

step by step GUIDE

Step 1.

Register on AXI (desktop)

- ✓ Go to www.axi.com on your computer and **register**.
- ✓ Complete the short questionnaire and upload your **ID for verification**.
- ✓ This usually takes around 5 minutes, and you'll receive an email once your account is live with your login details. **Keep these safe**, you'll need them soon.

Step 2.

Download the AXI app

- ✓ Download the AXI app on your phone.
- ✓ Open it and tap “First time here?”
- ✓ Register using the same email address you used on the website.
- ✓ You can now log in to the app with these details.

Step 3.

Fund your account

- ✓ Go to the AXI website and log in using the account details you received by email from AXI.
- ✓ Once you're logged in, look on the left side and click "Add Funds."
- ✓ We recommend adding a minimum of £300 to make sure you have enough capital to copy all trades.
- ✓ You can withdraw your money at any time, it stays fully in your control.

The screenshot displays the AXI website's 'Add Funds' interface. On the left, a red sidebar contains the AXI logo and navigation links under 'TRADING ACCOUNTS', 'FUNDS', 'TOOLS', and 'NEED HELP?'. The main content area is titled 'Add Funds' and 'Step 1'. It features a dropdown menu for 'Account To Fund' with 'Standard 6678899 (0.00 GBP)' selected. Below this, a 'Please note' section provides important information about payments. At the bottom, two payment methods are presented: 'Debit/Credit Card' (instant, 0.00) and 'Bank Transfer' (2-5 days, 0.00).
