MAKING IT MEMORABLE

Add a memorable moment for your guests during your visit by including a unique element to your day with our experienced golf team:

Meet & Greet followed by Swing Checks

While your clients are taking a pre-round breakfast or lunch, one of our Pro's will welcome your group, talk them through what to expect from the course, share tips on how to shoot their best round and answer any questions your clients may have. Following this the Pro will be on the range prior to tee off, helping players individually in the area of their game they feel needs improvement.

1 Hour Non Golfer Clinic

While your golfing guests are on the course make sure to entertain your non golfing clients off the course. This experience is designed for the non golfer; the hour will be filled with lots of fun to bring out the early fundamentals of the golf swing and let everyone have the chance to enjoy the day.

Beat the Pro

On a selected Par 3 your clients will have the opportunity to challenge the Pro to closest to the pin. The Pro will present a prize to every golfer that beats them after the round.

1 hour Putting Competition

Starting out with an explanation and demonstration on putting, followed by a chance to put what you have learnt into practice before finishing up with a fun putting competition. This is a great experience that has all involved in a fun and relaxed manner.

*“The best finishing hole I have ever seen ...
and possibly the strongest and most exciting in the world”*

Sam Torrance,
Ryder Cup Captain 2002
