Ballykeefe Distillery

– From FIELD to GLASS –

BALLYKEEFE IS THE FIRST Irish Single Estate Family Farm Distillery in over 200 years, where all barley is sown, grown, harvested and distilled on the Ging family farm.

The Ging Family trace their unbroken farming lineage back to the golden age when family farm distilleries were dotted across the Irish countryside. Located in the lush green countryside close to Ireland's medieval capital Kilkenny city, Ballykeefe has the distinction of being the area from which the first written account of distilling in Ireland is recorded in 1324 in the Red Book of Ossory.

Super Premium is the quality standard at Ballykeefe Distillery. It is a hearts only distiller's cut, which means all heads and tails are discarded, with the emphasis on quality and not quantity. They produce their spirits in small batches in bespoke, handcrafted Italian copper stills built by the renowned Barison Family.

PIONEERS OF ON-FARM DISTILLING
Ballykeefe is “The Real Deal” field-to-glass operation where all of the barley, oats, and rye are sown, grown, harvested, and milled on their family farm. Every step of the whiskey distilling, aging, and bottling are also handcrafted in their distillery. The Ging family, with an unbroken farming lineage through the centuries, has pioneered the revival of lost traditions from 300 years ago: on-farm distilling.

Ballykeefe whiskey is exclusive and rare, with each bottle taken from a single cask in its natural color with no chill filtering. Our award-winning care for the environment is central to our recycling of all by-products to achieve zero off-farm waste. Dynamic temperature changes in the cask aging warehouse means a richer abundance of flavors for a high ‘angels share’.

THE GALTEE MOUNTAIN BOY

TRIPLE BLEND OF GRAIN, POT STILL
& MALT IRISH WHISKEY

IRISH WHISKEY

ROOTED IN IRISH HISTORY, The Galtee Mountain Boy Irish Whiskey recalls an iconic tale featured in an Irish folk ballad of the same name.

Presented in a traditional clay bottle, this triple blend of locally-sourced grain, malt and pot still whiskeys is patiently matured in bourbon casks and then finished in double charred casks.

This unique finish results in smooth and relaxing whiskey with notes of dried fruit and sweetness on the nose, complimented by vanilla, nutmeg and toffee on the palate with caramel undertones, followed by a citrus finish.
