

WELCOME TO THE FAMILY

SCAN TO ORDER DIRECT!

Imagine it's 6 PM, your heart accelerates as you scramble to entertain five children. Grandma Beck, Tauni, lived this challenge daily as she gathered the family around the dinner table. She played endless card games to engage the littles while Pilot Grandpa Beck, Brent, flew for Alaska Airlines. Together, they built Grandpa Beck's Games with the dream that your family and friends feel as much love as they do in their home.

"We believe our games connect communities through laughter. Our goal is to bring people together through fun, screen-free time. We are thrilled you've decided to join our family. Pull up a comfy chair, grab the homemade goodies, and bring your best banter with games that foster meaningful human connection."

- Brent & Tauni Beck
