BOOKING CAR RENTALS

The new car rental booking feature allows you to add car rentals to any Quote or Booking that includes a hotel. Adding a car rental is as simple as adding any other component. By default, the system assumes the following (all are editable):

- Car pick-up will match hotel check-in date.
- The hotel location will match car pick-up.
- Car drop-off will match hotel check-out date.

HOW-TO GUIDE

WHICH CAR RENTAL AGENCIES ARE AVAILABLE?
Classic Vacations provides car rental bookings online for Alamo Rent a Car, Enterprise Rent-a-Car, and National Car Rental. Availability will vary by destination.

CAN I MAKE AN ONLINE BOOKING FOR CAR ONLY?
No. All bookings made with Classic Vacations online must include a hotel prior to booking a car. All car bookings must include a hotel stay.

WHAT TYPES OF CARS CAN I BOOK ONLINE?
The full inventory of cars available through the supported providers is available for online booking.

WHY MUST I PROVIDE SO MUCH INFORMATION FOR TRAVELERS AT CHECKOUT?
Because car rental age requirements vary by country, it's important to provide the driver's full name and date of birth. This helps confirm eligibility and detects if any additional fees related to young drivers are required.

WILL PACKAGING (CAR RENTAL + HOTEL DEALS) BE SUPPORTED?
Packaging workflow will be enabled in a future release.

CAN I BOOK CAR RENTALS AS PART OF A COURTESY HOLD?
Yes. You can book car rentals as part of a courtesy hold. The deposit due date will automatically reflect how long you have until we must pay the provider for the exact car rental you've chosen.
