A BRIEF HISTORY OF THE SOCIETY AND SCHOOLS

Founded in 1980, the **Delhi Public School Ghaziabad Society** stands for the advancement of education. At its heart sit seven co-ed schools across four districts which are synonymous with modern India and 21st century dynamism. The Society's primary purpose is to draw out the best of young people's talent and enable them to flourish and make a positive impact on others through the course of a healthy, happy, and fulfilling life. With 7 schools and more than 10,000 learners, DPSG has inspired more than 1,00,000 lives through its quality education over the years. The Delhi Public School Ghaziabad Society (DPSGS) was conceived and founded by **Shri Om Pathak (IAS retd.)**, the former District Magistrate of Ghaziabad with support from Shri Dharamvira and Lt. Colonel (Dr.) G.P.S. Waraich (who was then the Principal of DPS Mathura Road).

With an extensive curriculum, focus on academic brilliance, holistic development through sports, performing and visual arts, and an increasing experience in digital education, DPSG Society stands as the vanguard of educational development.

The alumni of DPSG schools are placed in leadership positions across the globe. From setting up companies in the US to safeguarding the country's borders, from choreographing the landing of Chandrayaan-3 on the Moon to topping the toughest examination in the country – DPSG alumni have done it all.

We are committed to offering equal transformative educational opportunities for boys and girls. With more than 10,000 learners and 1500 educators currently integrated strongly within the community in the four bustling districts of Ghaziabad, Gurugram, Dehradun and Faridabad, DPSGS has successfully embarked on its 46th year of serving the community.

PARENT TEACHER CONFERENCE (PTC)

In today's educational landscape, parent-school engagement plays a pivotal role in promoting the learners' success. When schools and parents work together, it not only supports learners' learning but also builds a community of committed parents who act as goodwill ambassadors for the school.

Parent-Teacher Conferences (PTCs) play a key role in promoting this engagement. Such conferences create opportunities for open, two-way communication to help learners grow and ensure a supportive learning environment. To make the process effective, all the principals, teachers and school staff of DPSG follow a standard procedure across all the schools.

Revolutionizing Parent-Teacher Connect

PTCs at DPSGS Schools are fully digitalized and managed through the Parent-Teacher Conference Portal, ensuring a smooth and organized experience. All steps must be followed carefully to maintain efficiency and ethical practices!

In addition to PTCs, our school continues to organize other ways for parents to engage and connect, such as Coffee Mornings, Student-Led Conferences, Wing Presentations and other related activities. These efforts aim to strengthen partnerships and support every learner's development!

VISITOR MANAGEMENT SYSTEM (VMS)

The **Visitor Management System (VMS)** has been implemented across all premises to enhance security, safety and efficiency in managing visitors. This digital system replaces the traditional physical visitor registers to ensure a more streamlined and secure process for all visitors.

By strictly adhering to the VMS protocol, the organization aims to safeguard its premises and ensure a smoother visitor management experience.

- 1. Mandatory Use of VMS:** All DPSG schools are properly utilizing the Visitor Management System (VMS) to streamline visitor management and ensure security.

CURRICULUM DESIGN (CD 2020)

'Student led; Inquiry-based' learning is at the core of holistic development at DPSG schools: The Curriculum Design at DPSG, both innovative and comprehensive, provides for three major domains with opportunities for every learner to actively participate in each of the three with choices of subjects and activities. Guided by Curriculum Design 2020, developed in alignment with NEP 2020 by our principals and 650 teachers, we go beyond academics to nurture values, skills, and attributes essential for lifelong success.

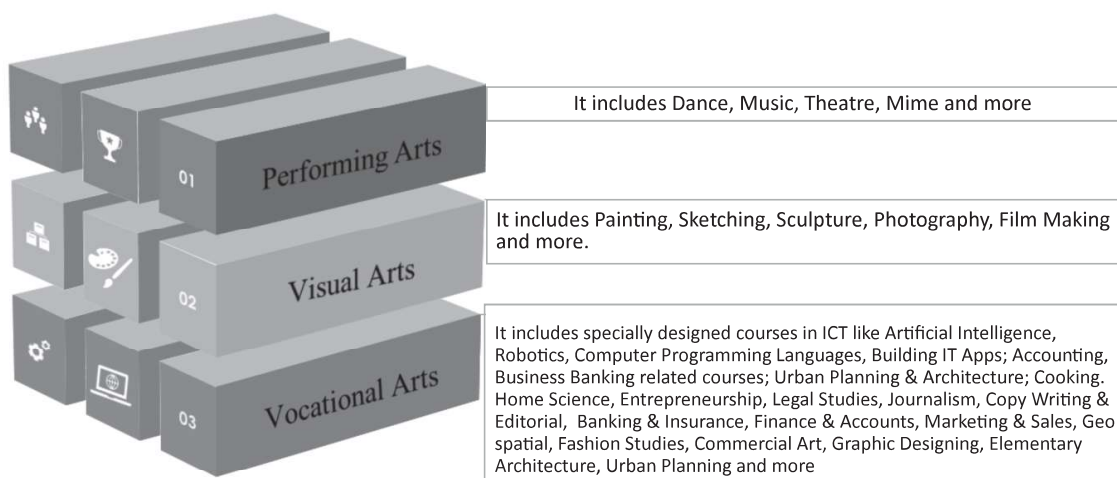

SCHOLASTIC DOMAIN

- The syllabus is arranged into Units of Inquiry [UI] and each UI has its own array of engagements. The Grade is not treated as a batch. Instead, each learner participates actively in the inquiry and benefits therefrom.
- Extensive documentation and digital tracking ensure that everyone gets attention and help comes forth from the educators or peers to address learning gaps, if any.
- Shift from pure information recall to building understanding of concepts together with scholastic skills and competencies – Learning to Learn & Learnability.
- Personalised Learning Pathways [PLP] where learners draw their individual pathways ensuring learner's success.

FOUNDATIONAL DOMAINS

Education today is far more and far beyond than just the academic achievement. It is about evolving physically, mentally, emotionally, socially and culturally with well-developed personal and social skills coupled with linguistic, numerical, logical & analytical competencies.

CITIZENSHIP STUDIES

Sensitizing learners to their society and environment – making them good and responsible individuals & citizens and reconnect them with their extended families.

HOUSE SYSTEM

The House System, which has a special relevance in our school, is a structured unit within which learners develop feelings of loyalty, responsibility and leadership. From class I onwards, the school is divided into Houses which compete in a wide variety of disciplines such as dance, music, debating, quizzing, dramatics, amongst others. Besides striving for academic excellence, DPSG aims to impart holistic education to the learners through various co-scholastic activities in different subjects by celebrating subject weeks. Throughout the academic year, the learners get the opportunity to participate in various inter-house, inter-class and inter-section competitions that encourage them to learn about teamwork, cooperation and various other life skills.

STUDENT YEARBOOK

Student Yearbook is a wonderful way to inculcate a sense of pride and self-realization amongst the learners. It captures memories frozen in time, events that happened and faces that change inevitably. It is essentially a memoir for the learners wherein they keep all their accomplishments, photographs, anecdotes, reflections in the form of an album. The Yearbook will provide an insight to the learners about how their thought process has evolved with time. Creating a Yearbook with the learners, helps the teachers to understand their learners better and make a connect with each learner of the class. The Student Yearbook comprises of the following components:

- How I Look
- My Likes
- My Year in School
- Highlights of Foundational domain during the year
- An album of my family and friends' photographs
- Memories of Class trip and Events
- What Mentors say about me
- My Participation, Achievements and Accolades
- Blessings by elders

The Student Yearbook is a ready reckoner for our learners. Looking back at the years gone by is a pleasant experience for them and helps to promote healthy relationships between the school and its alumni. Learners are expected to complete the SYB with utmost diligence and caution ensuring that the pictures used are of good quality and becoming of a memoir.

STUDENT STUDY PLAN

To give a wholesome learning experience to our learners, DPSG has come up with one-of-a-kind Student Study Plan, a comprehensive document that lays down the educational journey that a learner envisages for the forthcoming year. The innovative and path-breaking SSP includes mapping of core and elective subjects for an individual student both for Scholastic and Foundational Domain.

- Learners will select their Subjects, Sports, and Arts stream at the beginning of every academic year and would normally not be allowed to change their choices during the academic year.
- In consultation with the wing HM, the Home Room Teacher recommends the choice of subjects to the Principal, who shall finally approve the SSP for every learner.
- In case of classes XI & XII, however, the final subject choices shall require the Principal's approval.

Personalised Learning Pathway

At the end of each Unit of Inquiry, there is an End-UI Test, post which Teacher conducts an Assessment Dialogue with the learners, describing analysis of the End UI test-what went well, what could be better and how. This dialogue enables learners to identify their learning gaps and create a personalised learning plan. The learners revisit related concept, practice questions until the learning gap is closed.

STUDENT COUNCIL LEADERSHIP PROGRAM (SCLP)

Learners who earn the honour of being elected to the student council are groomed to shoulder their roles with responsibility and integrity. Under the mentorship of teachers and professionals, their training emphasizes the development of skills such as leadership, organizational abilities, critical thinking, problem solving, and effective communication. Above all, they are encouraged to bring out the best in themselves as individuals, to collaborate meaningfully in teams, and to model exemplary behaviour that inspires others.

PLEDGE

TOGETHER WE CAN AND WE WILL

We are the chosen ones with immense capability,
Demonstrating the best is our prime responsibility.

We will strive to perform in such a way,
Excellence will be a matter of everyday.

The duties may not always be very easy to carry out,
But dharma is there to clear our doubt.

The dharma that stands on accord and conviction,
Will certainly lead us to success and perfection.

Integrity that holds us in a bond.

Will surely keep our worries beyond.

Preaching without practicing is completely hollow,
All the rules we would be the first to follow.

Being respected is more important than being popular,
Doing one's duty responsibly will bring us true honour.

Dear God we beseech thee-

Unto all who are put in authority,

And unto the school-

Grant wisdom and virtue.
