### On Our Cover...

... is **SHR WHISKEY GRAINS HANK Y DO YA DRINK**, a male Labrador Retriever. Owned by Collin Seyller. Photographed by Steffanie Seyller.

*"From the runt of the litter to the heart of every hunt, Hank's determination and loyalty run deeper than the waters he retrieves from. This image is proof that greatness isn't born, it's earned—one retrieve at a time."*

### Do You Want Your Retriever On the Cover?

We're always looking for cover photos for HUNTING RETRIEVER magazine. If you have a photo you feel is cover quality, please send it in. Following are the guidelines:

1. All dogs in the photo must be UKC registered.
2. Supply the following along with the photo - the owner's name, contact information and HRC membership number, dog's UKC registration number, and a short write-up.
3. If the photo was taken by a professional photographer, written permission to reprint must accompany the submission; for example, an email.
4. Vertically aligned photos are preferred. All photos must be in focus, of sharp resolution, and in color. Digital photos must be 600 dpi. Send your photos by mail to: HUNTING RETRIEVER Cover, 100 E Kilgore Rd, Kalamazoo MI 49002; email to: [huntingretrievermag@ukcdogs.com](mailto:huntingretrievermag@ukcdogs.com); or via the UKC website, <https://www.ukcdogs.com/cover-dog>.

## INHERENT RIGHTS AND POWERS OF UKC

*\*(Revised December 18, 2009)*

United Kennel Club holds and has reserved to itself certain inherent rights and powers in connection with conducting its business, registering litters, transferring registrations of dogs, licensing events, and awarding titles. These inherent rights and powers include but are not limited to the following:

United Kennel Club has the right to inspect all reports, scorecards and documents related to UKC events. Some, but not all, of the items subject to inspection are:

- a) scores;
- b) disqualifications of dogs for fighting or other reasons;
- c) errors by the recording person; and
- d) documentation excluded for any reason.

UKC reserves the right to correct any mistakes found during such inspection whether or not the document has the signature of a Judge or Club Officer.

UKC reserves the right to itself and in its sole judgement and discretion, to take such actions and impose such sanctions as would:

- a) Bar an individual from entering or participating in any way in any UKC licensed event.
- b) Bar an individual from transferring or registering any pups or dogs in that person's name (joint or full registration) or to any member of that person's family.
- c) Bar an individual from receiving Championship points for any dog registered in that person's name (joint or full registration).

By way of illustration, the following constitute some, but not all, of the situations calling for the above sanctions:

- a) Falsification or alteration of a UKC Registration Certificate, Pedigree, UKC Easy Entry™ Card or any other UKC document.
- b) Falsification or alteration of any reports of wins issued to UKC.
- c) Falsification or alteration of receipts issued by UKC Judges.
- d) Switching, wrongfully using or attempting to use a UKC Registration Certificate, Pedigree, UKC Easy Entry™ Card or any other UKC document.
- e) Selling or attempting to sell a dog with false or incorrect UKC Registration Certificate or Pedigree.
- f) Intimidating, threatening, or injuring a Judge, Club/Association member or official, event participant or spectator, or UKC representative.

The six illustrations given above are only by way of example and UKC reserves to itself its inherent right and power to impose such sanctions in any other circumstances deemed appropriate by UKC.

Any individual who is found guilty by a court of law of a crime involving dogs will be barred from United Kennel Club for an indefinite period. A person shall be considered guilty in a criminal proceeding if they are convicted by a judge, jury, or if they enter a plea bargain or other arrangement to plea to a lesser offense, or if their case is disposed of by any form of deferred adjudication; a person shall be considered guilty in a civil proceeding if they are held responsible or liable by a judge, jury, or if a compromised settlement is reached between the parties.

# A NEW CHAPTER FOR HUNTING RETRIEVER

Since 1984, *Hunting Retriever* has been recognized as a trusted source of hunt test reports, event coverage, and retriever information for Hunting Retriever Club members. Whether it arrived in your mailbox or found a spot on your workbench, tailgate, or coffee table, for over four decades, this magazine has connected the dogs, the people, and the sport we care so deeply about.

With this issue, we're turning the page on how that connection is delivered.

Firstly, we're moving to digital. *Hunting Retriever* will continue as a benefit to members and will remain a bimonthly publication. We'll continue to publish every other month to deliver retriever coverage throughout the year, now online in a digital format on our website to feature the same news, reports, updates, and stories you've come to know and trust. Expanding our digital delivery allows us to provide timely content more efficiently while adapting to the ways hunters and handlers read and engage with modern media. Most importantly, it allows us to keep our focus where it belongs: on the quality, relevance, and consistency of the coverage you depend on.

Nothing about the heart of *Hunting Retriever* is changing. You'll still find the same great event recaps,

region reports, results, standings, and retriever content you expect, now delivered in a format that's easier to access, easier to share, and always available wherever you are.

Scan the code below to visit and to bookmark our Hunting Retriever webpage:

Secondly, following this February/March issue, the magazine will move to a biannual print schedule, with printed editions dedicated to comprehensive coverage of the Spring and Fall Grand events. These two printed issues will allow us to preserve the tradition of commemorating the largest events in a keepsake format.

We're excited about the next chapter, and we're grateful to the loyal members who have supported this publication over the years. Your continued engagement ensures that *Hunting Retriever* remains a valuable resource for our community well into the future.

Thank you for reading, and we'll see you online.

#### MEMBERSHIP INFORMATION

The Hunting Retriever Club is composed of individuals and clubs interested in the improvement of the retrieving breeds, in the training and testing of Hunting Retrievers, in the awarding of Championships to those dogs that pass the testing program, and in the fellowship, cooperation and learning that can take place when people and dogs, rather than competing with each other, are working together to reach mutual goals of excellence.

The hunts have been designed to closely duplicate actual hunting conditions and situations. The training aspect of the program and the four levels of competition allow dogs and handlers at all levels of experience to learn, improve and work toward Championships.

Your membership includes a year's subscription (6 issues) to *HUNTING RETRIEVER*, a membership card and a copy of the *UKC/HRC Rules and Guidelines for Hunting Retriever Tests*. Domestic rates (U.S. and possessions) are \$25 a year, \$30 a year for a family; (\$17.50 per year is designated for the magazine subscription.) Dues cover a 12-month period. Happy 2026, everyone!

The new year has arrived, and the EC is working to finish up business and start new projects. We are looking forward to more growth and prosperity in HRC!

My hunting season has been limited this year, but I am hoping to finish out

with a bang! Watching a morning sunrise with your dog on a lake in a boat, or blind, does good things for your soul. Every day is a blessing, but a day duck hunting with your dog is a treasure.

Training my 1-year-old lab, Coma, has been somewhat challenging lately. She is very intelligent and loves to see exactly how far she can push the envelope with me. I've always heard that no two dogs are the same in training, and Coma is living proof. We're working hard on establishing teamwork. It's almost as if she's telling me she knows there are no "I's" in teamwork, but there is me. She's going to be a nice dog one day, and it's a marathon, and not a sprint, right?

I am honored to have five judging assignments this spring, and three of those are anniversary tests. Clubs seem to find a little extra energy, and everything feels a little different at an anniversary test. I am really looking forward to spending time in the chair with some of my old friends and meeting some new friends along the way! Have fun running your pups, and remember, we are all volunteers trying to make our game great.

HRC and UKC have enjoyed an outstanding and successful working relationship for over 40 years. Going forward, the management of UKC is asking for an agreement formally outlining and defining the roles and responsibilities of both UKC and HRC with respect to the administration, promotion, and operation of HRC events and activities. Subjects such as the Hunting Retriever magazine, field representative expenses, managing HRC events, and a UKC/HRC membership dues increase are major pieces of discussion in the agreement.

The Hunting Retriever magazine is solely owned and controlled by UKC. Proposed changes to the magazine to cut costs include editing, production, printing, and mailing, along with a reduction to a quarterly and/or digital format. HRC purchases advertising for our sponsors and provides magazine content from our members.

Mileage, food, and lodging reimbursements are necessary in most cases for the field representatives to do their jobs at hunt tests. Our field representatives are key ingredients in maintaining the standard and integrity we have set for our judges, handlers, and retrievers at hunt tests. UKC and HRC are currently splitting the field representatives' expenses 50/50. Going forward, UKC proposes that HRC pay 100% of the field representatives' expenses.

Our UKC/HRC membership dues are \$25.00 for a single membership and \$30.00 for a family membership, with UKC receiving \$17.50 and HRC \$7.50 for a single membership. We split the additional \$5.00 for the family membership. UKC has proposed an increase of \$5.00 in their portion of the membership dues to help cover expenses across the board.

UKC will continue to manage our events calendar, distribute event paperwork, process event results, maintain dog records, issue and mail title certificates, and produce our membership list.

The executive committee is working diligently with UKC to secure the best possible agreement for HRC and its members. I have asked UKC to allow us time to present the agreement to the board of directors at the national meeting in June for approval.

If you have any questions and/or concerns, don't hesitate to contact me.

God bless HRC, its members, and their dogs!

**Pat Johnson, Vice President**

Hope this article finds everyone doing well and that everyone had a great holiday season with family and friends. Hopefully, everyone has been able to go out and enjoy some hunting this year with their dogs. Our waterfowl season in Oklahoma hasn't been very good this year. I think possibly it had a lot to do with warmer temperatures up north, and the birds never came down. As I write this, we have a couple of weekends left, and then it will be back to training and getting ready for the upcoming test season. Have fun with your dogs and fellow HRC members at events.

I will be running my two younger dogs most of the spring as Jynx is still recovering from ACL surgery in November. She is 9 now, so we are going to go slow with recovery, and maybe this fall we can finish getting 500 points on her and let her do a little dove and duck hunting.

This year should be a great year for HRC. I am going to be judging quite a few Anniversary hunt tests this year, which is outstanding for these clubs that have kept together and continued to grow. I hope everyone has a great spring training and running hunt test this year. Just remember: When you are at an HRC test, show sportsmanship, treat each other with respect, and, most importantly, have fun with your dogs and fellow HRC members. Enjoy the spring, and safe travels to everyone.

**Sarah Krause, Secretary**

Happy Spring, everyone. We are starting to get ready for our annual Board of Directors meeting that will be June 12 & 13, 2026. Please update your club officers now so we have the correct President on file for your club. Not sure when you last updated it? Check the HRC website at [HRC.org](http://HRC.org) under the Clubs tab, and then Club Admin. Just look for the Club Officer Update link under Club Management.

As of this article, the Club Charter Fee invoices have been sent to all clubs and are due upon receipt.

Payment can be made by check or credit card. Clubs not paid by June 1, 2026, will be considered delinquent. Clubs with paid charters are eligible to hold hunt tests and to vote at the June Board of Directors meeting. If your club has not received the invoice, please check to make sure the information is correct that was updated on the HRC website, or contact me, Sarah Krause, at [Secretary@hrc.org](mailto:Secretary@hrc.org), or Tammy Cobb, our Administrative Coordinator, at [tcobb@hrc.org](mailto:tcobb@hrc.org).

On a personal note, my home club, Lone Star HRC, will be hosting our 40th Anniversary at the end of March in Bonham, Texas. We have been working hard to make this test as great as it can be. We will have great judges, great food, and great fellowship. We always look forward to our hunt tests. We get to see old friends and make new ones. Remember: This is HRC; A new friend today is a family member tomorrow. If you are in the area, come on by. Bring your dog. Let's run a hunt test. This is going to be one for the record books for sure. If I don't get to see you at a hunt test this spring, then I look forward to seeing you in June at the HRC Board of Directors meeting!

**Kristine Odden, Treasurer**

Greetings and Happy New Year! It's crazy to think we've finished another year and are beginning a new one. Reflecting on last year, it was definitely a good year full of activities! We had the privilege of traveling out of state again to judge several club hunt tests for anniversary and inaugural hunts.

Early in 2025, we stopped to visit an Upland test while on vacation. Spring and Fall found us on the road quite a bit, judging or working at hunt tests within our own Region 9A, neighboring Regions 9,

12, 13, 13A, and 8. It's always a joy to see old friends, but it's definitely lots of fun to meet a host of new friends from different regions! Another bonus last year was attending the Ladies Handler Seminar. I learned so much from the ladies who led the seminar, and also gained several new friends, with whom I still keep in touch today!

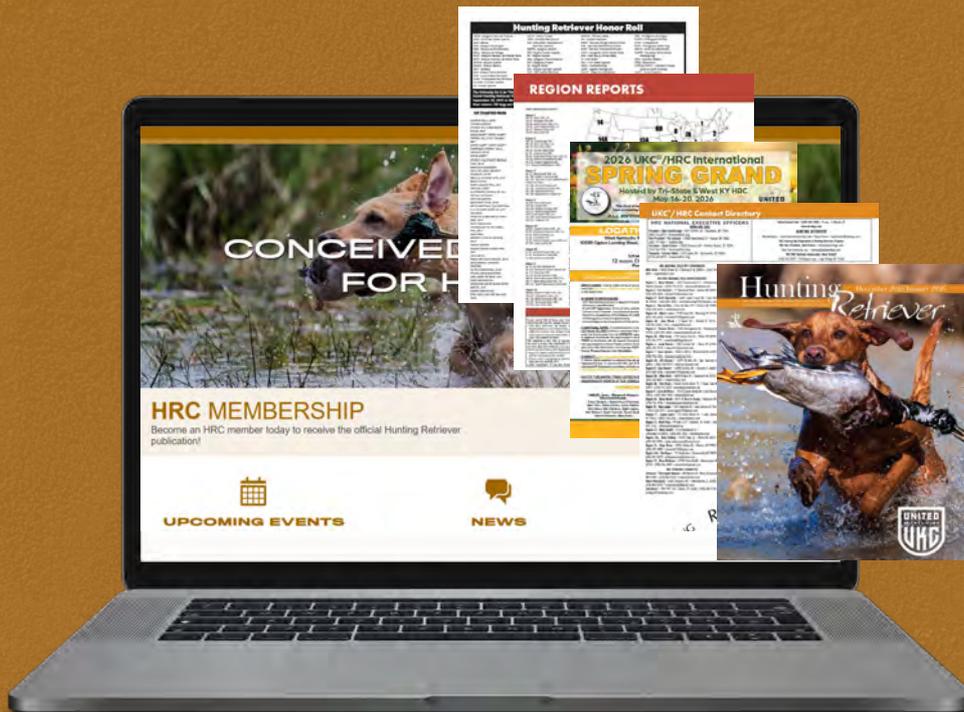

Towards the end of the year, my husband and I embarked on another journey with a new family member – our new pup, Jenny! She is full of energy (I forgot how energetic pups are!) and loves her big sisters! I can't say that love was reciprocated at first, but now they are all best buddies. We are slowly working on obedience and trying to build a strong foundation of learning (our goal), but if you see us out of control, well... we are both learning, haha! However, one of the greatest reassurances comes from knowing we have a wealth of knowledge to tap into within our own club, as well as the HRC community. I've always heard the saying, "It takes a village to raise a kid...", but I also believe it applies to our pups! But perhaps the greatest reward is the friends and relationships that are gained within this community – some of which are my closest friends now!

In closing, I just want to wish everyone a great year and look forward to seeing you – whether at the line, the national meeting, or the Grand!

Blessings!

# The Hunting Retriever Magazine is Making the Move to Digital!

*Hunting Retriever* will continue to be published as a bimonthly magazine to feature the same news, reports, updates, and stories you've come to know and trust, now in a digital format available on our website. We'll continue to print two issues each year to showcase Grand coverage, but now members can access retriever content and club information online, anytime.

**Opening date to enter will be March 9, 2026.**

REQUIREMENTS AND POLICIES FOR PARTICIPATING IN HRC INTERNATIONAL GRAND HUNTS

**THE PREMIUM REQUIRES THAT YOU HAVE READ AND UNDERSTAND THE FOLLOWING INFORMATION:**

**ENTRY FORMS:** must be made online at [www.HRCEntry.com](http://www.HRCEntry.com). The participant will have until **12 noon CST March 25, 2026** to enter to be eligible for entry in this Grand Hunt.

### **IN ORDER TO ENTER ONLINE:**

- HRC Membership number for both the Owner(s) and the Handler must be valid as of the entry deadline date.
- A valid UKC Registration at time of entry deadline.
- List only one (1) Handler - the individual actually handling the dog.
- Electronic acceptance of the Release of Liability and certifying the immunizations of the dog are current and appropriate.
- Acknowledgment and acceptance of the terms and conditions of refund policies.

**CONDITIONAL ENTRY:** A Conditional entry may be received on or before **12 noon CST March 25, 2026** without a dog acquiring the necessary 100 HRCH points to enter the Grand event. It is the **OWNER'S** responsibility to ensure that his/her dog is eligible to be entered. Any dog entered in the Grand that does not have 100 points **PRIOR** to the Grand, will not receive Championship Points or Grand Pass credit, if the dog passes the Grand. Please contact the Secretary to remove the conditional entry from the Grand Hunt. Entry fee less \$200 scratch fee will be refunded to the Owner. **Plaque fees are not refundable.**

### **ELIGIBILITY - It is the owner's responsibility to ensure that:**

1) His/her dog is eligible to be entered (has earned HRCH); 2) The Owner listed is the Registered Owner on record with UKC; and 3) Both the Owner(s) and Handler have provided HRC Membership numbers and both must be **valid as of the entry deadline date of March 25, 2026.**

**ANY OF THE ABOVE ITEMS LISTED IN ERROR SHALL PREVENT THE AWARDING OF POINTS AT THE CONCLUSION OF THE EVENT.**

**LOGISTICS:** Handlers choosing to travel in the same vehicle must make their own logistical arrangements in order for each handler to be at the appropriate series when it is their turn to run.

**FLIGHTS/RUNNING ORDER:** Handlers MAY request being in a Flight with someone else and all reasonable attempts will be made to honor the request. Handlers sequence preference of running their dogs will **NOT** be accepted. **No changes will be made after the deadline date.**

**SCRATCHES:** Scratches no longer require a Veterinarian's Certificate (Illness, Injury or Bitch in Season). **The Scratch fee is \$200.00 after the close of entries.** This fee is not imposed on scratches with replacement dogs. Scratches prior to the close of the entries are fully refundable less any processing fees. A dog that has been scratched can only be replaced from that handler's list of dogs. To replace the scratched dog, the handler/owner must fill out the form (on the next page) and submit to the Secretary. Plaque fees **are not** refundable.

### **Handlers - Check-In and Meeting: Friday, May 15, 2026**

Handler Check-in and Meeting - times will be announced at a later time.  
Bird ordering information will be posted on social media at a later date.

**COURSES:** Ducks, Chukars/Pheasants will be used in all hunts.

**PRIZES:** 40 United Kennel Club Championship Points

**ENTRY FEE: \$400.00**

**PLAQUES: \$42.00** Plaques of participation in the Grand Hunt are available by pre-order only and will be mailed directly to owner/handler by the company. The Grand is not responsible for the plaques. They are ordered through Entry Express. **Fees are nonrefundable for plaques ordered.**

# OFFICIAL NOTICE OF THE 2026 HUNTING RETRIEVER CLUB, INC. AND HRC FOUNDATION, INC. ANNUAL MEETINGS

The Hunting Retriever Club, Inc. and HRC Foundation, Inc. will host the 2026 meeting of their respective Boards of Directors on June 12<sup>th</sup> and 13<sup>th</sup>, 2026 in St. Louis, Missouri. The HRC, Inc. Board of Directors is comprised of the President of each HRC Club and the HRC Executive Committee. Each club is encouraged to send a club member or a designated delegate as proxy to represent their club. The meeting is open to all HRC members in good standing who are encouraged to attend.

Judges & Handler Seminar will be held on Friday, June 12th, 2026. This Seminar is open to the public.

**SHERATON WESTPORT PLAZA**  
900 Westport Plaza St. Louis, Missouri 63146  
Please make reservations by May 8, 2026, for discounted rate.

We are excited to once again be at the Sheraton Westport Plaza Hotel for our annual meeting! The hotel is located in the beautifully renovated Westport Plaza District and offers a variety of restaurants, shopping and entertainment venues within walking distance! Courtesy shuttle from the airport, as well as ample parking on site is available.

Registration information will be emailed to the Club President of record in April and links to online hotel reservations will be posted on the HRC website at that time.

**RESERVATIONS: 1-888-627-7064**

**DISCOUNTS:** to receive HRC's discounted group rate, you must register before the deadline and mention you are attending "*the Hunting Retriever Club event at the Sheraton Westport Plaza*".

**DISCOUNT DEADLINE:** May 8, 2026, for the group rate.

**QUESTIONS?:** Contact National Secretary, Sarah Krause if you need assistance or have questions, please email [secretary@hrc.dog](mailto:secretary@hrc.dog) or text **214-724-9724**.

# Final Retrieve

## In Memory of SHR Mowgli of the Mighty Mississippi ("Mowgli")

**Black Labrador Retriever Male**  
January 5, 2013 - August 25, 2025  
Owned by James Cropsey

Mowgli was much like many of the dogs of HRC. He never made it to the Grand; in fact, he never finished Seasoned. He wasn't special, but he was irrepressible, a 'force of nature'.

As a puppy, he was difficult to train. He wanted retrieves not treats! I knew my training abilities fell short when he completed his first hunting retrieve at nine months and promptly spat out the special reward. A Labrador that wasn't food-driven! That first season, he injured a rear hip and never let on because he wanted warm feathers in his mouth. When in his prime, one year I didn't fire a shot for the opening week of pheasant season, but I walked out with a limit each day!

I learned to research vets in the area where I was hunting. He might get injured, but he was going to bring that warm bundle of feathers back! Late one season, he dove after a cripple into a mess of Floribunda rose, the kind that'll tear off your clothes, and retrieved it, of course. I'd forgotten that episode until a friend reminisced about his Rex Specs because of that eye injury. He had so much drive that no obstacle would deter him, and no injury would stop him. This drive was problematic when a 100% chance of feathers presented itself, yet he'd sit and not even budge for an hour in the duck blind, or on the shore with his front paws in the water, all the better to get to the bird faster!

After his back healed from the first time he broke it, I hunted pheasants along a river where the current had undermined the bank, producing a nearly sheer drop of thirty feet in spots. Mowgli flushed a cock whose evasive tactic was to fly across the river over the cliff. I dropped it in the river. Mowgli

refused my over right command to a safer downgrade, diving with alacrity off the cliff. With trepidation as to what I might see, I cautiously approached the edge to find Mowgli in the river, standing on a sand bar, bird in mouth, tail wagging, looking up with a twinkle in his eye as if to say, 'Boy, that roller coaster ride was fun!'

If some other hunter's dog couldn't find a bird, I'd volunteer Mowgli. There's nothing he relished more than finding a duck after another dog put in a fruitless half-hour. Frequently, he'd bring it to that hunter in full view of the other dog. A test of whether or not a dog is worth breeding, in my opinion, is if fellow hunters want to breed to your dog. Such was the case with Mowgli, but the timing didn't work, so breeding is on ice for a later date and another female.

He had an expressive face. I'm sure he could smile. He had a twinkle in his eye and a funny way to bite his right lip and cock his head to the right when he was trying to discern the meaning of my words. He had me pegged. Yet, he frustrated me with never treading water for hand signals. When he was six, he came up lame hunting ducks in December. Not stiff tail, honest to God, LAME. After x-rays, the diagnosis was advanced osteoarthritis in that hip injured as a pup. I wondered aloud if this prevented him from treading water. The vet's response was, 'Can you tread water with just one leg?' Oh, did I mention he retrieved that duck from the far side of the ice-choked river on three legs? I didn't have the heart to send him, he just went! The vet recommended that I put him down should he not recover, so I put a deposit on a pup and prayed for the best. After four months of medication and recuperation, he'd had enough of retirement...again!

We were a team. I'd fed him a portion of each bird retrieved. I commenced the daunting task of teaching left from right to try for Seasoned. I started at mealtimes with hand signals, including a verbal command, and progressed to just a verbal command at greater and greater distances, so he didn't need to turn or tread water for a visual cue. Soon, so long as he could hear me, he would change direction upon command to the right or left. For a forty-five-degree angle, I added -ish, as in leftish. Warm feathers beckoned.

Two weeks shy of his 12th birthday, his final retrieve of a hooded merganser against the river current on a cold late December morning was his final wild bird. We harvested two late-season pheasants, five days before he turned 12. Then he fell down our front stoop after an ice storm and lay still, needing an assist to get up. I finally was on my way to pick up his great nephew that I'd ordered six years earlier, and was instructed that he be kept quiet and given Magnesium Malate to repair muscle damage. I'd arranged for him and the pup to see the vet and also examine a growth on his belly discovered while helping him up. The x-ray showed that he'd broken his back, yet again, but also that he had an inoperable advanced hemangiosarcoma that spread to his heart and lungs. He had three weeks to live, maybe.

Mowgli and the pup became best buddies. Eight weeks passed, and his back had healed enough just in time for the puppy to get down to some serious roughhousing! In June, the puppy got boosters, and Mowgli went for shots after completing his DU Dash 5K. The vet refused. She was sure the shots would kill him. She couldn't comprehend what was still keeping him alive. A member of the Granite State Hunting Retriever Club summed it up, 'Love is the only thing keeping him alive.' As the nights got cooler in mid-August, he showed interest again in training, so long as the puppy was watching! So, I made plans for Mowgli's Honor Hunt in a week. The next afternoon, he had trouble breathing. He passed to the happy hunting grounds the next morning, August 25th. He was a one and only, but aren't they all?

Final Retrieves are offered at no charge to HRC members.

# FIRST TIME TRAINERS:

## Thoughts On Teaching Solid Blind Retrieves

*Well, these honks all hit the deck on the water or sandbar, but these three hunting retrievers were all able to run the blind retrieves had they been needed.*

Rich Carpenter | 22039 County Rd 9, Weldona, CO 80653 | [rich@theriverbottom.com](mailto:rich@theriverbottom.com)

**H**ere are just a few things to think about that might be helpful as you train your young dog for blind retrieves. Having a retriever that runs blinds enthusiastically but is still responsive to casts and whistles, and with skills to handle difficult factors, is something we all appreciate and sure helps collect ribbons in HRC hunt tests. It helps put the duck in our oven, not the coon or coyote's belly when we are hunting.

Even if the young dog is already running some cold blinds, some of these things could still be appropriate and helpful for a young dog to run better blinds. If you are a young or first-time trainer, believe me, many of us

experienced HRC trainers probably struggled more with getting our first hunting retriever to run good blinds than any other part of the training program.

No doubt, central to good blinds and overall hunting retriever training is following a complete training program and being sure to have one section down cold before moving ahead. Mike Lardy's TOTAL RETRIEVER TRAINING is the program I've used for my last three dogs. Lardy has been the right training program for me, but it's one of several good and complete retriever training programs that may be right for you. I trained two Labs to their HRCH titles before the Lardy program came along. But

to be honest, I struggled to get to the title, and though we ran a lot of tests, we didn't accumulate many points. And I'm not sure either dog ever ran a really good blind retrieve. And it wasn't their lack of talent; it was my lack of training, understanding. And the arrival of then-new video training materials certainly helped this trainer.

The importance of following a good and complete training program can't be overemphasized, whichever one you choose to follow. Back when I trained my first dog using Lardy, there had not previously been much around for training programs, and those were mostly books. Drills mentioned here may well be in your program. Or Google the term to see what they are. They may be called by a different name in your program. But as I said, my first two dogs didn't accumulate many HRC points. But the first one I trained with a good, complete training program (Lardy in my case) managed to have a very long career and earned over 2,500 points, and I felt we had a chance to line most blinds. He was a very talented dog and probably smarter than me. The next one had a career cut short at 6 years old, but had 800 points. My current one will be 5 years old this spring and has 800 points. Not that points are the goal, but a dog needs to pass consistently to stack up points. And following a good program made me look like a better trainer/handler than I probably am. And I've been lucky to have talented dogs. But I'd trade every one of those 2,500 points for one more hunting trip to South Dakota with him. And believe me, hunting over a well-trained dog, whether upland or waterfowl, is a real joy.

My goal in training my retriever, or helping new trainers train theirs, is to get the dog to love running a blind as much as running a mark. For a lot of dogs, blinds are stressful and anything but fun. We'd like to avoid that. If you watch some dogs run blinds, you can see they are eager to proceed and can't wait to go at Warp-10 speed all the way. And you'll watch other dogs that are not confident and are hesitant, and even if they handle pretty well, it's clearly not fun. So, let's look at some things that help me, and others have better blind running attitudes, which might be useful to you. Some may be in your training program and others

A little spray paint on a 1" dowel with a big nail in the end or a step-on electric fence post can make good blind marker stakes. It's much better to use stakes than ribbons when teaching blinds at distance, as the handler can see if the dog is in front of or behind the dummy or bird. There is nothing like minimizing time, whistles, and casts to help build good blind running momentum in a young dog.

not. You choose what makes sense to you to incorporate.

Ah, yes! Memories for this young huntress of shooting her first Bobwhite on her first Upland hunt will last a long time! And fun for her to see what upland hunting is all about when gunning over a couple HRC Labs with their UHCH titles.

not. You choose what makes sense to you to incorporate.

### DON'T START WITH RUNNING SHORT BLINDS

I try to NEVER run a cold land blind shorter than about 80 yards. If the dog has never gotten a reward of a bird or bumper up close, a blind run over an old fall at, say, 35 yards, will not be a challenge or provide suction of any consequence, as the dog knows the dummy (or bird) on a blind is ALWAYS way out there. Out hunting a drake kicking its last, belly up in the decoys won't be the temptation to the retriever when asked to run the long blind to keep another drake from getting to the fast river current and lost. So, in tests or the field, they are more apt to keep on trucking, without being tempted to set up a hunt up close. If you need a short blind out hunting and you have a reliable sit, throw out the anchor with a whistle to get that duck at 25 yards; your dog didn't mark. Having the retriever believe the blind will be at a distance will pay dividends repeatedly when old-fall suction is involved.

### 3-HANDED CASTING IN THE FIELD

The early first casting work is typically done in the yard in 3-handed casting and likely will be in your training program. We'll use the same layout and distance (real easy underhanded toss) for each leg for 3-handed casting when taken to the field. Lots of possibilities to use your imagination. It may seem strange to do this up close, but these short handling drills are not blinds and the dog knows where they are going.

Here are some examples for extending these drills to the field to help the retriever be more comfortable dealing with factors. Factors can be anything that tends to get in the way of a dog succeeding in their task, be that a mark or a blind. Some examples of factors are terrain, distance, cover, obstacles, scent, previous marks, crossing trails, or running farm fields at angles to crop rows, etc.

*This young lab is several months away from starting to learn about blinds. But he knows what a rooster pheasant is and really likes it. Bold little bugger is probably thinking, "Blind retrieves? No sweat! Hold my beer."*

Remember, it's a learning drill, not a quiz. So, in each location, we do just like the early stages of yard work, 3-handed casting. Sit the dog at home plate. In every new location, start by marking the pile at 1st, 2nd, and 3rd. Do each one before having all bases with dummies. We are trying to make it easy and have the dog succeed. Keep it fun.

Let's try one. Find a strip of cattails or other thick cover with a gap in it. Set the dog at the gap with its back to the gap. Often, when we run blinds, the dog may need to run along a strip of cover and not go into the cover. Other times, we may need the dog to go through a strip of cover, but not hunt it. This setup gives the dog a chance to get that idea down without the difficulty of a cold blind.

We toss a dummy to the right and give a right over. Little chance the dog tries to hunt the cattails, because it knows just where the dummy is, as we marked the pile (where a pile will be once the dog understands this setup). Now, we toss to the left and do the left over. Then we toss into the gap (or behind the gap in a thin strip). Depending on the dog, each or certain legs may need to be repeated several times before having dummies at all three locations. When the dog has done it successfully a couple of times, go do something else. We don't want it to get boring. Finding similar locations to run this on a different day helps the young dog generalize this particular concept.

Some other examples. Use what you find where you train and your imagination. Find a little ditch to jump or go through on one leg. Once we found an 18" windfall cottonwood tree trunk a foot off the ground and cut all branches off for safety, and the young dogs jumped on that leg. Find a patch of low cover to run through. Later, it can be a heavier cover. One leg with a dummy in water.

One dummy up on a little knob. Or in bottom of a ditch. Or in thick cattails. Use your imagination. Basically, a wide range of possibilities exists. We just want to remember to check for hazards and keep it safe for the dog. Start easy and gradually increase difficulty.

These yard drills in the field can be really helpful since the dog learns to navigate different factors in a very comfortable setting, rather than in the higher stress atmosphere of cold blinds. Still a lot to learn, but it gives them a leg up.

### **PATTERN (OR TAUGHT) BLINDS**

This is the last drill in Lardy's program before the young retriever runs its first cold blinds. The basic setup is three legs, not really tight, but probably 90 degrees between two outside piles. Shortest is somewhere around 85 yards, and longest is right at 200 yards. The third leg's distance is somewhere in between. If not in your training program, or called something else, you can Google for a video example. It is a very important drill.

When this point in initial blind teaching has been reached (and it's fine to redo if already doing cold blinds, as it's a good remedial drill for a dog having problems with cold blinds), I set the three legs of the pattern (learned) blinds in a sort of a jungle of factors. Lardy runs it on mowed grass. But I told one person questioning what I suggested (who ran it on a football field) that Lardy trains a string of dogs, and I've just got one, so I have plenty of time and will teach each of the three legs a very small bite at a time. The way I do it, I think, helps prepare the young dog for the factors that tend to make running blinds difficult. So, we put lots of factors in place for the pattern drill for the young dog.

On one leg, part of the line was parallel to some hip-high brush that was just an invitation to hunt. The line went through several changes in cover and right past a big log. The last 20 yards to the pile were in a little dead-end pocket in the brush. For a lot of dogs, running at a blind placed close in front of a barrier is hard.

For my last two dogs, one leg was again through changes of cover, including one just over the dog's head, but up close, so we never lost sight of the dog. We found a little downed cottonwood tree and cut all the limbs off it for safety, and dragged it in the path of the dog. Pile was right in

*To help avoid a lot of whistles at distance for young dogs learning blind retrieves, it can be very helpful to use a white or white and black dummy the dog can see. We don't want the dog to see it to run to it. But put it in a little dip or behind a low clump of grass so that once the dog is that far or past it, it is able to see it and more quickly get the reward.*

front of a wall of 12-foot-high willows.

The long leg was all sorts of fun. The pile was 200 yards from the line and again up against a solid wall. This time, a wall of huge dead cottonwoods a tornado had piled up. There were several changes of cover from ground as bare as your forehead to noisy leafy stuff and a couple of little trees to jump over. The icing on the cake was that there was a curved 2-track dirt trail from goose hunters going to park that the dogs had to cross twice at an angle. Often, finished blinds in a test will need to get a dog to get on, leave, or cross a trail or road to get to the blind.

So, all kinds of features for youngsters. But as I taught each leg, I'd put out a big pile and mark that pile, just like in pile work or early 3-handed casting, with the dog up real close. Then back up and run again, then back up more. When we got to a challenging change in cover, tree across line, etc., we'd run from the pile side of the factor, then in the factor (if, say, a patch of cover), then just on the line side of the same factor of a log or tree. And back up from there. This was really important in the dog learning to get on and off the curved 2-track vehicle trail. If the dog has difficulty, move up to get closer and do it again. Some of the lines took several sessions to teach. This will vary from dog to dog. Go at the speed that fits your dog. If your dog is slower than another dog, don't worry. Different dogs learn differently, just like people. Again, and this is important: you don't want to bore or tire out the young retriever. Keep sessions short as they will be run every day if possible. If terms pattern or taught blinds are not used in your training program, Google is your friend for seeing the whole drill and how the three legs interact. Basically, once the first taught line can be run from the line cold, then the next line is taught. When both it and the first line can be run cold, then the third line is taught.

But the bottom line is, when I get to first cold blinds after the 3-handed casting in the field and the pattern blinds in the jungle, I feel the young dogs deal with factors in cold blinds much better than would be expected. Your mileage may vary.

### **MOMENTUM AND ROLLING HARD BLINDS**

Sometimes people miss what I think are extremely important parts of the Lardy video of him running the young dog on its first cold blinds.

1. He puts out more blinds than he will run.
2. Dog needs to sit and go and come.
3. He doesn't care if the dog goes in the wrong direction at his casts. He just wants the dog to change direction and get the reward of a bumper. This is why more blinds out than to be run. Ending up at a blind that wasn't the initial target is JUST FINE!

What I do for some time in early cold blinds is always set out and clearly mark with orange stakes several more

blinds than I will run. I like stakes rather than ribbons, so I can see if the dog is between me and the stake or behind the stake. I will line up the dog quickly with little fussing with a fine line (that comes much later) and kick it off. If the dog is rolling hard, but 60 degrees offline to the blind I had in mind, but headed close to another blind, I LET IT ROLL the full distance and then a short over to success and whoop and holler and make a big deal out of its success. It takes a little extra time, but to me it is very worth the time and really gets the dog to enjoy letting its ears flap in the breeze and going Warp-10. E-Collar is not used unless the dog won't sit, come, or go. I will keep this up for a while. This really helps them roll hard and long to a blind. With my first dog using a complete, stepwise training program (Lardy in my case), in less than 2 weeks, I had him rolling 300 yards to a cold blind. He might have been 20 yards off when he got to distance, but he rolled and loved getting to go. Almost like giving him a license to point his nose at the horizon and GO! I want my young dog to roll hard and believe that if it's off course, the old guy will help and handle me to the prize. It's so important not to use e-collar corrections for early casting or lining errors!

Again, and I can't really overstress, I like to minimize e-collar use in handling to the point of almost no use other than a reluctant stop. I want the dog pretty far along in cold blinds before I'll use indirect pressure in the field for taking a wrong cast, and then very seldom. It's very important to be sure the dog understands the application of indirect pressure in the yard drill where it's introduced, before it's ever used in the field.

I like to minimize fussing with the dog, trying to get a perfect initial line. My first dog trained this way helped me out: when my fussing started stressing him, he'd whine, and I knew I needed to kick him off and handle. My current dog is not as dramatic, but still possible to see if she was being asked for a finer click than her early aiming mechanism was capable of. Fine lining is much better learned in the yard with the Wagon Wheel drill and these two drills.

### **TUNE-UP DRILL**

A couple of good drills for water lines and handling are Rex Carr's Tune-Up and Chinese Fan Drill. Both are run with the only correction being attrition. NO E-COLLAR. Just attrition. If not familiar with attrition, if we have a reliable SIT, it's one of the most effective and painless corrections there are. Dog tries to go to shore instead of taking back cast off a point. Sit whistle THE INSTANT the dog shows it's not taking cast. Re-cast. If not taken, whistle, recast. Rinse and repeat till dog gives in. One definition of attrition is: to grind down. That just about describes this wonderful dog training tool that is useful in many settings.

*In Finished handlers' nightmares, this is the kind of setting the judges will use for the blind retrieve. When we are out duck hunting on this spring creek when it's below zero out, having a dog that handles well in tight places and is comfortable with heavy cover can make for a lot less hiking in the snow and wading the creek to find birds the dog didn't mark.*

In tune-up, we'd go to the square corner of a pond. The line might be 20 yards down one side and a dummy pile about 35 yards down the other side. Run with handling as needed to keep online. Again, NO E-Collar. The line moves maybe 5 yards closer to the corner, and the line to the blind gets closer to shore. Rinse and repeat until the line is maybe 5 yards from the corner and the pile is still where it was. It might take several sessions to complete. When teaching, typically, you do it once a day for a week or so till it goes well. If my description is as clear as mud, Google for a video of a drill.

### CHINESE FAN DRILL

For this, it's nice to find some water with some cover, points, islands, etc. Several dummies are placed on the far side, spaced out, utilizing the available factors. One dummy per pile, but in the same locations each time run. Same repetition as Tune-Up. The line is one spot on the other side. Lines to the blinds make the "fan." We run all the lines from the line to all the spread-out dummies. Again, NO E-Collar. Just attrition.

Remember, if it's not going well, quit for the day and don't bore the dog or make it dread the drill. Always give plenty of praise when going well, or the dog clearly shows it's trying, even if not 100% successful. Again, videos of both drills are easy to find.

So, that's about what I've got, that some think parts of are a little off the wall for blind training. Works for me and has for others. Remember, try to keep the dog's tail wagging and momentum strong. They will learn much

faster and better. Once again, follow your chosen training program. These are just some ideas you may want to integrate. You'll need to think about it and decide for yourself. Everyone has their own training philosophy. My thinking has been influenced by several trainers and writers. But I've surely been influenced by some thoughts of the legendary trainer, Rex Carr. These are favorite quotes. (Possibly not his exact words):

*"Train initially for precision, and momentum goes away. Train for momentum and precision will arrive."*

*"Leave something in it for the dog."*

*"Try to crawl into the dog's fuzzy skull and try to see it from the dog's standpoint."*

Teaching and running blinds can be fun for you and the dog. And it's much more enjoyable to watch dogs run blinds when they are enjoying them and not finding them stressful or fearing the e-collar lightning bolt.

Praise for success and trying helps a dog learn faster, I think. Actually, we are probably a lot like dogs. If someone is teaching us a new skill and we are still not very good at it, but are improving, we really appreciate praise from our instructor for the effort and improvement. Aiming for perfection in retriever training tends to be fruitless, but excellence can usually be reached in successive approximations. Much truth to the old saying that "Perfection is the Enemy of Excellence."

Good luck training for and running your retriever in both realistic hunting tests and in the fields and marshes in actual hunting.

## ATTENTION, ALL HRC CLUBS!

If you would like to have your club report included in the Region Reports section of HUNTING RETRIEVER, please follow these guidelines.

- First and foremost, be aware of the magazine deadlines. Each Public Relations Representative must observe the magazine deadlines, so make every effort to get your material to them well ahead of each deadline. They will need time to compile all the club reports into one document, so don't wait until the last minute to send or e-mail your information to them.

The deadline is the 15th of January, March, May, July, September and November (or the next business day thereafter if the deadline falls on a weekend or holiday). That is the final date the material must be into the magazine, therefore, ideally, all club reports should be received by the Representative no later than the 10th.

- Any club reports sent directly to HUNTING RETRIEVER magazine, bypassing the PR Rep, will be returned to the sender.
- If your club is not going to submit a report, be sure to let the Representative know so they are not waiting on it.
- Very Important! If you are emailing photos, please send each one as a separate

attachment, and please supply photo captions for each photo. Please don't embed the photos in your text document as this changes the values of the photos, making them unusable.

- Please don't alter the photos in any way - including changing the file size or the resolution, and cropping. Please remember that all digital photos will reproduce at the same resolution at which they were taken. A photo taken at a low resolution photo will remain "low res" even if it is "bumped up."
- Please furnish clear descriptions and/or captions for all photos.
- \*If the photos were taken by a professional photographer, written permission to publish must have been obtained, and a photo credit must be included.
- Region Report Content Guidelines: The following can be included in the Region Reports: Hunt test descriptions; hunt test photos (group pass photos, for example); items that will be of interest to all national members; photos that relate to the report.
- Please proof all of your material before sending it to the Public Relations Representative.

## Georgian Bay HRC – Submitted by Mike Masucci.

GBHRC conducted its annual general meeting on January 7, 2026. With minor changes to the executive team, Georgian Bay looks to continue its rapid growth and resurgence back into The HRC as a premier club in Region 1. We invite all HRC members in all regions to come to the great North and experience true Canadian hospitality, including our legendary Italian banquet dinner, premium hunt grounds, and friendly handlers of all ages. See you July 11th and 12th! Information can be requested from hrcgeorgianbay@gmail.com. Camping available!

## Essex HRC – Submitted by Kevin Miller.

The Club is looking forward to spring, as it's been a long winter up here in the north, with an early freeze-up and low water levels. It's made it difficult for training on water, not to mention waterfowl hunting has been a challenge. We have several events on the horizon, with Upland training coming up, our annual Awards Banquet, which is always a good time for friends to get together and review the achievements of the past year, followed by our Upland test, and then we begin our spring training activities. We are looking forward to the events throughout the spring and summer, and wish all Members and Clubs success throughout the spring and summer events.

## Luther Marsh HRC – Submitted by Erica Wilson.

Well, what an experience our club members have had over the hunting season. We were able to take our favorite four-legged friends on the most amazing hunting trips this year. We are just getting ready for our AGM in January, but before the AGM, where you get yummy pizza, we will also be hosting a morning of drills. Always something fun and interesting going on with Luther Marsh. At the AGM, we will discuss the needs of everyone in the club and what everyone is looking for from the training days. We will also discuss the Upland training day and Upland test, along with the regular test and cleanup day. We have already started prep for the regular hunt test, and we could not be more excited for that weekend in August. If you are interested in our training days and joining our club, please reach out at luthermarshhrc@gmail.com.

We look forward to seeing you all soon.

## Ottawa Valley HRC – Submitted by Bruce Hood.

We had a great hunting season this year, so much fun was had by all. We work all year long for a great, well-trained dog to take out hunting with, and they did not disappoint this year. We are looking forward to our regular hunt test booked for this upcoming year and are really looking forward to a fun time of watching dogs at all tests this summer. We will see you there!

## Lake Ontario HRC – Submitted by Mikayla Wilson.

Lake Ontario had a few changes to its executive, and we are looking forward to what is to come for Lake Ontario. We would like to thank everyone who stepped up in our time of need and appreciate the time and effort everyone puts into everything. We also appreciate the new people who have stepped up into positions on the executive; it's a great experience to have and really helps others. We are looking forward to this year's hunt tests, and we will see you all soon.

## Conowingo HRC – No report submitted. Scott Fosterling, President

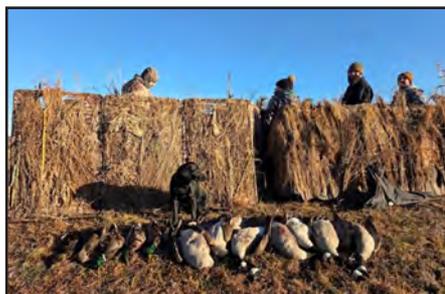

## Granite State HRC – Jeffrey Enos, President.

The Granite State HRC has been very quiet for the past few months. I've received various reports from members as they venture out into the field with their dogs. Jeremy Noury has been concentrating on sea ducks. One of the most brutal retrieving environments is sea duck hunting. Thomas Loeff has reported a few times. Thomas seems to venture far and wide, covering the coast of NH and the Connecticut River Valley. Pictured below is Thomas and his young dog Cleo. As for myself, I find retirement suits me just fine, and my dogs would concur. Whiskey and I have hunted dozens of times, and

we rarely come home empty-handed. Below is an image of a typical hunt for Jeff's gang and Whiskey. We try to rotate dogs, usually Whiskey siblings Mia and Delta. The club would like to welcome new members Jon Costa and Alana Cholewa. The club will hold its annual meeting and vote on club officers in January. We welcome a new year and look forward to seeing everyone in the spring.

**Guns Up HRC – Submitted by Phil Magnuson; Tim Soucy, President.**

We're in the grip of a very cold New England winter with freezing and sometimes below-zero temperatures. We've heard from our HRC friends out west that Montana has seen weather in the 70s—go figure! Most days, the water is too hard to swim in and the land too snowy and slippery to run on, so training days are few and far between. We are managing to snag a few ducks and geese here and there.

So, we have started work on our Summer Hunt Test with two Finished stakes and a quad Upland later in the season. Phil and Nancy Magnuson are heading down to the H Cooper Black area in South Carolina in February and March to train, run some hunt tests, and visit with our HRC pals from around the Country.

**Lake Audrey HRC – No report submitted. James Riebel, President.**

**Long Island HRC – No report submitted. Paul Scheno, President.**

**Northern Montezuma HRC – Submitted by Natalie Gilman; James Poole, President.**

The Northern Montezuma HRC is looking forward to the 2026 season with our members and HRC peers from all Regions. Our June and August Hunt Tests will be here very soon, and with that, we have begun the new year by changing our test entry platform over to "Dog to the Line." We feel that DTL will offer a positive experience to all folks entering our hunt tests as well as to NMHRC club members and potential new members with the online club application feature, communication options, hunt test alerts, and a great deal more! Guns Up...and here's wishing you all a great 2026 retriever hunt season!

**Saco River HRC – No report submitted. Eric Bartlett, President.**

**Yankee Waterfowl Retrievers HRC – No report submitted. Paul Scheno, President.**

**REGION 3**  
Steve Boykin

**Appalachian HRC – Billy Mosley, President, billy@averycreek.net.**

We hope everyone has started 2026 in great fashion. We have had several club training days since our last region report. As a new club, we have had great turnout for our training days so far, and hope the momentum continues. We will make announcements about our future training days on our Facebook page. Just search Appalachian HRC and join the group to stay informed.

We have had a very eclectic group of dogs. We have had Labs, Chesapeakes, Goldens, Poodles, Boykins, Flat Coats, German Wirehaireds, and

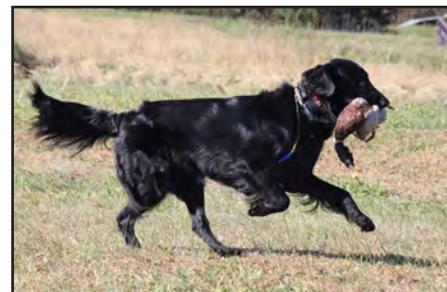

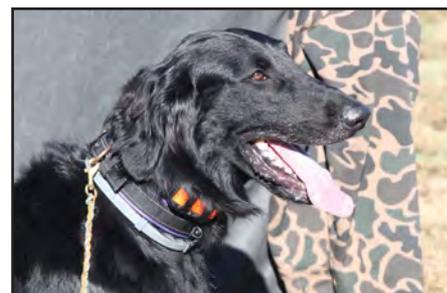

probably one or two I am forgetting, at our training days so far. It has been great having a wide variety of dogs and handlers come together. We have had as much variety in the handlers as well; we have had people training their first dog, people who have never run a test, and a few old, salty veteran handlers, so the dynamic has been a lot of fun.

Reports from some of our members have been that duck season has been feast or famine. When the birds have been here, it's been good, but some odd weather patterns have also led to days of empty skies. As duck season winds down here in North Carolina, it's time to start getting those dogs ready to chase ribbons.

We are busy in the planning stages for our Preliminary Hunt Test in March. You can find the premium on the main HRC website. We will be raffling off an Intermediate Gunner Kennel, as well as a full assortment of raffle items. We will have a tailgate on Saturday evening, a devotional time early Sunday morning, and food trucks on site all weekend. However, we know the most important part of hunt test weekend is the dog work, so we have a great group of judges lined up to test our retrievers. We would love to see as many as possible come out and support our first test.

Good luck to all the dog/handler teams throughout the spring test season.

Photos are from our last few training days.

**Atlantic Flyway Retriever Club – No report submitted. Robert Johnson, President, duckhunterj@aol.com.**

**Backwoods HRC – Submitted by Marcus Bullock, marcusbullock22@gmail.com; Paul King, President, phkpaulking@aol.com.**

Hello HRC Family, with the warm weather across the Carolinas this winter, it has been a slow duck season. Nevertheless, members of Backwoods HRC, along with their friends and family, tried to make the best of it. Spring Hunt Test Season is upon us. Good luck to everyone competing this Spring.

The members of ECHRC have been busy chasing ducks and geese throughout the state. The end of the season is in sight, and we're starting to transition back into hunt test training mode.

We're putting the finishing touches on our spring test in March and are looking forward to seeing everyone.

**Rappahannock River HRC – No report submitted. Casey Boyington, cboyington84@gmail.com.**

**Contentnea Creek HRC – Submitted by Jeremie Lovejoy, President, ContentneaCreekHRC@gmail.com.**

Last year was a great year for our club and for our members. It takes a village of dedicated people to make every event run smoothly, and our members did a great job of coming together and making every event in 2025 great. Throughout the year, we were able to see the hard work and dedication of our members and their dogs pay off with a lot of ribbons and new titles.

Once the test season closed, it was time to hit the swamps and the sounds to watch our dogs truly work. The weather hasn't been ideal for really good duck hunting this year, but some folks are still scratching out some good ducks.

As we roll into 2026, I want to wish all our members continued success with their dogs and hope they can finish out the duck season strong. I know we have some members talking about taking the leap from the weekend tests to trying their hand at the Spring International Grand for the first time. It's a great experience that everyone should try at some point.

**Dogtown HRC – No report submitted. Chad Parrish, Club President.**

**Etowah HRC – Submitted by Eric Ingram; Melissa Dobson, Club President.**

Looking back on 2025, we can honestly say our club had a really good year. Our membership grew tremendously, and our Upland and Spring tests were very successful. We held several training days in 2025 where we had several new members sign up, and we all learned how to be better trainers and handlers. In addition, we had a pile of dogs make their owners proud by earning new titles in 2025. As the Hunt Test season came to a close, many owners and their dogs put all their practice to work in the field, from Georgia to Arkansas, Missouri, and beyond.

Now that we have put the wraps on 2025, Etowah HRC is looking forward to an even better 2026. We are coming out of the gates at full speed, starting with an Upland training day at the end of January, and our quad Upland test on February 7th and 8th. It's already looking like both flights will be full! We are going to follow up the upland test with our Spring Regular Hunt Test on April 18th and 19th. That test will be held at a new location near Waleska, Georgia. Be on the lookout for the announcements on our FB page for the location and where to register.

We had a great time hosting our fall hunt test and wrapping up the season with a festive Christmas-themed training day. Both events showcased strong teamwork, quality dog work, and a fun sense of camaraderie among members and participants. We are already looking ahead to our spring hunt test, scheduled for May 2–3 at Top Line Retrievers in Hodges, and we look forward to another successful event. We hope you'll make plans to join us!

Winter in central Florida has been a little cooler than normal for us. The cooler-than-summer temperatures make it nice to be outside training our dogs, and for that, we are thankful.

The test options in our area are just gearing up again, and many of our members will be out running those tests. Several of our members have also enjoyed putting all the training into play and have taken their dogs out duck and goose hunting, which the dogs absolutely LOVE! Other members have enjoyed taking their dogs to pheasant tower shoots to work on steadiness and overall enjoyment for both the dog and handler.

We look forward to the upcoming test season and can't wait to reunite with our friends in the dog world.

Hope this finds you all well and ready for the New Year. The West Mississippi HRC club had a quick meeting before our Christmas party. Funny how FAST a meeting can go when making merry has to wait until AFTER the meeting.

We voted on rule changes, discussed our upcoming Hunt test on February 13 and 14th, and discussed things to buy for our trailer.

Then we got on to making Merry Christmas a reality. We had dinner, drinks, and big talk of hunting. Fun was had by all with the dirty Santa gift exchange!

We hope everyone is having a successful waterfowl season and getting to enjoy your retrievers as well. We have several members who have been able to enjoy God's wonderful creation with their retrievers.

Hunt test season is right around the corner, so we can continue letting our retrievers and ourselves enjoy time together. We are making plans for our 40th anniversary hunt coming up this spring on April 18-19, 2026. It will be held at the M Barnett Lawley field trial area, "Cattle ranch" in Greensboro, AL. We hope you will come and join us for a fun-filled weekend.

Everyone, stay safe and enjoy time with your friends and retrievers. We're all looking forward to seeing everyone at a hunt test soon.

Shoot straight, and may God bless you and your families.

Tri-State HRC has been gearing up for this year. It's going to be a big one for us! There has been so much planning going on, especially for this spring. As most already know, Tri-State, along with Western KY HRC, is hosting the 2026 HRC Spring International Grand. We hope this will be a fantastic grand for everyone. Along with planning for that, we have made some big changes for our club.

We are excited to announce that Tri-State will have new test grounds to run on this spring. We will be having our hunt test at Doc Jenkins' farm in Onton, KY. For anyone who has ever been there, you know that these grounds are fabulous. We can't wait to see what our judges will have in store once they get there to see it

and what it has to offer. Our spring hunt test is in April, just a few weeks before the Spring Grand. It will be one of the last places to run to see what tweaks you may need to make. Be on the lookout for our premium on Hunt Secretary, as this test may fill up fast. We hope to see everyone there.

Upland training has been a major focus for Michigan HRC these last couple of months. Dogs have been getting consistent exposure to real field scenarios and varied cover. Several members have participated in upland tests, gaining valuable experience and reinforcing standards under pressure.

A strong emphasis has been placed on steadiness in training, particularly through structured sit-to-flush field work to sharpen control. Club member puppies continue to progress well, showing increased confidence, bird drive, and responsiveness as their foundation work comes together.

We're looking ahead to warmer weather with excitement as training opportunities expand and members work towards new goals with their dogs.

Southern Michigan members had a successful waterfowl and upland season. Quite a few made their way out of state to Nebraska, South Dakota, and North Dakota this year. Others stayed home in Michigan and chased the ducks and geese locally.

As the hunting season winds down, it's a good time to set individual goals for the 2026 training season. We are very fortunate to have experienced members and pros who can help and encourage each other through classes and training days.

What do you hope to achieve with your dog this year? What steps should be taken to get there? Are there "holes" in your training that should be revisited? The cold months are a great time to watch videos or listen to podcasts. Let's get ready for Spring.

Here are some interesting tidbits about the area's history and culture:

- Lumber & Railroad Roots: Tomah's early economy was built on logging and railroads.

- It's the boyhood home of Frank King, the creator of the beloved "Gasoline Alley" comic strip.

- Military Presence: The area has a significant military connection due to its proximity to Fort McCoy, an Army Reserve base, and Volk Field Air National Guard Base. The areas around Fort McCoy were the site of AKC field trials and hunt tests until the 1990s.

Hunting season has wrapped up, bringing another rewarding year in the field for WISILL members and their dogs. It was a successful season highlighted by strong performances, well-prepared dogs, and many memorable days spent hunting with friends and family.

The club also gathered for our Annual Meeting and Christmas Party, providing a great opportunity to reflect on the past year and celebrate the accomplishments of our members. The evening was filled with fellowship, appreciation, and anticipation for the year ahead.

During the annual meeting, we held elections for club officers. We would like to extend our sincere thank you to Ken, Mauren, Larry, and Zach for their leadership and dedication. Their time, commitment, and service have played an important role in another successful year for WISILL.

We also congratulate our newly elected officers and wish them success as they guide the club forward: Maureen, President; Jim D., Vice President; Larry, Secretary; and Zach, Treasurer.

With the close of hunting season, upland training is now underway, and members are actively preparing dogs for the upcoming upland hunt test season. The transition to upland work has brought renewed energy and focus as we look ahead to the next chapter of the training and testing year.

WISILL HRC remains committed to quality training, strong events, and a supportive club

The highlight of the evening was the induction of three special members into Lifetime Membership — John and Sylvia Borchert and Dana Giovanello — in recognition of their long-standing dedication and contributions to the club.

Several of our members and their dogs got together the day after Christmas for Merry

Marks, where unseasonably warm weather provided perfect conditions for being outdoors. The dogs thoroughly enjoyed the day, and a special appearance by Santa Claus added to the festive spirit.

As hunting season comes to a close, many of our members and dogs have enjoyed a productive time in the field and are now looking ahead to the upcoming spring tests. Thank you to everyone who helped make these events so successful.

We look forward to another great season with Pin Oak.

Can you believe how quickly time flies?

Our much-anticipated spring hunt test is

just around the corner, set for March 21st and 22nd. We're truly excited about it and can't wait to catch up with everyone there. It's always a highlight to see our canine companions in action and witness all the hard work paying off. We're definitely expecting to see some top-notch dog work and plenty of friendly faces.

Speaking of the great outdoors, I wanted to give you a quick recap of how our recent hunting seasons unfolded for our members. The winter duck season was, shall we say, a bit of a mixed bag! Mother Nature definitely kept us on our toes, but despite some challenging days, we did hear plenty of success stories from those who managed to find the right spots. On a brighter note, our deer hunters had an absolutely fantastic season! It seems South Arkansas once again lived up to its reputation for producing some truly magnificent deer, and we've heard glowing reports from our members.

It's always so inspiring to observe the consistent growth and vibrancy within our community's passion for training and testing dogs. What's even more heartwarming for me, personally, is witnessing the exciting generational shift happening. As some of our long-standing "heroes" in the sport gracefully transition, we're seeing a wonderful influx of younger trainers eagerly stepping up to learn the ropes and carry the sport forward. It truly fills me with optimism to see the next wave of talent emerging, ready to become the future legends of dog training and testing.

Wishing you and your furry friends all the best with your spring preparations and upcoming tests. Hope to see you down the road.

## REGION 9A

### Cadet Odden

Welcome to Region 9A!

We are super excited to see what the 2026 season has in store for Region 9A. Our clubs welcome anyone looking to get involved in retriever sports or looking for help developing a solid hunting partner. We will have more hunt tests on the calendar than any prior year in 2026. Many of our clubs will be hosting training days and seminars. If you know someone with a new pup, invite them to join our fun!

If you need any help contacting a Region 9A club, please email me at [cadeto@att.net](mailto:cadeto@att.net). I'd be happy to introduce you and your retriever to any one of the clubs in our area.

Cadet Odden, Region 9A Public Relations Representative

Green Country Retriever Club – Michael Bullen, President; Cheryl Blan, Public Relations, [GreenCountryRetrieverClub@gmail.com](mailto:GreenCountryRetrieverClub@gmail.com); FB Page: Green Country Retriever Club.

Green Country Retriever Club is a group of retriever and dog enthusiasts who enjoy

training, attending events, and hunting with our dogs, family, and friends. Our commitment to HRC is to give back to the sport and breeds that we love.

We hope that everyone had a wonderful Christmas and New Year. Hunting season is drawing to a close here in Oklahoma. Duck numbers and success were extremely low. Suspect it is due to the very dry and very warm weather we have experienced. For December and into January, we have had no rain, with temperatures reaching the high 70s and low 80s.

Club members went in search of other opportunities by upland hunting or waterfowling in other states. If travel wasn't possible, we just broke out the training equipment and started preparations for the Hunt Test Season.

Our judges have already received invitations and booked judging assignments into June 2026. Wishing all dogs and handlers a fantastic spring HT season. The Grand is in mid-May, so train often and train hard.

Come join us for training days and events. Save Travels and God Bless.

Happy New Year! As we step into 2026, we'll begin some early planning for our 10th Anniversary Hunt Test this Fall.

I hope everyone had a great hunting season with their retrievers. Kansas certainly kept things interesting this year with its mix of spring-like warmth and sudden freezing temperatures. The constant weather swings made the hunting season a bit more challenging than usual, but I hope you all found moments to enjoy out in the field.

We have a solid group of dedicated members who continue to strengthen our club, grow alongside their retrievers, and share in all the proud moments that come with the journey.

For our anniversary hunt, we've updated our hunt test dates and secured additional grounds to give our judges more flexibility. There are many exciting plans in the works as we prepare

for this milestone event.

If you're passing through or near Great Bend, KS, we'd love for you to join us at the end of August as we celebrate 10 years! Cheers to a successful 2026 Hunt Test Season!

Happy New Year from Keystone Lake HRC!

As the calendar turns to 2026, the leadership at Keystone Lake Hunting Retriever Club wants to wish our members, sponsors, and the entire retriever community a very Happy New Year. We hope your holidays were filled with family, friends, and, of course, plenty of time in the field with your dogs.

**Hunting Season Highlights:**

It's been great seeing our members out taking advantage of the warmer season. Some have been hunkered down in a layout blind for mallards or trekking through the brush for upland birds. There is nothing more rewarding than seeing all that hard work from summer training pay off in a successful hunt. Seeing our dogs do what they were bred to do is truly what this club is all about!

**Looking Ahead: The 2026 Season**

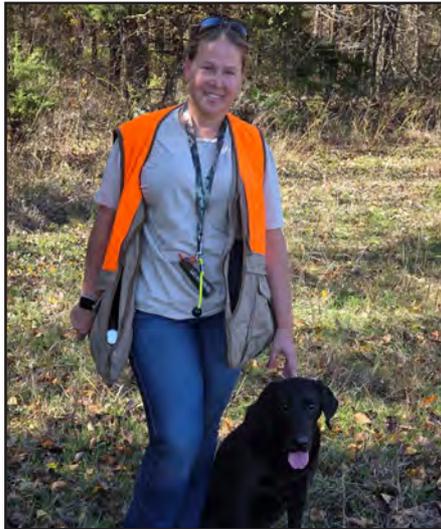

While the ducks may still be flying, we are already looking ahead to a big year for the club. We are officially in the planning stages for the 2026 Hunt Test season. Our goal this year is to provide challenging, fair, and well-organized tests that help you and your retriever reach that next title level.

**Stay tuned for upcoming news on:**

- **Club Training Days:** We know everyone is itching to get back to the line. Club training days will be starting back up soon. These are the best opportunities to get eyes on your dog's progress and learn from fellow handlers.
- **Spring Hunt Test Dates:** Official dates and premium information will be released shortly.
- **Volunteer Opportunities:** A successful club relies on its members. We'll be looking for help with bird throwing, test dogs, and marshaling for our upcoming events.

Be sure to keep an eye on our Facebook page for specific dates and locations for our first training sessions of the year.

Let's make 2026 the best year yet for Keystone Lake HRC. We'll see you at the line!

**Texoma Hunting Retriever Club – Justin Jackson, President; Mike Jackson, Public Relations.**

Texoma members were busy running tests in 2025, starting in March.

Shane Green got his Started, Seasoned, and Finished title at the age of 16 months on his dog Caddo Creek Ava Laine, trained by Justin Jackson.

Scott Hutchins and his dog, Zeke, got their HR title. Zeke is a 5-year-old male that has picked up thousands of cranes and geese as a guide dog in the TX Panhandle, but just started playing the hunt test game this season. Scott is also training his 16-month-old dog Earl.

Tripp Grant and Thunder have been training for waterfowl season and chasing the birds that do make it this far south.

Justin and Kayla Jackson have been busy running a lot of tests. Kayla is Justin's assistant trainer and works the young dogs daily. Kayla and the kids accompany Justin to many hunt tests, so if you see a couple of feral kids climbing on top of the dog trailer, it's probably Bristol and Flint Jackson. Justin passed 5 dogs at the Fall Grand, making 3 new GRHRCH dogs. He also passed 10 dogs at MN, including his dogs, Jedi and Chica.

Mike Jackson was busy running tests and judging. Justin passed both his dogs at Grands, making his girl GRHRCH Atta Tudy. Also, his dog, Flash, passed both Grands. He barely earned his HRCH in time to enter Grands.

Texoma HRC has not had much water for hunt tests the last 4 years, so look for us to move to a spring date.

We hope everyone had a safe and enjoyable holiday season. With hunting season in full swing, we have not held any training days recently, but we plan to resume training in late February.

Our spring hunt test is scheduled for March 28–29, and we are looking forward to a great event. We hope to see everyone back out at a training day or at a hunt test soon.

**Lake Charles Retriever Club – Submitted by Chris Fontenot. Robert Falgoust, President, [falgoustr@yahoo.com](mailto:falgoustr@yahoo.com).**

By the time of this report, the holidays will be over and duck season too! I hope everyone had a successful season, got to show off their retrievers' skills, and had a wonderful Christmas with family.

Lake Charles Retriever Club held its annual Christmas party at T Boy's Restaurant. All got to enjoy some great food and fellowship. We also handed out plaques to those who earned titles on their retrievers in 2025. Congratulations to all.

With that being said, duck season is over, and hunt test season begins. Training days are ramping up to get our dogs back into test mode.

Pontchartrain Hunting Retriever Club would like to wish everyone a successful and enjoyable duck hunting season as we begin transitioning back into training and preparing for the upcoming hunt test year.

Pontchartrain HRC is excited to announce that we will be participating in the Louisiana Sportsman Show in March 2026, where our club will be demonstrating and educating attendees on the sport of hunt tests, field trials, retrieving, and the many benefits of becoming involved

with local hunt test clubs. We look forward to visiting with sportsmen and women and sharing our passion for the retriever community.

The club will be hosting both Spring and Fall Hunt Tests in 2026 and is currently beginning preparations to ensure two well-organized and successful events. In addition, Pontchartrain will be resuming monthly training days as we shift our focus back to preparing dogs and handlers for the upcoming hunt test season.

Pontchartrain HRC continues to grow steadily in the right direction, supported by an outstanding group of dedicated officers and hardworking members. We are also proud to continue our mission of encouraging youth involvement in the sport by working with ROTC cadets from local high schools and introducing the next generation to retriever training and hunt tests.

Members and interested participants are encouraged to stay up to date on upcoming events and training days by following Pontchartrain Hunting Retriever Club on Facebook.

Happy New Year! Hope everyone had a great holiday season. Many thanks to Karen and Scott Williams for hosting our club Christmas party. All seemed to have a wonderful time socializing and enjoying some good food and drink. Thank you to those who brought an appetizer or dessert; I think I tasted a little bit of everything, and it was all delicious!

By the time you read this, hunting seasons have mostly ended...and guess what that means...time to get back to training to get ready for hunt test season! Amite River HRC will host monthly training days to help you and your team get ready and improve your handling and retrieving skills. Come out and join the group. All skill levels, from beginners to experts, are welcome.

Our Spring 2026 hunt test will commemorate our club's 40th Anniversary and is scheduled for the weekend of March 14-15. We plan on making this event special, so please get involved now to offer suggestions and help plan. The test will be conducted in the Jackson, Louisiana area.

Please follow Amite River HRC on Facebook for announcements about these events and for training days and meeting announcements. We encourage ALL club members to join in the fun and fellowship at these events by helping in any way possible. These events will not succeed without you! Hope to see all of you soon.

Our club finished the year with some notable titles and happy retriever owners! By early fall, our president, Scott Ducote, earned his 500-point HRC honor with Pitch. At the same time, CLRC's youngest member and handler, Lillie Zaunbrecher, earned a Hunting Retriever title with Finn. What's more, this young team is close to completing their HRCH title! We also had members who earned HR and HRCH titles in 2025 themselves or by the skill of a professional trainer. Our members and their retrievers will definitely be ready to run in April when we hold our spring regular hunt on April 11-12. Right now, we are planning three Finished flights and one flight each of Seasoned and Started. This event will be held at our Moreauville, LA, location with a traditional HRC tailgate supper and Puppy Run. The timing is perfect for those getting ready to compete in the HRC Spring International Grand Hunt. Our club meetings are on the third Thursday of most months at 7 p.m. at 1889 Monroe Highway in Pineville, with a training day on the following Saturday. All retriever enthusiasts are welcome!

So far, this winter has brought us the most beautiful spring temperatures. Of course, that means we find ourselves in the same struggle for birds as most of the country. On the upside, Lonesome Dove HRC just finished hosting our Upland Quad Hunt Test. We are thankful for everyone who attended. From volunteers to our wonderful judges to every handler, we are so thankful for the opportunity to spend time together. Looking forward, news is beginning to spread of our 25th Anniversary hunt test this spring. We are encouraging everyone to mark

**Lone Star HRC – Kyle Krause, President. [www.LoneStarhrc.org](http://www.LoneStarhrc.org).**

Lone Star members have been out and about hunting with their retrievers. Some of them having good luck and others not so much. It is truly a hit or miss, depending on if the birds are here or not.

In November, the club voted in new officers. They are: President Kyle Krause, Vice President

Bruce Potter, Secretary Laurie Hardage, and Treasurer Larry Lauck.

We ended 2025 with our annual Christmas party and potluck cook-off. This is the event that most of our club members look forward to. It is a much-needed get-together for our members to relax, have fun, and get competitive with food and games.

The winners this year are:

Best Main Dish - Mike Jacobson

Best Side Dish & Best Desert - Liz Vigrass

The club members who were at the party are still trying to get the recipe for Liz's Apple Pie Cheesecake.

2026 is a big year for Lone Star as we are celebrating our 40th year with HRC. Our 40th Anniversary hunt test will be March 21st and 22nd in Bonham, Texas. We are very proud that the club has been around this long and still has some of our founding members who are involved in the club. Be on the lookout for more information regarding our test coming soon.

We all hope everyone had a Very Merry Christmas and a Happy New Year! Hope all your fur babies enjoyed the holidays. Northeast Texas HRC members have been busy trying to chase down the birds this year. This year so far, it has not been very good for ducks in our area. We hope you all are having better luck than we are. No matter what, we are enjoying the time and memories we are getting to have with our dogs and those we are hunting with. Those are things that we can never forget and would not change for the world.

As the New Year approaches, we often reflect on resolutions and goals, whether personal, professional, or related to hobbies. Although there may be a tendency to seek immediate change, meaningful progress is typically achieved gradually over time. This is no different in the training and goals of our dogs. Achieving meaningful training is a gradual process that requires patience. If you rush into things, you're likely to set yourself back, making it harder and more time-consuming to reach your objectives. Someone I deeply respect once told me, "Slow down, it's not a race," and I've found this advice

applies broadly across many areas of life.

This year, whether it's a new puppy or a finished level dog, apply the gradual process and do so even in some of your life choices, and in the end, you will be happy you did.

Northeast Texas HRC is ready to kick off the New Year, is looking forward to a great season, and hopes to see you all!

KCHRC Members have been enjoying this unseasonably warm weather, but are sure wishing more birds would push down from the north!

We are still getting out and enjoying our dogs and have had some successful hunts as the season progresses. We love hearing about those young dogs in their first season. Nothing like seeing them in their element and watching it all start to click. It's just as memorable sitting in the blind next to our veterans, another year, as they make every retrieve look easy.

Mount Rushmore HRC is busy preparing for another hunt test season. Actually, a lot of members are out enjoying the last of the pheasant season here in South Dakota. We have been having mild weather in western South Dakota, colder in the east, which is where most of the pheasants are located. We did have some unusually high winds here in the Black Hills, winds clocked at over 100 MPH, and the Custer area was one of the hardest hit. There are over 200 trees on Dale and Mary's property that are either broken off or uprooted, where we train and hold our tests. Greg McGranhan and Pete Shattuck have been down, limbing trees and getting them ready to truck out. We will have many workdays in the future before we are ready for our hunt tests. It is always an adventure here in the Hills. We hope to see some of you at our tests. If you want to plan a great vacation and get in a hunt test, this is the place to come—plenty to see and do in close proximity to our grounds. Have a great hunting season. Those of you who are still at it, stay safe and good luck.

With hunting seasons starting to wind down, SCHRC members have been out in the field trying to make the best out of a tough hunting season here in Southern Colorado. The unseasonably warm conditions have had a significant impact on the waterfowl hunting this season, and overall success has been lower than in previous years.

SCHRC organized training days will start again on January 31, 2026, and continue every Saturday through May 16th, 2026, at the Lake Pueblo State Park in Pueblo West, CO. These training days are a great way for new members to meet other retriever trainers/owners and obtain training advice and direction when training their own dog.

**SEMINAR UPDATE:** The Southern Colorado HRC will be hosting the Region 13 Judges & Handlers Seminar on Saturday, March 21, 2026 (9:00 a.m. - 4:00 p.m.). Lake Pueblo State Park Visitors Center, 640 Pueblo Reservoir Road, Pueblo, CO 81005. Please RSVP to Willie Ratliff at iam4dux@aol.com.

**HUNT TEST REMINDER:** The Southern Colorado HRC 40th Anniversary Regular Hunt Test will be held on April 11th & 12th, 2026, at the Lake Pueblo State Park in Pueblo West, CO. We hope that you will put it on your calendar and join us for a great 40th Anniversary celebration weekend; we are planning some special things for everyone who attends our hunt test and social!

2026 SCHRC Memberships can now be renewed online at southerncoloradohrc.com.

Good luck to everyone as you finish out the hunting season. Please be safe out there, and we are looking forward to seeing everyone back at club training soon!

Hunting season is winding down, and we are getting ready for the first club meeting of the new year. New club officers will be elected, and plans will be started for the club hunt test on July 18-19, 2026, on the Grand Mesa National Forest.

Hope you have a successful hunt test season and see you at the line.

## REGION 14

Kate Szilard

**Cascade HRC – Submitted by Pam Ulsh, President.**

Welcome to the 2026 HRC Hunt Test season. The Cascade Board is busy and excited to be getting things going again. Our first training day will be the first Saturday in February. Everyone is welcome. This day is either clear and beautiful or a reminder that it is still winter with a cold, gray, wet day. No matter what, our members are always ready to train.

Cascade will be co-hosting a Judges/Handlers seminar with Whistling Wings on February 21 in Monroe, Washington. We are fortunate to have Elroy Olson refreshing our judging skills, reviewing any new rules or policies, and providing great discussions. This is also a great opportunity for handlers to understand more about the structure of the tests they will be running.

Save the date for Cascade's Spring Regular Hunt Test, the second weekend in April, with an Upland test on Saturday. This is one last chance to make sure your rain gear works before you put it away till next fall. We are looking forward to seeing old friends and making new ones.

Hopefully, everyone is enjoying the end of waterfowl season. The birds did finally arrive in our area in December, and the weather has definitely been good for hunting most days. The dogs are happy to be out and working, no matter what the activity or the weather. Enjoy the special moments this winter.

**Lower Columbia HRC – Submitted Dave Carey, President.**

We have our June hunt test planning pretty much done! Talked with people who are willing to judge for us! Looking good!! Training days are set for this year. Sauvie Island, north of Portland, and a couple at St. Louis Ponds near Woodburn, Oregon. Big shout-out to the Greater Pacific NW RC for the upgrades to St. Louis Ponds, and especially to volunteers Jerry Rainwater and Mike Swett for installing a water line from the well pump to increase water to several ponds. Several were unusable in the later summer months.

Looking forward to the start of HUNT TEST SEASON. Region 14 starts out with the Western States Boykin Spaniel Club held in Corning, CA, sometime in March. Then, northwards from there: Oregon, Washington, and British Columbia. Train with a goal to attain, and may all your ducks land belly up with a wing salute.

Salt Chuck HRC members are looking forward to more great adventures with their dogs and friends in 2026! Our first club training day for the new year (January) will include our AGM & potluck lunch.

In December, we celebrated the holiday season with our 2nd Annual "Christmas Canine

Chaos," a day of fur, feathers, fun, and frivolities! Our club invited members of other retriever clubs on the island to join us in celebrating the season and the camaraderie of our great dog community. The rain held off till after noon, and then it did get a bit wet, but it didn't dampen the fun for those true retriever enthusiasts. We had games for the fastest dog, a 3-dog retrieve relay, a blind retrieve, a bumper toss, and more! Over the last few months, many members switched gears from hunt tests and headed out for hunting holidays with their dogs. The club continues to hold monthly training days with set up for teams at all levels, and we always welcome new members or anyone who would like to learn more.

We are looking forward to a great year and have planned two weekends of tests for 2026. The Spring Hunt will be two days, and the Summer Hunt will be two days, followed by a double Upland Hunt on Monday. Come join us on Beautiful Vancouver Island!

Member Cynthia Golby & Red on the line.

Member Sylvia Lawson and her dog wait in the blind.

Member Louise Robert's Skol on her first hunting trip.

Member John Costello and Annie at fall training day.

Member Leslie Gardner and Club President David Aberdeen.

Spokane Bird Dog Association members continue to hunt waterfowl and upland birds as this report is submitted. Our high point retrievers will be honored at the SBDA Banquet in late February. SBDA plans a “basic” training seminar for late March. A Super Singles land event is slated for April 11 at Stahl Farms. Training days out at Espanola are slated for March and April. Our HRC Hunt Test is scheduled for the Saturday and Sunday of Memorial Day weekend. Come support our club and showcase your retrievers.

We welcome Hells Canyon Retriever Club to the fold in Region 14A, and several SBDA members will be attending their January 31 HRC Judges Seminar. To keep track of all the events we are hosting, visit the Spokane Bird Dog Association website.

**Treasure State Retriever Club – Submitted by Margo Ellis-Lingohr; Mike Heard, President.**

Happy New Year to all our members near and far. I hope your holidays were filled with fun and warm feelings. As I type this on New Year’s Day, I am plotting and planning my goals for 2026. Remember, it’s not a goal unless you write it down and read it every day. That said, the club started a Dog of the Year Award for all levels of testing. The dog with the most passes each year at a particular level will be given a plaque for the level achieved. This is our second year doing this, and it seems to be well-received. So, without further ado, here are this year’s winners:

- Junior/Started  
SHR Goosetowns Fire in The Sky JH  
Owner Mary Sparling
- Senior/ Seasoned  
HR Goosetowns Might B Rocket Science SH  
Owner Bill Sparling
- Master/Finished  
HRCH Shoopsshelby The Elusive Eleanor  
Owner Christine Shoopman  
SRSAC QA2 Good Ol’ Steve MH  
Jim Emanuel

By the time this is printed, the winners will have been notified of their accomplishment. Congratulations to all of them on their hard work and many miles driven to achieve these points.

This next year for the club is shaping up to be a busy one, so keep an eye out for our schedule of events. We will be adding a Upland Test to our regular weekend of HRC tests in July, so get those dogs ready for some wild and woolly fun!

**Five Valley Retriever Club – Submitted by Kay Donahue; Ted Hays, President.**

Hello from Five Valley Retriever Club. As the hunting season winds down, we are looking forward to getting our weekly group training underway. I don't have much to update at this time, other than we have moved the annual hunt test back to our original dates. This is a permanent change. For 2026, it will be on July 11th and 12th. Happy hunting and training!

Things are starting to warm up here in Idaho, and it's time to put away the hunting gear and start tuning up the dogs for hunt test season. This year, our club has several new young dogs! It is always fun to work the puppies and watch the light bulbs turn on as they learn new things. Our club has several training days scheduled, as well as our test in May, and a planned upland test in the Fall.

**Mountain West Hunting Retriever Club – Submitted by Lauren Cabrera; Christian Martir, President.**

Mountain West Hunting Retriever Club has been keeping busy this season, with members out in the field enjoying the payoff of all those long training days—watching their dogs do what they were bred to do. From early mornings on the boat to goose hunts in the field, it's been a rewarding year for both dogs and handlers.

As we head into the new year, we're kicking off our annual membership raffle for anyone who joins or renews their membership before the end of January. February marks the start of our club training days, where members come together to fine-tune skills and prepare for our spring test in April.

We're excited for another great training and test season and invite those from near and far to join us. If you're looking for a well-run event set against the backdrop of Utah's incredible landscapes, we'd love to have you spend some time with us this year.

**Hells Canyon Retriever Club – Charles Freeman, President.**

Nestled in the rugged beauty of North Idaho, the Hells Canyon Retriever Club is proud to celebrate our inaugural year as a dedicated community of retriever enthusiasts. Founded by local handlers, hunters, and trainers passionate about upholding the traditions of versatile hunting dogs, HCRC has quickly become a welcoming home for everyone who loves training, camaraderie, and excellence in the field.

From the winding river bends to the misty marsh edges that define our region, Hells Canyon offers rich terrain for training that challenges both dog and handler. Our group's focus is on the development of well-rounded retrievers capable of performing in upland, land, and especially waterfowl environments—true to the mission of the Hunting Retriever Club.

One of the highlights of our first year was seeing so many talented waterfowl retrievers excel in the cold, early-morning ponds and lakes. These dogs demonstrated not only natural retrieving instinct but also the steady dedication to training that makes them reliable partners in real hunting scenarios. Whether launching into brisk water for a hard-marking drill or carefully quartering a mixed field, our waterfowl retrievers embodied the spirit and skill HCRC aims to cultivate.

As we look ahead to the coming season, we are excited to expand our training programs, host HRC-sanctioned tests, and continue building a strong, supportive retriever community here in North Idaho. We welcome new members and look forward to sharing many more seasons of learning, laughter, and successful retrieves.

## Hunt Reports

The number of dogs who earned Champion points indicates those dogs participating who were UKC registered on the day of the hunt.

Attention Clubs! Your hunt report write-ups and photos must be sent to your Region Public Relations Rep to be included in your club's region report. This allows you to share your hunt & club news in one section!

This issue contains all 2025 Event Reports processed from November 14, 2025 through January 14, 2026 .

## Notice of Suspension

UKC makes every attempt to maintain an accurate and up-to-date "Notice of Suspension" list, and the list is updated regularly. However, as there may be lag time between disciplinary action and adding an individual to the list, and also because mistakes and omissions can and do happen, UKC will not guarantee the accuracy of this list. If an individual is in question, customers should call UKC directly to obtain the most up-to-date information regarding that individual's disciplinary status. UKC can only confirm or deny a person's disciplinary status and cannot provide details on that person's case.

The following is an updated list of individuals who have been suspended or barred until the date indicated. During the period of suspension or barring, a person who is suspended or barred may be prohibited from, but not limited to, one or more of the following:

1. They are barred from registering any dogs in their names (joint or individual ownership). They may, however, transfer any dogs currently registered in their names (joint or individual ownership) to another individual(s), except they may not transfer dogs to any member of their families, spouses, or companions. Companion is defined as anyone who resides at the same address as the suspended individual.
  2. They are barred from registering any dogs in their names (joint or individual ownership) and they may not transfer any dogs currently registered in their names (joint or individual ownership).
  3. They are barred from registering any litters and from signing any litter registrations in any capacity. No offspring of a dog registered in their names (joint or individual ownership) is eligible for registration with UKC.
  4. They are barred from entering or participating in any way in any UKC licensed event, including, but not limited to, co-owner, handler, back-up handler, judge, guide, spectator, or UKC licensed official.
  5. They are barred from holding office in any UKC approved club or association.
  6. No dog registered in their names (joint or individual ownership) may be entered or participate in any way in any UKC licensed event.
  7. No championship points, wins toward a title, or monetary payouts from any UKC specialty program will be awarded for any dog registered in their names (joint or individual ownership).
  8. They are barred from advertising in any UKC publication or UKC internet site.
- Any violation of these sanctions or any other UKC rule or policy during the time period in which the individual is barred or suspended may result in their being suspended indefinitely.

CARPENTER, Alan, Traverse City MI (Indefinite Suspension) • GABRIEL, Mary, Farmington Hills MI (Indefinite Suspension)

# AMERICAN FIELD™

**SUBSCRIBE NOW to the all-new *American Field*.**

Steeped in tradition and with a legacy spanning over 150 years, the *American Field* is back in production as a leading authority for hunting dog enthusiasts.

With a special nod to our rich history of field trialing, we are showcasing our way of life with all sporting dogs—including bird dogs, retrievers, hounds, beagles, and other types of hunting and working dogs—together in one publication.

We also embrace the outdoor lifestyle, bringing attention to wild game cooking techniques, evolving veterinary medicine, emerging conservation matters, and game shooting topics.

As the heartbeat of the hunting dog community, the pages of *American Field* are filled with captivating photography, in-depth features, informative articles, heartfelt stories, and other artistic and literary works that chronicle the unique partnership between humans and hunting dogs.

### ATTENTION ADVERTISERS

YOUR ADS NEED NOT BE CAMERA READY! LET OUR TALENTED DESIGNERS PREPARE YOUR AD TO YOUR SPECIFICATIONS. Prior to submitting "camera ready" advertising copy to HUNTING RETRIEVER magazine for publication, please call the advertising department at (269) 343-9020 for specific guidelines.

UKC accepts all advertisements placed in HUNTING RETRIEVER in good faith. Purchasers should independently conduct any relevant research needed prior to acquiring animals, products and/or services from advertisers. UKC is not responsible or liable in any way for potential issues arising out of sales by advertisers, including but not limited to: dealings between advertisers and purchasers, actions and promises made by advertisers, or quality of products or animals sold by advertisers.

Please note: The use of trademarked or copywritten material without the authorization of the owner or any licensee is a violation, and leaves the advertiser and publication open to lawsuits, monetary damages and attorney fees.

### PHOTO REQUIREMENTS

- Photos sent via e-mail must be at no less than 300 dpi and sent in tif or jpeg format.
- We prefer to not use printouts of low-end digital photos. We will evaluate any that are sent in and notify you if we question the quality.
- If hard copies of photos are being submitted, photos in the form of 35 mm glossy prints reproduce the best. Please note: do not cut your photos. If you want them cropped, just indicate how you want them cropped. We will crop them electronically without harming the original photo.
- Please include a stamped, self-addressed envelope to ensure the return of your valuable photos.
