

LINGERIE PARTNER

PRIVATE LABEL MANUFACTURER

Private Label Presentation
LINGERIE - APPAREL - TEXTILES

get to know **me** better

If you believe in something, this will happen to you.
We become, what we think about.

BUSINESS

My name is Maciej Wisniewski

I am owner of Lingerie Partner brand.
For many years I was involved in distribution of lingerie in Europe.

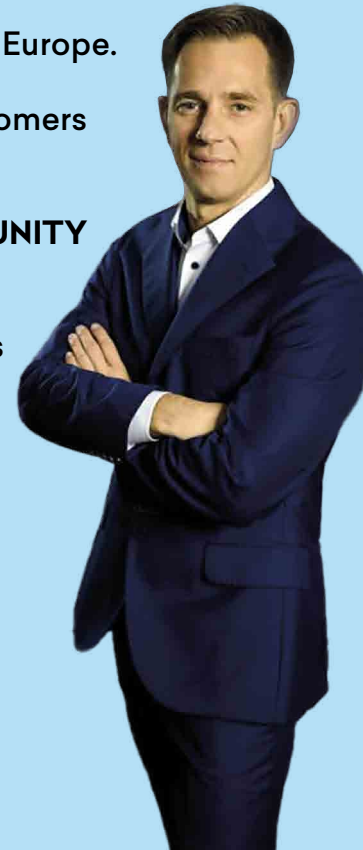

In 2019 I have decided to start manufacturing for my customers
under their own brands.

PRIVATE LABEL MANUFACTURING GIVES ME OPPORTUNITY

- to understand the needs of my customers
- to be involved in building of my customers own brands
- to be part of my customers growths
- to enable me to create new products

PRIVATE

Love travelling especially to the seaside.
Love playing squash.
Love building amazing business relationship (also private).

printing textiles.

WE CARE THE MOST ABOUT:

1. Quality of manufacturing.
2. Quality of materials for production.
3. Competitive price.
4. Communication with customer.
5. Long term cooperation.
6. Individual approach.

we make private label

More informations on other pages below.

Our production is Made in Poland.
We buy fabrics and components
Made in Europe and Poland.

Fabrics: OEKO-TEX certificate, GOTS.

We produce also from eco fabrics:
Eco Cotton,
Ecovero™ Viscose,
Eco LYOCELL/TENCEL ,
Eco - MicroModal, Eco Polyester.

certificates

OEKO-TEX standard 100 is a certificate that proves the quality of textile products that come into direct contact with human skin. Some eco fabrics we produce from have got separate certificates as well.

OEKO-TEX® STeP (Sustainable Textile Production) is a certification system for brands, retailers and manufacturers in the textile chain who want to communicate to society about their achievements in sustainable production processes in a transparent, credible and clear way.

GOTS certification

The production process subject to the “GLOBAL ORGANIC TEXTILE STANDARD” (GOTS) standards must meet strictly defined environmental and social requirements. The GOTS criteria cover all stages of production – from the cotton growing process – the use of any pesticides and artificial fertilizers is prohibited, up to the finished product.

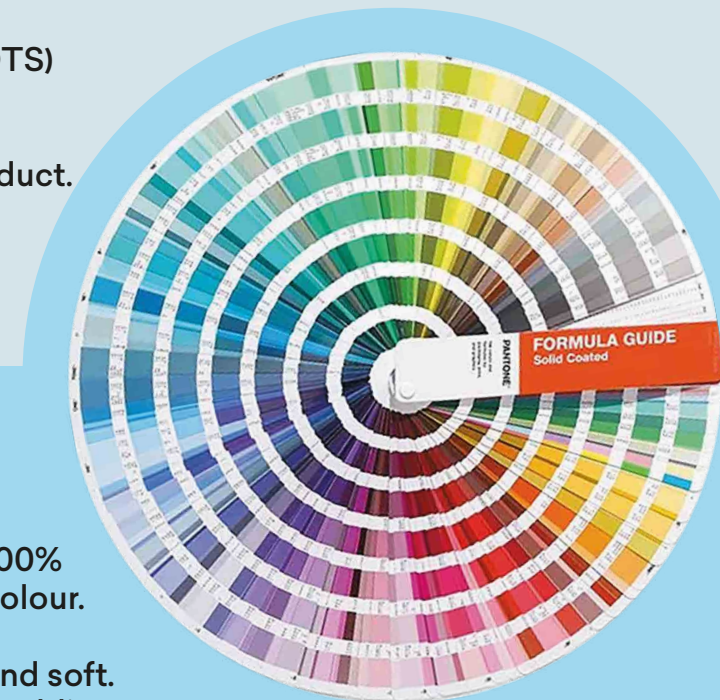

Organic Content Standard - OCS certification

Certification process of Ecocert Greenlife – Women Apparel.

pantone colour

Some of the products from this catalogue are made from Polyester 100%
We can produce Satin and Polyester from any Pantone colour.

There are various polyesters, nice in touch and soft.
Amazing for t-shirts, sport clothes, various pouches, bedding.

private label

clients we worked with

fullprint on fabrics

- 1** **Modern technology:**
Full Print allows full coverage of the material with a pattern without restrictions on size or shape.
- 2** **Vivid and lasting colors:**
This technology allows you to achieve intense, vivid colors that are durable and resistant to fading.
Perfect reproduction of even the most complex graphics.
- 3** **High quality of printing:**
Characterized by sharpness of details and depth of colors.
Provides excellent image quality on all types of polyester materials.
- 4** **Perfect for unique products:**
Perfect for creating attractive and unique products such as sportswear, bags, and promotional accessories.
- 5** **Durability and resistance:**
Products made using this method are exceptionally durable and resistant to damage and destruction typical of intensive use.
- 6** **Application in marketing:**
A perfect solution for companies that want to emphasize their brand through corporate clothing or gifts for employees.
Helps build a strong visual brand identity.
- 7** **Beautiful, colorful prints:**
Perfect for those who value aesthetics and want to surprise their customers with unique design.

decoration on fabric

If there is a special need, we can do decoration on fabric.
We can add on the fabric Your logo or text you wish to have.
Your logo could be in black & white or coloured.

sewing label

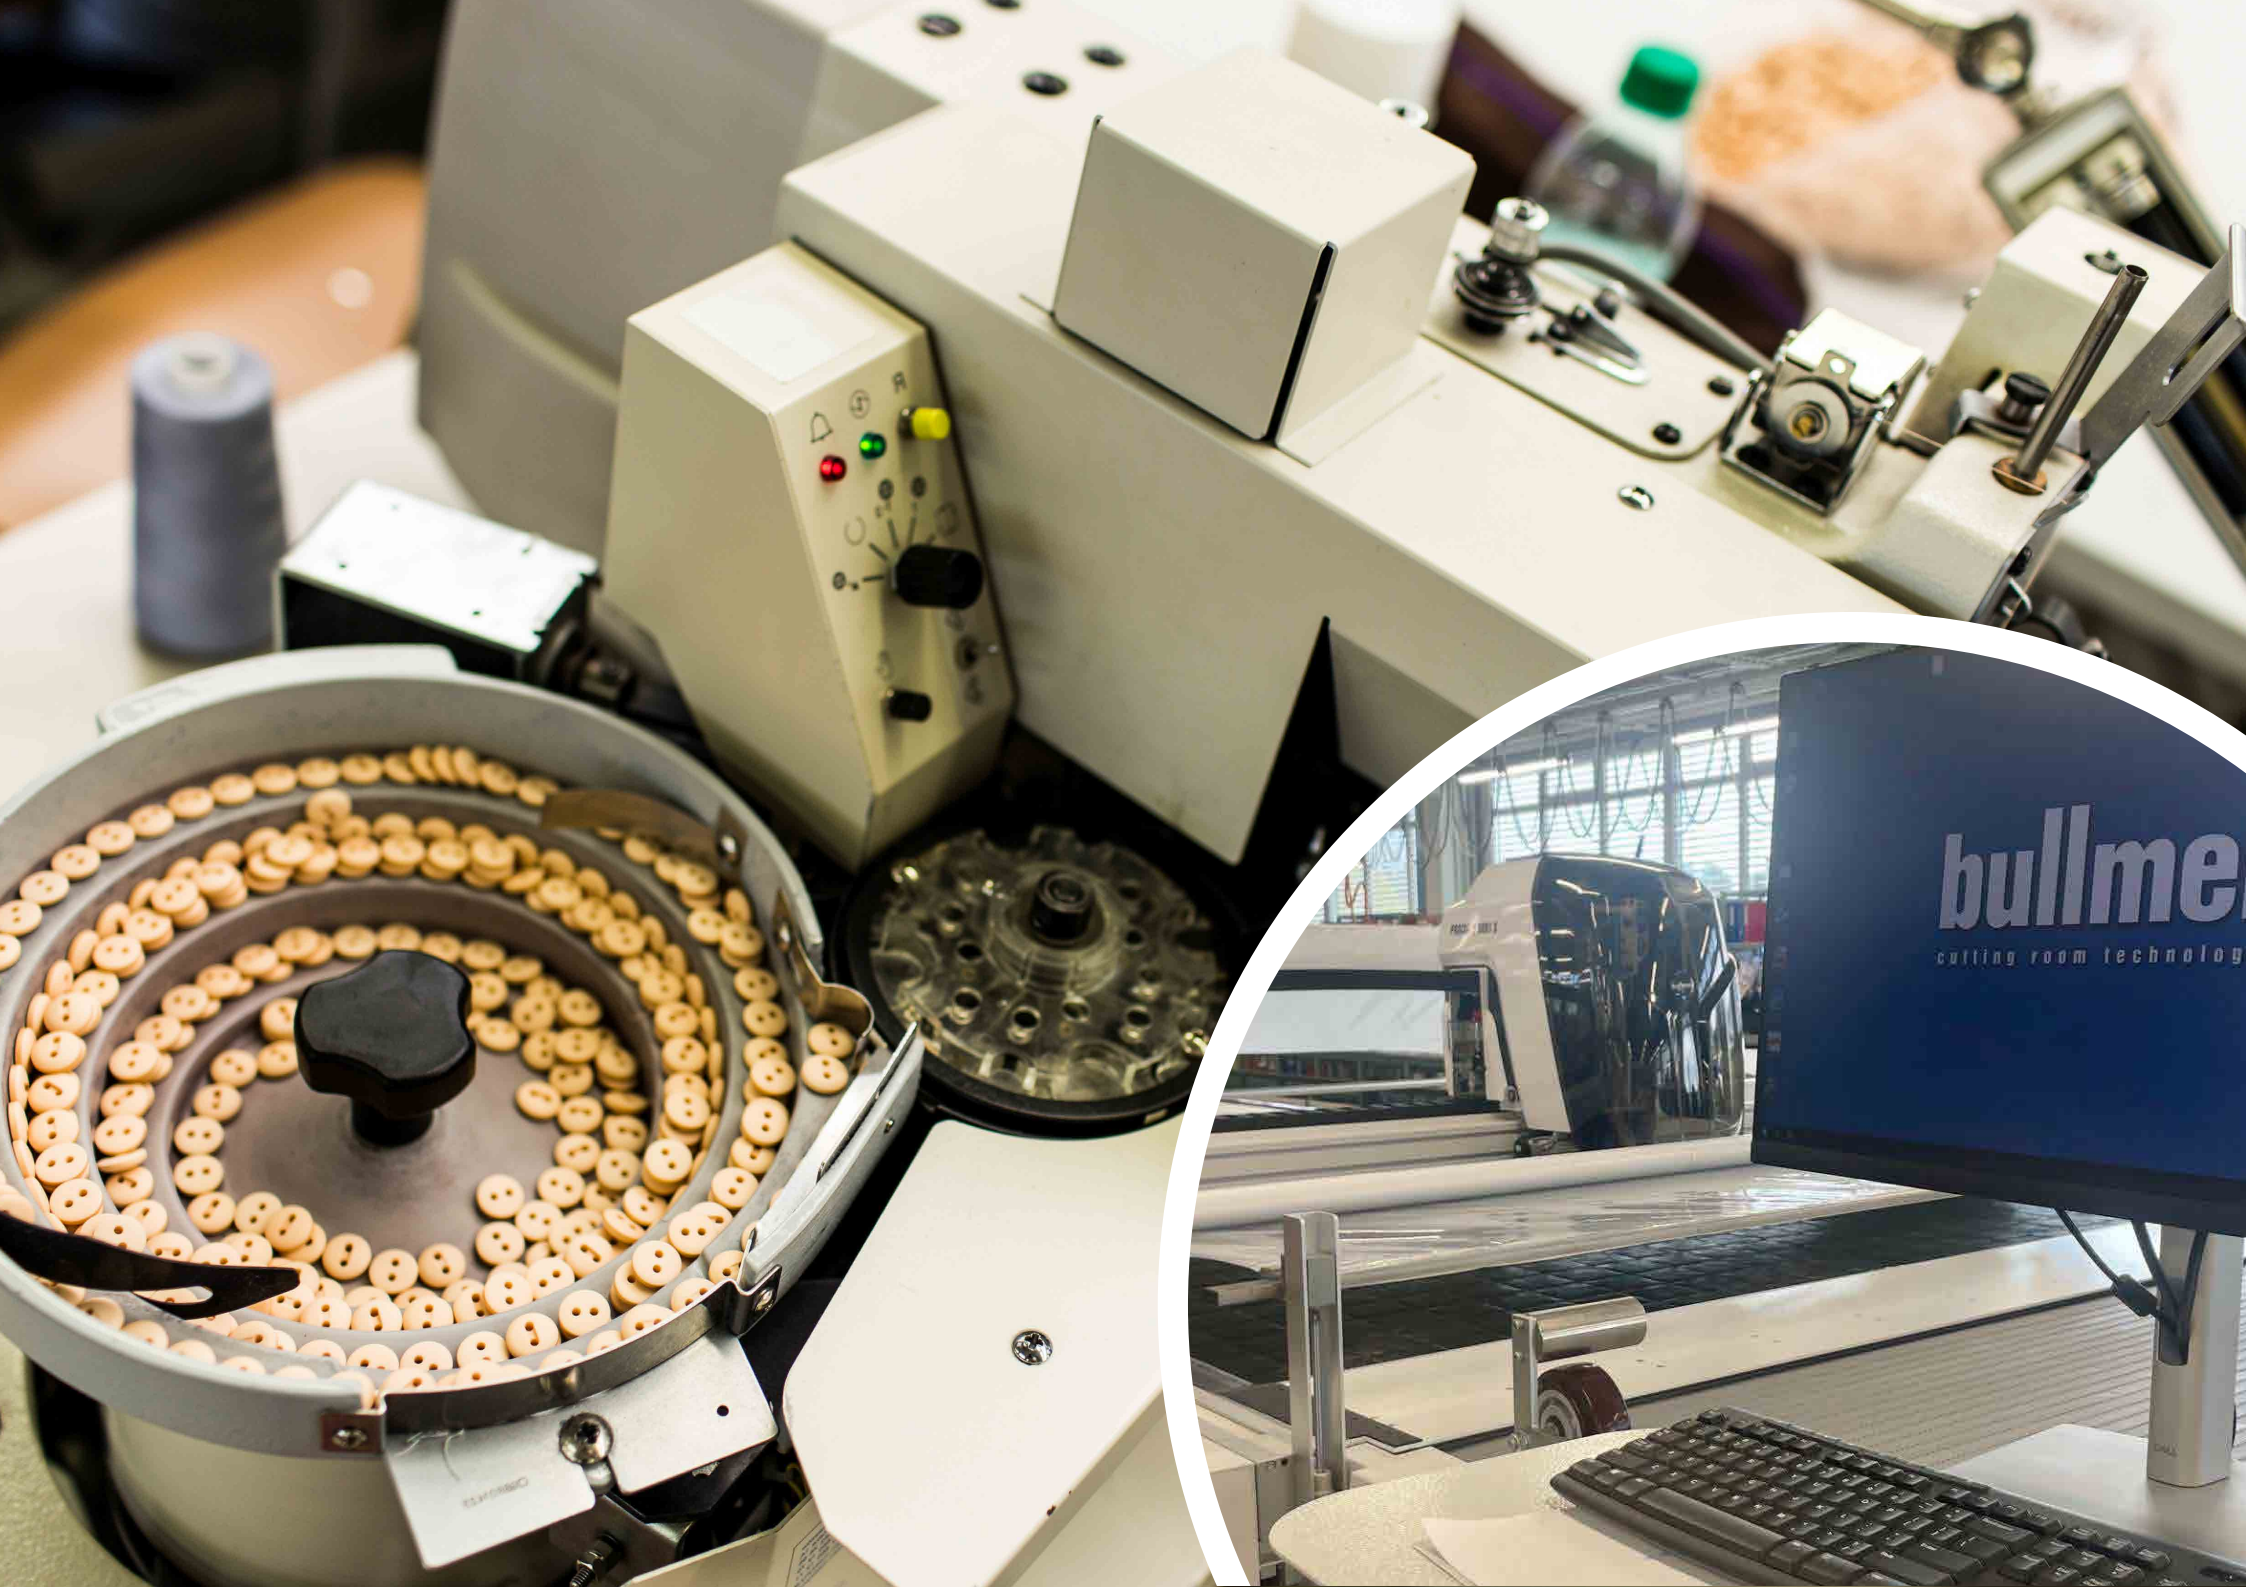

- the label can be in PDF
- dimensions any size – you can use your own dimensions.
- can be colourful
- it must be written: Made in Poland or Made in EU
- it must be written: composition e. g., Polyester 100%
- it's worth adding some text on the other side of the label, e.g. " We have been on the market for 20 years", "Use your imagination" etc.
