

# VISION & INNOVATION CLUB

moral assessment

2024

# WELCOME TO **ASSESSMENT** **OF THE YEAR.**

As the **Vision & Innovation Club** concludes an eventful and inspiring 2024, this Moral Assessment Document serves as a reflection on our collective achievements and growth throughout the year. It captures the activities, projects, and events undertaken by our club, providing an overview of how we did our best to contribute meaningfully to the scientific and academic community.

Through this document, we aim to evaluate the outcomes of our efforts in improving our practices and growing our community. As well as measuring their alignment with our club's vision, we celebrate successes, identify areas for improvement, and set the stepping stone for even greater accomplishments in what we call the "Golden Age" of the years ahead.

## 0.1 EL-MAARIFA ASSOCIATION

### Label

The Scientific Association EL-MAARIFA.

### Presentation

An Algerian scientific and cultural association for students, approved by the Ministry of Internal Affairs. It was founded in 1994 by a group of students at the Bouraoui Ammar Campus. It includes a group of branches located in some schools and universities residences. The association aims to improve the scientific and cultural knowledge of the Algerian student, and to stimulate the scientific atmosphere and cultural development inside and outside the university. With the discovery and development of energies and talents in all fields, and helping to link universities with society and economic institutions in the student environment.

### General Information

- **Coverage level/geographical scope** State of Algiers
- **Field of activity** sustainable development - youth - environmental - educational - solidarity - culture and heritage - entrepreneurship - economics - sports
- **Target Group** Youth

	<b>Mission</b>	To contribute in improving the level of the student and the Algerian university through qualitative activities that keep pace with various modern topics and through means of institutional work that raise the effectiveness of its members and their level of understanding, planning and building relationships.
	<b>Vision</b>	To be the first association of its kind in Algeria, with branches active in all fields.
	<b>Values</b>	Openness, quality, knowledge, mutual respect, instilling confidence, encouraging creativity, benevolence.

## Association's Goals

- Improving student's academic performance.
- Directing students contemporary scientific concerns related to the environment, economics, and others.
- Creating a creative spirit, discovering talents in various fields, and working to develop them.
- Updating the association's work to keep pace with scientific and technological development.
- Cooperation with associations, bodies and authorities in the scientific field.

## 0.2 THE VISION & INNOVATION CLUB

### Label

Vision and Innovation Club

### Presentation

The Vision and Innovation Club is an Algerian scientific students club that was first created back in 2014.

The English-speaking club was created by a group of students within "L'Ecole Nationale Polytechnique" who were aiming to offer a thrilling experience to their fellow members.

### Overview

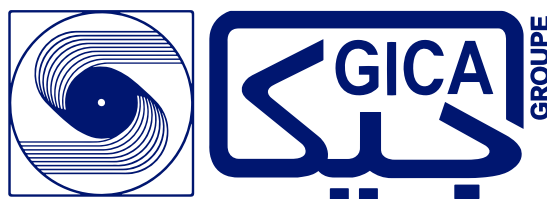

- Foundation: 2014
- Members: 269
- Main departments : 4
- Official local: ENP - EL Harrach, Algiers
- Official language: English
- Legal approval: El-Maarifa Association
- Fields of activities: Scientific and cultural

**VISION &  
INNOVATION  
CLUB**

### Official Sponsor

Groupe Industriel des Ciments d'Algerie (Groupe GICA)

## VISION

Creating an enriching experience for our members and fostering a lasting community that instills pride in their membership

## MISSION

Our mission and main goal is to help our members mainly and other ENP students develop their soft and hard skills, as well as build their network through multiple enjoyable events and activities.

## Departments

- Information & Technology (IT)
- Communication (COMM)
- Human Ressources (HR)
- Finance, Logistics & External Relations (FLER)

## Activity Departments

- English Bubble
- SPARK
- VIC Training

## 1.3 HUMAN RESSOURCES

### Description

Its in charge of the internal organization and communication, administrative work, recruiting and motivating members. **62 Members** in total.

### Structure

### HR Projects

# 1

#### VIC DS

January 27th, 2024

The first internal project of the VIC year, where all members gather to break the ice. Through various activities, casual conversations, and experience sharing between old and new committee members, the event fosters stronger connections.

#### Summer Break

Conducted during the summer, HR members reach out to club members via phone calls or chats to conduct a survey on their likes and dislikes regarding their time in the club.

#### SpyQuest - Operation HR

# 2

# 3

#### Alumni Database

A database to collect information about alumni members. A preliminary list was established this year, but the project remains ongoing.

## VIC Entertainment

VIC Entertainment is a group associated with the HR department, responsible for organizing internal events and activities for the club.

**Sponsors:** 4

## GOALS

Provide a platform for public speaking, encouraging individuals to share their stories on stage.

Promote concise communication and the exchange of ideas through storytelling.

Inspire individuals and create a positive societal impact through shared experiences.

## Event Description

Ignite Talks is an international public speaking event where speakers have five minutes to talk on a subject accompanied by 20 slides. In 2018, the Vision & Innovation Club introduced Ignite for the first time in Algeria under the motto of Ignite ENP. By 2022, Ignite had earned the certificate of Ignite Algiers. Ignite provides an unprecedented platform for people to express themselves, share personal stories, and let their voices be heard.

# 2.2 POLYMAZE

**Edition:** 4th  
**Theme:** Prison Break  
**Workshops Date:** June 11th & 12th, 2024  
**D-Day Date:** July 11th & 12th, 2024  
**Venue:** HIS University, Bourj-El-Bahri, Alger  
**Organizing Team:** 67 Members  
**Participants:** 95 Teams (45 reached the Finals)  
**Attendance:** 201 Attendees  
**Partners:** 13  
**Sponsors:** 6

## GOALS

An exceptional opportunity for Algerians passionate about technology to discover and showcase their remarkable skills in robotics.

Arouse public interest in the field of robotics.

A unique gathering of passionate minds from schools and universities across the country to exchange innovative ideas with a competitive spirit.

## Event Description

POLYMAZE encourages creativity, competition and teamwork by challenging participants to design an autonomous robot capable of solving a maze within a given time frame. This 2 days competition tests their skills in mechanics, electronics and automation, to create the best version of their robot that will successfully find the exit from the maze in record time.

## 3.5 VIC RECRUITMENT

**Duration:** September – November, 2024

**Organizing Team:** 75 Members

**Applicants:** 461

**Interviews:** 392

**Accepted:** 370

### Project Description

The recruitment process began at the start of the school year. New members were invited to join the club through a promotional campaign highlighting various aspects of the club.

### Recruitment Process

Interested students filled out an application form, after which candidates were invited to an interview conducted by two members: one from the HR department and one from another department. Finally, candidates were notified of their selection status through response emails.

### VIC Open Day October 8th, 2024 in Jardin ENP

The VIC Open Day featured various stands representing the club's main activities and departments. These included:

- Stands for the club's main departments.
- Activity department stands : Spark, English Bubble, and Training.
- Throughout the day, VIC members engaged with new students, explained the club's mission, and answered questions.

Project Manager

# +300

Student Reached

## 3.6 ALUMNI GRADUATION

### Project Description

An initiative by the committee members to present certificates of appreciation to graduating ex-VIC members, acknowledging their past contributions to the club and wishing them success in their new journey as alumni.

**Number of graduates thanked** 50 graduates

## 3.7 INITIATING VIC

### Project Description

VIC's Competition is an internal competition in which the club's members split into equal teams (same number of COMM, IT, HR and FLER members in all the teams + ONE Project Manager and an optional Vice) and work together to create an idea for a new event and simulate making it happen. Teams are given the dedicated period of 15 days to polish their work. Then they present their product (event) in 10 minutes in front of the Jury members to decide on one winning team.

### Overview & Stats

- Name: "Initiating: VIC"
- Time: February 1st to February 14th, 2024
- Place: Online (Discord)
- D-day: Feb 17th (on Google Meet)
- Number of teams: 8 (10 Project Managers)
- Number of members: ~136
- Jury members: 7

## 3.8 SPECIALITIES PRESENTATION

### Project Description

Series of presentations specifically made for 2CP students who are about to choose their speciality. These sessions include guest speakers, such as current students from various specializations and alumni who have completed their studies.

## Activity Departments

# 4.1 ENGLISH BUBBLE

## Description

EB is a dynamic space designed for members to share ideas and engage in diverse discussions through speaking sessions and interactive games. The primary goal of this sub-department is to foster an ideal environment where members can practice English while developing essential soft skills such as hosting, public speaking, and stepping out of their comfort zones.

**Head of Department** Amina **NOUI**

## 4.2 SPARK

### Description

Spark is the scientific activity department for all tech enthusiasts within the club to share their passion. The main objective of the department is to provide members with the right resources and tools -through training sessions and the E-lab, and the opportunities to participate in national and international competitions within the field.

**Head of Department** Aimen **ZAMOUCI**

### Workshops & Masterclasses

RoboKO	2	2nd Round
Brandini	5	1st Place
SynapseON	1	Qualifications
Tech Pioneers Competition	1	2nd Place
Eurobot	1	23rd Internationally

## TALEB BOT in Eurobot

The **TALEB BOT** team proudly represented Algeria in **EUROBOT 2024**, a prestigious international robotics competition held in **La Roche-sur-Yon, France**. EUROBOT brings together teams from around the world to design and build innovative robots, fostering creativity, technical excellence, and teamwork. Starting in September 2023, the TALEB BOT team dedicated nine months of tireless effort, overcoming numerous challenges, including balancing academic commitments and securing resources. Their perseverance paid off as they earned a spot in the finals and achieved an impressive **24th place globally**. Led by **Ibrahim BELKHIRI**, with contributions from technical lead **Mohamed Nadjib RAHAL**, external relations head **Mohammed Amine LABBAS**, and media and sponsorship coordinator, the team demonstrated exceptional collaboration. Their journey was marked by late nights, technical breakthroughs, and the unwavering spirit of their electronics and mechanical specialists. The experience showcased the team's resilience, creativity, and determination, leaving a lasting sense of pride in their achievement and dedication to robotics innovation.

## SPARK in ARC 3

The Algerian Robotics Cup 2024 was a proud moment for Spark, as four of our teams —**Rayz**, **INFERNO**, **SPARK**, **Thunders**—showcased exceptional innovation and teamwork. **Thunders** achieved a remarkable **2nd place** with their all-terrain robot, built in just three days. Featuring custom wheels, a recycled **jerry-can** body, and a Bluetooth-controlled gripper, their robot combined sustainability with cutting-edge design.

This achievement highlights Spark's commitment to fostering creativity, problem-solving, and technological excellence. Congratulations to all our teams for their dedication and for making Spark shine on a national stage!

## 4.3 VIC TRAINING

## 5.2 COLLABS WITH ENP

**ENP First Representant:** The Vision & Innovation Club proudly served as the first representative of ENP's vibrant student life in 2024. The club took the lead in organizing memorable events on significant occasions, such as November 1st, and setting up exhibition booths during distinguished visits. As an official representative of ENP, the club received formal invitations from the Algerian government, showcasing its pivotal role in promoting the institution's values and achievements. Additionally, the club actively welcomed and inspired new students by creating engaging videos that highlighted the ENP experience, leaving a lasting impression on the next generation.

**ENP Centenary Celebrations:** We proudly organized the Shine event, marking the start of a year-long celebration for 2025. The highlight of the event was the unveiling of the rebranded ENP logo, setting the tone for a year of innovation, growth, and pride in our community. Shine symbolized a fresh beginning and laid the foundation for an unforgettable year of milestones and achievements.

**Cultural & Sports Activities :** The VIC is the official partner for cultural and sports activities and responsible for the ENP gym and its management and organization. Also, he's responsible for all the team sports and cultural activities.

**EVEC Center:** The VIC is the official partner to the EVEC Center providing it with some books and assisted with its marketing. Additionally, our English Bubble activities take place there.

## 5.3 RELATIONS WITH ALGERIAN GOV

- Official invitation from the Higher Council of Youth to the Club's Camp.
- Official booth from the Higher Council of Youth in the Algerian Youth Gathering on July 3rd, 2024.
- Attending the Algerian President's word to the youth.

## 7.2 2024 GOALS

The important collective effort of the Club's members and committee board ensured the completion of the 2024 goals set at the beginning of the year. And so we note that throughout the year, we achieved:

### **Smooth Sailing of the Year**

The committee maintained regular, well-organized meetings, ensuring clear communication in case of conflict and coordination.

Members were engaged through frequent updates and opportunities to participate in diverse internal and external activities (12 Monthly Plans, 12 Member of the Month announcements, and department meetings).

Feedback forms shared throughout the year proved the satisfaction of members with their experience (5/4.9 stars).

### **Social Media Growth**

The Instagram page saw a steady increase in followers, reaching over +5k new followers this year on instagram (Shared 5 posts with the highest number of likes and engagement in the history of the page), +2k on tik tok.

Improved content quality by introducing creative posts, interactive stories, and behind-the-scenes highlights, improving engagement through various platforms.

### **Sponsorship for VIC**

Successfully secured a sponsor (GICA), which significantly supported our activities and events throughout the year.

### **Improved Local**

The Local was transformed into a vibrant space, a welcoming atmosphere for members to relax, work, study, or hang out.

### **Transition to Discord**

Gradual integration of Discord for event planning, task organization, and member coordination proved effective.

Key announcements continued on Messenger and Facebook for broad visibility, maintaining a hybrid approach.

### **Improved Booths and Participation**

VIC booths were revamped to be visually appealing and professional

Actively participated in scientific exhibitions (showcasing Spark's work) and cultural events (highlighting VE's contributions, EB, and Anglosphere).

## Workshops and Training

Organized multiple internal training sessions and workshops (over 56 training sessions) tailored to improve members' skills in scientific, cultural, and leadership domains.

## Diverse Internal Activities

Held a variety of internal activities (over 20 activities) through VIC Entertainment, ranging from games, competitions, gaming, to sports tournaments, ensuring broad member participation.

## Projects and Internal Events

Successfully organized a significant number of impactful internal projects and events (VIC's competition, spelling bee and many more).

## VIC Archive

Compiled and updated the VIC archive, documenting all events, projects, and departmental progress for future reference.

## Website

Initiated the design of a VIC website, with progress made toward its completion, setting a solid foundation for next year.

## New Event Ideas

Brainstormed creative ideas for new events and projects and ensured their smooth execution (Shine, Masterclass and other).

	Achieved	Comparison with 2023
Training & Workshops	54	385,71%
Sessions	36	400,00%
Internal Activities	21	300,00%
Exhibition & Invitations	13	216,67%
Events & Projects	12	120,00%
Internal Projects	8	400,00%
Competetions	9	150,00%
Partners	56	233,33%
Active members	205	157,69%
Goals	13/13	

As we bring this Moral Assessment to a close, we are reminded that the milestones we achieved in 2024 are not just a testament to our hard work but also a reflection of the unwavering commitment of every member toward realizing our shared vision.

Let this document serve not only as a summary of our "Golden Age" but also as a call to action for the journey that lies ahead.

Together, We Lead the **VIC**tory.
