Developed with cutting edge technology, this ammunition redefines all quality standards of accuracy and consistency.

Explore the excellence and break all limits!

Flathead PREMIUM

Target Shooting

Ammunition aimed at professional athletes who seek the best result in any situation. It comes in calibers .177 and .22

Flathead START

Target Shooting

The entry level model of Flathead line. Aimed at shooters who seek for excellent cost-benefit but do not want to give up quality. Caliber .177

ROUND

Target Shooting Benchrest / Field Target

With the most traditional head shape of all, Round is one of the most accurate pellets in our portfolio. It comes in calibers .177, .22 and .25

POINTED

Target Shooting Field Target

With its aggressive head shape, Pointed is the favorite of a large number of shooters for its accuracy and piercing power. It comes in calibers .177, .22 and .25

THUNDER

Target Shooting
Benchrest / Field Target

Favorite of Benchrest shooters, this model stands out for its "right out of the tin and into the gun" consistency. It comes in calibers .177, .22 and .25.

Sport & Field

This high-accuracy and
quality series brings
assorted pellets for all air
guns, shooters and uses.

CUTTER

Target Shooting

Excellent choice for target shooters for their competitions and practice. Its ribbed walls give it a distinctive look. It comes in calibers .177, and .22.

DOME

Target Shooting Benchrest / Field Target

As its premium version Round, accuracy is its strongest feature. Its ribbed walls give it a strong personality. It comes in calibers .177 and .22.

SPIKE

Target Shooting Benchrest / Field Target

Pointed head and ribbed walls, accuracy and piercing power. It comes in calibers .177 and .22.

SUPER MAGNUM

Benchrest Field Target

Its domed head is its distinctive feature. Top choice in many markets for its accuracy, consistency, and impact power. It comes in calibers .177 and .22.

DESTROYER

Benchrest Field Target

Its distinctive pentagon shaped head with a central spear grants it piercing and expansion features. Accuracy, performance and style in one single product. It comes in calibers .177 and .22.

TITAN

Benchrest Field Target

Power and precision in caliber .25 and .30. Impressive accuracy for long distance shots with great impact.

QUALITY CONTROL

Strict quality control is what ensures each batch we make will meet our high quality standards. From the composition of the alloy to assessing shot groups, we apply our best people, technology, and effort to bring you excellence.

Slug Series

This series brings high quality slugs of several calibers and a large variety of weights. It's heavy ammo for your powerful air rifle!

SLUG HOLLOW POINT

**Benchrest
Field Target**

High BCs, heavy weights and accuracy for long distance shots with strong impact and expansion power.
Great range of weights and calibers.
It comes in calibers .177, .22, .25 and .30.

SLUG ROUND NOSE

**Benchrest
Field Target**

High BC, heavy weights and accuracy for long distance shots in caliber .35, with coated and uncoated versions.

Diabolo

PROMAX

Due to its extreme accuracy, consistency, and low price. Promax is an all-around pellet, as it's called by shooters, and best-value for your money. Available in caliber .22.

99%

Approved by
99% of shooters.

11.4
mm

Groupings of
11.4 mm at 25 m.

Diabolo^{STR}

High quality recreational pellets with the narrowest shot groups in the category. The traditional pellet that built the shooters trust in our name over almost 35 years remains a best seller.

New **European** Distribution Center

The increasing demand for our products in the European continent has prompted us to take this significant step. Our new distribution center on the continent brings us closer to our customers, enabling us to serve them more quickly and conveniently.

*Our products are available for immediate delivery in Europe.
