# Frequently Asked Questions

## Camper Considerations

### Inclusion

As a traditional day camp, Jaguar Summer Day Camp is not a specialized or therapeutic program. However, we are committed to being an inclusive camp, and are happy to make reasonable modifications that we can support on a case-by-case basis.

We ask that you please share as much information as possible about your child so that we can ensure that Jaguar Summer Day Camp is a good fit. Helpful information might include a school IEP or 504 plan, reports from a psychologist, psychiatrist, and/or speech, occupational, physical, and behavioral therapists.

These reports and plans are highly confidential and will only be shared with the leadership team. The more we know, the better prepared we will be to make camp a successful experience for your child.

### Modification Requests

Please contact Katy Shreve at 317.278.2187 or [kashreve@iu.edu](mailto:kashreve@iu.edu) if your child receives any accommodations, supports, or services (private or in-school) during the school year, or if you have any questions or concerns about Jaguar Summer Day Camp's fit for your child, prior to registration.

### Other Considerations

Camps are not a “one size fits all”, and there may be times when our camp doesn’t fit the participant. This may be because:

- The camper doesn’t like the activities or components of camp (e.g., games, swimming, field trips, etc.)
- The participant has a health condition that limits participation in activities of long duration
- The Jaguar Summer Day Camp staff, along with the family, haven’t found the right plan for participation with the camper

*Jaguar Summer Day Camp staff reserves the right to delay the start of participation, or temporarily suspend a camper, until a plan has been established to ensure a safe and enjoyable experience for all participants.*
