

HIGHWAY POEM

Immortal bag man
God is a child out there
Pseudo fire
Dog fights in a park
Like unwanted drunks at a party
Damp towels rhyme with exhaust fan
Routine is key
I've lost my keys
Atonal life

Reticent is tantamount
to your opinion;
salacious sexual desire
cavorting dog

Megaladon with a hot glue gun

God is a rat

Good as a Buddha

Golden Memories Funerals

He's not Mandarin, he's a wrestler

Lifestyle bingeing

Bust of Beethoven in the bathroom

Highway poem duel

Life imbalance

Manet caught a cloud in a pond in 1903

There was a man's body found
drowned in my street

Original clouds

Fat Thic Vampires

Match made in Hell

This conch will not do

Trying to start the day like a
stubborn lawnmower

Wake up, defeat god

Fear Grime

Brontosaur

How can time simply exist for this
long?

I went back to nap like a slow
motion mouse trap.
