Dear Alumni and Friends,

Experience the incredible biodiversity of the Amazon rainforest like never before. We're excited to invite you on an exclusive adventure through the heart of this legendary wilderness, as we navigate the winding rivers of the Brazilian Amazon to explore its untouched and hardly visited depths.

Embark on a journey through the Amazon rainforest on board the MS Jangada, a boutique ship designed to navigate its winding rivers. While enjoying the comfortable and relaxing environment, take advantage of the diverse activities and excursions that provide opportunities to appreciate the natural wonders of the rainforest and engage with its unique Amazonian communities.

Starting from Manaus, a tropical metropolis in the heart of the Amazon rainforest, this exclusively chartered adventure takes you almost 1,000 miles (1,600 kilometers) into the undisturbed and rarely visited parts of the rainforest. Encounter a diverse range of wildlife, including caimans, howler monkeys, and piranhas, and explore the rainforest's unique and diverse plant life, which remains largely undiscovered and unnamed.

Throughout the journey, you'll be accompanied by expert guides who will enhance your understanding of the local wildlife, plants, and cultures. The guides will share their knowledge and stories, giving you a deeper appreciation of the Amazon's rich history and vibrant communities.

Space is limited to 22 passengers so please make your reservations early. For more information on our adventure and to reserve your spot, please contact GLP Worldwide at 1-866-760-1987 or alumni@glpworldwide.com.

Sincerely,

Timothy Tsung
