OVERVIEW

Strength in Every Detail

The Pilot features a powerful, rugged exterior and a spacious, fully loaded cabin with innovative solutions like an available stowable 2nd-row center seat. The TrailSport interior adds attitude and durability with striking orange high-contrast stitching, easy-to-clean surfaces, and all-season floor mats.

OVERVIEW

Navigate the Unknown

The Pilot navigates challenging terrain with ease. Its available all-wheel-drive system delivers confident stability, and with Hill Descent Control, steep grades are easier to conquer. The fully equipped TrailSport is ready for your next adventure.

OVERVIEW

Adventure-Enhancing Amenities

Experience cutting-edge technology in the Pilot with Google built-in,* Wi-Fi® Hotspot Capability,* and more for a comfortable, connected and enjoyable ride.
