KITCHEN & DINING

What is it that many civilizations collectively agree upon, across cultures and throughout history? That home truly starts with the kitchen!

A good kitchen sets the stage for a good life. Thus, our collection is designed to enrich one's daily ritual within the very sanctuary that is the kitchen.

Our bamboo kitchenware are made from Luong bamboo (*Dendrocalamus Barbatus*), one of the world's largest and strongest bamboo species. Known for its high cellulose content and natural antibacterial properties, Luong bamboo is an excellent choice for making chopping boards.

Our entire bamboo kitchenware collection is FSC certified, ensuring it comes from responsibly managed, renewable sources.
