3. MOBILE APP CONNECTION

a) Downloading the App

Download the application on the Google Play Store or Apple AppStore by searching “Bseek” or by scanning the QR code below:

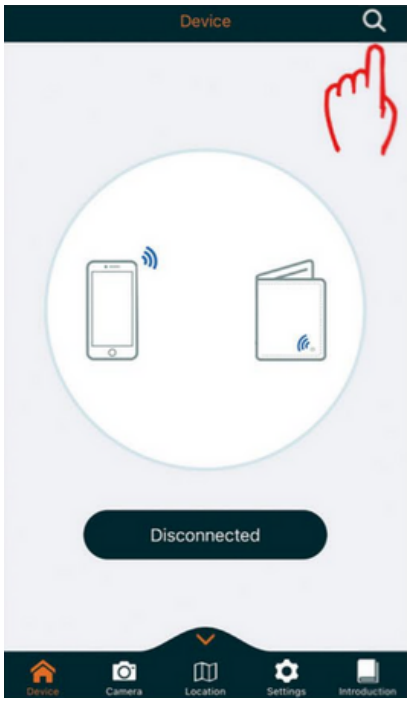
After downloading the app

- Register or log in to an account
- Enable your Bluetooth and phone location
- Activate the device
- Keep your device near your phone

3. MOBILE APP CONNECTION

b) Adding Devices

To add devices on the app, please follow the instructions below. Your devices and phone must be connected to the same Wi-Fi network in order for this to work.



- To add a device on the mobile app, turn on the device and open the app. It will automatically connect afterwards. Otherwise, click the 'magnifying glass' icon at the top-right corner to begin searching for nearby devices
- It will show a 'Connected' message once the device has been paired successfully

- Once done, you can now perform different functions within the app, such as searching for your wallet when lost
- You can also access the device's location history and other settings
- Additionally, you may use the device to take a picture via Bluetooth when connected to your phone

Congratulations!

You have successfully set up your very own Smart Wallet Bluetooth Tracker.
