## EMERGENCY EXITS

The following pages show emergency exits and fire extinguisher locations for the Johnson City Press-Chronicle building. Exits are marked on each floor. There are two stairwells, one on the east side of the building and one on the west side (please see drawings). After 8 P.M. the east hallway of the second floor is blocked by a gate. Persons should exit through the newsroom. Further, after all employees leave the third floor, the gate on the east stairwell should be locked. However, at any time anyone is on the third floor this gate should remain open to provide proper exit. Fire extinguisher locations are as marked. Division and bureau exits and fire extinguisher locations follow the emergency exit plans.

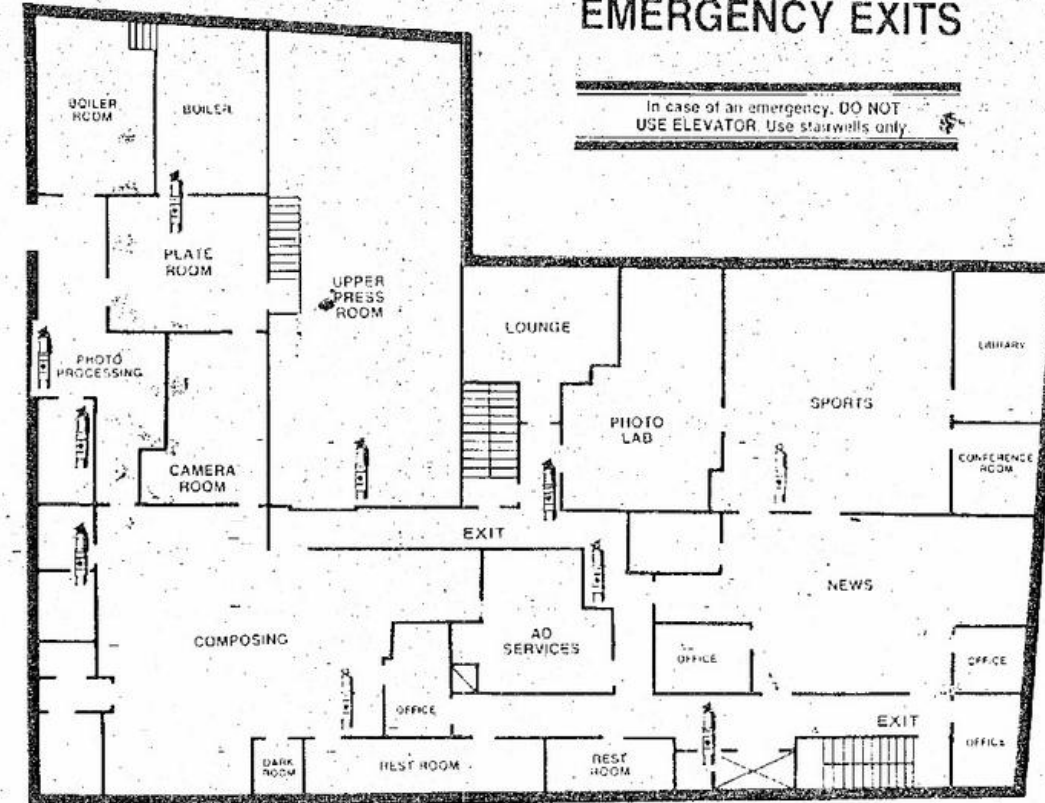

1st Floor  
**EMERGENCY EXITS**

In case of an emergency, DO NOT  
USE ELEVATOR. Use stairwells only.

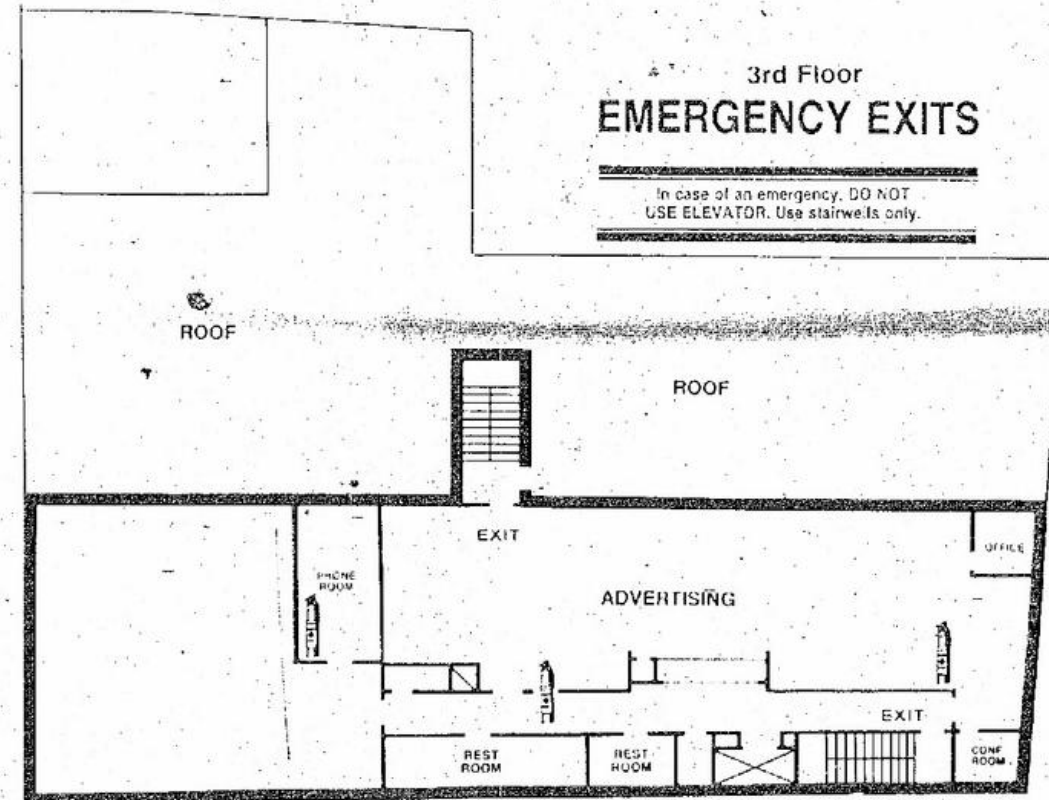

2nd Floor  
**EMERGENCY EXITS**

In case of an emergency, DO NOT  
USE ELEVATOR. Use stairwells only.

3rd Floor  
EMERGENCY EXITS

In case of an emergency, DO NOT  
USE ELEVATOR. Use stairwells only.

FIRE EXTINGUISHER 21
