SCHOOL PROGRAMS SITES ARE BACK!

This fall, the Art Gallery of Ontario (AGO) makes great art accessible by offering even more opportunities for teachers and students across the GTA and Canada to connect with the museum.

AGO VIRTUAL SCHOOL PROGRAMS EXPANDING

Art education virtually! Starting October 12, the AGO's acclaimed Virtual School Programs return with more partners and more daily sessions, bringing live curriculum-based art education into classrooms across Ontario and the country – all free of charge. Led by AGO Art Educators, each daily session has a special theme. These curriculum-based conversations for JK to Grade 8 emphasize art, wellness and creativity – essential skills for young people's development.

IN-PERSON FIELD TRIPS AT THE AGO ARE BACK!

Starting September 27, new self-led tours for AGO Teachers' Access Program (TAP) members and their school groups are free, every Tuesday through Friday. Advance reservations are required. For this school year only.

Not a TAP member? Join today! Registration for AGO TAP is free with a valid Ontario College of Teachers (OCT) card or proof of full-time teacher status. AGO TAP Members receive free year-round admission to the museum, invitations to educator events, a monthly Educators' eNewsletter as well as resources and tools for use in the classroom.

GUIDED TOURS AND ARTMAKING SESSIONS

Beginning October 12, the AGO welcomes back JK to Grade 12 school groups for in-person guided tours and artmaking sessions. Engaging tours, led by AGO Art Educators, highlight the AGO Collection. Facilitated artmaking sessions are delivered in the beautiful Dr. Anne Tanenbaum Gallery School, where students can learn about techniques and processes in studio.

SHAW FESTIVAL 2023 SEASON

The Shaw Festival – the perfect intermission from life! Nestled in the heart of Niagara-on-the-Lake – a short and very lovely drive down the beautiful Niagara Parkway from Niagara Falls – The Shaw is one of North America's finest cultural attractions. Each year, from March to December, The Shaw offers an eclectic array of award-winning musicals, family-friendly offerings, quirky comedies, bold dramas, sweeping classics and thrilling whodunits along with concerts and events in the fresh air, part of our Outdoors @ The Shaw offerings.

The Shaw Festival's 2023 Season features 14 productions presented in the Festival's three theatres. Highlights includes: Prince Caspian by C.S. Lewis - the chronicles of Narnia continue, this time in the more intimate Royal George Theatre. The Apple Cart, a political comedy by none other than Bernard Shaw, the Festival's namesake. Stephen Sondheim's Gypsy, often considered the greatest musical of all, featuring Momma Rose, the original stage mother. Blithe Spirit, Noël Coward's charming drawing room comedy featuring one of his best characters, Madame Arcati. The Shadow of a Doubt, a lost play by Edith Wharton. And so much more, all leading up to the holiday season when Charles Dickens' A Christmas Carol and the beloved musical Brigadoon will grace our stages.

The Shaw also offers so much more beyond the stage experiences for students' enjoyment and to enhance their theatre outing ; Engaging backstage tours reveal the wide range of professions and careers in a theatre company as students check out what happens behind the scenes; fun, hands-on workshops led by Shaw professional artist-teachers; and post-show chats with actors. Also, video educational resources provide in-depth information prior to the theatre visit (available for select plays).

Looking for a full day or overnight visit, then package your theatre visit with Fort George and relive the sights and stories of Canada's history or stay overnight at Great Wolf Lodge for some waterpark fun! The Shaw can help you coordinate these school getaways with your students.

The Shaw Festival is a place where people who are curious about the world gather to share the unique experience of live theatre.

YOUNGPEOPLETHEATRE.ORG

Young People's Theatre (YPT) launches the next stage in the company's 57-year history, co-led by Indigenous artist and new Artistic Director Herbie Barnes, and Executive Director Nancy Webster. This new era also marks the unveiling of YPT's expanded and renovated theatre complex, more than 10 years in the making. As Canada's largest and oldest professional theatre for young audiences, the company produces and presents a full season of theatre and arts education programming, serving approximately 150,000 patrons annually. With the purchase of a multi-use building across the street from its historic theatre, YPT has expanded its footprint, increased its accessibility, refreshed its lobbies, and upgraded the theatrical equipment capabilities of its 450-seat Ada Slaight Stage and 115-seat Studio. United in vision, the two facilities now anchor the corner of Front and Frederick Streets in downtown Toronto creating Canada's largest theatre complex for young people.

YPT is staffed with professional artist educators who create programs and resources designed to connect the shows presented on stage to the Ontario curriculum, and fully engage students. These resources include complimentary study guides, play companion workshops, pre- and post-show Q&As with cast members, and teacher preview evenings. We are also thrilled to bring back last season's incredibly successful program: Indigenous Artists in Schools. In these engaging workshops, teachers and students learn about Indigenous culture directly from Indigenous artist educators through oral storytelling, dance and visual art.

The enriched learning experiences of YPT's Education and Participation Department provide young people with opportunities to develop their whole being. Learn more at youngpeopletheatre.org.

Brooks Farms

At Brooks Farms, children learn about grain seeds and their everyday uses, tour the barnyard to see farm animals and their habits, and take a wagon/train ride to see the entire farm operation.

They can explore the apple orchard, various fruit, vegetable, and grain fields, the sugar bush, and pick their own fruits and vegetables.

For the older children, explore a comparison of rural and urban life based on the unique perspective of farmers and farm life in the 21st century. As well, we will discuss the vast technology changes in farming over the years and investigate environmental issues such as climate change and its immense impact on growing food and healthy living.

Our indoor farmers market, café, and bakery are now open.

We have also extended our season with Festive Nights every weekend in mid November until the end of December.

Join Performing Arts Brampton for a full school year of fun and learning with Arts Adventures! This incredible education series provides opportunities for students to experience live performance that captivates, inspires, educates, and entertains.

We are back and beaming with excitement as we welcome both returning and first-time friends of Performing Arts to our programming. This season we are thrilled to welcome audiences to shows at two theatres: The Rose Brampton and LBP Brampton.

The Arts have always been an integral part of communication and education; a way to share histories, illustrate ideas, and establish collective understanding as a larger community. We aim to be both educational and entertaining. All shows offer curriculum connections and most come with study guides full of resources and activities educators can use before and after the show. Explore ideas and conversations in a way that engages your students' senses!

In addition to our line-up of shows for Kindergarten through Grade 12, we are pleased to bring you additional arts education programming for the upcoming school year. From the Centre Stage Conservatory, to the Heartbeats co-op program, to open mic opportunities and more, our programs venture into the community and provide a platform for your students to become the performers!
