

PANIC PAD SECURITY SHROUD

Specification Sheet

PPSS

FEATURES

- A shroud that helps to prevent a panic pad being operated from outside of the gate.
- To use with the PPE.
- Very easy to fit.

PRODUCT FEATURES

Product Code	Description
PPSSL	Left hand, panic pad security shroud
PPSSR	Right hand, panic pad security shroud

Two versions available, left or right.
To use with the PPE screws supplied.

INSTALLATION

- Simple to fit; insert behind the panic pad while installing it. Use the screws provided with the panic pad.
