Creating great experiences

In our personal and professional lives, we have high expectations of technology – speed, accuracy, personalisation and security.

Technology needs to enhance the experience of both the user and the customer.

Rethinking traditions

People are increasingly working across multiple sites or in multiple workspaces.

With more mobile choice than ever, laptops are not always suitable for workers on the move such as those in the emergency services, construction sites, where desk space is in short supply.

What's the alternative?

Ensuring a seamless experience for workers is paramount. A tablet, or even a phone, can be a single, powerful work tool:

- Seamless connection from field to office.
- Simplify workflows and increase productivity.
- Easily integrate into existing workspaces.

Protect your people

Make it easier for staff to carry and use devices.

- Double hand straps reduce strain and meets on-the-ground safety standards.
- Comfortable to wear and ensures device is protected from drops and damage.
- Enable staff to work securely with physical privacy and security solutions.

Double hand straps reduce strain

Hold the tablet comfortably in one hand, controlling movement with the thumb and reduce strain on the arm

Comfortable to wear

By removing the need for a shoulder strap the holster helps avoid strain on the neck and shoulders

Adjustable Belt

Holster waist belt is adjustable to ensure a comfortable fit for all employees

Protect your tech

Shock-absorbing cases with reinforced edge protection, meeting advanced military grade standards.

- Adjustable hand strap for safe drop free handheld use PLUS integrated kickstand for hands free viewing.
- Designed for docking with the Targus Tablet Cradle Workstation.

Security & Accessories

A person's hand is shown using a black mouse on a white desk. In the foreground, a black keyboard is visible. The background is a blurred office setting with a white desk, a pen, and a notebook. A purple triangle is in the top right corner.

Security

- Locking slot on base of cradle works in conjunction with standard Targus cable locks.
- Secure hinge prevents cradle removal .
- Integral tablet lock secures hardware.
- Choose to upgrade to locking base for fixed desk location and clean desk environment, and to eliminate need for Targus cable lock.

Accessories

- Help to create harmonious workspaces.
- Tech-accessories with infused antimicrobial protection, delivering a new standard in clean.
- Support tech on-the-go with accessories that deliver comfort and productivity.

Empowering Security Anywhere

Privacy filters and security locks

Prevention is the best policy

Workforces are becoming hybrid, with workers at home, at the office and on the move. Employee expectations and behaviors are changing, and businesses must prepare themselves to protect their security and privacy.

Stay compliant

With the introduction of General Data Protection Regulation (GDPR) in the EU, workers must act responsibly when dealing with data protection and privacy. Whether you are responsible for data protection and privacy, Targus locks and privacy screens are very effective against visual hacking and device theft.

DID YOU KNOW?

A laptop computer has a **1-in-10 chance of being stolen*** and **98%** of stolen laptops are never recovered**.

Whether you are working, gaming or web-surfing on your laptop, don't forget locks are the simplest form of theft prevention.

95%

of respondents from a recent survey say **working privately is important to them*****.

Protect your tech and promote your brand

CARRY

Targus has been designing bags for the working professional for over 35 years and we've never stopped innovating. Our diverse range of laptop bags available for custom logo enhancement ranges from sustainably sourced backpacks to contemporary convertible briefcases.

PROTECT

With workspaces rapidly becoming more flexible, the ability to safeguard your technology from the hazards of everyday life has never been more important. Equip your mobile working employees with precision engineered Targus protection, while keeping them on brand with your company logo.

CONNECT

In a world gone digital, the Targus logo programme gives you the opportunity to maximise your physical impact. Incorporate your company logo into your employees travel essentials, allowing you to connect with your workforce, and your workforce to **connect with your customers**.

HOW IT WORKS

- 1 Contact your Targus sales representative indicating which product(s) you are interested in. Email the completed Targus Logo Project Form along with artwork file (vector format) to emea.logos@targus.com
- 2 You will receive a digital image of the product(s) with logo options to review. Email your approved artwork to emea.logos@targus.com quoting Targus Logo Project Reference.
- 3 A PO must be sent to a Targus Distributor including the Logo Project Reference plus final delivery address. Lead time is approx. 3 weeks from receipt of PO by Targus to final delivery, stock dependent.

ONE PO, ONE SUPPLIER, ONE DELIVERY, ONE INVOICE. SIMPLE.

*Logo boxes indicate areas on product which are suitable for printing. Typically there must be at least a 6 cm gap between the logo and edge of the panel being printed on. Logos with small fonts or intricate details may need to have a background ensure sufficient surface area for bonding to material. Pricing is based on one logo per bag.
