include primary healthcare, dental care, rehabilitation, occupational medicine, community mental healthcare and specialist medical care.

Dermatronics 1

Dermatronics continues to innovate and expand its range of UK made highly effective footcare products. Warts'n'All is our new 26% Salicylic Acid product with Manuka Honey. Visit our stand to test our products and join the hundreds of practices who have switched to Dermatronics to the delight of their patients.

The Diabetic Foot Journal

Diabetic Foot Journal 67

Published quarterly, The Diabetic Foot Journal is THE peer-reviewed publication journal for healthcare professionals involved in the care of the diabetic foot. The journal provides a unified educational and communication vehicle for all healthcare

professionals who are involved in the management of the diabetic foot. Working with these professionals, the journal brings the reader the most topical, practical and relevant content available in the field. The journal is requested by over 16,000 healthcare professionals, including over 6000 podiatrists, every member of the Tissue Viability Nurses Association, all members of Foot in Diabetes UK, as well as other members of the multidisciplinary team.

DLT Podiatry 65

Showcasing our leading equipment ranges including Berchtold drills and units, plus patient chairs from Lemi and Bentlon. Try and buy our innovative Archies flip flops and slides, Dr.'s Remedy's comprehensive range of healthy nail polishes, and Ureka creams. Find out about the fully compliant Phenol Swab-it from our knowledgeable staff.

DOLA Orthotics 71

DOLA is your total solution for custom and prefab orthotics, education & training. Our extensive DOLA Pro prefab range are designed by clinicians to suit a wide range of patient types & usage options. DOLA Supports you with daily social media education, YouTube training videos and open access training courses.

East Coast Podiatry 37

East Coast Podiatry is looking for fresh graduates to join us. Seek your career or clinical placement with us in sunny Singapore! We are a team with an advanced scope of practice, we offer close clinical guidance and mentorship. Come speak with us at Stand 37.

Erchonia Laser Ltd 50

With over 27 years of experience, 18,000+ devices in the market, and 21 FDA-clearances, Erchonia® are world leaders in medical-grade Laser Therapy technology for professional use. Erchonia's range of non-thermal, Low-Level Laser Therapy devices are used in many areas, including fungal nail treatment, pain relief, fat removal, and more.

Huntleigh Healthcare 22

As a proud member of the Arjo family, we believe that great healthcare is always a collective effort. The greatest contribution we can provide to patients, and the professionals who care for them, is confidence. This is what we have been striving for since 1979, with innovative solutions in vascular care, fetal and patient monitoring. Solutions that can assist clinicians in improving outcomes and enhancing patient wellbeing. Whether it's the safe delivery of a new life, improving the day-to-day quality of life or monitoring life's vital signs, we aim for clinical excellence and improved performance, for life.

ICB Heat Moulding Orthotics 78

ICB Orthotics are at the forefront of heat moulding orthotic design and development. ICB's patented dual density design and construction provides Podiatrists with the most versatile, easily adaptable pre-fabricated orthotic range on the market today. ICB's premier heat moulding orthotic range allows for quick and easy fitting, modification and customisation, in the clinic setting.

K-laser UK - VBS Medical Ltd 15

K-LASER VBS Medical is proud to present K-Laser Therapy: a scientifically proven, non-invasive, painless treatment option for MSK conditions, pain management, verrucae, onychomycosis and wounds. Suitable for children and adults, for acute and chronic conditions, without consumables. Through extensive training and ongoing clinical assistance, we ensure

podiatrists will make the most of this All-In-One therapeutic laser.

LBG Medical - Strive Footwear 42

At LBG Medical-Strive Footwear our mission is to enable as many people as possible to enjoy superior foot care to improve their quality of life. Since 1980 we have had a deep rooted passion and dedication to providing high performance, clinically proven foot orthotics and footwear. Every member of our team is dedicated to your happiness, whether it be through our friendly customer service, innovative product design or expert product advice and renowned technical support.

Leading Practice Limited 21

Leading Practice Ltd provide practice owners and healthcare leaders with leadership development and business growth coaching and mentoring worldwide. They offer an accredited programme of leadership development in the form of masterclasses, webinars and both individual and team coaching which is facilitated by expert qualified coaches who are highly experienced within the health & social care sector.

Legs Matter 3

The Legs Matter coalition is working together to increase awareness, understanding and prevent harm for lower leg and foot conditions.

MESI UK Ltd 39

MESI is an innovative company located in the UK that develops and produces medical devices for diagnostic purposes. MESI is focused on simplifying diagnostics, providing clinicians with predictive medical assessments. On display at Wounds UK will be the new MESI mTABLET that will perform wireless 1-minute ABPI and TBPI measurements.

70% of patient with PAD do not have typical symptoms and are not diagnosed. Come and see us on Stand No 39 to see the mTABLET ABPI and TBPI in use.

PODIATRY 2023

EXHIBITOR INFORMATION

Only Foot Care Ltd 18

Offering innovative products and services to the professional foot health care market since 2019. We are exclusive distributors of Onyfix, ToeFX, PodoExpert, Toeflex and FeetCalm. We provide product training and excellent customer service back up and support. We work collaboratively with The Clearanail system to bring the best to your clinic.
