FEEL OUR RE.VOLUTION. LIVE YOUR EXPERIENCE.

Questa è la filosofia che guida ogni nostro passo e ogni nostro prodotto. Questa nostra nuova collezione outdoor è un traguardo che rappresenta non solo l'innovazione e la qualità, ma anche il nostro impegno a ispirare avventure indimenticabili.

Negli ultimi anni abbiamo assistito a un cambiamento straordinario nel mondo dell'outdoor: sempre più persone si avventurano nella natura, cercando esperienze autentiche e significative. La nostra missione è fornire a ogni esploratore gli strumenti giusti per affrontare le sfide che la natura offre, senza compromettere il comfort e la sicurezza.

Questa collezione è il risultato di un intenso lavoro di ricerca e sviluppo, frutto della collaborazione con atleti, esperti e appassionati che ci hanno guidato con le loro esperienze. Ogni pezzo è progettato per adattarsi a condizioni diverse e per garantire prestazioni ottimali, così da permettere a chiunque di raggiungere o di spingersi oltre i propri limiti.

Siamo entusiasti di condividere con voi non solo i nostri prodotti, ma anche le storie e le avventure che li accompagnano. Vogliamo che ogni atleta, escursionista e amante della natura possa sentire e vivere la propria esperienza in modo autentico e profondo.

Siete pronti a partire verso nuove avventure? Certi che questa collezione possa accompagnarvi lungo il vostro cammino.

Buone *experiences* a tutti!

This is the philosophy that guides our steps and products. Our new outdoor collection is an achievement that represents not only innovation and high quality, but also our commitment to inspiring unforgettable adventures.

In recent years we have witnessed an extraordinary change in the outdoor world: more and more people are venturing out into nature, seeking authentic and meaningful experiences. Our mission is to provide every explorer with the right tools to tackle the challenges that nature has to offer, without compromising on comfort and safety.

This collection is the result of intensive research and development work, in collaboration with athletes, experts and enthusiasts who have guided us with their experiences. Each piece is designed to adapt to different conditions and to ensure optimal performance, allowing anyone to push their limits.

We are excited to share with you not only our products, but also the stories and the adventures that come with them. We want every athlete, hiker and nature lover to be able to feel and experience this in an authentic and profound way.

Are you ready to set off on new adventures? Certain that this collection will accompany you on your way.

Happy experiences to all!

A handwritten signature in black ink, reading 'Michele Frigerio', with a stylized, flowing script.

Michele Frigerio
CEO Rock Experience

FIT YOUR BEAT

**ASCOLTA IL TUO RITMO.
VIVI LA PASSIONE A MODO TUO.**

La nuova collezione outdoor nasce da un'idea semplice ma potente: ogni persona ha un battito unico, un ritmo interiore che si riflette nel modo in cui vive la montagna, affronta i sentieri, respira l'aria aperta. Non esiste un solo modo di vivere l'outdoor. Esiste il tuo! Che sia scalare una parete all'alba, camminare tra i boschi sotto la pioggia, esplorare nuovi percorsi o ritrovare quelli di sempre, ogni movimento racconta chi sei.

Ogni linea di capi è pensata per accompagnarti in ogni passo, in ogni respiro, in ogni battito. Abbiamo scelto tessuti avanzati, capaci di adattarsi al clima e al tuo corpo. Materiali leggeri e resistenti, traspiranti quando serve, protettivi quando conta. La collezione è per chi cerca qualcosa di più. Per chi non vuole solo vestirsi per l'outdoor, ma viverlo. Per chi riconosce il valore del comfort autentico, del movimento naturale, allo stile inconfondibile.

FIT YOUR BEAT è un invito a scegliere il tuo ritmo, a seguire la tua passione e la prossima meta!

**LISTEN TO YOUR RHYTHM.
LIVE THE PASSION YOUR WAY.**

The new outdoor collection was born from a simple but powerful idea: every person has a unique beat, an inner rhythm that is reflected in the way they experience the mountains, tackle the trails, breathe the open air. There is no one way to experience the outdoors. There is yours! Whether it's climbing a wall at dawn, walking through the woods in the rain, exploring new trails or rediscovering old ones, every movement tells who you are.

Each line of garments is designed to accompany you in every step, every breath, every beat. We have chosen advanced fabrics, capable of adapting to the climate and to your body. Light and resistant materials, breathable when you need it, protective when it counts. The collection is for those looking for something more. For those who don't just want to dress for the outdoors, but to live it. For those who recognise the value of authentic comfort, natural movement, and unmistakable style.

FIT YOUR BEAT is an invitation to choose your pace, to follow your passion and your next destination!

UN IMPEGNO CONCRETO PER UN FUTURO SOSTENIBILE

La nostra azienda ha scelto di allinearsi agli Obiettivi di Sviluppo Sostenibile delle Nazioni Unite per misurare, gestire e rendicontare l'impatto della nostra attività sul territorio. Attraverso un linguaggio condiviso a livello globale, comunichiamo con trasparenza gli sforzi intrapresi per ridurre al minimo il nostro impatto ambientale.

L'Agenda 2030 delle Nazioni Unite è la bussola che guida il nostro piano di sostenibilità, influenzando ogni fase del nostro lavoro: dalla ricerca e sviluppo alla produzione e distribuzione. Questo è il cuore del **RE.VOLUTION PROJECT**.

In concreto, ci impegniamo a utilizzare filati riciclati e riciclabili, progettare packaging sostenibili e ottimizzare i sistemi di trasporto per ridurre l'impronta ecologica. L'industria tessile sta vivendo un cambiamento epocale e noi di Rock Experience siamo parte attiva di questa trasformazione.

Adottiamo metodi e processi a basso impatto ambientale, collaboriamo con aziende certificate e mettiamo al centro del nostro lavoro la sostenibilità.

Il nostro obiettivo? Creare un equilibrio tra innovazione, performance e rispetto per l'ambiente, per un futuro più responsabile.

A CONCRETE COMMITMENT TO A SUSTAINABLE FUTURE

Our company has chosen to align itself with the United Nations Sustainable Development Goals to measure, manage and report on the impact of our business on the ground. Through a globally shared language, we transparently communicate our efforts to minimise our environmental impact.

*The UN 2030 Agenda is the compass that guides our sustainability plan, influencing every phase of our work: from research and development to production and distribution. This is at the heart of the **RE.VOLUTION PROJECT**.*

In concrete terms, we are committed to using recycled and recyclable yarns, designing sustainable packaging and optimising transport systems to reduce our ecological footprint. The textile industry is undergoing an epochal change and we at Rock Experience are an active part of this transformation. We adopt environmentally friendly methods and processes, work with certified companies and put sustainability at the heart of our work. Our goal? To create a balance between innovation, performance and respect for the environment, for a more responsible future.

Tessuti e finiture sostenibili

Sono molti i valori che mettiamo in campo, oggi il brand Rock Experience si impegna e si dichiara nel mercato con questo specifico progetto, denominato appunto **RE.VOLUTION PROJECT**.

In questo approccio verso la sostenibilità di prodotto il nostro brand specifica, nella comunicazione off-line e on-line, per ogni singolo prodotto, quali sono gli elementi dalle caratteristiche ecologiche.

I tessuti e i processi di finitura sostenibili vengono indicati con le diciture:

99% ECO

Capo realizzato al 99% con materiali riciclati.
Garment made from 99% recycled materials.

ECOBIT

Una o più parti di questo capo sono state progettate con tessuti o imbottiture realizzate con fibre provenienti da materiali riciclati.
One or more parts of this garment have been designed with fabrics or padding made with fibres from recycled materials.

Sustainable fabrics & finishes

*There are many values that we bring to the table, today the Rock Experience brand commits and declares itself in the market with this specific project, called **RE.VOLUTION PROJECT**.*

In this approach towards product sustainability, our brand specifies, in off-line and on-line communication, for each individual product, which elements have ecological characteristics.

Sustainable fabrics and finishing processes are indicated with the labels:

ORGANIC COTTON

Capo in cotone organico, rispetta gli standard in merito alla sua coltivazione e lavorazione. La sua produzione sostiene la salute dell'ambiente, dell'ecosistema e delle persone, favorendo l'uso di processi e sostanze naturali piuttosto che artificiali, chimiche e tossiche.

This garment is made with organic cotton, it respects its cultivation and processing. Its production supports the health of our planet, of ecosystems and people, by promoting the use of natural substances instead of artificial, chemical and toxic.

PFC FREE

Capo realizzato con un tessuto PFC FREE, trattato senza l'utilizzo di sostanze chimiche inquinanti contenenti fluoro, dannose per l'ambiente e pericolose per la salute di uomini e animali.

This garment is made from a PFC FREE fabric, treated without the use of chemical pollutants containing fluorine, which are harmful to the environment and dangerous to human and animal health.

RE.INSULATION

Capo che utilizza un'imbottitura RE.INSULATION realizzata con poliestere 100% riciclato da bottiglie PET, senza l'utilizzo di microfibre altamente inquinanti. È estremamente soffice e ha un eccellente potere isolante.

This garment uses RE.INSULATION padding made from 100% recycled polyester from PET bottles, without the use of highly polluting microfibres. It is extremely soft and has excellent insulating properties.

ECO TECNO SHELL™

I gusci con tecnologia Eco Tecno Shell™ nascono dal processo di ricerca continua del reparto R&D di Rock Experience, impegnato nel concepire prodotti innovativi e performanti per atleti ed amanti della montagna nel rispetto dell'ambiente che ci circonda.

È un'evoluzione costante ed ambiziosa che richiede la continua ricerca di materiali e partner affidabili capaci di coniugare in modo funzionale la qualità, la durabilità e l'eco-compatibilità dei nostri prodotti.

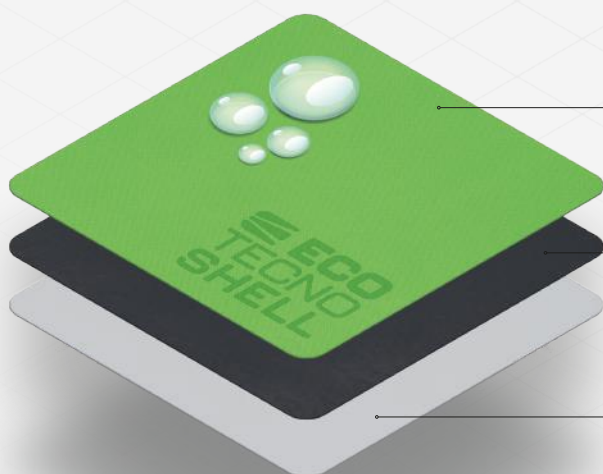

Per questo in Rock Experience il termine "evolution" si traduce in **"RE.VOLUTION PROJECT."** e si declina in prodotti pensati tanto per l'uomo quanto per l'ambiente, riducendo al minimo l'impatto ambientale. Ecco perché in collaborazione con i propri fornitori Rock Experience ha realizzato i gusci a tre strati con la tecnologia Eco Tecno Shell™: totalmente eco-compatibili grazie all'eliminazione totale di PTFE, PFC e di ogni componente e trattamento a base di fluorocarburi.

Eco Tecno Shell™ technology shells are born from the continuous research process in our R&D departments, committed to create innovative and high-performance products for athletes and mountain lovers while respecting the environment that surrounds us.

It is a constant and ambitious evolution that requires continuous research for materials and reliable partners capable of combining in a functional manner the quality, durability, and eco-compatibility of our products.

*That's why at Rock Experience the term "evolution" translates as **"RE.VOLUTION PROJECT"**, and is translated into products designed for both man and the environment, minimizing environmental impact. That's why, in collaboration with its supplier, Rock Experience has created three-layer shells using Eco Tecno Shell™ technology: is totally eco-friendly, PFC, PTFE and any fluorocarbon-based components and treatments free.*

Tessuto esterno anti-vento e idrorepellente 100% PTFE e PFC FREE

Fabrics are wind proof and water resistant 100% PTFE & PFC FREE

Membrana riciclata con colonna d'acqua 20.000 mm 100% PTFE e PFC FREE

Recycled membrane 20000 mm water columns (UNI EN ISO 811) 100% PTFE & PFC FREE

Tessuto laminato intero: eccellente traspirazione e perfetto controllo del comfort climatico 100% PTFE e PFC FREE

Guarantees optimal breathability and dynamic climate control 100% PTFE & PFC FREE

La tecnologia **Eco Tecno Shell™**, è una membrana idrorepellente e traspirante sviluppata da Rock Experience.

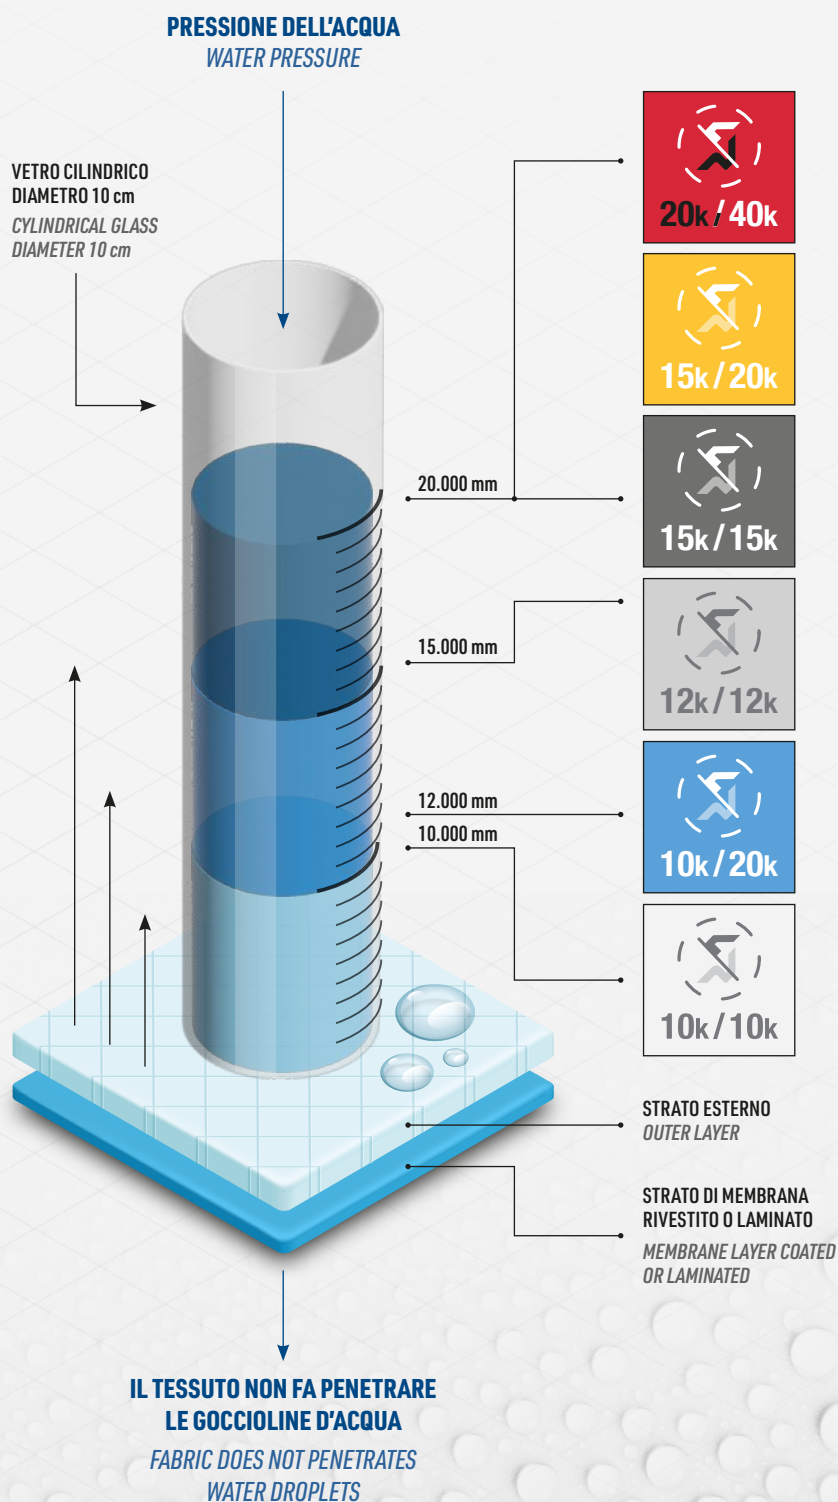

Le proprietà:

- altamente traspirante;
- idrorepellente: tessuto con colonna d'acqua pari a 20.000 mm;
- garantisce massima protezione dagli agenti atmosferici;
- completamente PFC Free.

Eco Tecno Shell™ technology, is a water-repellent and breathable membrane developed by Rock Experience.

Properties:

- Highly breathable;
- water-repellent: fabric with 20.000 mm water column feature;
- maximum protection from rain and wind;
- eco-compatible PFC free fabrics.

A person stands on a rocky peak in a dark, rugged landscape. A large, vibrant red digital wave, composed of a grid of dots and lines, flows across the upper half of the image. The overall color palette is dominated by deep reds and blacks.

SYNCRO LINE

NEXT GENERATION PERFORMANCE

La **SYNCRO LINE** è la linea di abbigliamento pensata per rivoluzionare gli standard del settore outdoor. Progettata per gli amanti dell'alpinismo e delle attività all'aria aperta, unisce **innovazione tecnologica, performance e comfort**, offrendo capi che assicurano protezione dagli agenti atmosferici e si adattano perfettamente a ogni movimento e condizione climatica.

Ogni capo della linea è studiato per garantire il **massimo equilibrio tra protezione, leggerezza e traspirabilità**. Il cuore del progetto è la gestione dell'aria: tecnologie avanzate regolano il flusso d'aria tra i tessuti, creando un microclima ideale che mantiene il corpo sempre asciutto e alla temperatura ottimale durante l'attività.

Alla base della SYNCRO LINE ci sono tre tecnologie chiave:

*The **SYNCRO LINE** is the clothing line designed to revolutionise standards in the outdoor sector. Designed for lovers of mountaineering and outdoor activities, it combines technological innovation, performance and comfort, offering garments that provide protection from atmospheric agents and adapt perfectly to every movement and weather condition.*

*Each garment in the line is designed to guarantee the **maximum balance between protection, lightness and breathability**.*

At the heart of the project is air management: advanced technologies regulate the flow of air between fabrics, creating an ideal microclimate that keeps the body dry and at the optimum temperature at all times during activity.

At the heart of the SYNCRO LINE are three key technologies:

HOLESNET

THERMAL BALANCE

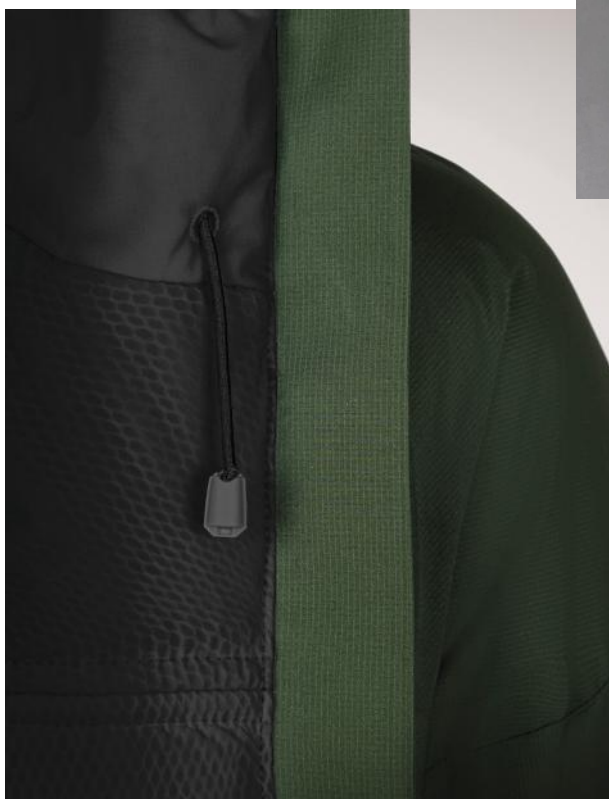

AIR MESH PADDED JACKET

Con la rivoluzionaria imbottitura Air Mesh 3D, questa giacca garantisce un'eccezionale bilanciamento tra protezione e prestazione. La struttura innovativa favorisce un'elevata traspirabilità, mantenendo il corpo asciutto e alla giusta temperatura.

With its revolutionary Air Mesh 3D padding, this jacket guarantees an exceptional balance between protection and performance. The innovative structure promotes high breathability, keeping the body dry and at the right temperature.

for front body, back body, yoke
and central stripe of hood

Microripstop nylon
100% PA 53 gsm

Test di mantenimento del CLO* e del PESO

Il test è stato condotto immergendo i tre campioni di imbottitura in acqua, per poi sottoporli a una breve centrifuga a freddo. Questa procedura ha permesso di valutare la capacità dei materiali di resistere all'umidità e alle sollecitazioni meccaniche, simili a quelle a cui potrebbero essere esposti durante l'uso.

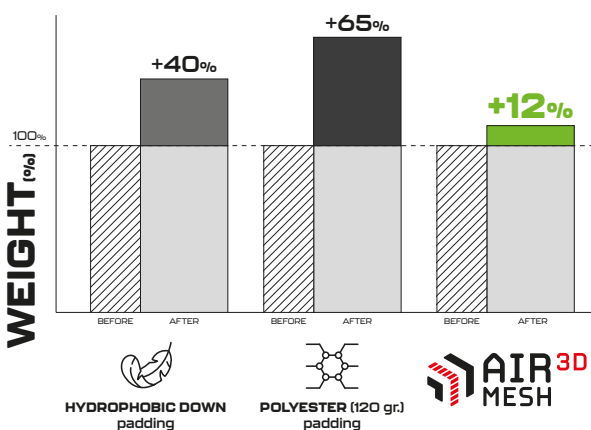

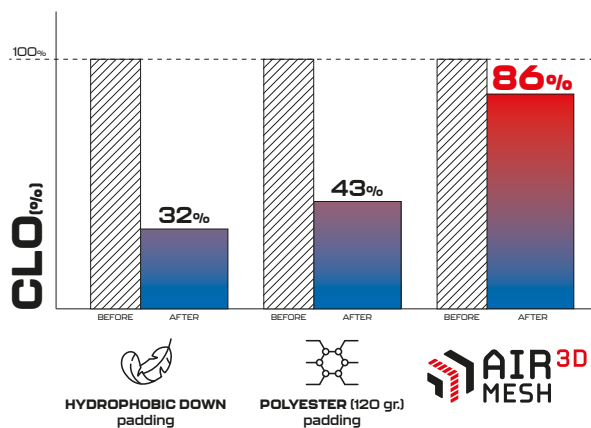

CLO* and WEIGHT maintenance test

The test was conducted by immersing the three upholstery samples in water and then subjecting them to a short cold centrifuge. This procedure made it possible to assess the ability of the materials to resist moisture and mechanical stresses, similar to those to which they might be exposed during use.

Una tecnologia innovativa che utilizza una **struttura a maglia tridimensionale** per ottimizzare il **ricircolo dell'aria** e garantire una **memoria attiva** del materiale. Questa **imbottitura** offre un'elevata **stabilità in termini di CLO e peso**, mantenendo le sue prestazioni costanti indipendentemente dalle condizioni meteo o dall'intensità dell'attività fisica.

*An innovative technology using a **three-dimensional mesh** structure to optimise **air recirculation** and ensure **active material memory**.*

*This padding offers high stability in terms of **CLO and weight**, keeping its performance constant regardless of weather conditions or intensity of physical activity.*

* Il CLO (Clothing Level of Insulation) è un'unità di misura che quantifica l'isolamento termico fornito dagli indumenti.

* The CLO (Clothing Level of Insulation) is a unit of measurement that quantifies the thermal insulation provided by clothing.

COMFORT & FLEXIBILITY

La tecnologia DOUBLE WAVE permette di avere capi leggeri, resistenti e versatili: pensati per seguirti ovunque, dalle escursioni in montagna alle giornate fuori città. Comfort, protezione e libertà di movimento sempre con te.

DOUBLE WAVE technology allows for lightweight, durable and versatile garments: designed to follow you everywhere, from hiking in the mountains to days out of the city. Comfort, protection and freedom of movement always with you.

Grazie a un **design a doppia onda** che prevede l'utilizzo in sincronia di due diversi tessuti, questa tecnologia bilancia perfettamente **elasticità e robustezza**.

Il risultato sono capi che seguono il movimento naturale del corpo, offrendo il miglior rapporto tra **protezione e traspirabilità**, **isolamento e peso**.

*Thanks to a **double-wave design** that provides two fabrics working in sync, this technology perfectly balances **elasticity and strength**. The result are garments that follow the natural movement of the body while ensuring durability even in the most extreme conditions.*

Pag. 164/165

SCRAMBLER FAST con ripstop esterno e una mesh molto leggera internamente assicurano una ventilazione ottimale, favorendo la massima traspirabilità anche durante l'attività fisica intensa. Una combinazione che rende la giacca **SCRAMBLER FAST** la scelta ideale per correre o muoversi agilmente.

***SCRAMBLER FAST** with ripstop on the outside and a very light mesh on the inside ensure optimal ventilation, providing maximum breathability even during intense physical activity. A combination that makes the **SCRAMBLER FAST** jacket the ideal choice for running or agile movement.*

NEW

PROTECTION & LIGHTNESS

FOR ALL SEASONS

TIOGA JACKET
MAN/WOMAN

**SOUTH FACE
HOODIE**
MAN/WOMAN

La giacca ibrida South Face è perfetta per tutte le tipologie di attività outdoor grazie alla sua composizione tra pile e tessuto ripstop, che ne garantisce traspirabilità e aiuta a trattenere il calore corporeo, allontanando l'umidità.

The South Face hybrid jacket is perfect for all types of outdoor activities thanks to its composition of fleece and ripstop fabric, which guarantees breathability and helps retain body heat, wicking away moisture.

Giacca per utilizzo escursionistico resistente al vento, sfrutta la capillarizzazione inversa del tessuto grid per fornire un capo utilizzabile come secondo strato nei periodi più freddi e come insulation nelle mezze stagioni.

A wind-resistant jacket for hiking use, it utilises the reverse capillarisation of the grid fabric to provide a garment that can be used as a second layer in colder periods and as insulation in mid-season.

Una **struttura a griglia** che migliora la **ventilazione** e l'**elasticità**, assicurando una gestione ottimale del microclima corporeo. La tecnologia GRID FLOW permette di ridurre al minimo il peso e l'ingombro, rendendo il capo confortevole e pratico da indossare a lungo.

A **grid structure** that improves **ventilation** and **elasticity**, ensuring optimal management of body microclimate. GRID FLOW technology minimizes weight and bulk, making the garment comfortable and practical to wear for a long time.

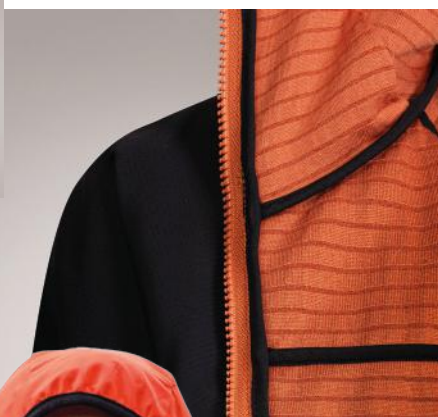

SOUTH FACE HYBRID VEST

CODE:
MAN - **REMVO2021**
WOMAN - **REWV00961**

Pag. 42/43

Il **SOUTH FACE VEST** mantiene tutte le caratteristiche avanzate della giacca South Face Hoodie ma in una versione senza maniche, ideale come secondo strato nelle giornate più fresche o come insulation versatile durante la primavera e l'estate.

*The **SOUTH FACE VEST** retains all the advanced features of the South Face Hoodie but in a sleeveless version, ideal as a second layer on cooler days or as versatile insulation during spring and summer.*

Tecnologie applicate

Icons system

Rock Experience ha da sempre l'obiettivo di fornire i migliori prodotti per chi vive la montagna in ogni situazione. A ogni esigenza corrisponde un prodotto con caratteristiche tecniche specifiche. La seguente simbologia aiuta a identificare i principali plus di ogni capo della collezione.

Rock Experience has always aimed to provide the best products for those who experience the mountains in any situation. For every need corresponds a product with specific technical characteristics. The following symbology helps to identify the main pluses of each garment in the collection.

WATER REPELLENT

Il tessuto di questo capo ha un trattamento WATER REPELLENT, che permette all'acqua di scivolare sulla sua superficie senza penetrare.

The fabric of this garment has a WATER REPELLENT treatment, which allows water to slide over its surface without penetrating.

4WAYS STRETCH

Questo capo è progettato con un tessuto elastico in quattro direzioni, con lo scopo di adattarsi alle forme del corpo e garantire la massima libertà di movimento.

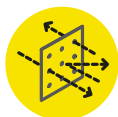

This garment is designed with a four-way stretch fabric, with the aim of adapting to the shape of the body and guaranteeing maximum freedom of movement.

ODOR FREE

Il tessuto con cui è realizzato questo capo ha un trattamento ODOR FREE, che blocca lo sviluppo dei batteri che causano cattivo odore, senza interferire con la naturale traspirazione del corpo.

The fabric used to make this garment has an ODOR FREE treatment, which blocks the bacteria that cause odour, without interfering with the body's natural breathability.

HOLESNET

Questo capo è realizzato con un'imbottitura che assicura un'equilibrio perfetto tra calore e traspirabilità. Una rete di piccoli fori permette una maggiore aerazione, aumentandone la traspirabilità senza diminuirne la capacità termica. Questa imbottitura conferisce al capo performance e comfort adatti a tutte le attività aerobiche, anche ad alta intensità.

This garment is made with a padding that ensures a perfect balance between warmth and breathability. A network of small holes allows greater ventilation, increasing breathability without decreasing the thermal capacity. This padding gives the garment performance and comfort suitable for all aerobic activities, even at high intensity.

GRUPPO RAGNI CAI LECCO

Questo capo è il risultato della collaborazione con il gruppo alpinistico Ragni di Lecco: un capo tecnico che unisce funzionalità, resistenza e leggerezza, pensato per affrontare le sfide verticali con la massima affidabilità.

This garment is the result of the collaboration with the mountaineering group Ragni di Lecco: a technical garment that combines functionality, resistance and lightness, designed to face vertical challenges with maximum reliability.

OCTOPUS

La mesh OCTOPUS utilizzata in questo capo è realizzata con una fibra di poliestere con una sezione a croce con otto sporgenze attorno a una fibra cava. Il materiale risulta estremamente leggero, funzionale nell'assorbimento del sudore e con un'elevata capacità termica.

The OCTOPUS mesh used in this garment is made from a polyester fibre with a cross section with eight protrusions around a hollow fibre. The material is extremely light, functional in absorbing sweat and with an high thermal properties.

WOOL RICH BLEND

La lana merino è un materiale molto leggero e confortevole. Possiede tutte le caratteristiche positive della lana e protegge il corpo dalle basse temperature. Merino è anche un tessuto traspirante e morbido al tocco con elevate proprietà di termoregolazione. Il tessuto misto lana previene il restringimento mantenendo le stesse proprietà della pura lana.

Merino wool is a lightweight and comfortable material. It has all the benefits of wool and protects the body from low temperatures. Merino wool is also a breathable and soft touch fabric with high thermoregulation properties. The wool blend fabric prevents shrinking whilst maintaining the same properties of pure wool.

SEAM TAPED

Capi impermeabili con cuciture sigillate mediante l'utilizzo di un nastro adesivo termosaldabile che, applicato con il calore, impedisce all'acqua di infiltrarsi attraverso le cuciture, garantendo una protezione completa senza compromettere traspirabilità e leggerezza.

Waterproof garments with taped seams using an heat-sealable adhesive tape that, when applied with heat, prevents water from infiltrating through the seams, ensuring complete protection without compromising breathability and lightness.

NATURAL INSECT REPELLENT

A questo capo è stato applicato un repellente per insetti a base di oli naturali, conforme alla normativa EU 528/2012. Il trattamento è atossico e inodore per gli esseri umani, ma risulta sgradevole per zanzare, zecche, mosche e molti altri parassiti. L'efficacia del trattamento può ridursi dopo ripetuti lavaggi.

An insect repellent based on natural oils has been applied to this garment, which complies with EU regulation 528/2012. The treatment is non-toxic and odourless for humans, but is unpleasant for mosquitoes, ticks, flies and many other pests. The effectiveness of the treatment may diminish after repeated washings.

OUTDOOR

Ogni giorno il motore che ci spinge verso la crescita e nuovi obiettivi è l'amore per quello che facciamo e quello in cui crediamo ed è per questo che Rock Experience non si è mai fermata. Dalla sua fondazione, nel 2013 a Lecco, la nostra mission aziendale è semplice: produrre e creare prodotti di alta qualità in termini di materiali, di costruzioni e funzionalità con una attenzione sempre più rivolta alla salvaguardia del nostro Pianeta. Il raggiungimento della sostenibilità è un processo complesso e lungo che possiamo paragonare alla salita di una grande montagna. L'acclimatamento è stato fatto e ora vogliamo puntare alla vetta. Non vediamo la meta come un punto di arrivo, ma un passo in più oltre la vetta.

Every single day the engine pushing Rock Experience towards new objectives is the love we feel for what we do and believe in and this is why Rock Experience never ever stopped. Since its foundation, back in 2013 in Lecco, our corporate mission has always been very simple: creating and manufacturing high quality products as for materials, constructions and functionality, always focused on firmly protecting our Planet. Achieving sustainability standards is a long lasting and complex process we can easily compare to high mountain climbing. The acclimatization period is over and now the time to reach the top has finally come. Our company goal is not a mere point of arrival but just a step forward towards the peak.

AIR MESH PADDED MAN JACKET

AIR MESH 3D

- Revolutionary jacket engineered with an active padding, extremely breathable that ensures isolation even when it is completely wet.
- The special 3D AIR MESH padding retains memory and prevents the formation of thermal bridges to the outside. It is 2 way stretch and it is combined with mechanical stretch lining and outer shell. The result is a remarkable flexibility due to the sync action between shell, lining and insulation
- Breathability and comfortable fit is due also to the padding body mapping. HolesNet, poly padding with perforations, used on sleeves, side panels and hood side panels allows air circulation.
- This jacket is a middle weight suitable both as belay jacket or to be worn under hard shell
- Helmet compatible and integrated hood with drawstring on front and back
- Preshaped sleeves
- Bottom garment drawstring

LOGO WEAR

Nella linea Logowear la praticità incontra la versatilità con una vasta gamma di capi progettati per aggiungere stile alla tua vita quotidiana. Con Logowaer, non si tratta solo di indossare un capo d'abbigliamento, ma di esprimere la propria personalità attraverso una palette di colori distintivi scelti con cura per evocare la calma dei paesaggi naturali, le sfumature della terra e delle sue meraviglie naturali.

Ogni capo della collezione è stato attentamente progettato per garantire non solo uno stile distintivo, ma anche un comfort eccezionale. Utilizzando esclusivamente materiali selezionati con cura per la loro morbidezza e pienezza al tatto, ogni capo della linea Logowear assicura una sensazione di comfort e benessere ogni volta che viene indossato.

In the Logowear line, practicality meets versatility with a wide range of garments designed to add style to your daily life. With Logowaer, it's not just about wearing a garment, it's about expressing your personality through a distinctive colour palette carefully chosen to evoke the calmness of natural landscapes, the nuances of the earth and its natural wonders. Each garment in the collection has been carefully designed to ensure not only a distinctive style, but also exceptional comfort. Using only materials carefully selected for their softness and fullness of touch, each garment in the Logowear line ensures a feeling of comfort and well-being every time it is worn.

SPAGHETTI BOULDER

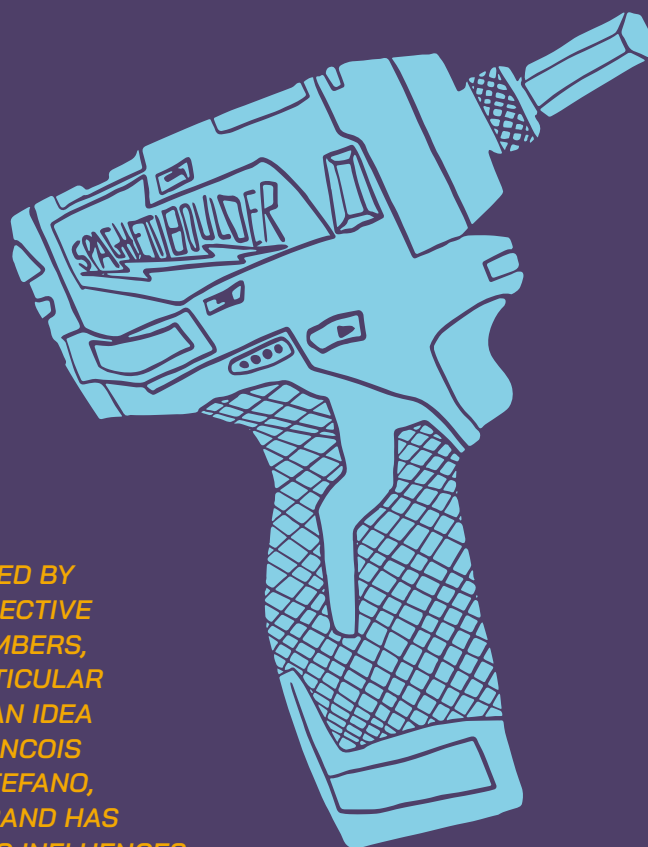

ITALIAN
BOULDER
CULTURE

FONDATA DA UN COLLETTIVO DI ARRAMPICATORI, IN PARTICOLARE DA UN'IDEA DI FRANCOIS E STEFANO, IL BRAND PRESENTA FORTI INFLUENZE DERIVANTI DAL MONDO DELLO SKATEBOARD E DEL SURF; QUESTA NUOVA WAVE SI È FIN DA SUBITO AFFERMATA NEL MONDO DELL'ARRAMPICATA. SPAGHETTI BOULDER NON VUOLE SEMPLICEMENTE RAPPRESENTARE L'ARRAMPICATA, VUOLE ESSERE UN VERO E PROPRIO STILE DI VITA. IL SOGNO DI POTER MISCELARE LE DISCIPLINE SPORTIVE DELL'OUTDOOR, TRA CUI ANCHE SKATEBOARD E SURF, CON LA LIFESTYLE AD ESSE ASSOCIATA, È OGGI UNA REALTÀ SOTTO UN MARCHIO COMPLETO E INNOVATIVO.

«Abbiamo scelto questo nome proprio per enfatizzare l'idea di una Italian boulder culture. La nostra penisola non solo conta numerose zone iconiche per l'arrampicata ma è anche la culla di arrampicatori oggi diventati leggende. La moderna concezione di questo sport, la naturale predisposizione e l'offerta del nostro territorio hanno acceso i riflettori sull'Italia. Oggi, infatti, la voglia di integrazione sia nel tessuto nazionale che nella cultura made in Italy del turismo sportivo è sempre più presente e costante, anche per questo, la nostra visione, non solo di business, si concentra su questo punto cardine. L'idea di poter indossare un concetto, un'identità e una cultura è stata la nostra fonte di ispirazione e principale obiettivo di questa capsule collection».

FOUNDED BY A COLLECTIVE OF CLIMBERS, IN PARTICULAR FROM AN IDEA OF FRANCOIS AND STEFANO, THE BRAND HAS STRONG INFLUENCES FROM THE WORLD OF SKATEBOARDING AND SURFING; THIS NEW WAVE HAS IMMEDIATELY ESTABLISHED ITSELF IN THE CLIMBING WORLD. SPAGHETTI BOULDER DOES NOT SIMPLY WANT TO REPRESENT CLIMBING, IT WANTS TO BE A REAL LIFESTYLE. THE DREAM OF BEING ABLE TO MIX OUTDOOR SPORTS, INCLUDING SKATEBOARDING AND SURFING, WITH THE LIFESTYLE ASSOCIATED WITH THEM, IS NOW A REALITY UNDER A COMPLETE AND INNOVATIVE BRAND.

'We chose this name precisely to emphasise the idea of an Italian bouldering culture. Our peninsula not only has many iconic climbing areas but is also the cradle of climbers who have become legends today. The modern conception of this sport, the natural predisposition and the offer of our territory have turned the spotlight on Italy. Today, in fact, the desire for integration both in the national fabric and in the made-in-Italy culture of sports tourism is ever more present and constant, which is why our vision, not just business, focuses on this pivotal point. The idea of being able to wear a concept, an identity and a culture was our source of inspiration and the main objective of this capsule collection'.

RACE

Nel mondo della corsa trail, ogni passo è una sfida e ogni sentiero un'opportunità. La linea Race è stata progettata pensando agli atleti che cercano la massima performance senza compromessi e desiderano sentirsi leggeri e liberi durante le gare. I capi della linea Race sono stati concepiti per offrire il massimo delle prestazioni senza appesantire l'allenamento o la competizione. Materiali tecnici e traspiranti sono alla base della linea Race, garantendo comfort e libertà di movimento anche nelle condizioni più estreme.

In the world of trail running, every step is a challenge and every trail an opportunity. The Race line has been designed with athletes in mind who seek maximum performance without compromise and want to feel light and free during races.

The garments in the Race line are designed to offer maximum performance without weighing down training or competition. Technical and breathable materials form the basis of the Race line, guaranteeing comfort and freedom of movement even in the most extreme conditions.

FOOTWEAR TECHNOLOGIES

Il segreto delle prestazioni di Vibram è la combinazione ottimale di design iperfunzionale ed esclusivi composti di gomma. Da oltre 80 anni Vibram fornisce le suole più avanzate sul mercato. Le suole Vibram sono conosciute per l'uso in sport all'aperto come alpinismo, escursionismo, trail running, motociclismo, nonché per applicazioni casual e industriali. L'ottagono giallo Vibram è diventato il gold standard di qualità e prestazioni in tutto il settore calzaturiero.

The secret of Vibram performance is the optimal combination of hyperfunctional design and exclusive rubber compounds. For more than 80 years Vibram has been delivering the most advanced soles to the market. Vibram soles are known for use in outdoor sports such as mountaineering, hiking, trail running, motorcycling as well as for casual and industrial applications. The Vibram yellow octagon has become the gold standard of quality and performance throughout the footwear industry.

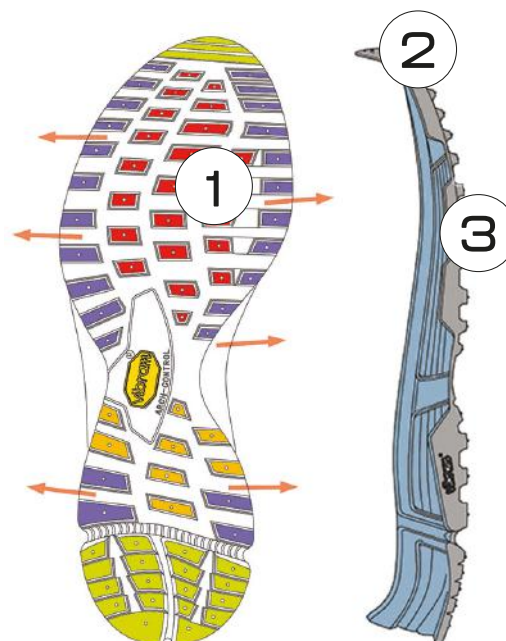

MULTI-SPORT

VIBRAM® EXMOOR

- 1 Self cleaning open design for TRACTION and SAFETY
- 2 Toe bumper for FOOT PROTECTION and GRIP
- 3 Vibram® XTREK compound, provides TRACTION and SENSIVITY

AUMENTA IL COMFORT NELLE NOTTI PIÙ FREDDHE

Aggiungi fino a 5°C di calore extra durante le notti più fredde con il nostro sacco lenzuolo Rock Boost Liner. Realizzato in poliestere ad alte prestazioni, migliora sensibilmente l'isolamento termico, portando il comfort a un livello superiore. Perfetto per chi cerca una soluzione leggera ma efficace per affrontare temperature più rigide, sia in tenda che in rifugio.

Add up to 5°C of extra warmth during the coldest nights with our Rock Boost Liner. Made of high-performance polyester, it significantly improves thermal insulation, taking comfort to the next level. Perfect for those looking for a lightweight yet effective solution for dealing with colder temperatures, whether in a tent or shelter.

BACKPACK VENTILATION SYSTEM

YELLOW VENTILATION

Schienale termoformato con canali di areazione e profili di contatto che garantiscono un perfetto controllo del carico. La costruzione ergonomica offre flessibilità e comfort in azione.

Thermo-formed foam with ventilation spaces and contact areas for outstanding movement control. The ergonomic construction provides flexibility and comfort in action.

FUCSIA VENTILATION

Schienale traspirante con una speciale costruzione in rete che assicura perfetto riciclo continuo d'aria prevenendo l'accumulo di calore. Comfort garantito da imbottitura ergonomica sui fianchi. Il telaio flessibile e leggero in metallo garantisce un fantastico comfort e stabilità nel trasporto.

Breathable System with special air mesh construction ensures that moist air can escape from three directions, preventing heat build up. For comfort, there are soft ventilation pads between the shoulder blades and on the hips as well as ergonomically shaped hip fins. A flexible, lightweight round spring steel frame forms guarantees fantastic carrying comfort and stability.

LIGHT-BLUE VENTILATION

Schienale super traspirante garantito da una combinazione di pannello in EVA preformato e canali di areazione ricoperti da una rete ultra traspirante. Distribuzione del carico e stabilità del bagaglio grazie al pannello dorsale ergonomico in polietilene integrato.

A super-breathable back ensured by a combination of pre-formed padding shaped vent channels and ultra-breathable mesh fabric. The back is supported by a internal polyethylene panel for improved load distribution and carrying stability.

ORANGE VENTILATION

Schienale traspirante con due profili sagomati in schiuma ricoperti da una mesh altamente traspirante per garantire flessibilità e una più confortevole distribuzione del carico. La superficie di contatto essenziale consente la massima ventilazione.

Breathable type back with two contoured foam profiles covered with a highly breathable mesh to guarantees flexibility and more comfortable load distribution. The minimal contact surface area of the profiled allows free air circulation.

GREEN VENTILATION

Schienale ergonomico, traspirante. Il tessuto reticolare a contatto offre una perfetta stabilità intorno in zona lombare assicurando un controllo e una dinamicità eccezionali. Struttura leggera.

Ergonomic, breathable, contact-type back system provides perfect adjustment and hold around the torso, for outstanding movement control and freedom. Lightweight structure.

REUBO3411 WALLRUNNER 35

ESPLORARE, VALORIZZARE E COSTRUIRE COMUNITÀ

Il **Discovery Tour**, sostenuto da Rock Experience, è un progetto intrapreso 3 anni fa **con l'obiettivo di esplorare e valorizzare nuove pareti e comunità** di arrampicatori.

La sua essenza in collaborazione con il gruppo alpinistico lombardo Ragni e i Bobo's dalla Sicilia, sta nella scoperta non solo di territori inesplorati, ma anche nell'incontro con nuove comunità e nell'arricchimento di territori con lo sviluppo di nuove falesie e comunità attraverso l'arrampicata.

I progetti più autentici non nascono da schemi rigidi, ma da intuizioni istintive. Proprio come un'opera d'arte che prende forma da sovrapposizioni spontanee, anche il **Rock Experience Discovery Tour** è nato così: da un'idea che ha trovato direzione nel tempo.

La prima tappa è stata a Stilo, in Calabria, dove fin da subito è emersa la volontà di collaborare con la comunità locale per lasciare qualcosa di concreto: una nuova falesia per le future generazioni.

Un intento che ha preso vita anche in Bulgaria, insieme ai Ragni di Lecco e all'Istituto Italiano di Cultura di Sofia, con Rock Experience al fianco del progetto come sponsor e sostenitore.

Il passo successivo è arrivato in Sicilia, con un approccio più libero e collaborativo. Per 30 giorni, gruppi come i **Bobo's**, i **Ragni** e i climber locali hanno lavorato fianco a fianco alla chiodatura di nuove pareti, in uno spirito che ricordava l'arrampicata degli anni '80. Un'esperienza ancora viva, che ha spinto Rock Experience a intervenire in modo più diretto e consapevole. Lo stesso spirito ha guidato la creazione della nuova falesia del Ferro, in Val di Mello: un progetto vicino, ma con una visione ampia.

Oggi, il Rock Experience Discovery Tour guarda al futuro con una visione più ampia. Non si tratta più solo di aprire nuove falesie, ma di **valorizzare i luoghi** in cui nascono. Attraverso azioni di comunicazione mirate e il **coinvolgimento diretto delle comunità locali**, il progetto punta a creare un impatto duraturo, sia dal punto di vista sportivo che turistico.

Grazie alla collaborazione tra i gruppi Ragni e Bobo's e alle realtà di scalatori locali, **Rock Experience vuole continuare a costruire un'eredità**: falesie attrezzate, territori valorizzati, comunità unite. **Un modello di sviluppo sostenibile e condiviso**, dove l'arrampicata diventa strumento di connessione, inclusione e crescita per tutti.

Falesia :

Aracnobobo's, Grotta Regina, Grotta degli Svizzeri Palermo, Italia

Falesia:

Il mulino Lakatnik, Bulgaria

Progetto:

È stata una collaborazione tra Ragni e l'istituto di cultura italiano di Sofia, alla base del progetto c'era la cultura del alpinismo (riconoscimento come patrimonio dell'UNESCO) come mezzo di aggregazione e possibilità turistica, la creazione di una nuova falesia ha avuto anche una collaborazione attiva con gli scalatori del posto, la struttura aveva anche alcune caratteristiche importanti è immersa in una zona dove ci sono altre falesie già frequentate a uno stile differente rispetto alle precedenti più "moderno" un'esposizione differente così da aumentare la frequentazione della zona e è raggiungibile da Sofia con mezzi pubblici quindi anche i ragazzi possono utilizzarla con un approccio Green.

Durata progetto:

18 giorni

Tiri chiodati:

50 tiri

Difficoltà:

dal 6A al 8A+

Spit messi:

700 golfari

Partecipanti:

Squadra chiodatura Giovanni Ongaro, Maurizio Tasca, Paolo Marazzi, Serafino Ripamonti, Simone Pedefferri, poi raggiunti da Luca Schiera e Luca Passini

Video e foto:

Michele Caminati

Progetto:

È stato il progetto di svolta a tutti i livelli sia di collaborazione di vivere in un luogo e dare un impulso alla scalata del posto è stata un'idea spontanea che ha creato una sinergia fantastica che poi è stata riportata nelle altre esperienze è stata appoggiata dal gruppo Ragni e poi compresa da Rock e ha voluto comunicarla con 4 filmati "L'Isola Verticale" e una serie di foto e articoli.

Durata del progetto:

30 giorni

Tiri chiodati:

50 tiri suddivisi in 3 falesie più qualche tiro in altri settori e una via lunga

Difficoltà:

dal 6B al 8B+ più alcuni progetti

Spit usati:

600 circa

Partecipanti:

Una dozzina di persone hanno contribuito provenienti da diversi gruppi, Ragni, Bobo's, comunità di Palermo e amici.

Video e foto:

Michele Caminati (effettuate successivamente al progetto con l'appoggio di Rock Experience)

Falesia:

Ferro Val di Mello, Italia

Progetto:

L'idea era di utilizzare il processo creativo usato a la Sicilia anche in una falesia nella zona proprio per lasciare un concetto fruibile vicino, il Ferro è una struttura in quota immersa nelle montagne con un accesso di tutto rispetto, per 2 anni una serie di persone si sono susseguite con me per creare la falesia, molte volte si trascorrevano più giorni tra chiodare e scalare dormendo sotto un enorme masso sotto la falesia, il tutto è creato in un posto magico dove la scalata è solo un aspetto di quello che vivi lassù è sicuramente il Ferro è una falesia particolare nel mondo della scalata.

Durata del progetto:

circa 30 giornate divise in 2 anni

Tiri chiodati:

40 tiri

Difficoltà:

dal 6A al 8C+ più alcuni progetti

Spit usati:

400

Partecipanti:

Davide Spini, Luca Schiera, Marco Giorgio, Nicolo Bartoli, Max Piazza, Simone Pedefferri

Video e foto:

Michele Caminati

Falesie:

Guri Radanis, Koli Gramshija, Qafe Priske Tirana, Albania

Progetto:

Ultimo progetto realizzato completamente appoggiato da Rock è stata l'evoluzione massima delle idee precedenti, racchiudere i 3 gruppi sponsorizzati dall'azienda Ragni, Bobo's, Gamma per un viaggio dove l'esplorazione e l'avventura sono alla base, la scoperta della gente, la collaborazione con gli scalatori del posto la chiodatura di 3 settori di grande qualità che daranno la possibilità di migliorare la scalata in Albania e un ritorno turistico possibile, è stata un'avventura unica e un grande risultato.

Durata del progetto:

20 giorni

Tiri chiodati:

50 divisi in 3 settori

Difficoltà:

dal 6A al 8A+ B più alcuni progetti

Spit messi:

650 circa

Partecipanti:

Ragni, Gamma, Bobo's

Video e foto:

Michele Caminati

Falesie:

La Cattedrale, San Giuseppe Jato, Sicilia, Italia Sicilia, Italia

Progetto:

Questa magnifica falesia immersa nella piana degli Albanesi nel cuore della Sicilia era da anni che la si osservava ma le sue gigantesche dimensioni non davano grandi possibilità per essere chiodata, troppo grande, troppo difficile! Con il progetto Discovery Tour di Rock Experience i 3 gruppi: Ragni, Gamma e Bobo's hanno deciso di intraprendere questa nuova avventura, e così è stato! Fra tutte le sfide di chiodatura questa è stata in assoluto la più tecnica per la complessità della falesia, con tiri impressionati fino a 60 metri, contornati da canne giganti in una struttura che ricorda una gigantesca cattedrale gotica immersi in un paesaggio spettacolare.

Durata del progetto:

14 giorni

Tiri chiodati:

30 tiri alcuni fino a 65 m + una via lunga di 5 tiri fino al 6A+

Difficoltà:

Dal 6A al 8B+ più alcuni progetti

Spit messi:

550 circa

Partecipanti:

Gruppo Ragni, Gamma, Bobo's, Climbing Sicily, Graffiti Climbing.

Video e foto:

Michele Caminati

Falesie:

Iron Feet e La Quercia nel canyon del fiume Una Bihac, Bosnia

Progetto:

In questo viaggio non vi è stato solo l'aspetto sportivo ma anche quello sociale, ovvero far crescere una comunità verticale ancora giovane, un aspetto che è stato al centro della spedizione. Obiettivo il proseguimento di un progetto iniziato anni fa grazie a Francesco e Open Medditeran, che avevano creato una palestra indoor, fino ad allargarsi all'aperto con la chiodatura di una falesia con alcuni scalatori italiani, i Ragni la piccola comunità del posto era entusiasta di tutti questi stimoli, quindi abbiamo pensato che il Discovery Tour potesse allacciarsi a questi valori e dare un enorme contributo e così è stato. Abbiamo continuato a valorizzare il territorio con due falesie e svolto corsi di formazione nella palestra Dalkja, con tracciature, allenamenti, manovre.

Durata del progetto:

10 giorni

Tiri chiodati:

30 tiri in due falesie Iron Feet e La Quercia

Difficoltà:

Dal 6A al 8B+ più alcuni progetti

Spit messi:

300 circa

Partecipanti:

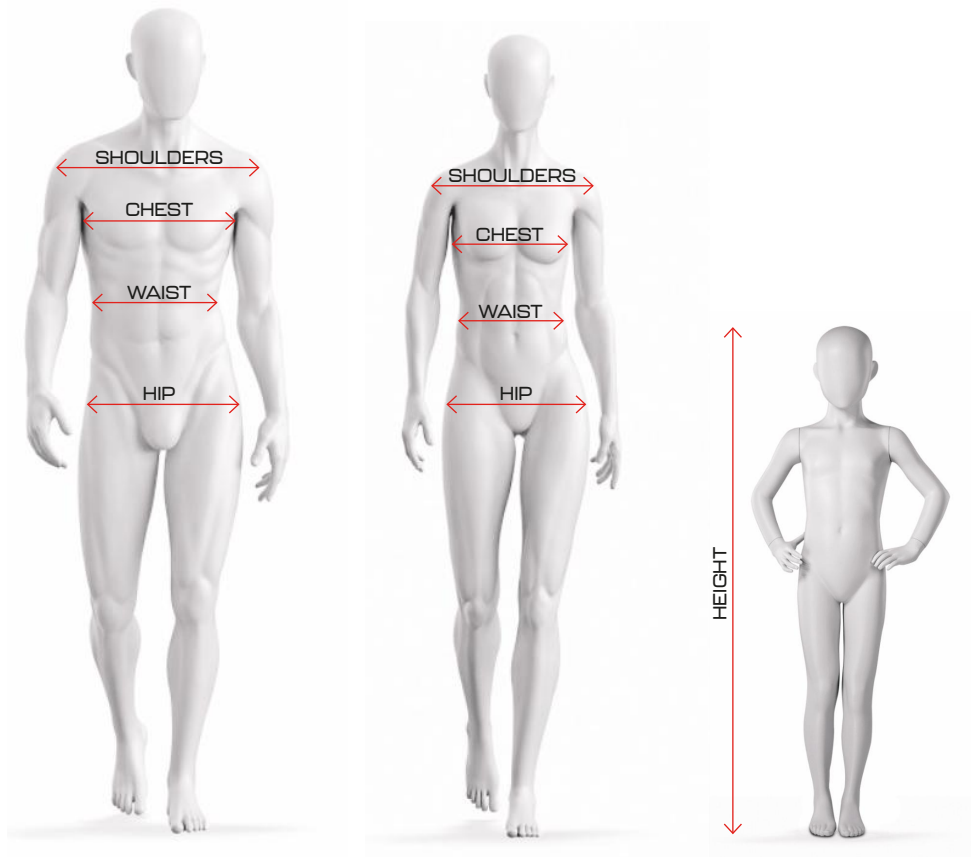

Gruppo Ragni, Gamma

Video e foto:
