# THE WORLD

## (BUT AT LEAST YOUR DESK LOOKS)

Everything's a bit on fire. The news is a mess, the future's uncertain, and nobody's really sure what day it is anymore. All of this whilst billionaires launch themselves into space. So we've curated our Autumn/Winter collection with one simple goal: to provide a mildly entertaining distraction from the collapse of civilisation. It won't fix anything. But it might make your desk look fun while it all unravels.
