Monthly newsletter of Cassio Road Dental Practice

Welcome to the July edition of our newsletter

Should the social distancing restrictions come to an end or not? That has been the debate for some time now and there is no escaping it in the press. Whether the 19th July really does become 'Freedom Day' as its been colloquially called, still remains to be seen.

It's been a year since we reopened our doors in June 2020 following the first lockdown and we are pleased that significant progress has been made from where we were to how we are operating today.

JULY 2021

Practice News

We have listened to you, our patients, as we knew that the availability of appointments was causing you significant delays.

We are delighted to welcome Dr Siddhi Gandhi to the practice. Siddhi qualified from King's College London in 2015 and attained membership to the Faculty of the Royal College of Surgeons in 2016.

Siddhi is a calm and caring dentist who makes all her patients feel comfortable through her gentle and empathic nature. Siddhi is passionate about restorative dentistry, especially root canal treatments and has completed the Advanced Endodontics course with Aspire Dental Academy. Siddhi is also very good with treating children. She will be available on Tuesdays and Saturdays. Please see the website for further information.

As we said goodbye to Rosanna last month, we are also delighted to welcome our new Hygienist Diana, who will be joining us from this month. Diana brings with her, over 5 years' experience to Cassio Road, working at various other practices during her career. She will be available 2 Saturdays each month and 2 days a week from the beginning of August.

The demand for both dental and hygiene services continue to remain high, but we hope that with the addition of these new team members, we will be able to shorten our waiting times for appointments. Once again, we thank you all for your patience and understanding.

Today I had my first ever dental injection and I was very nervous. A lovely lady called Cathy was very kind and reassuring. Pyae who performed the dental surgery has always been very patient with me as my teeth are sensitive and I have some dental anxiety when it comes to needles and sharp objects. I have been coming to this dentist for a good few years now and it's always been a good service with friendly staff.
