Diary of a Bee

age 5+

ILLUSTRATED BY Linh Dao
WRITTEN BY Štěpánka Sekaninová

SPECIFICATION: size 215 x 260 mm,
32 pages, hardcover

Presented through the diary of a bee named Matilda, this book answers common questions about bee life, roles and activities within the hive, making the mysterious world of bees accessible and engaging. Readers will learn about the different jobs bees do throughout their lives and the unique role of drone bees.

- ★ **DAY-BY-DAY EXPLORATION: JOURNEY THROUGH THE FIRST 35 DAYS OF LIFE OF A BEE IN A HIVE.**
- **FASCINATING FACTS: DID YOU KNOW THAT DURING THEIR LIFETIME BEES HAVE A SERIES OF DIFFERENT JOBS?**
- ◆ **LIFE LESSONS: COOPERATION AS A NATURAL PART OF A BEE BEHAVIOUR.**

DAY 4 IN THE HIVE

I feed others the whole day long and I also pack pollen brought by forager bees into the wax cells. I then add secretions from my glands, so that it starts to ferment. This preserves the pollen and it keeps for a long time. In the afternoon I had a little time to look outside... for the second time. There is nothing so lovely as a quiet meadow!

The world is busy and fragrant. I can't wait to see it!

To produce wax, bees use the building to build new cells. For a business, I heard that the wedding flight of the young queen and the drones is only two days away. That's why Victor is strutting proudly around the hive with his nose in the air.

DAY 35 IN THE HIVE

The big day has arrived! It's the day of the wedding flight. Victor is the youngest of all the drones, at only 19 days old, which is the minimum age to take part. They say that those drones that succeed in mating with the queen will not return to the hive, and having fulfilled their task they die. The others will fly back to us. I hope Victor comes back. I like his...

Trains

Long ago, the first locomotive was set down on a track before carrying its load to its destination at walking pace. Two centuries later, trains routinely race around the world at speeds of several hundred kilometres per hour. The book shows the very most interesting trains, including an enormous steam locomotive called Big Boy, the distinguished Orient Express, the shunter locomotive, and Japan's Shinkansen.
