A Brief Story About MCHS at DTCC

Great Campus

ABOUT US

MCHS is a Durham Public Schools high school that accepts students who reside in Durham or Orange Counties. Applicants may be from a public school district, home school, charter school, or private school. MCHS serves students in grades 11, 12, and 13 who would like to challenge themselves by taking honors-level high school courses and free college courses at Durham Technical Community College. Students may graduate from high school with a year or more of college transfer credit. Many students also graduate from MCHS with an associate degree or a career/trade certification.

VISION

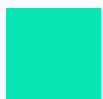

MCCHS Mavericks engage in life experiences through an equitable and diverse, collegiate environment.

Upon graduation from high school, students will leave as confident, contributing, critical thinkers who embrace life-long learning.

MISSION

The mission of Middle College High School at Durham Technical Community College is to expand learning opportunities for highly motivated students to earn a high school diploma while acquiring credit towards an Associate Degree, a four-year college, or an industry certification credential.

MCHS FIVE KEY VALUES

01

Academic Excellence & Success:

MCHS students and staff demonstrate the determination to achieve and excel in educational activities. MCHS students and staff are expected to implement organizational and management skills, as well as, effectively using available resources to promote success academically and in real-world scenarios. MCHS students and staff are life-long learners. This translates into being proactive, self-motivated, and accepting personal responsibility and accountability for one's actions.

02

Social Engagement:

MCHS students and staff are aware of, and participate in, the upholding of fairness, justice, and the general well-being of the society in which he or she lives. MCHS students and staff are informed about issues that affect their society. Students and staff are aware of, and uphold, duties, responsibilities, rights and privileges of all citizens. MCHS students and staff are informed citizens who advocate for and work towards the aim of caring for and maintaining natural and political environments in which they live.

03

Diversity, Equity & Inclusiveness:

MCHS students and staff acknowledge and appreciate that groups of people can differ significantly from other groups in appearance, race and gender, sexual orientation, veteran status, etc. MCHS students and staff share the belief that true equity means every individual receiving what they need to develop to their full potential.

04

Integrity:

MCHS students and staff are expected to be honest and display good character, always upholding strong moral and ethical principles.

05

Leadership:

MCHS students and staff will model traits of an effective leader by collaboratively engaging with others while driving their vision with innovative methods.

WHAT DOES MCHS OFFER?

Free College Credit

Students may graduate with a year or more of transferable university credit or earn a trade certification.

Non-traditional Academic Environment

The school is situated on the campus of Durham Technical Community College, providing a more open-campus and collegiate atmosphere. Students take their college classes with Durham Tech faculty and Durham Tech students.

Small Enrollment

Our maximum enrollment is 300 students.

Flexibility

Each student has a great deal of flexibility in creating his/her course of study and daily class schedule

Durham Tech Facilities

Students will have access to all Durham Tech facilities and services (ex. libraries, labs, clubs, counselors, dining services etc).

Associate Degree

Many students may be able to complete an Associate Degree upon completion of high school.

INTRODUCING . . .

GRADE 13 AT MCHS

Grade 13 is an optional additional year of high school. During that time, students may continue taking DTCC courses with the goal of finishing a degree or certificate by the end of Grade 13. Tuition, fees, and books will continue to be free for students. Interested students must submit an application directly to the MCHS Magnet Coordinator who, in consultation with the principal, will evaluate it based on the student's grade and credit history, attendance, and discipline history.
