ORIGINI E VISIONE

Winnerdoor® è un brand appartenente alla famiglia Nigris, la quale diede origine alla sua azienda friulana. Una storia cominciata un tempo, quando ancora la parola “**Tecnologia**” non era d'uso comune e appariva solo in qualche testo. In molti anni di lavoro e innovazione costanti, abbiamo sviluppato e migliorato i nostri metodi di produzione passando dal laboratorio artigianale al metodo industriale. Tuttavia, la nostra essenza è rimasta la stessa, dal momento che siamo rimasti un'azienda familiare ben radicata nel nostro territorio. Con esperienza e passione abbiamo perseguito la nostra vocazione all'innovazione, dando voce a molteplici sensibilità progettuali, per continuare a immaginare modi diversi e moderni di abitare. La cultura del “**fare bene le cose**” guida tutta la produzione, dall'idea al prodotto finito. Una cura per ogni dettaglio che ci riempie di orgoglio e ci ricorda la nostra responsabilità verso i clienti, i collaboratori e l'ambiente. Originalità e creatività, a partire dai luoghi in cui nascono **LE IDEE**, sono gli ingredienti della nostra ricetta per portare nelle case di tutto il mondo un autentico prodotto “**Italian Style**”.

ORIGINS AND PERSPECTIVES

***Winnerdoor®** is a brand owned by the Nigris family, which created and developed its company based in Friuli Venezia Giulia. The beginning of our story dates back to that time when the word “**Technology**” was not commonly used and only appeared in a few texts. During several years of constant work and innovation, our manufacturing methods clearly evolved and improved from artisanal to more industrialized procedures. Nevertheless, our core has remained unchanged, as we have stayed a family-owned business deeply rooted in our territory. We have been pursuing our vocation towards innovation with experience and passion, expressing various design perspectives and tastes, to keep imagining different and modern ways of living. “**Doing things properly**” is the philosophy that guides and inspires the whole production process, from the original idea to the finished product. Our attention to every detail fills us with pride and reminds us of the responsibility toward our customers, collaborators and the environment. Uniqueness and creativity - starting from those places where **IDEAS** are conceived - are the special ingredients in our recipe to bring to every house of the world an authentic “**Italian-style**” product.*

STILE E DESIGN

Lo stile aggiunge personalità, trasformando il design in un'esperienza emozionante. Si armonizza con la funzionalità per creare oggetti che non solo hanno uno scopo, ma anche risaltano per individualità e fascino. Il design rappresenta la ragione d'essere di un oggetto: fra mille forme possibili che gli si possono attribuire, se ne sceglie una, la più significativa ed espressiva del momento in cui viviamo. Il design non deve imporsi come puro esercizio di forme, ma deve valorizzare la funzionalità con piaceri concreti che si rendono da subito accoglienti e familiari. Design è quando il messaggio arriva senza parole, creando un dialogo tra funzionalità e estetica.

STYLE AND DESIGN

Style adds personality and character, transforming design into an emotional experience. It harmonizes with functionality to create objects that not only serve a purpose but also resonate with individuality and charm. Design is the raison d'être of an object, its essence: among numerous possibilities, you choose the most meaningful and expressive form that best represents the moment we are living. Design should not be considered as a mere combination of forms, but it is supposed to enhance functionality with concrete pleasures that immediately instil feelings of familiarity and comfort. Design is when the message is conveyed without words, creating a dialogue between functionality and aesthetics.

Plus

WinnerUnix

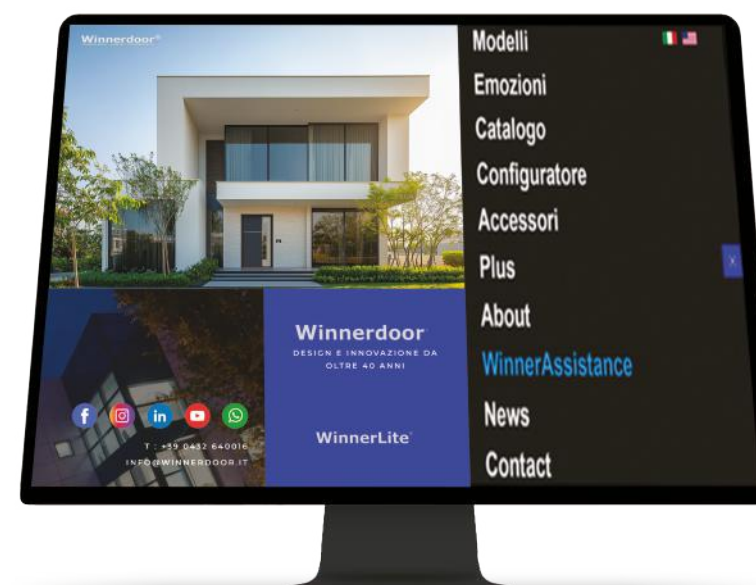

Ogni porta è personalizzabile secondo il gusto di chi la sceglie. La tua porta diventa **unica**, contraddistinta dal **codice identificativo WinnerUnix**.

*Every front door can be customized to suit any taste. Your door is not only customized, but also absolutely **unique** thanks to the **WinnerUnix identity code**.*

WinnerAssistance

Il codice identificativo **WinnerUnix**, inciso sulla targhetta fissata sulla porta, rappresenta l'originalità e conserva in sé la tracciabilità e tutte le informazioni necessarie per l'assistenza.

***WinnerUnix** identity code is engraved on the plate that is fixed on the door wing; it certifies the uniqueness of the item and provides end-to-end traceability of the components and the information required for assistance.*

Vantaggi

Isolamento termico

Isolamento termico ai massimi livelli.
Valore fino a Ud. **0,6 W/m²K**

Thermal insulation

Top-level thermal insulation.
Value up to Ud. **0,6 W/m²K**

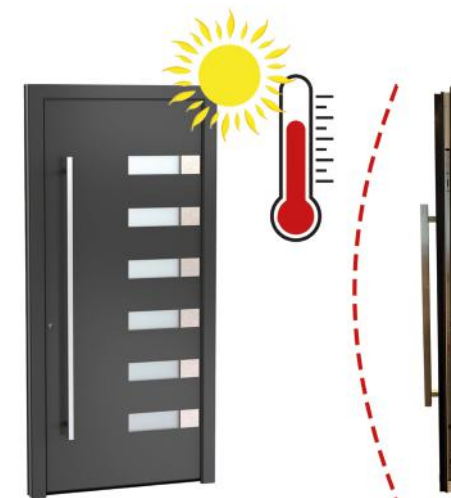

Isolamento acustico

Ottimo isolamento acustico, con la gomma acustica speciale abbinata al pannello isolante.

Acoustic insulation

Cutting-edge acoustic insulation thanks to the special soundproofing foam combined with the insulating panel.

Dilatazione termica

Speciali giunti di dilatazione brevettati, consentono la dilatazione termica causata dalle alte temperature.

Thermal expansion

Special patented expansion joints enable the thermal expansion caused by high temperatures.

Vetro danneggiato

Con il codice identificativo **WinnerUnix** e la tecnologia **brevettata Winnerdoor®**, è possibile sostituire il vetro facilmente.

Damaged glass

Thanks to **WinnerUnix** identity code and **Winnerdoor® patented** technology it is possible to change broken glass panels.

Pannello danneggiato

Con il codice identificativo **WinnerUnix** e la tecnologia **brevettata Winnerdoor®**, è possibile sostituire il pannello facilmente.

Damaged panel

Thanks to **WinnerUnix** identity code and **Winnerdoor® patented** technology it is possible to easily change panels.

Sicurezza antieffrazione

Le porte d'ingresso **Winnerdoor®** configurate con specifici componenti e modelli, sono blindate e certificabili alla classe di sicurezza **RC3**.

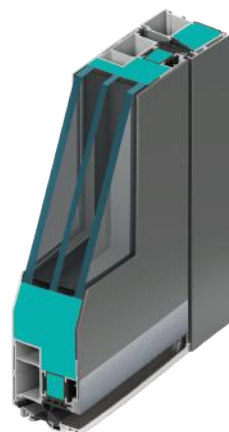

Burglar-proof security

All **Winnerdoors** - customized by choosing specific models and optional components - are high-security front doors with resistance class that can be certified up to RC3.

MISURE
SPECIALI

*SPECIAL
DIMENSIONS*

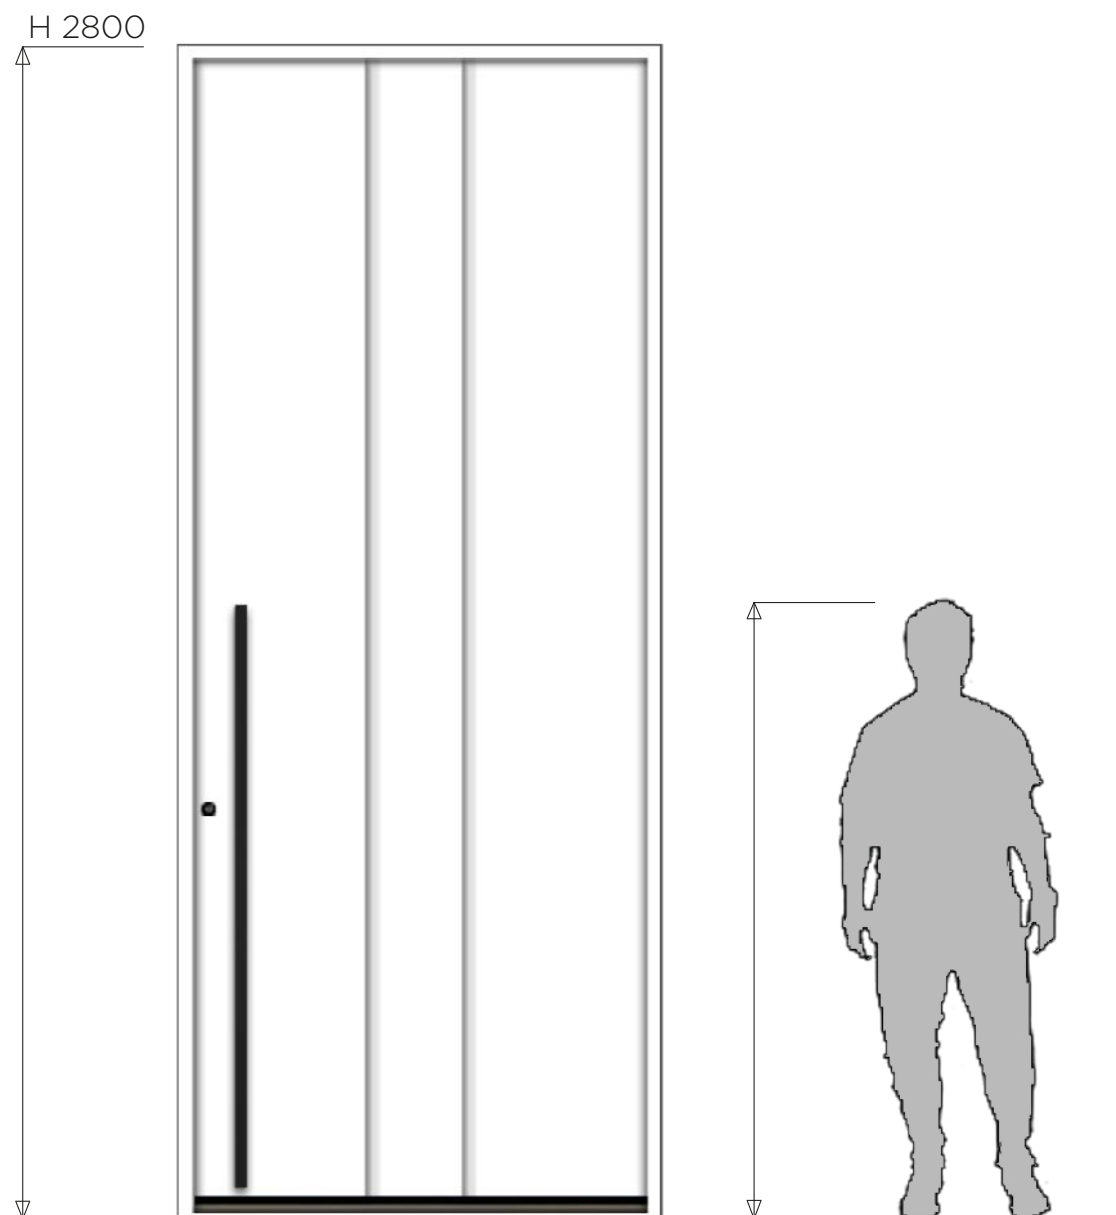

Misure speciali

Alcuni modelli in alluminio a Taglio Termico, possono essere realizzati di grandi dimensioni, abbinati al chiudiporta a pavimento.

Special dimensions

Some models in Thermal Break aluminium, can be made larger and higher in size, combined with the floor mounted door closer.

INTERNI IN LEGNO

Tutti i modelli
sono realizzabili anche
con l'interno in legno

WOODEN INTERIOR

*All models
can be made also with
a wooden interior*

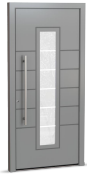

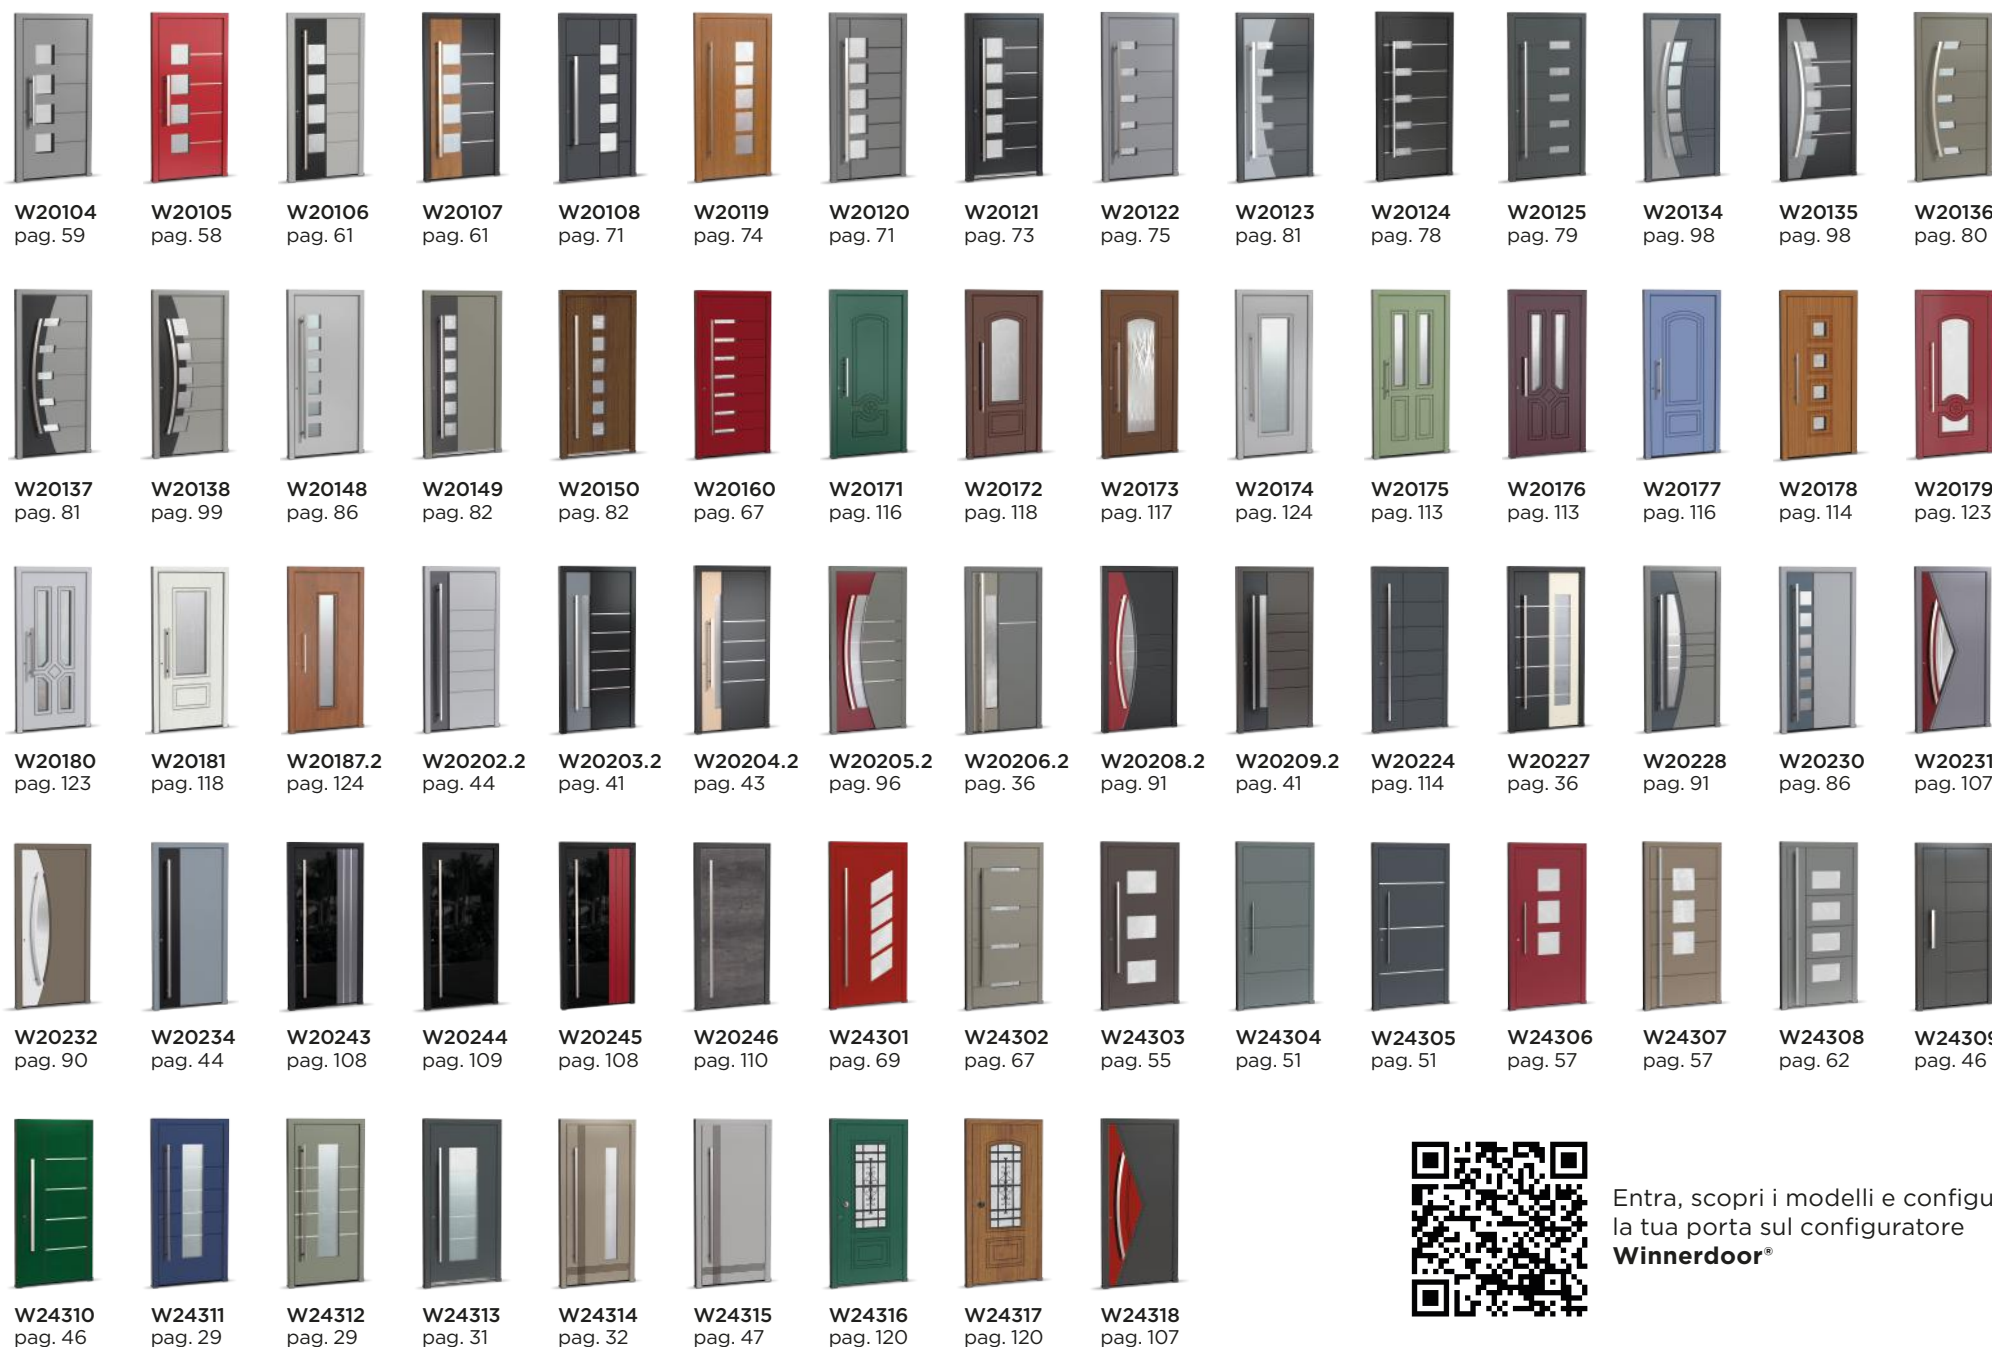

WINNERDOOR® COLLECTION

La collezione è incentrata sui concetti di sartorialità e personalizzazione dell'ingresso di ogni abitazione. Un articolato laboratorio del design contemporaneo; un grande tavolo di soluzioni d'arredo, ispirazioni stilistiche e linguaggi estetici, per costruire modelli realmente a misura delle esigenze dell'uomo. Una volontà precisa di aprirsi alla diversità, negando l'appiattimento della globalizzazione e stimolando, invece, la vitalità e la freschezza progettuale. Ciascuna delle numerose anime della collezione diventa razionale e unica, minimale e urbana, secondo la sensibilità e il gusto di chi la sceglie. Un progetto appassionato e in divenire, che si apre all'ostacolo e al dialogo.

Our collection focuses on the concepts of tailoring and personalization of every house entrance. This collection embodies a great laboratory of modern design; here you can find a wide range of design solutions, stylistic inspirations and aesthetic languages to create models concretely suitable for every need. This collection also reflects a precise will to open to diversity by enhancing design creativity and innovation. Every single item of our collection becomes rational and unique, minimal and urban according to the aesthetic sensibility of the customer. This is a passionate and evolving project, open to dialogue and challenges.
