My sharing about this course:

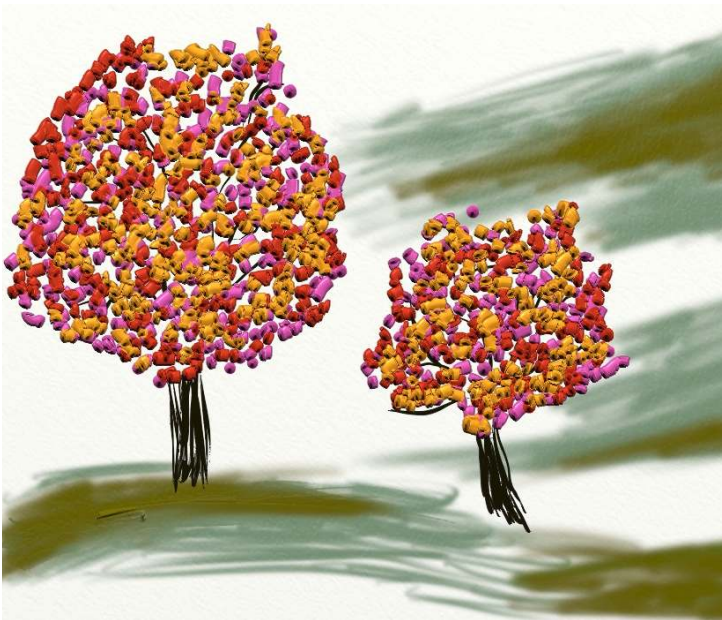

- Philip's patience and understanding makes me feel comfortable and relaxed in his class.
- I can try a variety of drawing under Philip's teaching on using different tools of ArtRage.
- I notice classmates repeatedly ask Philip what tool he is using and setting of the tool while he is doing demo.

I wonder if Philip would be able to

repeat a couple times when he talks about what tools he will use and their settings.

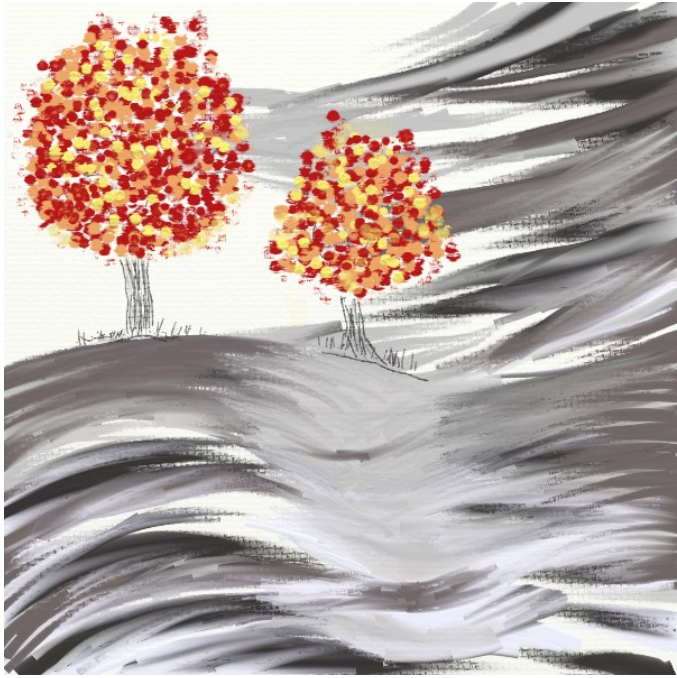

I hope this would help us not get loss.

I think now is very good, and if you wants to make a little change, how about :

1. List out the schedule/curriculum before class starts
2. Put some names (Chinese or English names, actually Chinese name is good enough, since all of us understanding Chinese) to the tools and listed out as 1. 油桶 2 吸管

3. Eraser, 4....etc
- That we can easily know what tools we are going to use..

You are very devoted to the lessons and have great patience to show us how to use the tools in the art software as well as answering our questions.

I like your idea of putting our art work in the album online because it shows a record of what we have learned as well as improvement, if any.

Your lessons are fun and I love to continue taking the painting class

困难處是看不到賀生如何下筆去畫及跟不上用那個工具

我從四月參加了首季的數碼畫班，起初只抱著嚐試式心態，因為從沒有畫畫的經驗或興趣。但經賀先生的悉心教導下，慢慢產生興趣。10 堂好快過去了，在下期的課堂繼續學習。

賀生你每堂都好耐心詳細講解每一個細節，謝謝你。希望要求同學上課時將咪都關掉，她們與家人和朋友對話的聲音會影響其他同學上堂。

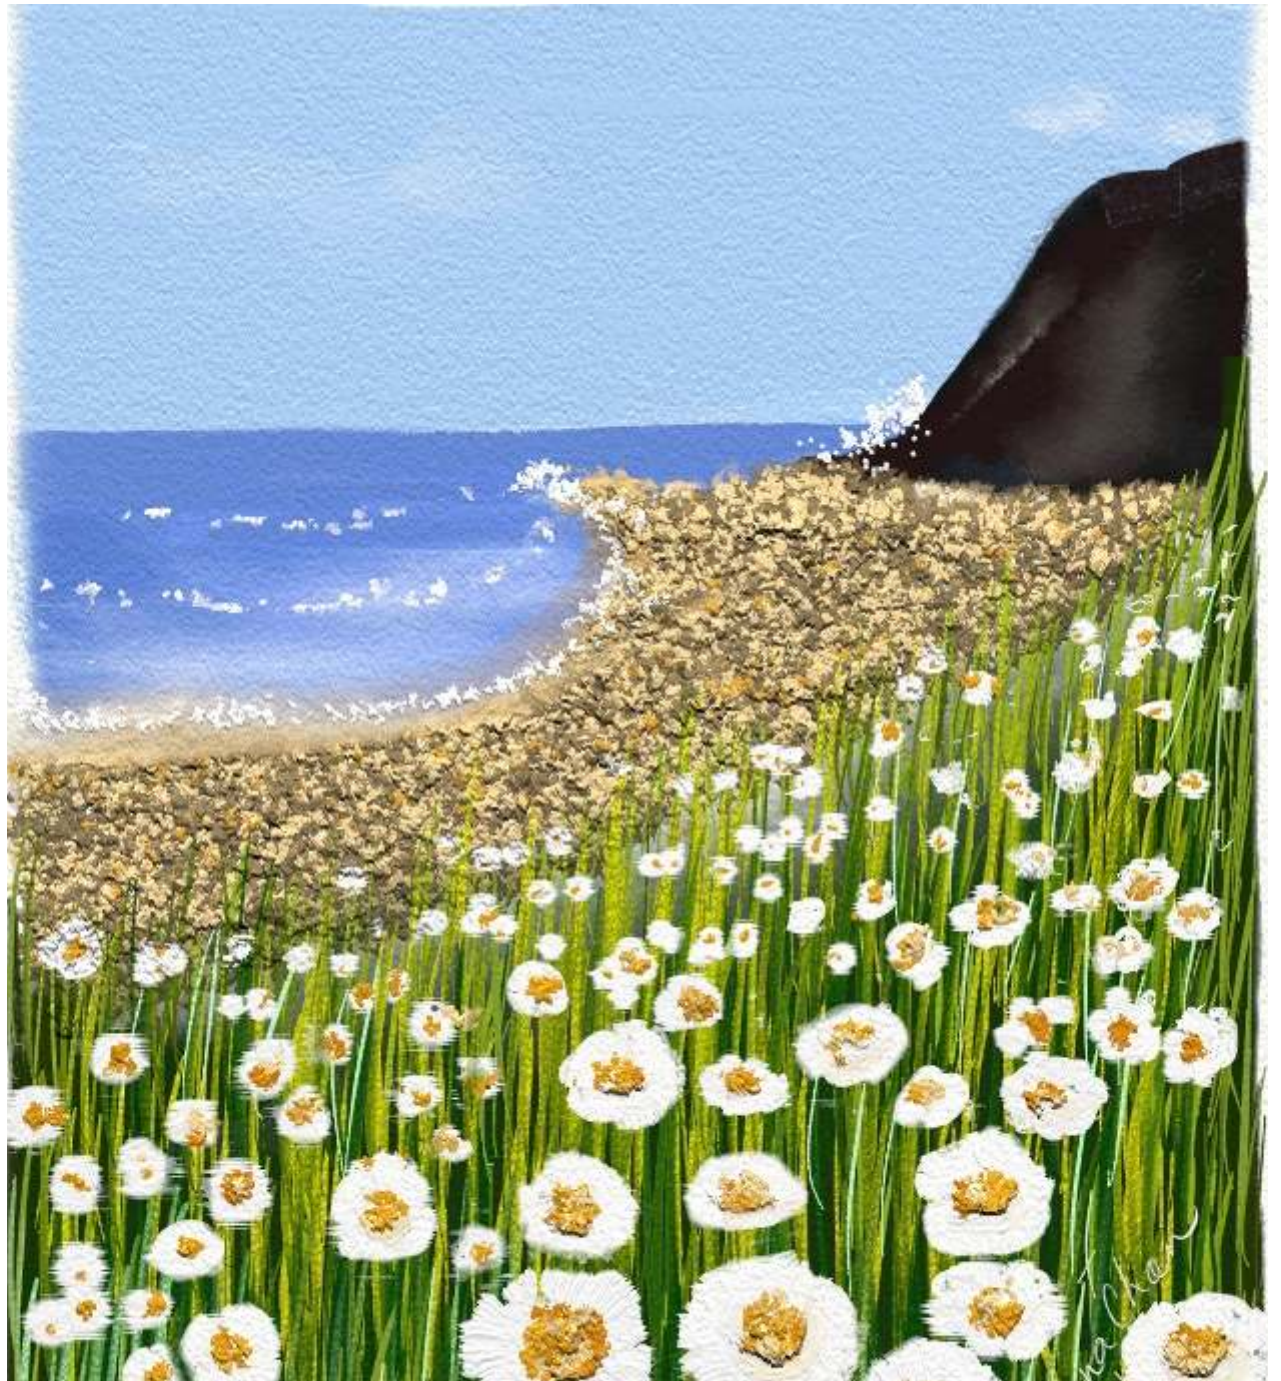

很感謝老師用網路教導我們學習這種新方式畫畫。以前覺得很難的水彩畫現在用手機或平板電腦都能畫得不錯，很有滿足感。老師很有創意和耐心，同學們也彼此分享作品和心得。我會繼續參加下一期的畫班。

I have to thank Philip's for his great patience because I am a 'technology blind ' and his digital painting class motivates me to explore and learn how to make use of new technology and bring more fun to life especially during this pandemic.

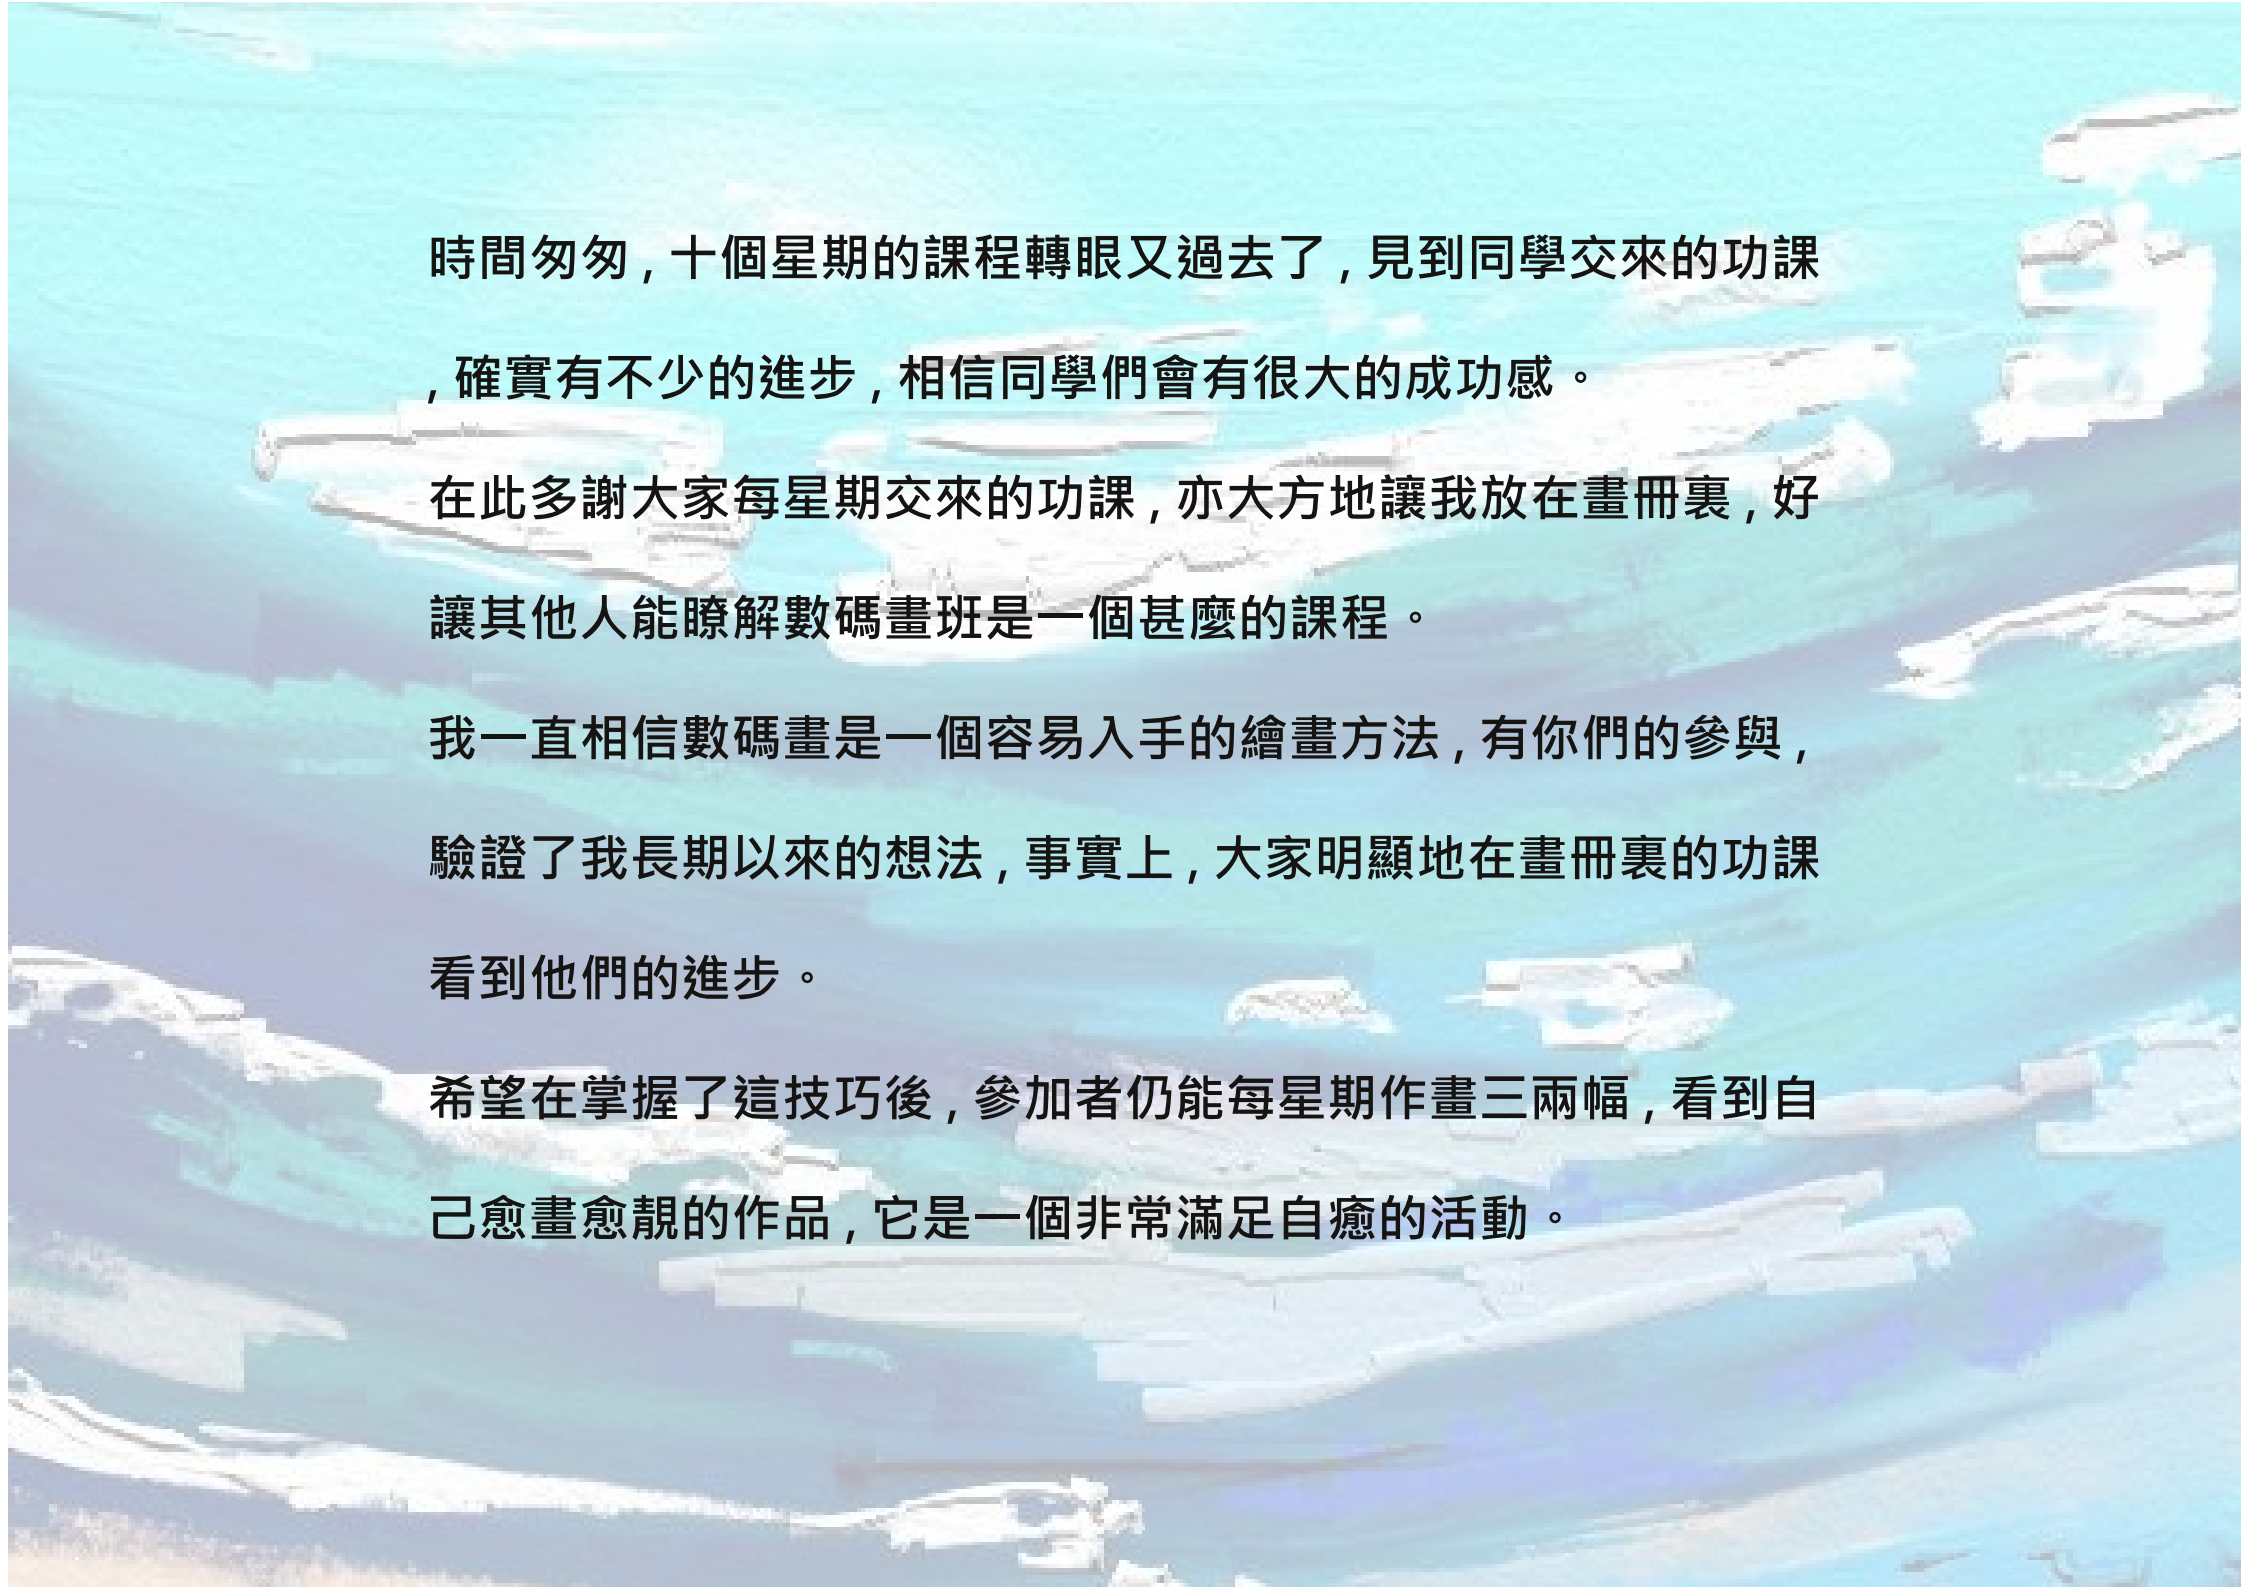

It is tremendous help that he spends time in answering and solving our problems with the previous painting after each new lesson.

Now we can enjoy our digital painting at our fingertips without shopping for paints and other accessories. Great fun.

An aerial photograph of a coastline. The sea is a deep blue, and the beach is a light tan color. There are some buildings and structures along the shore, and the overall scene is bright and clear.

時間匆匆，十個星期的課程轉眼又過去了，見到同學交來的功課，確實有不少的進步，相信同學們會有很大的成功感。

在此多謝大家每星期交來的功課，亦大方地讓我放在畫冊裏，好讓其他人能瞭解數碼畫班是一個甚麼的課程。

我一直相信數碼畫是一個容易入手的繪畫方法，有你們的參與，驗證了我長期以來的想法，事實上，大家明顯地在畫冊裏的功課看到他們的進步。

希望在掌握了這技巧後，參加者仍能每星期作畫三兩幅，看到自己愈畫愈靚的作品，它是一個非常滿足自癒的活動。
