YOUR DAY IN SCHIEDAM

11:30 AM — ARRIVAL

The team has just landed and is currently travelling from the airport to Van der Valk Hotel Schiedam. Upon arrival, our kiss & ride area will be fully reserved for the players' bus, kit bus, and other staff vehicles.

The room key cards for the entire team will be prepared in advance and arranged alphabetically in the lobby, ensuring a smooth and efficient welcome.

If there are any specific wishes or requirements for the arrival, such as security or crowd barriers, please let us know. We work with several trusted partners.

12:00 PM — TIME FOR LUNCH

Around midday, an extensive lunch buffet will be ready for you. This is the perfect moment to recharge after the long journey. The buffet consists of nutritious and fresh products, specifically tailored to the requirements of your food book. Whether you prefer a light salad or a tender steak, our chef will take care of everything down to the smallest detail.

If desired, we can create a private workspace for your chefs. Please contact our sales team to discuss the available options.

1:00 PM — TIME TO REST

After a filling lunch, the players can retreat to their rooms. Depending on your preferences, they will stay in single rooms or with a maximum of two people per room.

Our rooms are new, luxurious, and spacious by hotel standards. We can accommodate the entire team, including staff, on the same floor, which will be exclusively reserved for your group.

Our elevators are secured and can only be operated with a key card. This limits access and ensures that only guests staying at our hotel are able to use our elevators.

2:30 PM – TIME TO TRAIN

We understand better than anyone how important training is in preparation for your match. That is why we work closely with several partners who provide training fields in excellent condition. As an added bonus, these fields are located just 1 km from our hotel.

Looking for a small warm up before training? Rent bicycles for the team and let them cycle to the training location, getting the muscles moving before the session begins.

17:00 UUR – SPORTS DINNER

In the evening, we welcome you to a carefully prepared dinner, the ideal way to unwind and refuel after a day of travel, training, or competition. The menu is composed of fresh, nutritious ingredients and is fully aligned with the guidelines of your food book. From light and balanced dishes to more substantial options such as a perfectly cooked steak, our chef ensures every detail is taken care of to support recovery and performance.

We accommodate the team and staff according to your preferences. This is clearly indicated by using logos labelled “team” or “staff.”

21:00 – LATE NIGHT SNACK

In the evening, we can serve a late night snack, a pre match meal, or another meal according to your wishes. For the convenience of the players, the late night snack can be served on the players’ floor, allowing them to simply step out of their rooms to enjoy it. Very convenient, right?

Please contact our team to discuss the possibilities for serving your preferred meal on the players’ floor.

SPORT MEALS

In the world of sports, we regularly welcome prominent teams. Our chefs, Erik van Meerkerk and Gijs Verbeek can't wait to welcome your team.

We are ready to meet the standards of your team's dietary needs, whether it is an elaborate breakfast, a tasty lunch, a nutritious dinner, or a specially curated pre-match meal, all prepared with our fresh, high-quality ingredients based on your provided menu.

When preparing all of our meals, we take account of your team's preferences, paying attention to the use of oils, herbs, and fats.
