LIGHTWEIGHT TOOL BELT SYSTEMS

Wholesale Catalog 2025

# Let's face it.

Trades work has changed a lot in the last 100 years. Tool belts haven't. Holstery's line of tool **holsters** bring modularity and customization to the job site with lightweight, durable products made in the USA.

ALL PRODUCTS DESIGNED AND ASSEMBLED IN USA

LIFETIME, NO QUESTIONS ASKED WARRANTY

12 MO BUYBACK GUARANTEE

LOW MOQ, PPD FREIGHT

## **Standard Tool Holsters**

Assembled in the US of glass-filled nylon, these holsters are our top-selling line and a great entry point to the Holstery system.

## **MAGMASTER**

Our most popular product! An incredibly strong magnet to carry tools, fasteners, and hardware. A great third hand or dedicated tool holster. Carries up to a 6lb sledge while walking around.

*HLSTR-MAG-V2*

## **DRIVERMASTER**

A convenient place to hang drills, drivers, and other power tools. Also works well with tape measures.

*HLSTR-DRIVER-V2*

## **TAPEMASTER**

Cures “where did I leave that tape measure?” on the jobsite. Always put it back where it’s most useful: on your belt.

*HLSTR-TAPE-V2*

## **HAMMMERMASTER**

A modern take on the classic hammer loop.

*HLSTR-HAMMER-V2*

## **JOEY POUCH**

This pouch features a top closure, side elastic loops, and our signature belt clip. Thousands of our customers have replaced bulky toolbelts with a few holsters and this simple pouch.

*PCH-JOEY*

## **BIG JOEY POUCH**

All the great features of the Joey Pouch, just a little bit bigger.

*PCH-BIG-JOEY*

*Pictured: Joey Pouch Pro on Jolly Roger hammer holster*

*MagMaster securely holds up to  
a 6 lb sledgehammer*

## Pro Tool Holsters

Machined from billet aluminum and assembled in the US, these holsters are designed for the harshest use by professional tradespeople

Elastic pen loops on both sides

Cut-resistant interior liner

ModSlots on both sides for pens or holsters

Tough thermoplastic clip fits belts up to 1.75"

Spring steel clip fits belts up to 1.75"

**PRO**

### **MAGMASTER PRO**

An incredibly strong magnet to carry tools, fasteners, and hardware. A great third hand or dedicated tool holster. Carries up to a 6lb sledge while walking around. This Pro version is all metal construction.

*HLSTR/MAG-PRO*

### **DRIVERMASTER PRO**

A convenient place to hang drills, drivers, and other power tools. Also works well with tape measures. This Pro version is all metal construction.

*HLSTR/DRIVER-PRO*

### **TAPEMASTER PRO**

Cures “where did I leave that tape measure?” on the jobsite. Always put it back where it’s most useful: on your belt. This Pro version is all metal construction.

*HLSTR/TAPE-PRO*

### **HAMMMERMASTER PRO**

A modern take on the classic hammer loop. This Pro version is all metal construction.

*HLSTR/HAMMER-PRO*

### **JOEY POUCH PRO**

While it looks similar to the Joey Pouch, the Pro version packs in huge upgrades: double side ModSlots, cut resistant interior, and all metal belt clip

*PCH/JOEY-PRO*

### **BIG JOEY POUCH PRO**

All the features of the Joey Pouch Pro but a bit bigger.

*PCH/BIG-JOEY-PRO*

## JOLLY ROGER

Ahoy matey! This unique clip-on holster carries a hammer or flatbar at a convenient angle while eliminating handle slap. Tighten the laces to carry pliers, tinsnips, and more.

(Right) HLSTR-JOLLY-R

(Left) HLSTR-JOLLY-L

## DRIVERMASTER **PRO** XL

A larger version of our popular DriverMaster, this has an extra-large bail for bigger tools such as nailer. Still works with smaller drills, drivers, and tape measures.

HLSTR-DM-PRO-XL

## SQUAREMASTER **PRO**

Inspired by an episode of This Old House, this clip-on rafter square holster allows super fast access and is reversible for left or right carry.

HLSTR-SQUARE-PRO

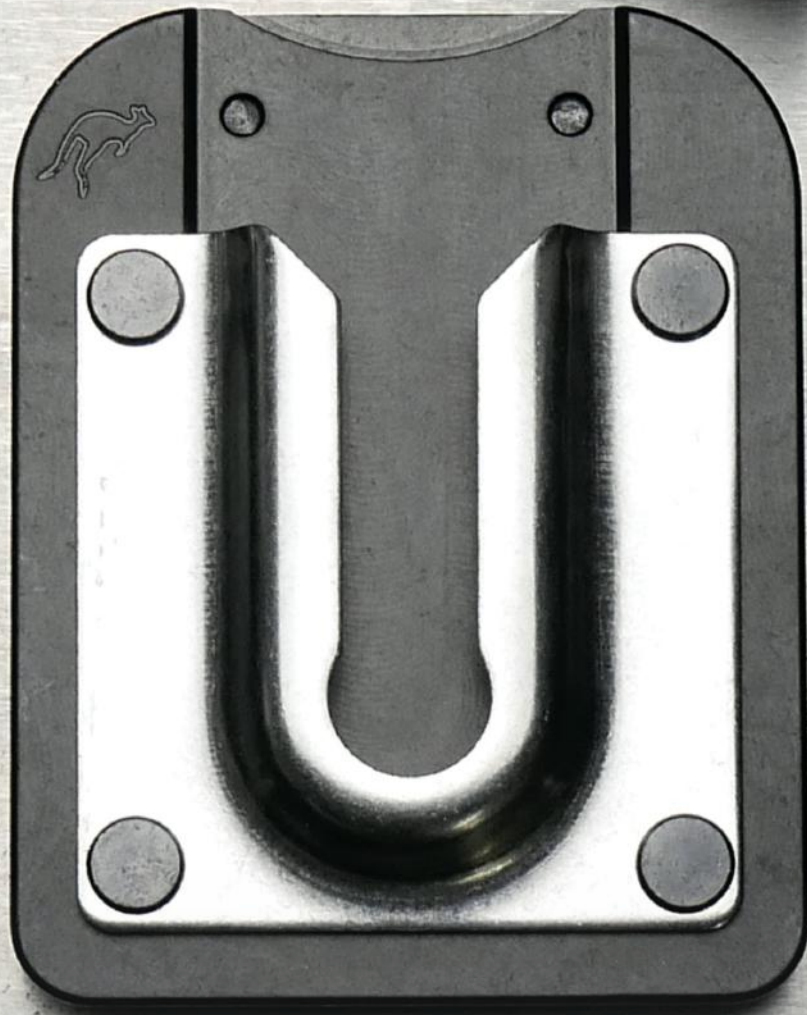

## HOOKMASTER **PRO**

This foldable hook is a helper that is actually there when you need it. Perfect for extension cords, wire, or rolls of tape.

HLSTR-HOOK-PRO

## PINPAL **PRO**

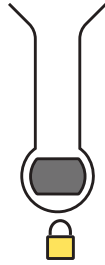

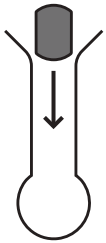

Our newest product, the PinPal Pro is a gravity-locking tool holster compatible with popular battery-powered tools

# PINPAL PRO

## how it works

- 1 Slide the pin into the slot
- 2 Rotate the pin
- 3 It's locked!

## PINPAL PRO

Stop dropping your most expensive tools! The PinPal Pro's patent-pending gravity-locking pin system holds tools securely when not in use but allows easy removal with no extra latches or tabs.

*Starting at with pin kit*

### PIN KITS

*include all required fasteners*

	COMPATIBILITY	KIT W/PINPAL PRO	ADAPTER ONLY

	MAKITA	KIT-PIN-PRO-MAK	ACC-PIN-MAK
	DEWALT	KIT-PIN-PRO-DEW	ACC-PIN-DEW
	UNIVERSAL (CURVED OR FLAT)	KIT-PIN-PRO-FLT KIT-PIN-PRO-CRV	ACC-PIN-FLAT ACC-PIN-CURVE

Attach with screws (not included)

Attach with included zip ties

Attach with included VHB tape

## MODRIG

The original modular chest rig for the trades. 6 ModSlots give ample mounting options for holsters and pouches, while the “taco pocket” securely holds tools while climbing or crawling. Universal adjustable strap is harness compatible and fits most.

*CHST-MODRIG-GRY*

## LOWBOY

Mix and match different holsters in one belt position, while dropping them down for easier visibility and reach.

*(Single Wide) ACC-LOWBOY-BLK-SW*

*(Double Wide) ACC-LOWBOY-BLK-DW*

## MODBELT

Double thick 1.75” resin-stiffened nylon webbing and our quick connect CNC aluminum hook buckle. Sewn in-house to specially fit our holsters.

*BLT/MR-BKBKSM, BLT/MR-BKBKMD,*

*BLT/MR-BKBKLG, BLT/MR-BKBKXL*

## RIPBELT

For heavier loads, our RipBelt has daisy chain pockets to keep holsters in position. The EVA foam pad is lined with cooling mesh, and the aircraft buckle allows easy adjustment and quick on/off.

*KIT-RBRP-SM, KIT-RBRP-MD,*

*KIT-RBRP-LG, KIT-RBRP-XL*
