

virtual outpatient program

virtual outpatient program

gateway connect offers access to the same individualized evidence based curriculum that Gateway is known for from the comfort of your home or office. This program is perfect for those who are looking to find balance with their professional and/or personal life, and face barriers to access treatment for substance use disorders or co-occurring mental health conditions.

barriers include:

Lack of transportation.

Uncomfortable being part of an in-person group.

Living too far from a treatment center.

Unable to access child care.

Frequent out of area travel.

Recovery is a lifelong process that requires continued focus and commitment. You will benefit from ongoing support from other alumni, social activities, and educational workshops to help empower your life in recovery.

I believe I wouldn't have come as far as I have today without Gateway's Virtual Outpatient Program. This program removed all the anxieties of having to go to and from group."

-Jeannette S., Alumni of Gateway's Virtual Outpatient Program

how to get started

Call us at **844-954-3574**, for a free and confidential assessment to see if our services are appropriate for you. The assessment takes just a few minutes, and you will quickly learn if treatment is recommended and at what level. Gateway Foundation is In Network with most insurance providers.

about

Gateway Foundation is the largest nonprofit treatment provider in the country. We offer all levels of care including: detox and withdrawal management, residential, outpatient, virtual outpatient, sober living, and alumni support. Our residential treatment centers in Illinois are in or close to your community, which enables families to participate in their loved one's recovery. Many of our outpatient treatment centers are located within a short drive of most metropolitan areas across the state. For those that may be further away or have barriers to participate at an in-person facility, we offer gateway connect, our virtual outpatient services.
