

## May 2025

**Welcome to the first of our monthly updates, where we aim to keep you up to date on work that has been carried out on your course. We will also keep you up to speed on planned works for the coming month.**

### UPDATES

#### **Building a Greener Workplace**

Over the last few months we have carried out a lot of arboreal work, raising the canopy of almost all copses.

This has had a multitude of benefits.

- Increased sunlight exposure helping new growth
- Improved visibility
- More recovery shot options
- More efficient mowing regime

New paths have also been created, improving access.

Bunkers have been renovated and edged.

Previously bare patches have been overspeed.

Nearly all of the autumn and winter debris has been removed, and the golf course as a whole has been tidied.

### Opening Times

May 2025

***A huge thank you to every volunteer that has very graciously given up their time to assist with achieving all this.***

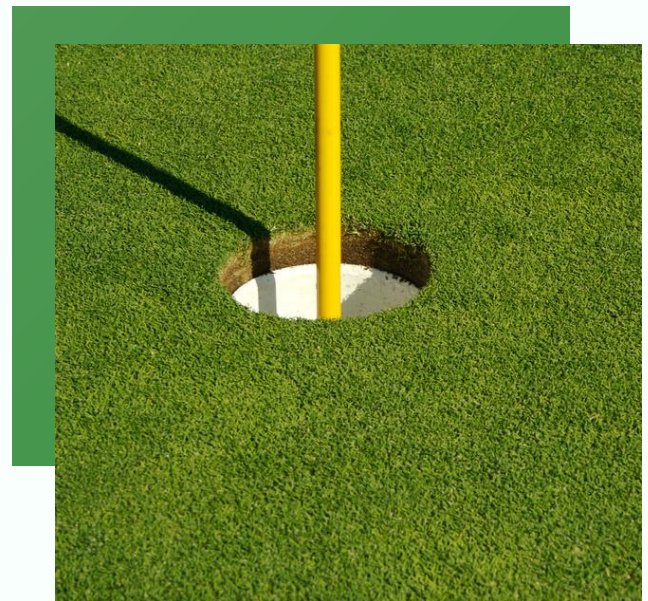

***Your efforts are very much appreciated, and the results are apparent.***

## Mow More in May

Moving forwards, we are into our full mowing schedule, which consists of almost 1.2 million square metres of mowing per week.

Our heights of cut are currently :

- Greens 5mm (daily)
- Tees 12mm (every 3 days)
- Fairways 15mm (every 3 days)
- Aprons, approaches and short Fairways 12mm (every 3 days)
- Semi rough and ornamental 40mm (every week)

## Greens Renovation

We have commenced our greens renovation.

The first application of fertiliser was put down on Sunday the 4th of May. Further works will be taking place throughout the month.

This will include scarifying and further applications of nutrients, top dressing, insecticide, and wetting agent.

Thank you in advance for your patience as these essential works take place.
