About Us

40+ YEARS OF EXPERIENCE

Here At A & K Enterprise of Manatee, Inc.

we manufacture high quality commercial patio furniture with USA made quality products. We take pride in our products. Carl Buhr, the owner and product designer has been in the furniture business for over 40 years. A & K Enterprise of Manatee, Inc. was created in 2005 and through the years we have become a family owned business. A & K's staff is composed of skilled and experienced patio furniture artisans that manufacture patio furniture all year round, specializing in vinyl strap and premium sling patio furniture and patio accessories.

Our Backstory

Established in 1990 as "Aqua Kleen", A & K Enterprise started as a one-man patio furniture refinishing and sales operation. By the late 1990's, it became apparent that needs of Aqua Kleen's customer base had changed. In order to meet those needs, Aqua Kleen began to manufacture patio furniture. In 2005, Aqua Kleen became a corporation and changed it's name to A&K Enterprise of Manatee, owing the A from Aqua and K from Kleen to the new company name.

Don't settle for less, get the best, quality furniture you can trust.

Coast Collection

The Coast collection is a fantastic option for hotels and beachfront properties. Coast's furniture is well-built and a versatile option for poolside relaxation. The Coast Collection is a high-quality, durable, and comfortable patio furniture line. A perfect choice for your hotel or beachfront property. This collection is created to be easily stacked and managed but also durable enough to handle the rigors of commercial and outdoor use. Each piece is handcrafted out of 1" round aluminum extrusion, Sandblasted and powder coated. With options of upscale 2" vinyl, Premium - marine grade fabric and paint finishes.

Maintenance & Care

When purchasing from us we recommend keeping up with a good cleaning routine to guarantee a long life for the furniture. We recommend our customers use light soap such as dawn dish soap or a natural soap that does not have harsh chemicals that can damage the furniture's protective layers. To ensure a good clean use a rag or brush with the desired soap and wash away with water. Do not leave any harsh products on the vinyl or sling; this will only age it. Even though our products are designed to be left in the sun's harsh rays and outdoor

climate we still recommend using a towel when sunbathing with any oils or sunscreens on the skin.

Maintenance and care for A&K Enterprise's outdoor furniture!

Key tips for maintaining your patio furnitures lifespan:

Cleaning:

- Use mild soap, like Dawn dish soap or a natural soap, to avoid damaging the furniture's protective layers.
- Wash with a rag or brush and rinse thoroughly with water.
- Aluminum: Wash aluminum furniture with soapy water every three weeks or more often if needed. Use a mild detergent and a soft rag or brush. Rinse thoroughly with clean water. You can also wax the aluminum frame with a light coat of car wax to protect it from the elements.
- Vinyl/Sling: Clean vinyl straps with a mild soap and water solution. Avoid using harsh chemicals, as these can damage the vinyl. Rinse thoroughly with clean water and allow to air dry completely.

Sun Exposure:

- While the furniture is designed for outdoor conditions, oils and sunscreens from sunbathing can be damaging if left on the furniture for too long.
- Place a towel on the furniture before sitting or lying on it. This will help to protect the furniture from sunscreen, body oils, and lotions.

Additional Tips:

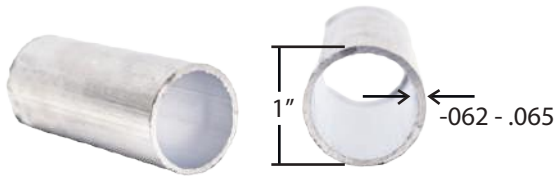

- Store furniture indoors during the off-season. If you live in an area with harsh winters, bring your furniture indoors for storage. This will protect it from snow, ice, and freezing temperatures.
- Always use your furniture for its intended purpose only. Don't stand or jump on, flip over, or lean back in chairs or lounges.
- To move furniture, always pick it up. Don't drag it across the ground, as this can scratch or damage it.
- Avoid excessive weight on the furniture that could exceed its capacity. Our furniture's weight capacity: 250-325 lbs depending on the product.

By following these simple tips, you can significantly extend the life of your patio furniture and keep it looking beautiful for years to come!
