MSc Sustainability *Leadership*

University
of Galway.ie

A two-year part-time, flexible learning programme *suitable for working professionals*

Course Overview

- **Flexible learning approach:**

A 2-year part-time, blended delivery approach that allows for industry's skills needs to be met in a flexible manner. Classes are delivered primarily online in the evenings but participants benefit from 4 immersive learning in-person blocks over 2 years.

- **Leadership skills:**

Equip yourself to address the challenges, risks and opportunities of environmental sustainability and social responsibility in the modern business world.

- **Curriculum:**

Strongly integrated with industry through a combination of guest speakers, company visits, case studies and applied projects.

- **International trip:**

The curriculum includes an international study trip to Bologna Business School, Italy.

Official Launch of the MSc Sustainability Leadership programme with Minister Hildegarde Naughton T.D, Chief Whip and Minister of State at the Department of Health.

What organisations say

“ As Vice President, Programme Delivery Excellence and Commercial at Boston Scientific I am thrilled to see University of Galway launch this MSc Sustainability Leadership offering, which is designed to equip students with the knowledge and skills needed to lead sustainable change in organisations. With a focus on practical application and real world challenges, graduates will be well-prepared to make a positive impact on the environment and society.

Susan Murray

Vice President, Programme Delivery Excellence and Commercial at Boston Scientific

”

International *Study Trip*

At the heart of our programme is the international study trip to Bologna, Italy.

MSc Sustainability Leadership students complete an immersive four day International Study Visit to Bologna Business School. As part of the trip, students visit organisations in the local region who are leading on sustainability transition, learn from industry thought leaders in the sustainability space and collaborate with students on the Masters in Sustainability Transition Management at BBS.

The course fees for the programme include the costs of the international study visit.

International Study Trip to
Bologna Business School (Italy) 2024

International Organisations Leading on Sustainable Business Transformation

Students gain sustainability leadership expertise through hands-on experience with international organisations. On-site visits offer valuable insights and networking opportunities, enhancing their learning.

*Burren & Cliffs of Moher
UNESCO Global Geopark*

Boston Scientific Visit

*ThermoKing
Trane Technologies*

Build your network

Build a global network of like-minded contacts and a deeper appreciation of the power of collaboration, innovation, and social enterprise for sustainable development. Learn to value strong relationships with communities, employees, and the environment for responsible business.

Why choose this course?

Career Opportunities

There is a very strong employer demand for these skillsets with several potential career pathways identified including Chief Sustainability Officer, Director of Sustainability, Sustainability Manager, Sustainability Officer, Procurement Officer, Planning Officer, Sustainability Coordinator, Sustainability Consultant, Sustainability Projects Leader, Supply Chain Officer, NGO, County Council roles and General Management roles.

There is a need for organisations to understand the impact that sustainability will have on their supply chain, how to gain a competitive advantage and how to understand the regulatory and governance requirements.

This programme is for you if:

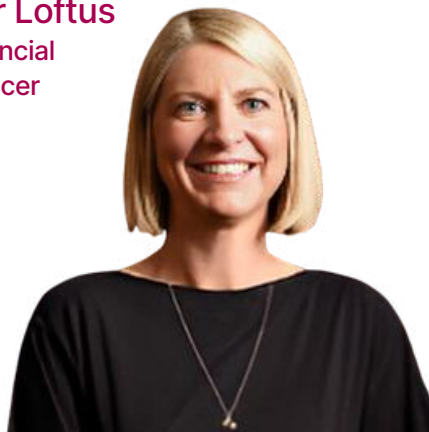

- You work in any leadership, management, policy making, non-profit, technical or sustainability-oriented role.
- You have a primary degree in business, science, engineering or social science.
- You wish to build a network of contacts with shared values and a sustainable mindset.
- You seek a holistic education approach with practical applications, including an international study trip and industry integration.

Testimonial

“30% Club Ireland aims to achieve better gender balance at all organisational levels by promoting and rewarding female leadership. This objective is very much aligned with the UN Sustainable Development Goal of Gender Equality (SDG5). As a recipient of the 30% Club scholarship for the MSc in Sustainability Leadership, I am very grateful for the support of University of Galway and 30% Club Ireland. I look forward to applying the knowledge and skills I gain on this Master’s in both my personal and professional life!”
