Company Profile 公司简介

Evereast Medical Products Group Co., Ltd was established in 2004 and located in Xinxiang City, Henan Province, the largest medical consumables manufacturing base in China. After 17 years' developing, Evereast Medical has grown into one of the leading healthcare solutions providers with 70000㎡ workshop and 60000㎡ 100 thousand grade clean workshop.

Evereast Medical specializes in research, production, and sales of disposable medical products in anesthesia, respiratory, airway, urinary and non-woven area. Our products are widely used in hospital, operation, therapy, emergency, clinical care and also in homecare.

With adequate production capacity, high quality control system has been designed and implemented to all aspects of our products, from designing to manufacturing and strict testing to ensure the integrity of our products. By advanced management and rigorous financial control, we can provide high quality products with reasonable prices to meet different demands of our customers. All of these have helped our products win a great popularity in international markets like Germany, Holland, Italy, Bulgaria, Turkey, Malaysia, Pakistan, Thailand, etc.

With the tenet of Better Quality, Better Service, Better Care, all of Evereast Medical's staff are dedicated to provide the best healthcare solutions for the whole world and become the leading medical products enterprise.

HONOR AND CERTIFICATION
