

Perinatal Health Solutions

welcome!

I'm so glad you've found your way here! At **echo. Perinatal Health Solutions**, we see every partnership as an opportunity to create lasting impact in maternal and child health. Whether you need support with program design, digital health, or equity-driven strategy, you can count on us to bring both expertise and care to the work.

Excellence is our standard. That means thoughtful listening, clear communication, and solutions that are not only innovative but truly sustainable for the communities you serve.

At **echo.**, we don't just provide services—we build trusted relationships that help your vision grow and thrive.

I look forward to working alongside you and creating something meaningful together.

Warmly,

Kieashia DeShawn

Owner & Principal Consultant
ECHO. Perinatal Solutions

how we work.

- 01 submit your inquiry**

Start by completing our inquiry form, which helps us learn more about you, your project, and the support you're looking for.
- 02 schedule your call**

Choose a time that works best for you—either a complimentary 15-minute **Intro Call** or a 60-minute **Discovery Call** (\$250) for a deeper dive into your goals.
- 03 sign your contract**

After our call, you'll receive a tailored proposal and electronic contract for project-based or retainer services. Once both parties sign, we're officially ready to begin.
- 04 make your investment**

Secure your spot by submitting your deposit or retainer fee, and we'll move forward with your customized plan of action.

communication.

frequently asked questions.

what kinds of clients does [echo.](#) work with?

We partner with organizations, businesses, and initiatives that are committed to improving perinatal health and equity. From community-based programs to health tech innovators, if your work uplifts expectant families, we're here to support it.

do you only work on long-term projects?

Not at all. We offer both project-based and retainer-based options. That means you can work with us for a single initiative or as an ongoing partner in strategy and implementation.

what happens on a discovery call?

A Discovery Call gives us 60 minutes to dive into your vision, challenges, and goals. By the end, you'll receive clear recommendations and next steps—even if you don't move forward with us.

how soon can we start after I book?

Once your contract is signed and your deposit is made, we typically begin within 2–4 weeks depending on the scope of the project and our current calendar.

how do you ensure cultural responsiveness and equity in your work?

Equity isn't an add-on—it's at the core of everything we do. We intentionally center the needs and voices of marginalized communities, especially Black birthing people, in all program design, evaluation, and strategy.

Perinatal Health Solutions

“Amplifying the strategies that shape equitable care.”

getting started.

Ready to get move forward?

The next step is simple—click the link below to schedule your complimentary Intro Call or book a Discovery Call. Let’s explore how **echo.** can bring your vision to life.
