## BALANCE IS THE NEW HUSTLE

Let's be real—burnout is common in beauty & barber school. Long hours, clients, family, friends and constant creativity can take a toll.

### 3 Simple Ways to Refill Your Cup:

- 1. Set Energy Boundaries:** It's okay to say no to overbooking and yes to your rest day.
- 2. Schedule Time to Practice—not Just Perform:** Skill practice is where confidence grows.
- 3. Digital Detox Sundays:** Give your eyes and mind a break from hair reels and scroll traps.

💡 Pro Tip: Self-care isn't selfish—it's your first form of professionalism.

## A New Chapter in Life and Wellness

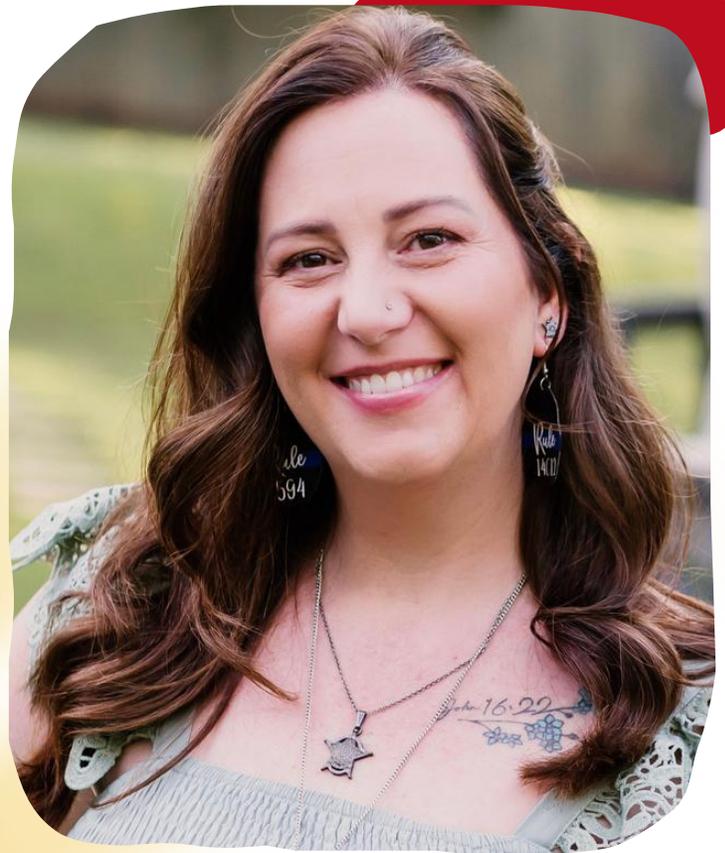

I am a 42-year-old mother, grandmother, and former educator who has also directed youth theatre. Five years ago, after facing the profound loss of my husband, I chose to step away from my career to focus on my new journey as a solo parent. Now, I find myself ready to embark on a transformative path of healing and self-discovery.

I am a lifelong learner with a keen interest in skincare, health, and spiritual wellness. I derive joy from the vibrant world of aesthetics and the beauty industry. My life experiences have instilled in me deep empathy, resilience, and a strong desire to help others feel rejuvenated and confident through skincare and wellness. As an esthetician, I eagerly anticipate providing my clients with the same revitalization that the industry offers me.

With over 31 years of experience in the medical field, I have built a notable career as a Certified Nursing Assistant, Surgical Technician, Certified Medical Assistant, Aesthetician, and Medical Healthcare Manager. Drawing on my extensive background and expertise,

In 2007, I was a timid 18 year old pregnant girl trying to power through cosmetology school. I panicked & questioned how I was going to support a baby being so young by doing hair in Edna.

Ogle School - Staford, Texas

In 2007, I was a shy 18-year-old, pregnant and enrolled in cosmetology school. I felt overwhelmed and wondered how I would support a baby while doing hair in Edna. I set that dream aside and chose a different path—thank you, Dr. Westbrook. It was also during this time that I met my best friend of 17 years, who is now my business partner, Kristen.

Fast forward a bit, and I had the wonderful opportunity to work with Cynful Makeup, assisting with makeup and hair on weekends for several years.

In December 2024, my friend Kristen, an Aesthetic Nurse Practitioner, launched Studio Seven Aesthetics—a unique vibe that Jackson County had never experienced before. Kristen and I both believe in the power of manifestation and often discussed the "what ifs" about working together again someday. As I grew older, my priorities shifted to a profound passion for skin care and self-care, which aligned perfectly with Kristen's vision.

Now, in my late 30s, that little baby is nearly 18. At the beginning of this year, an amazing opportunity arose in my job. With my family's support, I decided to trust the process.

On July 18, 2025, I finally completed my educational journey. After nearly two decades, I can check that box. Soon, after passing the State Board, I will be licensed in the great state of Texas.

Trust me when I say that ALL of my eggs are going into this basket. Kristen & I would love for you to come glow up with us soon!
