Interview with Extreme Arena Top 76: phvoxie1, a.k.a. Smoky

Interview guide: Filipino/English [English]

Congratulations on reaching Top 76 in Extreme Arena of Voxie Tactics Season: Into the Fray! As one of the top Extreme Arena players that have been using the rental system during Season 0, I would like to interview you on how you started with Voxies and your experiences during Season 0 as a renter.

1. How did you find out about Voxies and Voxie Tactics?

Smoky: Nalaman ko ang larong ito dahil sa kuya ko. May mga kaibigan siyang naglalaro ng Voxie Tactics tapos inaya syang maglaro. After 3-4 hours ng paglalaro nya, naka-drop sya ng NFT item at nabenta nya ito ng 5k PHP. Ang taas daw ng kinita nya kahit naglalaro lang sya ng Draft Arena. Dahil dun sinubukan ko din maglaro at ayun nakaka-enjoy laruin. Kumikita ka pa habang naglalaro.

[I learned about this game from my older brother. He has friends who were playing Voxie Tactics and invited him to play too. After 3-4 hours of playing, he got an NFT drop and he sold it for 5k PHP (~90 USD). He said he earned a lot even though he was only playing Draft Arena. Because of that, I also tried to play and it was fun to play. You earn while you play.]

2. What was your team composition for Season 0?

Smoky: Ang main teamcomp ko nung Season 0 ay Pirate/Hawknight/Monster

[My main team composition for Season 0 is Pirate/Hawknight/Monster]

3. What do you think was the main factor on why you reached the top 76 spot in Extreme Arena as a player who was purely renting in Season 0?

Smoky: Mag rent ng maganda at malakas na team na sa tingin mo ay kaya mong mapaabot sa ganung kataas na rank. Nakakita ako ng isang magandang team sa rentals kaso ang problema ay wala akong sapat na VOXEL para mabayaran ang rental upfront fee. Mabuti na lang may isa akong mabuting kaibigan na pwedeng hiram ng VOXEL para makarent ng malakas na team. Nakahanap ako ng malakas na team at sa tingin ko kaya ako nitong ipangat at makapasok sa top 100. Lagi kong iniisip ang mga bawat desisyon ko sa renting dahil ang mga nare-rent na Voxies o Weapons/Items ay temporary lang.

[It's to rent a good and strong team that you think will be able to reach that high of a rank. I saw a good team in rentals but the problem is that I didn't have enough VOXEL to pay the rental upfront fee. Good thing I had a good friend that I can borrow VOXEL from to be able to rent a strong team. I was able to get a strong team and I thought that it could make

my rank go up and reach top 100. I was always thinking of my decisions in renting because the Voxies and Weapons/Items that can be rented are only temporary.

4. What were the challenges that you faced in Season 0?

Smoky: 9 or 10 days remaining na lang bago matapos ang Season 0, biglang nagkaproblema sa bigayan ng rating per win. Kahit manalo ako ng ilang beses nababawasan talaga yung ratings. Dahil dun pinanghinaan ako ng loob umangat sa rank na gusto ko.

[9 or 10 days remaining before Season 0 ended, there was suddenly a problem with the ELO rating given per win. Even if I win a lot of times my rating still decreased. Because of that, I lost hope in reaching the rank that I was aiming for.]

5. What do you think of the Voxies project and its community?

Smoky: Para sa akin, ang Voxie Tactics ay hindi lang isang laro dahil nakakatulong din ako financially sa family ko. Dahil sa larong ito, kumikita ako kahit naglalaro lang sa bahay. Yung low budget kong PC na-upgrade ko at nakabili na din ako ng laptop. Okay naman para saken ang Voxies Community, makakakilala ka ng mga bago mong kaibigan dito.

[For me, Voxie Tactics is not just a game because I can help my family financially by playing it. Because of this game, I can earn money even while playing at home. I was able to upgrade my low budget PC and also buy a laptop. The Voxies community is good for me, you can meet new friends here.]

6. Anything you want to say to the Voxies team and the community?

Smoky: Salamat sa game na ito dahil di lang ako yung natutulungan nito, kundi madaming tao din kayong natutulungan. Kahit na walang sapat na pera sa pag-invest sa laro, dahil sa Rental System, na-afford na ng mga small time player na katulad ko na maglaro at kumita. Salamat din sa Voxies community dahil ang babait at madali silang takbuhan kung may katanungan.

[Thanks to this game not just because it is helping me, but it is helping a lot of people too. Even if there is not enough money to invest in the game, because of the Rental System, small time players like me can afford to play and earn. Thank you too to the Voxies community for being nice and very approachable when there are questions.]

Interview with Draft Arena Top 1: LeeM

Interview guide: Portuguese [English]

Parabéns por obter o primeiro lugar na Extreme Arena da Voxie Tactics Season 0: Into the Fray! Como vencedor de uma das arenas da primeira temporada do Voxie Tactics, gostaria de entrevistá-lo sobre como você começou com o Voxies e suas experiências durante a Temporada 0

[Congratulations on getting first place in Extreme Arena of Voxie Tactics Season 0: Into the Fray! As the winner of one of the arenas of the first season of Voxie Tactics, I would like to interview you on how you started with Voxies and your experiences during Season 0.]

1. Como você descobriu o Voxies e o Voxie Tactics?

[How did you find out about Voxies and Voxie Tactics?]

LeeM: Descobri o Voxie tatics pelo YouTube quando estava buscando algum novo jogo que pudesse me render 5 a 10 dólares diário sem investimento.

[I discovered Voxie tactics on YouTube when I was looking for something new to play that could earn me 5 to 10 dollars a day without investment]

2. Qual foi a composição da sua equipe para a Temporada 0 Draft?

[What was your team composition for Season 0 Draft?]

LeeM: Durante o primeiro mês eu joguei com a composição de Ranger, Black Mage, Priest, em seguida mudei para Black Mage, Warrior, Priest, e no últimos 40 dias mudei para White mage, Zombie, e Ninja.

[During the first month I played with Ranger, Black Mage, Priest composition, then I switched to Black Mage, Warrior, Priest, and in the last 40 days I switched to White mage, Zombie, and Ninja.]

3. O que você acha que foi o principal fator para você alcançar o primeiro lugar no Draft Arena?

[What do you think was the main factor on why you reached the top 1 spot in Draft Arena?]

LeeM: É a Persistência, pois eu não mantive top 1 durante toda a temporada, mas eu persisti até o final sem mudar meu objetivo, mesmo que as vezes parecesse impossível, eu sempre persisti para chegar ao top 1.

[It's Persistence, because I didn't keep the top 1 during the whole season, but I persisted until the end without changing my goal, even if sometimes it seems impossible, I always persisted to reach the top 1.]

4. Quais foram os desafios que você enfrentou na Temporada 0 Draft?

[What were the challenges that you faced in Season 0 Draft?]

LeeM: O maior Desafio foi mudar de composição e perder classificação. Na Draft, se você muda de composição estando no top 5 você pode cair facilmente para o top 15 e para recuperar eram semanas, então isso sem dúvidas foi maior desafio, por isso desejo que no futuro tenha alguma arena para teste com outros jogadores. Outro grande desafio foi conseguir manter os gastos de poções pois teve dias que eu usava mais de 100 VOXEL em poções em apenas 5-8 partidas e as vezes

nem mesmo assim conseguia vencer, mas após a mudança nos valores das poções consegui me manter melhor.

[The biggest challenge was changing the composition and losing ranking. In Draft, if you change the composition being in the top 5 you can easily fall to the top 15 and to recover it took weeks, so that was without a doubt the biggest challenge, so I hope that in the future there will be some arena for testing with other players. Another big challenge was managing to keep spending potions because there were days when I used more than 100 VOXEL in potions in just 5-8 games and sometimes I couldn't even win, but after the change in potion values I managed to keep better.]

5. O que você acha do projeto Voxies e sua comunidade?

[What do you think of the Voxies project and its community?]

LeeM: Voxies é incrível! Hoje tenho muito objetivos e planos e sem dúvidas a comunidade é o pilar central de tudo isso. Sempre fui acolhido por todos, sempre que precisei a comunidade estava lá para me ajudar, me apoia e para me escutar quando eu perdia muitos pontos kkkk. Então eu sou muito feliz de participar desse projeto incrível que muda vidas.

[Voxies is amazing! Today I have a lot of goals and plans and without a doubt the community is the central pillar of all this. I have always been welcomed by everyone, whenever I needed it the community was there to help me, support me and listen to me when I lost a lot of points lol. So I am very happy to participate in this incredible project that changes lives.]

6. Algo que você gostaria de dizer a equipe do Voxies e a comunidade?

[Anything you want to say to the Voxies team and the community?]

LeeM: Para a equipe Voxie meu eterno agradecimento por vocês criarem este projeto, consegui chegar onde cheguei e vocês mudaram a minha vida e a vida da minha esposa. Estávamos em um momento muito difícil, sem dinheiro, e quase sem esperanças, e vocês além de mudar nossa vida nos proporcionaram realizações de sonhos. Eu amo o Voxie Tactics!

Para a comunidade e principalmente aos moderadores, obrigado! Sem vocês não sei se hoje eu estaria aqui respondendo essas perguntas, vocês são meu pilar, vocês me fortalecem e sem vocês eu talvez nunca chegaria onde estou, vocês são incríveis!

Season 0 and Beyond

Steven Ball, Chief Executive Officer at AlwaysGeeky Games, published a letter to the players on January 20 in which he congratulated the winners of Voxie Tactics Season 0 and discussed about the Key Improvements that will be implemented based on the in game data and feedback from players.

Key Improvements Summary

Sharing Assets and Recycling Voxies and Items

- Going into Season 1, there will be a proper plan in place to prevent the following from happening and thus improving upon the team's goal of competitive and fair game play
 - One key item that came up extensively during Season 0 was sharing assets and recycling Voxies and items. As the team looked over the full data for the entire season, they have done their absolute best to capture the worst offenders and review them. As a result, they have had to make tournament adjustments and disqualifications. One of their main criteria for this review was to make sure they didn't penalize players that might have unknowingly acted in a way that later became more obvious as gaming the system. They considered that at the time, reasonable and fair players didn't see any problem in their initial actions.

Leaderboard

Improvements for the next version of the leaderboard:

- Elo Decay
- Elo changes to wins/loses and score increase
- Bug fixes for when players win/lose, battle aborted and lose points

Rental Systems and Digital Assets

Improvements for the rental system:

- Increase the minimum rental period to prevent abuse
- Introduce seasonal cooldowns to prevent unfair advantage across a smaller number of players while ensuring owners ability to continue using the Rental platform to its maximum potential

Read the Official Article Here

at voxies.io/blog

Rules and Regulations

- Building on improvements to the leaderboard, rental systems and digital assets, much clearer and explicit Rules and Regulations regarding digital assets and ownership rights will be introduced, to be enforced during a seasonal tournament.
- An example is instances when a single owner allowed their assets to be used by multiple players (either through rental or traditional scholarships), resulting in them being able to occupy multiple high ranking positions on the leaderboard. This type of action will be banned during a tournament and any players that are partaking in this action will be removed from the leaderboard during a season.
- Other enhancements to provide clarity to players ahead of Season 1

Game and Balance Updates

- Bug Fixes
- Time Mages Balance and Haste/Stop/Slow Updates
- All Racial Abilities
- Godly Abilities
- All Weapon Abilities

Extreme Pass, Diamond Pass and Diamond Goat Pet Utility

- The Extreme passes will be removed and all Virtual Diamond Goat Pet that came with the Diamond Extreme Pass will be converted into an NFT that will be fully owned by the wallet holder. This will allow the owner to trade/transfer/sell/rent their Diamond Goat pet just like any other Voxie Tactics digital NFT assets.
- Pass functionality will be expanded, more details to come on an extended version of a purchasable pass that will offer improved utility and features inside Voxie Tactics and also extend outside of the game

Voxies Update - A letter from Steve, Part 2

As a follow-up letter to Season 0 and Beyond, Steve published his second letter to the players on January 24 in which he announced some exciting new launches that the team is working really hard on.

Voxies Merch Shop Increasing VOXEL Token Utility

- The official Voxies Merchandise Shop was launched on January 26 and allows buyers and fans to buy physical merchandise using VOXEL token. Merch such as t-shirts, sweatshirts, sweatpants, hoodies, and other related items to represent the Voxies and Voxel Tactics brand can be bought.
- New merchandise and new designs will be added to the store on a continuous basis so there will always be something new and exciting to spend VOXEL tokens on

VOXEL Airdrop

- As a thank you to the players for a period of instability in Voxel Tactics in August last year, the team has finalized the plans to airdrop this special reward to our players during that period. The airdrop will happen on February 1 and will be airdropped to the wallet linked to the player's Voxel Tactics account. The amount of VOXEL tokens that each player will receive will be based on the games played during the period of instability, so therefore the players that played the most and were affected the most by the decreased VOXEL rewards will be compensated more than those who played less.

DRAGONFEST!

Dragon Races and Classes

- Voxies that are Dragon race will be transforming into their newly evolved Drako class! This means they will no longer share a class with the Zombie and Skeleton races and will be getting a whole new bunch of gameplay enhancements, such as the Dragon racial abilities (Innate resistance to Fire Element), as well as all new Drako specific abilities.
- This class change will be applied both in game and on the NFT meta-data.

Bone Fragments and Bone Chests

- During Dragonfest there will also be a brand new commodity that players can collect and will be a special currency that is utilized during the festivities. Bone Fragments will be collected by a number of in-game and out of game activities and can be used to trade for Bone Chests, which will contain unique and special Dragon themed items.
- Some examples of ways that players can collect bone fragments are:
 - Competing in Voxel Tactics Battles
 - Playing the Bone Dragon Boss PVE battle
 - Utilizing the official Voxies Marketplace by buying and selling items with VOXEL tokens
 - Taking part in Dragonfest community events
 - Plus much more....

Read the Official Article Here

at voxies.io/blog

- Once the Bone Fragments are joined together to create Bone Chests, players will find useful artifacts and treasures within that will be unique to the Dragonfest event. These might just come in handy to fight against fire and brimstone and also look out for any cute lil fiery pets that like to make an appearance during these Dragon celebrations.

Bone Dragon Boss PVE Experience (Community Quest)

- A new single player experience to Voxel Tactics will be introduced that will allow adventurers to take on the fearsome Bone Dragon! 3 Voxies enter the Bone Dragon Lair, how many will escape with their lives, and how many will be turned into voxel ash? This will be a single player PVE experience that also functions as a community event that ALL players need to collectively work towards to achieve the goal of taking down the Bone Dragon Boss.
- During Dragonfest players will be able to test their might against the Bone Dragon Boss to compete for their place on special leaderboards and also collect Bone Fragments to use during the event. Once the Bone Dragon Boss has been vanquished, a special treat will be unlocked for the whole community and result in a collective celebration and reward.

Community and Events

- Dragonfest will be a celebration of all things Dragon! Think art, competitions and memes!

Undead Changes

- All Undead races will be changed to "Undead Class". This change will affect Zombies and Skeletons and classify them as Undead (instead of the legacy Monster class).
- The Undead will have major synergy and combo potentials with certain other mechanics in the game, such as the Unholy Necromancer class.
- Just like the Drako class, this change will be applied both in game and on the NFT meta-data.

Infusion (In the Arcanist's Forge)

- Infusion will be added to the Arcanist's Forge to add more functionality that will go hand in hand with the new crystal and elemental essence drops in the game
- Infusion will allow players to fine tune their weapons and armor selections for battle and allow players to infuse an element to applicable items in the Arcanist's Forge. This adds a powerful and exciting new dynamic to the Arcanist's Forge and gives the players more control over their digital assets and their usage both inside and outside Voxel Tactics. Players will be able to collect crystals and elemental essences in preparation for this new Infusion feature and start planning in advance of this release.

Moon's Epic Armor Collection Challenge

IF YOU'VE READ THE BACK PAGE OF THE [JANUARY 2023 ISSUE](#) OF THE MONTHLY NEWS, YOU'D HAVE SEEN MY ATTEMPT TO COLLECT ONE COPY OF EACH OF THE EXISTING RARE ARMORS IN VOXIES. THE RESULT IS A VERY CUTE COLLECTION OF VOXIES WEARING EACH OF THE RARE ARMOR SETS, AND MY \$VOXEL SAVINGS ALMOST DEPLETED.

WHILE COLLECTING THE RARE ARMORS, I WAS ALSO DOING ANOTHER SELF-IMPOSED CHALLENGE IN PARALLEL: COLLECT ONE COPY OF EACH OF THE EXISTING EPIC ARMORS IN VOXIES. AS OF JANUARY 31, THERE ARE 29 EPIC ARMOR SETS, AND EACH SET HAS 4 DISTINCT ARMORS. TO MAKE THE CHALLENGE SLIGHTLY EASIER FOR ME (AND MY WALLET), I FOLLOWED THESE RULES DURING THE COLLECTION CHALLENGE:

1. A FULL EPIC ARMOR SET THAT IS WORN BY A VOXIES NFT THAT I OWN IS COUNTED AS HAVING COLLECTED THE EPIC SET (E.G. MY SQUIRE WEARS THE FULL PENGUIN SET)
2. THE PART/S OF AN ARMOR SET THAT IS WORN BY A VOXIES NFT THAT I OWN IS/ARE COUNTED (E.G. MY BLACK MAGE WEARS THE FULL BLACK MAGE ARMOR SET EXCEPT THE HEAD), IF AND ONLY IF THE VOXIE'S CLASS CAN WEAR THOSE PARTS. SO FOR MY BLACK MAGE EXAMPLE, I HAD TO LOOK FOR A BLACK MAGE HAT ITEM NFT TO COMPLETE THE SET. MEANWHILE, THE SAMURAI BOOTS THAT ONE OF MY SQUIRES WEARS IS NOT COUNTED.
3. I HAVE TO COLLECT THE REMAINING EPIC ARMOR NFTS AND OWN THEM. RENTING THEM FROM OTHER OWNERS IS NOT ALLOWED. IGNORING THE FACT THAT I'M IN THE RED NOW, CHECK OUT THE RESULT OF THE CHALLENGE ON THE NEXT PAGE. ALSO, SPECIAL THANKS TO THE FAM WHO HELPED ME WITH THE CHALLENGE BY TRADING EPICS WITH ME AND GIVING ME GOOD DEALS.
