38 - 45FT
OPEN LEISURE

ENIGMA POWERBOATS HAND-BUILT IN BRITAIN

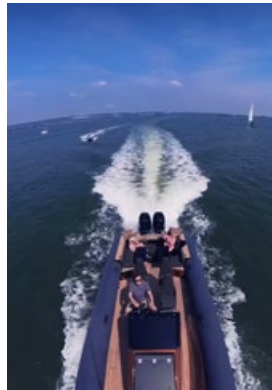

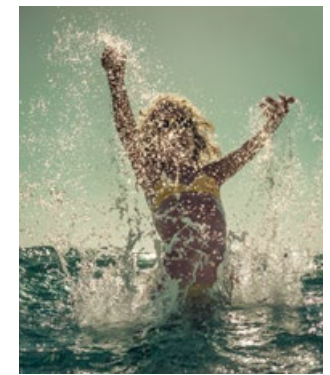

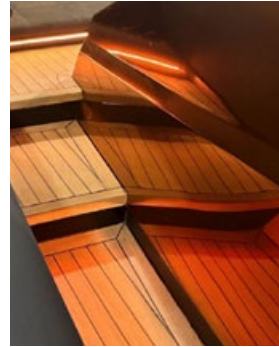

38 - 45FT SUPER RIBS WITH EXTENSIVE 3.4M BEAM

Enigma Powerboats, the skilled manufacturer of luxury super ribs on Britain's south coast. We turn your wishlist into bespoke luxurious reality by crafting tailor-made vessels that seamlessly blend opulence, safety and unrivalled comfort on the water.

Every day may have a different purpose on your Enigma, from that family chilled cruise for diving, swimming, sunbathing and dining, to another day as the boy's toy power blast across the waves. Everything you need on one platform, enhanced by exquisite upholstery and colours to reflect your life style.

To ensure secure and care-free maritime adventures, each super rib is equipped with excellent safety and technology features.

ENIGMA'S DISTINGUISHED FEATURES

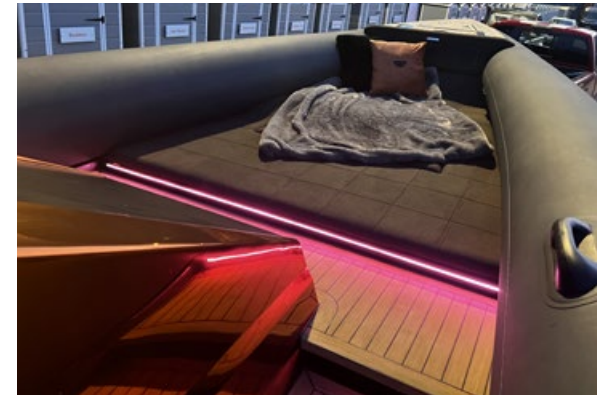

*At Enigma we take
nothing for granted*

LUXURIOUS SUNBED

Creating a superyacht style curved sunbed with thickened cushioning, that is lowered at the bow area, ensures more support, safety and comfortable positioning, with minimal wind impact. This also allows improved listening from the indented music system speakers.

Beneath the sunbed offers an extensive sized storage locker, that can be modified for overnight sleeping. Consider adding removable sunshade system (see **BESPOKE ADDITIONS**).

DESIGNER CONSOLE

Enigma's extensive and large console not only creates a head turning feature, but offers extra large internal space with electric toilet, stylish sink, room to change, and storage.

'Gangster Black' Screen that can elevate to suit wind deflection, and slimline vent grill add that extra slick look. Increased sun and wind protection with Hard Top.

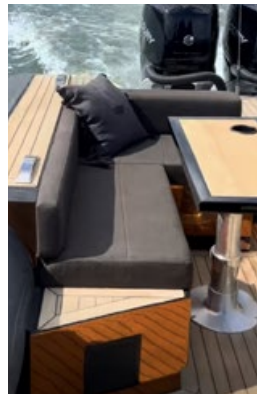

Dashboard coordinates in modern ergonomic layout, and offers increased applications as needed, with steering position either left or right to suit.

ENIGMA 'VISION' HELM SEATS

Handcrafted and designed exclusively for Enigma, the futuristic style helm seats make a statement with unanticipated comfort, especially atop the superb Shark Suspension Units giving unrivalled extensive backward and sideways shock absorbing movement.

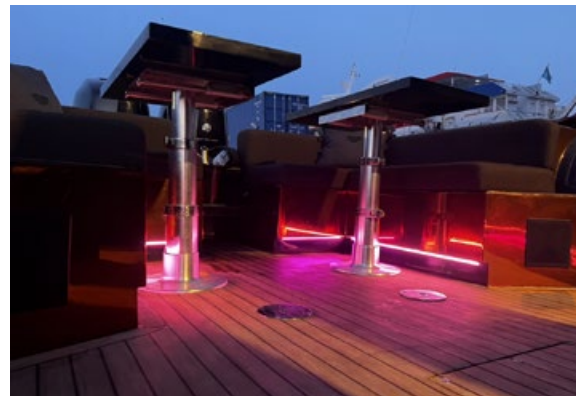

L SHAPE SEATING

Enigma (as per photography) demonstrates the deep cushion comfort L shape seating layout, with underseat storage, height adjustable tables to become double or single large sunbathing area. Rear seat backs can be removed to expand the sunbathing /swim deck area. This layout area can, with design discussions, be reconfigured to suit diving, family, wetbar, and various additional boating layout needs.

EXTENSIVE SWIM DECK

When looking for that perfect area to inflate water toys, dive, relax whilst drying from a swim there's nothing better than a large swim platform, with decks shower, telescopic ladder, removable padded sun lounge cushions and ample movement to dry off away from seating areas. Enigma encapsulates engine cables away from any trip hazard, and has angled rear deck outward for safety away from engines. Little thoughts like that count! Consider adding an ATMOS In-built air station for inflatables (see **BESPOKE ADDITIONS**).

COLOUR CHANGING LED LIGHTING / MUSIC SYSTEM

Everything is enhanced with great music and lighting. On Enigma we install the best of both, for that wow factor enjoyment, with colour changing LED lighting on steps, console and seating, that can be manually changed or roll through your choice of colour schemes to match your choice of colour palate. Music surround sound from sleek speakers, with amplifier and head unit for that powerful kick to your exhilarating days out.

ENIGMA BUILD OPTIONS

*Built to compliment and
enhance your lifestyle*

ON THE WATER ENIGMA 38 OPEN SPECIFICATION

CLUB ENIGMA

CONTINUAL AFTER SALES SUPPORT & ADVICE

As an Enigma Powerboat owner, you are a valued member of the Enigma Family Club of Owners. Every new owner will have our Powerboat Team member support and guide you through understanding all aspects of confidently handling a larger high-speed craft, with learning knowledge of powerboat race expertise to handle all weather challenges using the technology applied to the boat.

Continual after sales support, and advise 24/7

Free hospitality at any Enigma Boat Show Stand

Regular news and updates

Invitations to any new Enigma launch, taster rides

Reward Scheme for any sales from Club Member introductions

Discount on further Enigma Powerboat purchases

THE ENIGMA RANGE

*Opulence, safety and
unrivalled comfort
on the water*

ENIGMA 38 OPEN LEISURE

Taking ribs to a whole new dimension in style, safety and luxurious comfort, the Enigma leisure range offers superb features, and a completely bespoke build service that can elevate your boating wish list to uniquely accommodate all that ensures you the most excellent days out on the water.

See Bespoke Additions for added enhancement options.

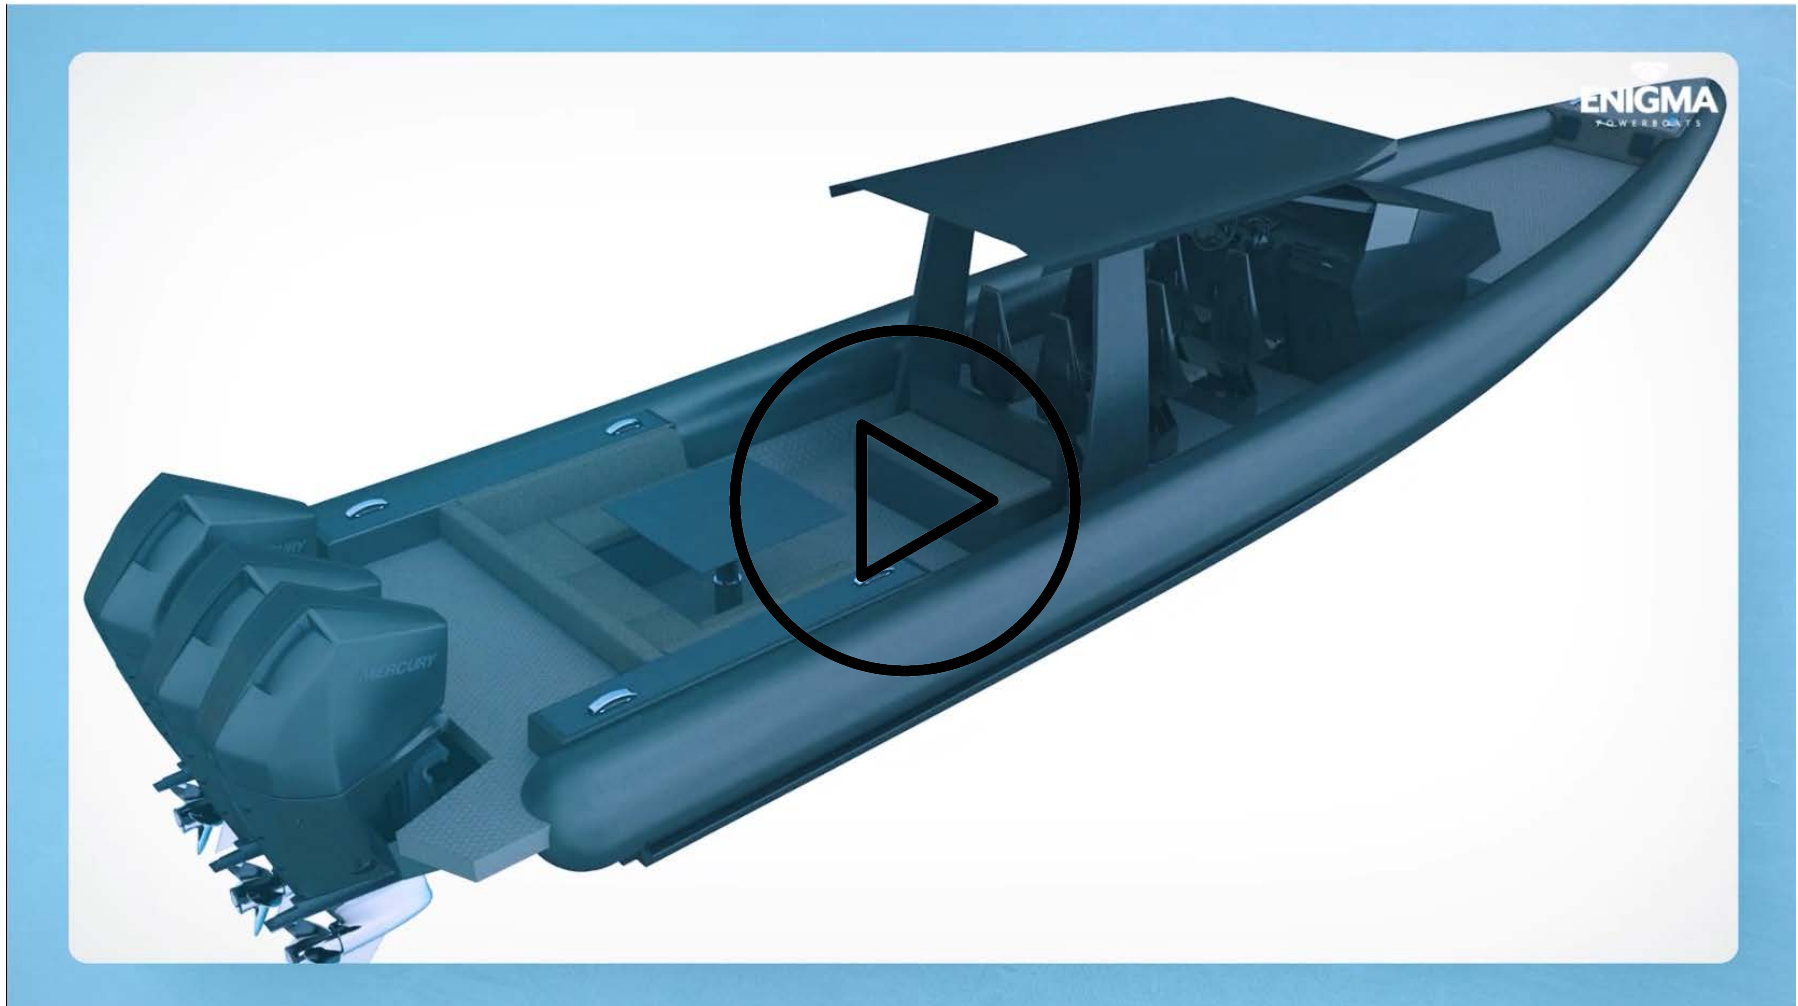

ENIGMA 40-45 FT

Further enhance your desired deck layout options and design by choosing a larger platform. Superb for overnight cabin layouts, for longer trips away. Option to increase engines and horsepower.

ENIGMA POWERBOAT RACING

For those looking to push speed to the next level, we welcome discussions to bespoke Enigma for race conditions. As a previous race winning hull, Enigma has achieved endurance race wins and is equipped to achieve competitive status.

ENIGMA PROMO VIDEO

IN ADDITION TO THE 'ON THE WATER' OPTION, THERE IS
ALSO A 'STANDARD' AND A 'FULL PACKAGE' OPTION
AVAILABLE.
