BOARD

Buddha Board is inspired by the Zen concept of living in the moment. You simply paint on the surface with water and your creation will come to life in bold design. Then, as the water slowly evaporates, your art will magically disappear leaving you with a clean slate and a clear mind, ready to create a whole new masterpiece.

Buddha Board is environmentally friendly as it only uses water - no ink, no paint, no chemicals - and will last for years with proper care.

Master the art of letting go ... live for the moment and enjoy!

"Rarely has a nonfunctional design beguiled me as thoroughly as has Eric Thrall's Buddha Board, a playful expression of the Zen idea that manages to be evocative, amusing and elegant, all at the same time."

- Judith Arango - San Francisco Chronicle
