Autumn *Winter**

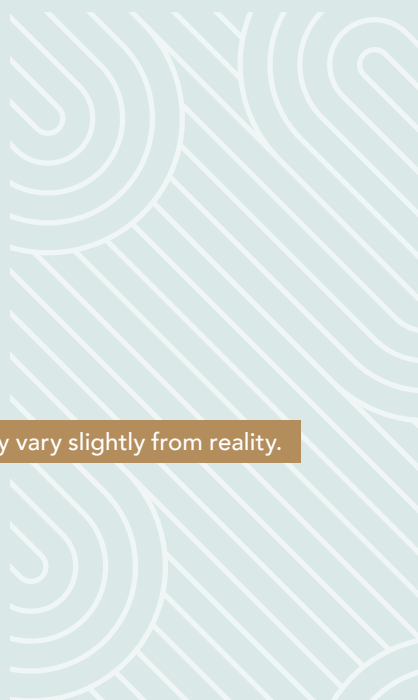

COLLECTION

Each new collection is not only a celebration of **teamwork** but also a celebration of nature's various seasons.

Every month carries its own personality, a distinct rhythm that influences the way we experience **comfort and style**. Journey with us through the seasons as we unveil a **curated collection** of home textiles, each reflecting the unique ambiance of its corresponding month.

Kind regards,
The Mistral Home family

Colours in this catalogue are illustrative and may vary slightly from reality.

Sustainability

Over the past few years, sustainability has gained tremendous value amongst our customers and ourselves.

We keep on striving to reduce our ecological footprint as much as possible, to raise consumer awareness and to deliver products manufactured in safe and fair conditions.

You can easily identify our sustainable products thanks to the Mistral Home Cares logo.

Our certificates

At Mistral Home we want to know where our products come from, who made them and in which conditions they are manufactured. Through audits we ensure that our partners in the Far East continue to meet our requirements regarding working environment and sustainability.

At Mistral Home we want to ensure the safety of our products so you can use them without any concern. The OEKO-TEX certificate is a reliable product label for the assessment of the human ecological quality of consumer textiles.

With the Global Recycled Standard we assure that our product is made out of at least 20% recycled materials. When a product is made with more than 50% recycled materials, the logo can be added. These recycled materials can originate from pre-consumer or post-consumer waste.
